CITY COUNCIL.—An adjourned meeting of the City Council was held last night for the purpose of electing the officers provided for in the charter of the corporation. The attendance of spectators, composed principally of the numerous candidates for the various offices, and their friends, and those interested in the result of the election, was much larger than usual. For the office of Superintendent of the Poor's House John Stephenson, Thomas Huntington, William Bushby, John Arnold and Henry Marshall were candidates, of whom the first was elected on the 1st ballot, the result of which was as follows: Stephenson 13, Huntington 1, Bushby 7, Marshall 1. The Physicians for the Poor were all elected on the 1st ballot. The election of Harbor Master was passed by, on motion of Mr. Agnew, a division on the question showing 12 in favor of the motion. The election of Superintendent of Police was held, on motion of Mr. Shion, who supported his motion in a short speech. The motion was also sustained by a few remarks from Col. Suttle. Mr. Massey opposed the motion and in his remarks said that the opinion of Mr. S. F. Beach was that no vacancy existed in the office. A. N. Hurdle, C. R. Grimes, J. W. Campbell, G. W. Clifford, R. R. Foley, Samuel Tennesson, F. W. Dobbie, J. W. Atkinson, G. W. Henry, William DeVaughn, G. E. Price and Joseph Grimes were nominated for the office, but Mr. Massey withdrew the name of C. R. Grimes, stating that he did not believe a vacancy existed in the office. There were three ballots before a choice was effected, as follows: 1st, Hurdle 1, Clifford 9, Foley 11, Tennesson 4, Dobbie 1, Atkinson 2, Henry 1, DeVaughn 0, Price 0, Joseph Grimes 1, Campbell 0, 2d ballot, Clifford 10, Tennesson 2, Dobbie 4, Atkinson 1, Henry 2, Campbell 1, 3d ballot, Clifford 15, Dobbie 3, Atkinson 1, Henry 1. There was no opposition to the candidates for the Board of Health, but the contest for health officer was so protracted that it terminated without a result. There were eight ballots, the last three of which were as follows: 6th, Dr. Powell 9, Dr. Hammond 8, Dr. Gibson 3, Dr. Adam 3, 7th, Dr. Powell 10, Dr. Hammond 8, Dr. Gibson 4, 8th, Dr. Powell 10, Dr. Hammond 11-13 is requisite to a choice. Clifford, who was elected to that office by the new Council last night, but the hands who were working under the former this morning, when informed that the Mayor would not approve his bills, transferred their allegiance at noon to the new incumbent.

RETAINED LETTERS.—The following letters are held for postage in the postoffice of this city: Jas. MacDaniel, Purcellville, Va.; L. P. Worrall & Co., New York.

POLICE REPORT.—MAYOR'S OFFICE.—Francis Hart, in default of the payment of the fine imposed upon her yesterday for disorderly conduct, was committed to the work house for 90 days. George R. Conover, for disorderly conduct, was discharged upon a promise to quit the city forthwith. Michael Morrissey, for disorderly conduct, was discharged upon a promise to quit the city immediately, and stay away for three months. Two young men, for having a difficulty with a colored man, named Alfred Hart, were fined and discharged.

MAJOR'S OFFICE.—A sailor on Captain Crowell's vessel, committed to jail yesterday on complaint of the captain, was discharged, and furnished with the assistance of two officers to procure his luggage from the vessel, as the captain had threatened to throw him into the river if he came aboard again.

THE LATE MURDER.—The following is the evidence in the late murder case as taken before the coroner: Cophus Blouse, being duly sworn, said that he was on the corner of King and West streets, on the evening of the 4th inst., at a little after 6 o'clock, and saw James Boswell coming up from the wharf, and that at Gregg's corner he turned up West street, and then picked up a rock or a piece of brick, and threw it and hit the fence on the west side of West street; he then saw people running, and saw a child lying on the sidewalk bleeding; he did not see the brick strike the child.

Patey Contee, colored, being duly sworn, said that she saw the deceased going towards the Virginia pump between 6 and 7 o'clock on the evening of the 4th; at the same time she saw James Boswell near, and heard him say, "I will kill the damned negro;" he then picked up a brick and threw it at the child, Martha French, and she fell; she was severely wounded in the head, and died from the effects of the wound between 9 and 10 o'clock that night; he said the said Boswell said that he meant to kill all the damned negroes.

Maria Johnson being duly sworn, said that she was standing near the foot of an alley on West street; saw Boswell pick up a brick, and throw it; heard him say I will kill every damned little negro; saw the child fall immediately after the brick was thrown.

Otha Bell being duly sworn, said: I was at work in my garden on the evening of the 4th near where the child fell, and heard Boswell say, "I will blow your brains out;" saw Boswell pick up a piece of brick and walk up to within about 6 feet from the child, where he threw the same, and the child fell wounded, Boswell saying at the time, "I will kill all the damned little negroes;" and then he walked off; when I approached him he said I give my self up to you; you may cut my throat.

Dr. D. M. French being sworn, said that upon an examination of the child he found the skull badly fractured, and a portion of the bone driven through the membranes of the brain, and imbedded in the substance of the brain, the pressure of the broken bone, and the hemorrhage attending it in the substance of the brain, caused death.

George H. Lyles sworn: said that James Boswell acknowledged to him that he threw the brick, but that he did not intend to kill the child.

Samuel Gregg sworn, said: I heard the stone or brick passing through the air and heard it strike the fence, and then I heard some one say, "you have killed that child;" saw the child lying bleeding near the fence where she fell.

Boswell was examined at the Mayor's office this morning before Justice Bell and Mayor Latham, and was fully committed to jail for his appearance at the next term of the Hustings Court to answer to the charge of murder.

LOCAL BREVITIES.—Captain Frank Keys, just up from the mouth of the river, reports that on Friday last a puny boat coming out of Yecomio was captured by a squall between Pynchon and Ragsed Points, but that her crew were rescued by a passing schooner.

Mrs. Rafferty, the proprietress of a second hand clothing store, says that she paid \$1.50 for the pair of pants supposed to have been stolen from Mr. Atwell's tailor shop, and sold them for \$2.25, not \$5 as heretofore stated, and that Mr. Atwell does not know whether the pants alluded to were stolen from his shop or not.

The arduous occupation of the gentlemen whose business detains them at the southeast corner of Prince and Union streets, is seriously inconvenienced by the chaff thrown off by the grain fanned at work in that neighborhood, which fill the air, and renders breathing uncomfortable. The inconvenience was so great this morning that the gentlemen alluded to had to move their chairs around the corner.

The Sunday School of the Baptist Church went on a picnic to Carlo's Springs this morning.

The thief who attempted to effect an entrance into Mr. Carlin's store, on Sunday morning last, had commenced a laborious job, for the brick wall through which he was digging is built against the back of a chimney, the walls of which are of double thickness.

There was a beautiful display of fire works at Shuters Hill garden on the night of the 4th.

TELEGRAPH NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.] FROM WASHINGTON.

WASHINGTON, July 7—3 p. m. CONGRESS.

After unimportant petitions and debate upon a Nebraska Railroad bill the Senate took up the River and Harbor appropriation bill.

This bill contains clauses for the survey of the James River from its mouth to Richmond, including Harrison's bar; for the survey of the Appomattox river from its mouth to Petersburg; for the survey of the Rappahannock from its mouth to Fredericksburg; and for the survey of the James River and Kanawha canal.

The bill is still under discussion. In the House of Representatives the resolution to pay Geo. Tucker \$2,000 for expenses incurred in contesting the seat of George W. Booker from the Pittsylvania district was not carried through, but there seems to be no doubt that before Congress adjourns that amount will be granted to Mr. Tucker.

Mr. McKenzie's speech in the House in favor of Booker, yesterday, is said to have strengthened Booker's claims very much. Well informed members attribute the retention of Mr. Booker in the House to the efforts of Mr. McKenzie.

Foreign News. PARIS, July 6.—The Constitutional, a semi-official newspaper of this city, says in its issue of today: "We learn that the Government would consider the Spanish entrenchment of the Prince of Hohenzollern a check and menace to France. Under these circumstances the Government has decided to energetically oppose the project."

Prime Minister Olivier gave a grand banquet last evening. A great crowd of people were present, among whom were Gen. Prim and Baron Werther, Prussian Ambassador. The latter left early in the evening, which fact gave rise to great comment, many asserting that France would have just cause of war if the candidature of the Prince of Hohenzollern were insisted upon. Late yesterday afternoon after his interview with the Emperor Olivier saw the Duke of Grammont, Minister of Foreign Affairs, and the Ambassador of Spain. The result of these meetings was a firm and energetic note to Baron Werther. Immediately on its receipt the Baron departed for Kims, to meet the King of Prussia. There is considerable excitement in commercial circles here.

LONDON, July 6.—The Morning Post has a telegram dated at Teintsein, June 25th, giving the particulars of a terrible massacre of christians by the natives of Pekin on the 21st of that month. Count de Rochechouart, the French Secretary of Legation, and a number of priests and Sisters of Mercy were ruthlessly slaughtered. The cathedral was also burned, and a number of Russians killed.

SPECIAL NOTICES. A Broadside for Hmburgs. Incompetence and assurance generally go hand in hand, and of all their tribe of pretentious know nothings with which society is afflicted, the unscientific "medicine men," who attempt to tamper with the health of the community, are the most dangerous and the most impudent.

So much by way of Text. Now for a special and particular application. It appears that a mushroom growth of so-called "Bitters" is springing up under different names in various localities, particularly in the Southern and Western States, while the vendors have the hardihood to recommend to every-going people upon whom they think they can impose, as a substitute for Hostetter's Stomach Bitters, long recognized by every class as the purest and best medicated stimulant and invigorant of our world.

The con of our referred to being composed of worthless material, offer a larger margin for profit than that Celebrated Tonic, and hence the anxiety of dollar worshipping dealers to foist them upon the public in its place.

But "forewarned is forearmed," and all parties whom the distinction of being are endeavoring to coax and inveigle into substituting trash for a standard remedy, are hereby informed of the selfish and sordid motives which underlie the representations in question.

The great popularity and vast sales of Hostetter's Bitters, and the fact that the vendors are impaired by those "tricks of trade," but as the debilitated and suffering have a direct interest in the matter, it is only an act of common humanity to put them on their guard. jy 6-6awtf

SWEET QUININE. Is a Recent Improvement. Replaces the use of the BITTER SULPHATE QUININE, with which all are familiar. Dose for dose it is Fully equal in every way to Bitter Quinine. And, like it, is the one Great, Positive and Unfailing CURE for all DISEASES OF MALARIOUS ORIGIN. Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Bilious Fever, Dumb Ague, and the long train of disorders following them when neglected.

SWEET QUININE. s made solely from Peruvian Bark (so is Bitter Quinine), therefore it is of Vegetable origin, and not a Mineral Poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE. acts as an antidote to, as well a a cure for, malarial or miasmatic poison, the absorption of which by the system causes Intermittent Fevers, etc. The only advantage claimed for SWEET QUININE over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insupportable obstacle to its use with most persons, and always with children.

SWEET QUININE. is in two forms—in Powder, for the use of Physicians and Dispensaries; and in Fluid, for use in the family and for the general public.

NOTICE. Owing to the very material advance in the price of ICE at the North, we are compelled, reluctantly, to advance our prices from the 1st of July to one and a half cent per lb.
