The Orizaba sails to-day for San Francisco. Look out for the Georgia Minstrels Monday evening.

The thermometer reached 102 degrees at the depot Wednesday. The Republican Club will meet for mutual commiseration to-night.

The Main Street Railroad will soon be extended to Agricultural Park. Mr. F. R. Angell, Deputy Postmaster, rejoices over the advent of a son.

It is said that the venerable delineator of character, Alf Burnett, will visit Los Angeles. The history of San Bernardino county will be written for the Fourth by Hon. H. C. Rolfe.

A leap year party will be held next Wednesday evening at Turn-Verein Hall. Prof. F. E. Arnold, of the Business College, has filled up an elegant Old Fashioned Diploma for Mr. Martin Lehman.

Colonel Gray and party, including the Railroad Commissioners, arrived Wednesday evening and went out to Indian Wells. Our City Fathers are nothing if not patriotic.

Last night they appropriated \$500 in warrants to the celebration fund. A special meeting of Orange Grove Encampment No. 31, I. O. O. F., will be held to-morrow evening for work.

A full attendance is requested. Hon. A. Hightle has purchased a commanding site on the hill near the corner of Second and Charity streets, and will soon erect thereon a fine residence.

Cason & Smith, the proprietors of the Oriental Restaurant, have purchased the Oriental House, adjoining the restaurant, and will hereafter conduct both establishments. The San Bernardino Argus notes: Volney E. Howard, of Los Angeles, is in town.

This gentleman is spoken of as an independent candidate for Congress from this District. A correspondent desires to know why it takes ten days for a letter to come from San Francisco to Los Angeles. We did not know that it did, and if it does we don't know why it does.

The Grand Temple of the State of the Order of Janissaries of Light will meet in Good Templar Hall on Saturday. There will be delegates present from every Temple in the State. A meeting of the veterans of the Mexican War will be held on Saturday, July 1st, at one o'clock P. M., to make arrangements for participating in the celebration of the Fourth and for the transaction of other important business.

Work was commenced last Monday by Messrs. Skinner & Small, the contractors, on the two bridges for the Los Angeles and Aliso Avenue Street Railroad, one across the Los Angeles river and the other across the arroyo East of the river. We have received a box of "Early Beards" peaches, grown in the orchard of Mr. J. M. Stewart, on Figueroa street. The fruit is ripe and of rich flavor. We should like to hear of another county where they have produced ripe peaches on the 22d of June.

The Times reports that Mrs. Swift has leased the Colton hotel, and will take possession as soon as the building is completed. She has had a great deal of experience in the business, and we believe will keep a first-class house. Do you want to buy a fine leather trunk, valise or satchel? Then go to Sam Prager's, Ducommun block, and you will find a more complete assortment to select from than at any other house in the city. Also, Traveling Straps and Bags, all new goods, and sold cheaper than the cheapest.

A short time ago several men living on the Government land east of Riverside associated themselves together for the purpose of testing whether surface water could be obtained on the mesa at a reasonable depth. They immediately constructed improved digging apparatus of their own invention and commenced work on the eighty-acre tract occupied by Mr. James Patton. They are now down about seventy feet and have sunk the curbing as fast as they dug. The digging has been very easy and the intention is to go 125 feet, if water is not reached before that depth. If successful, a number of other wells will be dug. A disgraceful case was brought to light in Justice Gray's Court yesterday, which deserves the most rigorous treatment from the law. A Mrs. Somerset filed a complaint against her own son, a lad about eighteen years of age, charging that he frequently beat and abused her in a most shameful manner, and by this means compelled her to furnish him money to be spent in dissipation. He had even knocked her down and forcibly taken the money from her on one or two occasions. The lady exhibited bumps and bruises on her face and arms as evidence of the statement. Mrs. Somerset is a poor and hard-working woman, who keeps a small boarding house and does washing for a living. The conduct of her son is most unnatural and cruel, and should be punished. The officers are now looking for the offender.

CITY COUNCIL PROCEEDINGS.

The Council met in regular session, Mayor Beaudry in the chair.

Present—Councilmen Waldron, Kuhrt, Teed, Sotelo, Gerken, Leahy, Huber, Workman, Mulhally and Campbell. Minutes of previous meeting read and approved.

The Mayor presented a communication calling the attention of the Council to the misuse of water by owners of the Felis ranch and suggesting that the City Attorney be requested to submit his opinion as to the rights of the city in the premises. He had forwarded resolutions of the Council relative to patent of city lands to the General Land Office and to the Secretary of the Interior in accordance with instructions.

He recommended that the chain gang be employed in raising an embankment along the south line of the river as a protection from future overflows. The Mayor submitted a copy of his protest and communication to Hon. Z. Chandler, Secretary of the Interior, as also that to the General Land Office. The communication was ordered spread upon the minutes.

The question of the use of water by proprietors of Felis ranch was referred to the Committee on Zanjias and City Attorney. The recommendation for embankment along the river was referred to the City Surveyor for plans.

A petition was presented by the Collection Committee of the Fourth of July celebration asking that a donation be made by the city towards the expenses of celebrating. Mr. Gerken moved that three warrants on the Cash Fund for the aggregate sum of \$500 be issued in favor of the committee payable four months after July 4th.

The motion was passed with one dissenting vote. The City Judge reported the collection of \$88 for fines during the week. The Zanjero reported repairs on tomas and zanjias and asked an appropriation of \$50. Report filed and appropriation granted.

A Card.

In the local columns of the HERALD of the 20th I noticed a small item about a Mexican attempting to get into the car chartered exclusively for the Turners.

The undersigned is the Mexican who tried and did get into the car and came into town, and was not left behind as the paragraph incorrectly stated. Being entirely ignorant that the car was thus chartered by the Turners, and having a young lady under my charge, in the rush to come away I wished to have her seated as comfortably as possible, and acted as politely as I should to all, when I was pushed and attacked by four or five parties, including the Constable of Santa Monica, and struck by Tony Faber in the struggle against one man.

I do not call this manhood or bravery, and I demand satisfaction from Tony Faber if he is a gentleman. FRANCISCO ALVARADO, The Mexican.

Gleanings. [From the Evening Republican.] The appeal papers in the Board of Public Works case are made out. Mr. L. Roeder has purchased a lot of the bill of Mr. J. P. Putts. He showed his good judgment.

The barkentine Ella, sailed on the 20th from Anaheim Landing for Port Townsend, W. T., where she will load lumber for San Francisco. Charles Curtis and J. O'Connor, prominent members of the Olympic Club of San Francisco, are in the city. We hope to see them give an exhibition.

Messages for the following named persons are at the office of the Western Union Telegraph Company: John Jurgen (2), Encarnacion Ybarra, Gaspar de la Guerra, and Peter Torrey. A man keeping a little store on Commercial street near Los Angeles, was robbed of a few dollars. It took place late at night and officer Carpenter arrested the criminal.

Mr. Joseph Maier is celebrating the birth of a son. The interesting event happened Wednesday morning at an early hour and Dr. Kurtz did the honors. The common people held a meeting last Saturday and decided to celebrate the "Centennial" at home. Committees were appointed to make necessary arrangements and all bids fair for a general good time.

Capt. Sayward of Riverside is at the St. Charles. He reports his model town in a prosperous condition. He says they have a new reservoir, 2000, 300 feet, and an irrigating canal nine feet at the top and twenty feet at the bottom, 15 miles long. Water has been struck on the hill very near the surface. M. Johnson struck water at 2 feet under ground in block B; Mrs. Stohmer, 4 feet under ground, block E; C. M. Phelps, at 4 feet in block H. H. K. Ebert, at 4 feet, in block H; German School House at 6 feet depth.

JUST PUBLISHED. Female Health and Hygiene on the Pacific Coast. By J. H. Stallard, M. B., London. All ages, rearing its tall shaft of fowden full fifty feet in the air had for a companion a little shoot about eight inches high, growing from the same root, also putting forth buds and flowers. It reminded us of the little pilot fish which always accompanies the immense deep water shark. The sight is all the more novel when the fact is considered that the aloes bloom only once in about ten years.
