MEMORANDA. Mr. Iram Smith, McGivern, from Fall River, for this port, sailed from Newport 19th inst.

Mr. Mary White, Hall, from this port, arrived at Boston 19th inst. and Helen Mar, Nickerson, for Georgetown, D. C., left at 10 o'clock.

Mr. James M. Bayles, Thompson, for this port, sailed from Providence 19th inst.

Mr. Elias Dudley, Hopkins, for Washington, D. C., left at Bangor 18th inst.

Mr. Ann G. Sikes, Raughter, from this port, arrived at Norfolk 19th inst.

Mr. I desire to occupy a very small space, for the purpose of vindicating Mr. Crupper, one of the worthy candidates for the Sheriffship, from the aspersion cast upon him by a communication in Friday's Gazette, over the signature of "Myers."

Mr. Crupper is a man of high standing and respectability in all his party affinities. Can this be said of the present candidate, nominated by the American party, Mr. Monroe?

Mr. Crupper's course has been perfectly correct, and he has not been guilty of the error of Mr. Crupper's course in 1856, when Mr. Rock was elected Sheriff. He faithfully voted for Mr. Rock in the first election, under the nomination of the Whig party; but in the subsequent election, ordered by the County Court, (Mr. Rock failing to qualify) he entered the lists for the Sheriffship with others, as he had undoubtedly a right to do.

Annual Convention of the Protestant Episcopal Church in the Diocese of Virginia.—Third Day. Correspondence of the Alexandria Gazette.

WINCHESTER, VA., May 21.—The Convention met pursuant to adjournment, and was called to order by Bishop Meade. Prayer was offered by Bishop Johns.

The Secretary read the proceedings of yesterday, which were approved.

On motion, James Entwistle, jr., was appointed the Assistant Secretary of the Convention.

Bishop Meade presented a statement of the investment, by Wm. H. Macfarland, esq., of certain monies, for the benefit of the son of Rv. Mr. Chisholm, deceased; said statement was approved and ordered to be printed in the journal.

A petition from the Vestry of Emanuel Church, Camden Parish, Pittsylvania county, asking for a division of said Parish, was received, read, and on motion, it was referred to the Committee on New Parishes.

A memorial was presented, signed by S. P. Mitchell, and others, asking for the establishment of a new Church in Richmond, to be called Grace Church; read, and referred to the Committee on New Parishes.

The committee to whom was referred the account of Mr. Wm. L. Hubbard, late Treasurer of the Convention, reported through their chairman, D. W. Barton, esq., that they had examined said accounts, found them correct, and the payments sustained by proper vouchers; report adopted.

The Committee on the Fund for the support of the Widows and Orphans of deceased Clergymen, made a similar report; which was adopted.

The Committee to whom was referred the memorial of Burton's Parish, with reference to certain plate, belonging to the old James-town Church, reported favorably.

On motion, the report was recommitted to the Committee, for action at the next Convention.

The Committee appointed at the last Convention to consider and report upon certain proposed changes in the General Constitution of the Church in the United States, made a report, through their chairman, Rev. Dr. Andrews.

On motion, the consideration of the report was postponed until the next meeting of the Convention, and ordered to be published in the Journal.

The order of the day, the consideration of the proposed canon for the trial of clergymen, was taken up, and after discussion, on motion of Thomas N. Ghoulson, esq., the consideration of the canon was postponed until the next meeting of the Convention, and ordered to be printed in the Journal, in connection with the old canon of 1849 and 1850.

Seven clergymen not present yesterday, appeared and took their seats.

A resolution of enquiry was offered by Rev. K. J. Stewart, with regard to the spiritual wants and condition of the colored population of the State, in relation to this Church, which was read and referred to a Special Committee.

On motion, the Convention adjourned until Saturday morning, at 9 o'clock.

GENERAL CONFERENCE OF THE M. E. CHURCH SOUTH.—A letter to the South Side Democrat dated Nashville, May 17th, says:—The General Conference is still occupied with the discussion of the "Alabama Resolutions." The point now under debate is, whether the constitutional majority of three-fourths of all the members of the several annual Conferences has really been obtained in the resolution of the proposed changes. More than three-fourths of the annual Conferences, before which the "Alabama Resolutions" were officially presented for concurrence, have been reported to this Conference; but it is alleged that the Pacific, Kansas, and Indian Mission Conferences have not acted upon them, and therefore the constitutional majority is not reported to the General Conference.

In reply to this, it is argued that the Pacific Conference is in a state of suspension, and has not acted upon them; and that the surplus of 56 votes over the three-fourths of the votes reported, is more than equal to all the votes in the Kansas and Indian Mission Conferences together, supporting all were cast against the resolutions. This is the point now in debate.—How it will be decided, remains yet to be determined. The "Alabama Resolutions" propose to strike from the discipline of the church the general rule that relates to the subjects of Concubinage. There are not more than eight or ten persons in the General Conference, I suppose, from all that has been developed, who are opposed to striking out the rule from the discipline; but the ground taken by the opposition is, that the General Conference has not the constitutional authority to act in the premises. It is therefore proposed to originate an action by the Conference to accomplish the change, by recommending the striking out of Concubinage, by a vote of all the members of this Conference, and then sending it round to the annual Conferences for a concurrence of three-fourths of all the members, as provided for in the discipline of the church. Those who contend that the constitutional recommendation has already been obtained and reported, are unwilling to yield their ground, and hence the debate now in progress.

The Committee on Boundaries have reported in favor of transferring the Danville District now in the N. C. Conference, to the Virginia Conference, but the subject has not yet come up for action. It is expected that there will be a spirited debate when this is called up, as it is understood that a motion will be made to amend the report by proposing that the N. C. Conference boundaries shall be State lines; this will be moved, most probably with the design of getting the Murfreesboro District, most of which lies in the North Carolina, but which at present belongs to the Virginia Conference, transferred to the North Carolina. The Committee on Boundaries have not recommended any such transfer, for the reason that, with the exception of a few individuals, there was a petition asking for such transfer on the part of the people.

Another letter to the same paper says:—I have no fear of an outbreak on the Virginia and North Carolina difficulties. The Episcopal decisions have so completely stopped the mouths of some of the malcontents, and the sentiment of the General Conference so fully sustained the decisions, that I rather doubt if there be courage or rather hardihood enough left to raise a storm. I do not pretend to understand fully the merits of the question. All I do know is, that a decision made by such a man as Bishop Pierce, and sustained by such a bench of Bishops as preside over the Methodist Church South, and meeting so unanimous a concurrence as I find among the members of the Conference outside of the region of the dispute, cannot be far from right.

It is believed that the Bishops have had a wholesome influence in restraining all sides from the trouble which seemed to be threatened by Dr. Deem's card. Dr. Lee has certainly not noticed it, and I learn will not, and Dr. Smith never intended doing so.

I think I can assure you that there will be no Bishop directed at this Conference—the convention being held at a time that an increase of the "Bench" is not needed.

BAPTIST GENERAL ASSOCIATION.—The next session of the Baptist General Association of Virginia, will be held in Hampton, commencing the first week in June. The citizens are making every effort for the accommodation of the large number of delegates who are expected to be present. Some of the farmers will temporarily move to the town for that purpose. One of the number has engaged a part of Dr. Banks' Hotel, (Chesapeake Hall), and will accommodate from 80 to 100. A large delegation will be entertained at the College, near by; and the well-known and hospitable proprietor of the Hygeia, (Joseph Segar, esq.) will entertain a number at his beautiful private residence, near the town. Ample accommodations will be provided for a very large number of delegates.

RELIGIOUS INTELLIGENCE.—KING AND QUEEN CO., VA., May 18.—A convention of "disciples of Christ," has just closed its sessions at Smyrna church, in this county. On Sunday, the crowd was very large, and the communion including 20 ministers. The administering of the sacrament was witnessed by at least 1500 persons. The annual convention of this sect takes place in Richmond in November next, at which the statistics given, will show that the Disciples in their increase continues, as heretofore, will shortly form one of the most important Christian elements in this country.

THE WRONG DOUGLASS.—Information having reached Washington on Wednesday last that O. Jennings Wise of this city and Mr. Douglas were about to fight a duel, officers were put upon the track and Mr. Wise was captured. The officers proceeded to the Senate chamber of the United States, and binding their time, laid hold of the Senator from Illinois, and was without a good deal of positive assurance that he was able to satisfy them that he was not in the field. The report was Mr. Douglas who represents King William in the Virginia Senate, and the mistake evidently arose from the party implicated not being described with sufficient accuracy.—Richmond Dispatch.

HEALTH.—In this city and neighborhood, general good health prevails. We notice the same fact in the Southern cities generally—but a timely effort is being used, to guard against sickness during the warm weather, by measures for removing nuisances, and other precautions. We hope that here, too, similar measures will be taken, and that our citizens will co-operate with the Superintendent of Police and Board of Health, in their endeavors to continue and preserve, by the blessing of Providence, the health of the community.

COUNTERFEIT NOTES.—We learn that counterfeit five dollar notes, of the Bank of the Old Dominion, are in circulation in this city, and the engraving is so well executed as to deceive most persons, unless critically examined. The signatures are not good. Our citizens should be on their guard.

ANOTHER PITTSBURGER testifying to the wonderful curative powers of BERRHAVES HOLLAND BITTERS.—Mr. Jacob White, Third street, below Market, says:—For a year past I have been afflicted very seriously with dyspepsia, so much so, that my stomach refused to retain anything. I have tried almost every remedy, and the regimen of several physicians, but without alleviation, until I began the use of BERRHAVES HOLLAND BITTERS, and have now found relief almost amounting to a cure. I found it efficacious in removing the extreme debility occasioned by this disease, and generally as a tonic it has few equals and no superior.

THE GREATEST DISCOVERY OF THE AGE.—It seldom occurs that we notice, under any circumstance, patent medicines, restoratives, or any thing of the kind, for we have a prejudice against most of them. But candor compels us to invite attention to the advertisement of Prof. WOOD'S HAIR RESTORATIVE, in the last column at the bottom of third page of this paper. We are too juvenile to require anything of the kind, but some instances of its use have come to our knowledge which almost assures us that it is a sovereign remedy against the hair becoming prematurely gray. It is not a "Hair Dye," but upon its application as directed, the effect is produced on the skin, which brings out the original natural colored hair, without stiffness, and gives it a glossy and natural appearance. We have seen persons who have used it and they are much pleased with it. Examine the advertisement.—Missouri Republican.

Sold by all respectable Druggists. My 24—It.

VALUABLE BOARDING SCHOOL PROPERTY FOR SALE.—Having determined, in consequence of declining health, to retire from the charge of the Alexandria Boarding School, at the present term, and remove to my farm in Montgomery County, Maryland, I offer for sale my BOARDING SCHOOL PROPERTY, consisting of a large and commodious building, containing a spacious Study Room, Lecture Room, Class Rooms, Lab. room, &c., &c. Most of the rooms have fire places, or arrangements for stoves, and the buildings are supplied with water and gas. The LOT is about 95 feet in front, and extends entirely through the square from Washington to Columbus streets, the back portion being planted with shade trees. There are ample accommodations for sixty boarding students.

The School, for many years, has been constantly full, and for the last twelve years, from seventy to one hundred persons, annually, have applied for admission, beyond the number we could accommodate, giving evidence that such a school is a want of the place.
