CITY COUNCIL.—The regular semi-monthly meeting of the City Council, will be held last night. For official proceedings see another column.

BOARD OF ALDERMEN.—Col. Suttle from the Committee on Lights reported that the committee had examined into the application for the erection of a gas lamp on the corner of Payne and Commerce streets, and ascertained that it would cost \$190; that none of the parties whose names are on the petition are applicants for the use of gas; that there are no houses between the main pipe and the point at which the lamp is proposed to be located, and that they report unanimously against it. Report adopted.

Several small bills and petitions were acted on without debate.

Col. Suttle moved to take up the case of the Alexandria and Fredericksburg railroad.

Col. French opposed it on the ground that it would lead to prolonged discussion, which was not desirable at this meeting, and also because he had no opportunity of seeing the report to examine it critically. The motion was withdrawn.

Mr. Sidman brought up the case of Clifford G. Grimes, advocating the claim of Mr. Clifford to be reimbursed for expenses incurred by him in defending his contested right to the office of Superintendent of Police.

Col. Suttle withdrew his opposition advanced at a previous meeting to Mr. Clifford's claim, on the ground that he was elected by the Council and not by the people.

Mr. Agnew stated that he would also vote for the defence of the two policemen, though he was opposed to it as a precedent.

Several minor bills were acted on without debate.

A paper from Jas. E. McGraw specifying what character of buildings he proposed to erect on the north side of the Market Square, and the terms, &c., after considerable debate was referred to the Committee on Public Property. The debate was principally on the point that it was probable that the city might, at no distant day, erect a court-house on the east side of the Market Square, and that such a building as that proposed by the petitioner might interfere with such plans.

A petition from eight property-holders on Henry street, protesting against the passage of any more railroads a long that thoroughfare, was read, and referred to the Special Committee having charge of that railroad matter.

Col. French read a resolution that a special committee of two from each Board be appointed to examine the Market Square with a view to the feasibility of erecting a court house or houses, and also a public hall or halls, and also to enquire into the practicability of selling the present court house lot and buildings, also to investigate the right of the city to repossess a lot at the foot of Cameron street, Messrs. French and Harmon were appointed the Committee, after which the Board adjourned.

COMMON COUNCIL.—For the first time in the past twenty years there was at the opening of the Board not a single spectator outside the bar, but four or five dropped in during the evening.

Upon the call for committees, Mr. Massey, from the special committee on the Fredericksburg Railroad matter, stated that the committee were not ready to report because they supposed that as this was election night, the Council chamber would be occupied by the Judges of election and no meeting of Council would be held.

Mr. Lawson from the special committee to whom the proposition of Mr. McGraw had been referred read the following communication:

ALEXANDRIA, VA., Nov. 7, 1870. To the Committee on Public Property, Alexandria: GENTLEMEN:—I propose, if Council will give me the right, to build a room over the present shed between the Masonic Lodge and St. Enoch House, (the full size of that space) conforming on the South with the present Masonic Lodge, and on Cameron street with the new addition to the market house. I shall want the right of way from Cameron street—the privilege of building on east wall of Masonic Lodge and west wall of Enoch House, if necessary; with guarantee that it shall be no injury to either—reserving to myself the right to put either good shingle, slate or metallic roof. I shall claim the balance of the appropriation of \$300; (the amount already expended to be settled by competent judges.) The improvement is to be exempt from corporation taxes for a period of ten years, at the end of which time the whole is to revert to the Corporation of Alexandria.

Very respectfully, JAS. E. MCGRAW.

Mr. Lawson said the committee had held no meeting, but that this proposition might be considered as the report of the committee. The Chair said that unless the committee made some recommendation the proposition could not be so considered.

Mr. Massey considered the proposition of Mr. McGraw to be a new one, and he moved that it be referred to the Committee on Public Property.

Mr. Shinn did not think the proposition a new one, but had no objection to the reference suggested.

The motion was agreed to.

The Chair suggested that the resolution adopted at last meeting appointing a committee to consult the officers of the Orange and Alexandria and the Alexandria and Fredericksburg railroad upon the proposition to allow the Alexandria and Fredericksburg Railroad to use certain streets, should be so amended as to make that committee a joint one.

A petition of J. H. Brent and other property owners on Henry street against allowing another railroad track to be laid on that street was then read and referred to a special committee.

Mr. Wheat presented the following communication: ALEXANDRIA, VA., Nov. 8, 1870. To the City Council of Alexandria: GENTLEMEN:—As some arrangements for opening schools must soon be made, I respectfully request that a committee may be appointed to confer with the Boards of District School Trustees on the subject. Respectfully, RICHARD L. CARNE, Superintendent of Public Schools.

EXCITEMENT IN A CHURCH.—The Methodist Episcopal Church, in Leesburg, was crowded last night by listeners to a discourse delivered there by Mrs. Caroline Tablot, a friend of the Orthodox school. During the lecture a piece of timber in the densely packed gallery was heard to crack, and a panic ensued, and a rush made for the doors and windows. The doors opened inwardly, but such was the pressure against them that they were forced from their hinges. Many jumped from the windows, among them Mrs. Lupton, the preacher's wife, who broke her arm. Many ladies fainted, and several were trampled under foot and considerably injured. The scene is described as one of the wildest excitement.

SPECIAL NOTICES.

A CARD TO SENSIBLE PEOPLE. Rational reader, if the aspect of the weather was uncertain, you would not be foolish enough to venture out without an overcoat or an umbrella. Have the forecast, then, to protect yourself at this dangerous season with something more important than either of these articles. Strengthen your stomach and nervous system; regulate your liver and your animal spirits with that agreeable cordial, tonic and alterative, Hostetter's Stomach Bitters. So shall you surely escape the diseases which fasten upon the feeble and debilitated. "Suffer and be strong," says the proverb; but "Be strong that you may not suffer" is the wiser maxim, and of all strengthening preparations this is the safest, the surest, the most genial. As a remedy, as well as an antidote, for dyspepsia, fever and ague, and liver disease, there is no combination of vegetable specifics at present known which even approaches it in efficacy.

Anticipate the enemy. The elements of innumerable diseases are often in the raw damp, mephitic air. Will you defend yourself against them, or not, good reader? That is the question. A bottle or two of the great DEFENSIVE REMEDY OF THE AGE, Hostetter's Bitters, will so strengthen and brace up your bodily powers as to enable them to "laugh a siege to scorn." The morbid matter which was expelled in the form of sweat, or vomit, or diarrhoea, will be so much the more harmless or more healthful—nothing so potent to prevent and cure biliousness, dyspepsia, fever and ague, constipation and general debility, at this wonderful corrective. nov 7-10

CHARLES WHITTLESEY, U. S. COMMISSIONER, ATTORNEY AND COUNSELLOR IN BANKRUPTCY. Congress having just amended the Bankrupt law so that nearly all parties can be discharged from their debts unobstructed by the fifty per cent clause, so called, another opportunity offers to secure the benefits of this most effective and permanent measure of relief. The above named will make bankrupt business a speciality, and transact all business in that line at prices which cannot fail to be satisfactory. Being U. S. Commissioner, he will endeavor to visit the different counties on circuit, and thus save parties the trouble and expense of several trips to Alexandria in beginning and proceeding with their cases. Discharges can be obtained here before Register Hill is promulgated, and parties are not obliged to attend the Bankrupt act
