During the storm Tuesday night a frame building in the outskirts of Brooklyn, occupied by a colored family, was blown down and the wife and little boy were killed.

The London Telegraph says editorially, "We believe the facts concerning the case are that he is seriously ill, and his physicians have recommended a prolonged sojourn at Ems, and afterwards in Switzerland. It is therefore probable that public convenience will render it necessary for the Czarovich to exercise the functions of Emperor during his absence."

The Senate has confirmed John M. Cochran, of California, as Chief Justice of the Supreme Court of Utah, an W. C. Fox, of Missouri, United States Consul at Brunswick, Germany.

A Boston dispatch about the destruction by the freshets makes the damage in Worcester county \$500,000, instead of \$500,000.

Governor Kellogg has addressed an order to the District Attorney at Baton Rouge to take prompt proceedings in the courts in relation to the recent troubles there.

Something said about a juror in the case of Crooked Whisky McKee has involved the St. Louis Times in a \$50,000 libel suit.

On Monday Constable Perry took actual possession of the Portland offices of the Nevada and Northern Division of the Atlantic and Pacific Telegraph. The office is locked up. The suit is at the instance of Ladd and Tilton.

Sir Henry Halford says that he has received letters from Col. Gildersleeve and Major Leech in relation to the proposed International rifle contest at the Centennial this season, but they do not alter the situation.

The Scotch and Irish teams will go, but there will probably be no English team.

Sam'l McKee & Co., San Francisco dealers in puts and calls, closed business yesterday. The firm was on the point of failure on Monday, but a drop in the market saved it for a time. A rise in cholera yesterday cleaned them out. A small boy put a card in the window reading "Suspended business, McKee & Co.," and closed the office. Nothing has been learned of the assets and liabilities, McKee and the clerks being invisible. The firm continued selling calls up to within a few minutes of closing.

A terrible tragedy occurred in a house of ill-fame in Mendocino at 9:30 on Monday evening, which resulted in the death of one of its inmates, named Lena Mitchell, and a man from San Francisco named Frank Mitchell, both shot and killed by Harry Kleinschmidt. The report is that Mitchell made a motion as if to draw a pistol, when Kleinschmidt shot, but at the same time the girl Mitchell stepped in between them and received the contents of Kleinschmidt's pistol in the breast, killing her instantly. Kleinschmidt shot a second time, the ball entering the abdomen of Frank Mitchell, from the effects of which he died in a short time. Kleinschmidt is under arrest.

Judge Lunderback of San Francisco sentenced a hoodlum to a fine of \$350 for disturbance on an Oakland boat, on the ground that the picnic season was just commenced and the public must know that they are to be protected against hoodlums.

THE Chronicle thinks MAPPA would not have been arrested had he not told what he knew. Very likely. That same weakness has closed the public career of hundreds of men.

REPUBLICAN journals claim that BELKNAP did not become a Republican until he was appointed Secretary of War, but they forget to add that he was an honest man until he left the Democratic party.

THE impeachment epidemic has broken out in South Carolina, and already two Circuit Judges have fallen victims. The color of the Judges is not stated, but they are as likely to be white carpet-baggers as native born negroes.

Woman's Work.

Mrs. B. C. WHITING of this city has favored the HERALD with a copy of a circular issued by the Woman's Centennial Executive Committee, Philadelphia, which calls for information relative to the various forms of religion, philanthropic and patriotic work, organized or conducted by women in America or in foreign countries. The object sought to be attained by the collection of this information is to illustrate and demonstrate the fact that a large proportion of the charities of the world are now conducted by women. The information desired embraces homes of all sorts—mission work in its broadest sense, both at home and abroad—industrial schools and sisterhoods, temperance organizations and every other organized form of benevolence. The committee request the co-operation of persons or associations in charge of any of the following named benevolent institutions: Homes for Aged and Infirm, Widows and Single Women, Children, Orphans, Blind, Deaf and Dumb, Church Homes, Boarding Homes for Young Women, Magdalene Homes and Hospitals, Soldiers' Orphan's Homes, Nurseries for Children, Lying-in Hospitals, Foundling Hospitals, Children's Hospitals, Women's Foreign Missions in the various religious bodies, Women's Home Missions, Female Bible Societies and Bible Readers, Female Tract Societies, Sunday Schools and Bible Classes, Hebrew Benevolent Associations, Hebrew Hospitals, Hebrew Homes, Sisterhoods, Nurses' Training Schools, Industrial organizations, Ladies' Depositories, Sewing Schools, Women's Societies for the Prevention of Cruelty to Animals. All information should be addressed to Mrs. AUBREY H. SMITH, office of the Centennial Commission, 903 Walnut st. et, Philadelphia. It is important that these reports should reach the Committee at as early a date as possible. They therefore recommend that every charitable association of the class here indicated shall, at their next meeting, take measures to have this work done and forwarded immediately. The Women's Executive Committee hope by this to draw into fellowship many of the foremost women of our country to take part in the Women's Department, that in their meeting and working together, to celebrate the hundredth birthday of our beloved country, they may gain new strength and love to continue women's best work.

TERRIBLE ACCIDENT.

A Cave in a Tehachapi Pass Tunnel and Ten or Twelve Men Killed.

By a private dispatch to the editor of the HERALD, received late last evening, we learn that a man had just reached Tehachapi Station in search of a doctor who said that Tunnel No. 7 in the Tehachapi Pass had caved and buried the whole shift of workmen. Ten or twelve men are supposed to be killed. We have no further particulars.

Probable Capture of the McFarland Brothers.

(SPECIAL TO THE DAILY HERALD.)

SAN BERNARDINO, March 29.—It is reported here that the two men who started out a few days ago in search of the McFarland brothers, bullion robbers, had discovered where they had dug it up, and were only three hours behind the robbers. It is thought by this time they have captured them.

Not a "Tract" but Good Residence Lots.

Mr. Potts writes as follows to the Republic:

EDITOR REPUBLICAN:—In your paper of the 28th inst., in a local article, you refer to the tract advertised for sale by Mr. J. W. Potts as being a fine tract, that will soon be surrounded by pleasant residences and public buildings. But I would just say to you that I do not advertise a tract of land for sale, I only offer a few scattered lots for sale that are already surrounded by pleasant residences. There is not a lot in my advertisement that is more than 400 yards from a pleasant residence, and most of them are less than 400 feet from buildings already erected, and the furthest that any lot on my list is away from Temple and Downey Blocks is 960 yards. In other directions and not half so desirable in position lots are offered for sale from \$1500 to \$3500 per lot, and recognizing the fact that the strangers in our midst are sensible men who know the value of a lot when they see it and knowing the opinions of the older inhabitants of Los Angeles in reference to tracts of public lands, we are not afraid to offer these lots to the highest bidder and intend to go on the lots to sell them and give purchasers a chance to see what they are buying, as we have no desire to deceive any one and shall not pay any one either to puff our lots in newspapers or to bid for us, feeling confident that the lots offered will recommend themselves, and that we can still live if they don't bring a very high price. All we ask the papers to do is to let the people know that we have a lot to sell, and where and when it will occur, and we have no fears of the result. J. W. POTTS.

Favorable Notice.

[From the Los Angeles Republican.] The Herald of this city commenced its sixth volume this morning, and its self congratulation of the editor is perhaps pardonable. As an outspoken Democratic paper the Herald gives forth no uncertain sound, being in marked contrast with the good news in reference to the same. On railroad matters we must cordially endorse such efforts as the last two annual pamphlets, which have done so much to make the prosperity of this section. As a Democratic paper the Herald is successful as an advertising medium for Southern California it has done great good. We hope its sixth volume may end as auspiciously as it has begun.

Murder near San Gabriel.

A report was brought to this city yesterday that a sheep-herder, name unknown, had been foully murdered on the road about three miles this side of San Gabriel. He was found about 4 o'clock Tuesday afternoon, with his throat cut and his body ripped open. The body was conveyed to El Monte, where it was identified as the person of a sheep-herder who had been in that place a few days before. He had at that time a quarrel with some Mexicans and when he left was thoroughly armed. He was deceased looked to be about 35 years of age. There is no clue to his name or identity.

Another Divorce Case.

We are not at liberty to give the names of the parties, but they are well known here, and when the case comes up it will create a sensation in fashionable circles. The gentleman has been suffering some time with chronic rheumatism, but is now rapidly recovering by the use of Dr. Clark's Rattlesnake Oil, a remedy that is becoming so popular for this distressing disease. Price, \$1.00 per bottle.

They have a prospective Laura Fair in San Diego, it seems, from the following card published in the World: Editor World, Sir—You will please accept my correspondence, and give space in your columns of to-day: Last evening a person in the appearance of a man, visited a respectable and prominent lady in this city in a very ungentlemanly way. Persons of such disposition should be careful where they introduce themselves; they may save trouble by being careful as there are ladies in this city that would use leaden pills if required, Yours, M. F. R.

The San Diego Union of the 25th has the following: Our Bay seems to be swarming at present with sharks. A good sized one was caught on Thursday, by a lady at the Horton House, while on a fishing excursion in the yacht Restless. How she managed to haul him in seems almost incredible; it is one of the largest that has yet been taken in the Bay.

RETURNS OF THE FIRST REGULAR ELECTION HELD IN LOS ANGELES COUNTY.

We are indebted to Mr. A. W. Potts for the perusal of a curious document which has recently come to light in the County Clerk's office. It is the official return of the first election held in Los Angeles county under an established county government, and dates back to 1850. Many of the men who figured in that election are still living and rank among our most affluent and most respected citizens. We regret that we cannot give a copy of the paper in full but must confine the matter to a brief summary. It is in a neat, old-fashioned hand, about half of it English and half Spanish, the two languages being mixed rather indiscriminately. It seems that there were some 375 votes polled at the election. The heading is as follows, written in good English:

ABSTRACT

of votes given at the precincts of Los Angeles county, State of California, at an election held on Monday, April 1st, 1850. The first office in the list is thus specified: "Para Secretario de la Corte Suprema, Pablo de la Guerra, 309, Thorp 5." After the successful candidate's name appears the word "Elegido." The several precincts of the county are specified as follows: Angeles, San Gabriel, San Lucas, Jurupa and San Juan. The elected officers were as follows: Procurador de Distrito, William C. Farrell, 280, Elegido. Juez de Condado, Agustin Olvera, 259, Elegido. Escribano del Condado, B. D. Wilson, 324, Elegido. Procurador del Condado, Benjamin Hays, 285, Elegido. D. 1850, in the county of Los Angeles and State of California aforesaid, for the election of the officers therein named, under an act of the Legislature of the said State, entitled, "An Act to provide for the first county election," containing the number of votes given to each individual candidate named, at the several election precincts, for the respective offices, together with all the votes given in the whole county for the same, and the present is a true abstract thereof.

In testimony whereof, we, David W. Alexander, President of the Board of Inspectors, and Julian Chavez, Secretary of the same, have hereto affixed our signatures on this 8th day of June, A. D. 1850. (Signed) DAVID W. ALEXANDER, President. JULIAN CHAVEZ, Secretary.
