

ALEXANDRIA.

FRIDAY EVENING, JULY 13.

We have read with care and attention, the debate in the Senate on the recent scheme...

The special correspondent of the N. Y. Times, says, upon which he calls "good authority"...

General Grant has issued an order directing the district and post commanders in the Southern States...

The Washington Chronicle says: "The city was filled yesterday with rumors of the resignation of Secretaries Harlan and Stanton...

Speaking of the two Conventions—the National Union and the Radical—to be held in Philadelphia, the Washington Chronicle says...

"Two Pictures"—Gov. Brownlow, of Tenn., and Gov. Orr, of S. C.,—are presented in the Washington Chronicle...

"Look here upon this picture, and on this," said how one is like "a mildewed ear, blasting his wholesome brother."

It will be seen that the TARIFF BILL, which recently passed the House of Representatives, has been, in the Senate, postponed until the 1st of December next...

The Washington correspondent of the Baltimore Sun says:—"If the Southern States are to respond to the call for a National Union Convention, it may be for the reason that an uncertainty exists in the opinion of the public...

Mr. Wendell Phillips, in his recent speech before the Anti-slavery Society, charges the majority in Congress most emphatically with acting merely with a view to bridge over the fall elections, and with falsely pretending that they wish the amendment to the Constitution to pass, when, in truth, they wish no such thing.

A dispatch from Richmond, dated yesterday, says: "The State executive committees of the Feil, Breckinridge, and Douglas parties of 1861 will meet in Richmond next Monday to consider the call for the National Convention at Philadelphia."

The Baltimore and Ohio Railroad, is making strenuous efforts to defeat the bill before the Senate, which gives the right of a way for a branch of the proposed Baltimore and Potomac Railroad to Washington.

The Washington Chronicle urges upon Congress, "the plain positive duty" of passing forthwith the negro suffrage bill for the District of Columbia.

The New York Tribune is in favor of Thaddeus Stevens as Senator from Pennsylvania. What does Mr. Forney say to that?

The following is one of the provisions of the new constitution of North Carolina. "No person who shall deny the being of Almighty God, or the divine authority of both the Old and New Testaments, or who shall hold religious opinions incompatible with the freedom or safety of the State, shall be capable of holding any office or place of trust or profit in any civil department."

The New York News says: "Not content with compelling the people of the Confederate States to repudiate their obligations, the Radicals propose now to go a step further and make it an offence, punishable with fine and imprisonment, for any one to have Confederate bonds or notes in his possession."

The Warrenton, Va., Sentinel says:—"Miss Lizzie W. Pendleton, a young lady of Baltimore, has contributed sixty dollars, to which a distinguished citizen of our town has added fifty more, towards erecting a monument to the memory of the Confederate dead who are buried in the Warrenton Cemetery."

It is estimated that out of every ten dollars voted by Congress under the bill for the equalization of bounties, the soldiers will get one and the claim agents nine. If passed the bill will involve an expense of about two hundred millions to the Treasury.

The Missouri State Times, of July 6th, is filled with notices of the United States marshal for the western district of Missouri to parties whose real estate he has seized for confiscation on account of their participation in the war.

The National Intelligencer referring to Mr. Banks's bill to annex the British Provinces to the United States, asks, while his hand was in, "why stop at British America; why not take in the whole continent?"

NEWS OF THE DAY.

"To show the very age and body of the Times."

The Tacony print works, at Frankford, near Philadelphia, were destroyed by fire yesterday, together with several adjacent houses, and the Trenton R. R., bridge over Frankford Creek. A large quantity of goods was burned, and the whole loss is said to be near two millions of dollars.

A casket of diamonds and other valuable jewels was found near Nashville on the 27th ult. Their value is estimated at \$80,000. Samuel J. Ringgold was the finder. There were no marks upon them to indicate who the jewels belonged to. They had evidently been lying for several years just under the surface of the ground.

Mr. Raymond, of New York, it is said, has backed out from any supposed affiliation with the National Union party, and given in renewed adhesion to the Radical party. There is something about this politician which reminds us of the celebrated remark of Junius about Lord Loughborough.

Late advices from the plains report great excitement in the Blue county, consequent on the presence of large numbers of Indians, who manifest hostile intentions. The whites living beyond the Blue river are leaving their houses and crops, and are moving into the settlements for safety.

The Portland Mutual Insurance Company, which has been reported as losing only \$100,000, cannot lose less than \$400,000. It has been in operation for many years, taking risks on houses at very low rates, mostly among the middle classes. It will be able to pay twenty per cent. on the losses.

Agents from some of the large manufacturers in England have made their appearance in parts of the South, for the purpose of looking into the prospects for the next crop of cotton, what dependence can be placed upon the freedmen as laborers, the position of the planters, &c.

It is stated that Governor Throckmorton will not assume the duties of Governor of Texas till the State has been recognized as restored to all its civil functions and the Provisional Government withdraws. The impression is, that Governor Hamilton will not return to that State.

Later advices from Mexico have been received. The successes of the Liberals had led to quarrelling among the chiefs with reference to the direction of affairs, and bitter feuds, if not open war between them, it was feared would be the result.

The master shoemakers in Newark, N. J., have lately combined to reduce the wages of the workmen, and the latter have combined to resist. All these combinations, pro and con, are wrong, and will eventually work their own cure.

Three more cases of cholera, none of which proved fatal, have been reported in N. York, within the past twenty-four hours. Three cases are also, reported in Brooklyn, two of which were fatal.

The nuns at Cape Girardeau, Mo., have again been arrested for not taking the test oath, in that State. Also, a Methodist preacher for the same "offence." These arrests are severely condemned.

Richard W. Tyson, of Baltimore, yesterday wheeled John Savage, of Philadelphia, on a wheelbarrow from Bedford Springs to Bedford city, on a bet of \$500, in one hour and twenty minutes.

Roberts, president of the Fenians, has been indicted by the grand jury in New York, for violation of the neutrality laws. He gave bail in the sum of five thousand dollars.

Destructive fires have recently occurred at Mobile, Cincinnati, Utica, and other places North and South. We have never known such "a season of fires."

The cannon that fired the first ball in the late war, at the steamer Star of the West, at the entrance of Charleston harbor, is on its way to Washington.

The Odd Fellows' Hall in New Orleans, recently destroyed by fire, was one of the most stately and beautiful buildings in that city.

Capt. Grant charged with burning his ship, the Young Mechanic, at sea, in April last, has been arrested and committed to jail in Boston. The yellow fever still continues to prevail at Vera Cruz, the deaths in one week reaching over 200.

Gen. R. E. Lee, will not, as was reported, visit Kentucky, this summer. Rev. F. D. Huntington, has been elected Episcopal Bishop, in Maine.

VIRGINIA NEWS.

The fortifications which formerly swept around the greater portion of Richmond are now gradually disappearing, and before many years have passed over us not a vestige of them may be expected to remain. These formidable bastions and redoubts, lunettes and salients, star forts, and enclosed works, from which the cannon frowned defiance, are now dismantled and falling to decay.

The First National Bank of Richmond, H. G. Fant, president, removed to its new building, on Main street yesterday. An entertainment was given by the bank during the afternoon, which was attended by the largest throng of business men ever assembled in Richmond on a similar occasion. Governor Peirpoint and other prominent men were present.

The Richmond Times says: We understand that Dr. T. Clay Maddux, recently convicted of shooting Wm. H. Vernon in the streets, and sentenced to confinement in the city jail for six months, is lying quite sick in his quarters. He is represented to have fallen off considerably and has no appetite.

Monday afternoon last, a criminal named Onderkirk, confined in Henrico county jail, on the charge of stealing a horse from Mr. L. H. Dance, was married to a pretty young girl, to whom he had been for some time engaged.

The exercises of the Leesburg Academy, when resumed in September, will be under the management of Mr. Joseph Packard, the present Principal of the school, assisted by Mr. Carlton Shafer.

The old Eagle Hotel, of Leesburg, has just undergone a thorough renovation, and will in a few days be opened to the public as a private boarding house.

Mr. Henry G. Smith, one of the Deputy Sheriffs for Loudoun county, died on Saturday last of consumption.

LATEST FROM EUROPE.

The steamship Persia, which reached New York yesterday, brought advices from Europe to the 31st ult. The Prussians claim decisive victories over the Austrians at Nachod and Frankenu on the 27th and 28th of June. The Austrian losses are stated at from three to four thousand men, and eight thousand prisoners. The Hanoverian army had also surrendered at discretion to the Prussians.

The entire Federal army at or near Frankfurt was on the march, and a battle in that quarter was daily expected. It is reported that France will not long remain neutral. Active intervention in the pending war is reported as already agreed upon.

The latest official telegram from Austria is dated on the 29th ult., and announces that the Prussians were completely defeated the previous day by the Austrian forces under Galbenz. The Prussians are said to have left on the field one-third of their army in killed and wounded, and to have withdrawn to Prussian territory, in the direction of Glatz. The strategic operations of the Austrian army are said to have been completely successful. The junction of the army of Prince Frederick Charles in Saxony with the army of the Crown Prince in Silesia was prevented.

The English Parliament adjourned until the 5th July at the request of Earl Derby who has failed to carry out his plan of coalition, and has been compelled to form a purely Tory Cabinet. Threatening demonstrations have taken place in London among the lower orders on the reform question.

PROCEEDINGS OF CONGRESS.—In the Senate, yesterday, the tariff bill was received from the House. Mr. Fessenden moved to refer the bill to the Committee on finance. Mr. Grimes moved to amend by instructing the committee to report on the second Wednesday in December next; which was adopted. Mr. Anthony, from the Committee on printing, reported a resolution to print 50,000 extra copies of the views of the minority of the Committee on Reconstruction; which was passed. The Senate agreed to the request of the House for a committee of conference on the legislative appropriation bill. Without disposing of the bill, on motion of Mr. Fessenden, the Senate went into executive session, and afterward adjourned.

In the House, Mr. Stevens, called up the bill making appropriations for the legislative, executive, and judicial expenses of the Government for the year ending June 30, 1867, with the Senate amendments thereto. The recommendations of the committee were concurred in, and a committee of conference on the bill was ordered. The Senate joint resolution to authorize the Secretary of War to furnish the Portland sufferers with tents and hospital furniture was passed. Mr. Garfield, of Ohio, offered a resolution, which was adopted, directing "the Secretary of War to furnish the number of Union soldiers who had died as prisoners of war in the hands of the Government."

Nebraska held an election on the first of June for the adoption of a State constitution and for the choice of a Governor. The vote for the constitution was 3,938, and against the constitution 3,838—making an aggregate vote for the whole State of 7,776. At the same time the aggregate vote for Governor was 8,041.—This is about equal to the vote of two out of the twenty-seven wards of the city of Philadelphia.

The brig Rodman Pratt, from Baltimore for Falmouth, England, with 2,000 barrels petroleum, was destroyed by fire on the 8th inst., in lat. 40 deg., lon. 70 deg. On discovering the fire the main hatch was removed, when the flames burst out, the whole cargo appearing to be on fire. So rapidly did the flames extend that the crew barely escaped in a small boat, saving nothing but in what they stood.

General J. B. Webster, who was chief of staff of General W. T. Sherman, has applied to the Assistant Commissioner of the Freedmen's Bureau in Washington for his assistance in procuring about two hundred colored laborers to work on a railroad in Alabama, and has succeeded in concluding contracts with about one hundred and forty freedmen, who will start for Alabama to-day.

The Portland Press states that some females, in good circumstances, who were not burned out, and who reside far from the scene of the conflagration, have had the baseness to apply to the executive committee for daily rations, under assumed names, and alleging that they were burnt out and lost everything. They have received tickets and drawn daily rations. Col. Mosby is on a visit to New York.

Insurance. THE Mutual Life Ins. Co., OF NEW YORK. ASSETS, over \$16,000,000.

To meet the choice of such present or future members as may prefer to have the amount insured paid in instalments to their widows or heirs, rather than in one sum, this Company is prepared to insert in its policies a clause agreeing that in lieu of the payment of the policy and profits in one sum an equitable amount, to be determined by the Company, may be paid annually or semi-annually for any specified number of years, (say from five to twenty-five years.)

EXAMPLE.—Suppose a policy of \$10,000, with additions amounting to \$5,000, should become payable by reason of the death of the person insured, the Company, in lieu of the payment of \$15,000 in one sum, would be able to give (assuming interest as realized in the past) an annuity for ten years of over \$2,000 per annum, or for twenty years an annuity of over \$1,200 per annum.

This form of annuity will remove the anxiety which may exist in the minds of some policy holders lest the future provision they have made for their families should be ineffectual or transitory in its duration, either through unsafe investments, unwise expenditure, or other uncertainties incident to contingent trusts. It is not only free from the ordinary dangers of investment, but its punctual and full payment is secured by the large and solid cash resources and good faith of this institution, which thus, to a certain extent, becomes the guardian or trustee of the survivors. Hence the provision may be considered a humanly speaking, beyond any adverse contingency.

All such deferred payments or annuities will share equitably in the profits or dividends of the Company. This Company also issues Survivorship Annuities, which provide for survivors during the whole period of life, and Deferred Annuities, by which individuals may provide for themselves in advanced age.

F. S. WINSTON, President. The undersigned begs to call the attention of those who desire to make provision for their families, to the advantages offered by the above MAGNIFICENT INSTITUTION. There is no way in which a small sum of money can be so profitably and securely invested, for such a purpose, as in a policy on your life. For every Five Dollars paid, you will insure \$1,000 on the life of a man a week will insure \$1,000 on the life of a woman, and the payment of a single premium secures (and at once) a very much larger sum than the investment of the same amount could possibly do in the ordinary operations of trade. The following descriptions of Policies are issued by this Company, the premiums on which may be paid, either yearly, or quarterly, at the option of the party assured:

1st. LIFE POLICIES, for the whole term of life, payable, together with the dividend additions, after the death of the party assured, to the person entitled to receive the same. 2d. ENDOWMENT POLICIES, for a certain number of years, by which an insured may secure for himself, or for his wife, parent, child, or friend, the enjoyment of a certain definite and permanent income for life, free alike from the dangers and expenses of investing money and from dependence upon persons who may perhaps prove injudicious or adversely interested. 3d. ALL POLICIES issued by this Company participate in the surplus, the whole of which will be ANNUALLY DIVIDED, in the most equitable manner, among the Policy-holders.
