

THE DAILY and WEEKLY HERALD has more than double the circulation of any other paper published in Southern California.

THURSDAY, OCT. 14, 1875. NEWS OF THE MORNING.

The Republicans have elected their Governor in Ohio by probably 12,000 majority. The Legislature will be close, and its political complexion is as yet unknown.

The New York papers all regard the result of the Ohio election as an emphatic expression of the people against currency inflation.

The Black Hills Expedition, under the command of Col. R. J. Dodge, is expected to arrive at Fort Laramie on the 15th inst.

At Snicker Flat, yesterday, S. O. Gunning, Foreman of the Excelsior Mining Company, was killed and badly injured.

The Soldiers' Reunion to take place at Indianapolis to-day and to-morrow will be largely attended.

In Cincinnati, yesterday, a negro named Wirtz attacked another negro named Moore for voting the Democratic ticket.

On Tuesday Nebraska held a State election for a new Constitution, three Supreme Judges and a Board of Regents for the State University.

In San Francisco, yesterday, in a suit brought by Mrs. Cadz against the Central Pacific Railroad Company for \$5,000 damages for injuries sustained by falling down a flight of stairs, a nonsuit was granted and the jury discharged.

On Tuesday evening in San Francisco General Sheridan met and spent an hour with the veterans of the California One Hundred.

Bret Hart has just completed an original play, which his admirers claim will prove on its representation to be the long looked for American Comedy.

John McCullough, who is now playing in Chicago, is engaged for the Drury Lane, London, next year.

Since the first of this month the Farmers' and Merchants' Bank of this city has done an immense business. An immense amount of coin has accumulated in its vaults.

On Tuesday, October 12th, elections were held in Ohio and Iowa. There will be elections in ten other States ere the close of the year.

The journals of the State unite in stating that economy is being generally practiced among all classes. The rich and the poor are living within their means, and confining their expenditures to the actual necessities of life.

The Visalia Delta asks: "When a gentleman with four or five hundred dollars in hand allows himself to be sued for a small bill, the correctness of which is undisputed, or who sends his family East on money belonging to his partners, there is ground, we think, to suspicion his honest intentions."

It seems that the invention of paper money is due to a Tartar. The great traveler, Marco Polo, five centuries ago described the money which the Grand Khan issued.

The Khan, however, has a method of preventing any depreciation of this currency. It is not only a legal tender, but whoever refuses it is considered guilty of high treason and speedily feels the headman's axe.

The civil war in America destroyed the navies of the world, and directed the attention of mankind into a new channel, England, depending upon her empire over the seas, quickly recognized the necessity of a reconstruction of her fleets.

The science of gunnery has also necessarily kept pace with naval architecture, and while at the close of our contest it was thought the steel plated turret monitor was impregnable, the world must now recognize the fact that guns can be constructed of sufficient power to sink them as easily as the old smooth-bore sent the old fashioned wooden frigate to the bottom.

The monster weighs eighty-one tons, is thirty-three feet in length, has a bore sixteen inches in diameter, and throws a solid shot weighing 1,300 pounds a distance of seven or eight miles, a full charge of powder being 250 to 300 pounds.

It is expected that the shot can pierce 18 to 20 inches of iron plating. It is calculated this gun is able to send a projectile with as much force as could be communicated by 7,000 horse-power engines to the largest ram in the British navy.

In the next room, what seems to be several classes recollecting away on telegraph instruments, or sending or receiving messages, or possibly recollecting the use of the device.

In the next room, the sewing machines, patterns, caps, drawing boards and seasons make one think that the work-shop has been got into the work-shop of a dress-making establishment. Such is the act, but there is no mistake. It is a business and means business right along—only the girls are studying dress making instead of working for the profit of an employer.

In the next rooms are the pianos, guitars and organs, which bring one back to "college" memories once more, and which suggest the fact that there is nothing in the Constitution of the United States or the laws of Kansas preventing the industrial classes from having the employment and "accomplishments" that have been conceded to the butterfly classes.

Ohio Democratic Defeat.

The Democracy of Ohio have doubtless met with an overwhelming defeat. The most popular man in Ohio running as the candidate of the party which is unquestionably numerically the strongest in the Buck-eye State, has been beaten, and it is equally certain that this defeat was due to the false financial plank in the Democratic platform advocating inflation.

This result was unexpected, and strange as it may seem, was ardently desired by the mass of the Democratic party throughout the United States. It is unfortunately true that a general welfare of the Democracy in the coming campaign could only be insured by the sacrifice of one of its hitherto great champions, and of an over whelming defeat in one of the greatest States of the Union.

The Black Hills Expedition, under the command of Col. R. J. Dodge, is expected to arrive at Fort Laramie on the 15th inst. At Snicker Flat, yesterday, S. O. Gunning, Foreman of the Excelsior Mining Company, was killed and badly injured.

The Soldiers' Reunion to take place at Indianapolis to-day and to-morrow will be largely attended. In Cincinnati, yesterday, a negro named Wirtz attacked another negro named Moore for voting the Democratic ticket.

terwards remained with them all night. They were arrested, but owing to some informality in the papers, were released, and before others could be made out they escaped and have not been arrested.

A Sheriff Killed. GREEN BAY, Wis., October 13th.—A dispatch from Plover, Wood county, states that yesterday afternoon a man named Courtright shot and killed Sheriff Baker, who was attempting to dispossess Courtright of property he was illegally occupying. The property was claimed by another and was proven his by law.

MORNING DISPATCHES

2:30 A. M. [SPECIAL TO THE HERALD.] PACIFIC COAST.

Marysville Fair. MARYSVILLE, Cal., October 13th.—This afternoon at the Park was much pleasanter than the preceding, on account of the sky being overcast with clouds, keeping the sun obscured and rendering it cool and pleasant. The attendance was an increase over any previous day. Considerable time was taken up in preparing for the first race, which was half mile heats and was easily won by Abe in two straight heats against Planet, Sweepstake and Princeton. Time 51 and 52.

EASTERN NEWS.

New York Items. NEW YORK, October 13th.—Wm. M. Tweed's case came up to-day in the Supreme Court Chambers on a motion for a stay of proceedings pending an appeal from the decision of the general term revoking the order for a bill of particulars and refusing to reduce bail. The Judge after hearing the arguments revolved the decision.

To-day was set down for answering the charges made by the Mayor against Police Commissioners Mattell and Disbaker. They both appeared by counsel at the Mayor's office, but at the request of Disbaker's counsel the case was adjourned until Friday next, when formal answers in writing will be submitted. Additional charges will be submitted and brought against the Commissioners to-day by the Presidents of two liquor dealers' associations in this city.

The Red Cloud Investigating Commission completed their report on the affairs of the Indian Department to-day. The report contains about five hundred foolscap pages, relating to all the charges made by Professor Marsh, besides a good deal of other matter. Mr. Fletcher says the principal wrongs found and denounced were those that were given in Professor Marsh's observation. In many cases the report will be interesting as showing the workings of the present system, and will contain some recommendations of important changes in the old system of management of Indian affairs.

The annual election for Directors of the Western Union Telegraph Company was held to-day. No changes in the Board were made except the election of John Duff, of Boston, to fill the vacancy occasioned by the death of Mr. Mumford.

Important Circular. WASHINGTON, October 13th.—The Secretary of the Treasury has issued the following circular to Collectors of Customs: "Treasury Department, Washington, D. C., October 13th.—This Department having received through the Department of State a copy of a dispatch from the U. S. Vice Consul at Seville, Spain, dated the 18th ult., reporting the complete disappearance of the hoof and mouth disease among the cattle, sheep and pigs in the province of Seville, and in almost all the other provinces of Spain, directs that future importations from the province of Seville be relieved from the prohibition contained in this Department's letters of July 21st, 1875. Signed, B. H. Bristow, Secretary."

Peace Union. NEW YORK, October 13th.—At a meeting of the New York Peace Union to-night addresses were made by Indian Commissioner Meacham, Judge Westbrook, John W. Browning and others. A resolution offered by John B. Wolf, demanding Congressional investigation into the Indian troubles, was adopted.

The Ohio Election. CINCINNATI, October 13th.—This, Hamilton, county gave a Republican majority on the State ticket of about 1,200. Carey, Democratic candidate for Lieutenant-Governor, runs behind his ticket everywhere. All the Republican county ticket is elected except County Commissioner and Probate Judge, but it will require an official count to determine accurately their election. The majority for Hayes in the State is now put at 10,000.

Cincinnati, O., October 13th, 12 M.—Full returns from Hamilton county give Hayes 499 majority and elect the entire Republican ticket except one Senator, Probate Judge, County Commissioner and Director of the County Infirmary, with one or two Representatives doubtful.

Frightened into Insanity. A terrible sequel to an hour's amusement telling ghost stories occurred at the Surgical Institute in Indianapolis last Friday night. A room full of young ladies, patients of the Institute, amused and excited each other by stories of terrific apparitions, hob-goblins, ghosts, etc. The gas had been turned out either intentionally or by accident. In the climax of a vivid story one of the girls threw her shawl

over the head of a trembling comrade. A little rustle and strange conduct was noticed. When a light was brought the fact was revealed that the poor girl was hopelessly insane. She has remained so ever since though hopes are entertained for her recovery. —S. F. Call Oct. 11.

A Los Angeles County Bankrupt. We find the following notice of one of the latest Los Angeles bankrupts, in the San Francisco Bulletin: On the 28th day of July last, M. Frankel, a resident of Los Angeles county, filed a petition in bankruptcy, which stated that he was unable to pay his debts but that he was willing to surrender all his estate and effects for the benefit of his creditors. On the 4th of September, the District United States Court appointed Michael H. Myers assignee of his estate, and all his bankruptcy property was transferred to him. This was subsequently sold by the assignee at private sale, realizing the sum of \$9,700. Yesterday J. H. Steinhart, filed a petition to have these proceedings vacated. The petitioner sets forth that when Frankel filed his petition and for long time previously, he was of unsound mind, and incapable of managing his business affairs; and when he filed the petition he had not sufficient intelligence about his affairs to know whether or he was a bankrupt or not; nor did he know what the petition contained or for what purpose it was filed. Steinhart avers that Frankel was not a bankrupt, and that the property sold by the assignee was worth \$20,000,000, while the debts against the estate only amounted to \$10,000. On the 25th of September, Frankel was adjudged by the County Court of Los Angeles to be insane. The same day the Court appointed Steinhart guardian of the person of Frankel. Upon this petition Judge Hoffman issued an order that the assignee, Myers, show cause on the 12th instant why Frankel was not of unsound mind when he filed his petition, it was further ordered that all proceedings be stayed meantime.

NEW TO-DAY. WANTED.—A good girl to do general house work in the city. Apply at 1014 W. HERALD OFFICE.

REMOVAL. THE OFFICE OF WILSON SEWING Machine has been removed to No. 54 Court street, nearly opposite the Postoffice. Give me a call and satisfy yourself.

No. 5 COURT STREET (Nearly opposite the Postoffice). E. C. GLIDDEN, General Agt.

J. D. PATRICK, AGENT FOR THE STEINWAY PIANO. Will be in receipt of the above favorite Piano during the month of August.

THE SUBSCRIBER begs leave to inform the citizens of Los Angeles and vicinity that he has opened a NEW MUSIC STORE, where will be found a select assortment of PIANOS and ORGANS, comprising the celebrated Weber Pianos and Standard Organs, which will be sold on easy instalments at prices that cannot fail to suit. Old instruments taken in exchange. Also, a good supply of musical merchandise, consisting of Guitars, Violins, strings, and Music, etc. An experienced Tuner and Repairer is connected with the house, who will gladly take orders, warranting his work in every case.
