LOCAL NEWS.

EXCHANGE BUILDING COMPANY.—A meeting of the subscribers to the stock of the Exchange Building Company was held at the rooms of the "Corn Exchange" this morning.

After the reading of the minutes of the last meeting, Geo. Y. Worthington, esq., Chairman of the Committee to solicit subscriptions to the stock of the company, submitted the following report:

Mr. Chairman.—On behalf of the Committee which you appointed at our last meeting for the purpose of soliciting subscriptions to the stock of the Exchange Building Company, I most respectfully state that the response which your committee has met with from the merchants and other business men of Alexandria evinces that "there is life in the old land yet."

Art. 1 provides that the company shall be named and styled the "Exchange Building Company of Alexandria, Va."

Art. 2 provides that the capital stock shall be not less than 5,000 or more than \$20,000, divided in shares of \$50 each, requires stock and transfer books to be kept, and designates the form and duties of stock certificates, &c.

Art. 3 specifies that the officers of the company shall consist of a President, Vice President and 5 directors, to be elected by stockholders, and a Secretary and Treasurer to be appointed by Directors with such compensation as they may deem just.

Art. 4 specifies the duties of the Secretary; article 5, of the Treasurer; article 6, how the Constitution may be altered or amended, and article 7, provides for a charter for the company.

The Constitution was taken up and adopted. The Company then proceeded to vote for officers, and the following gentlemen were declared duly elected to serve for the ensuing year: Geo. Y. Worthington, President; George H. Robinson, Vice President; B. H. Lambert, P. B. Hooe, M. Eldridge, H. S. Wattles and Thomas Perry, Directors.

The Board of Directors were authorized to call for the first installment on the stock, not to exceed \$20 per share, and to call for subsequent installments at such times as they deem advisable, and were authorized to keep open the subscription books until 200 shares were subscribed.

IMMIGRATION ASSOCIATION.—A meeting of the "Immigration Association," was held at the Custom House, last evening, at which a number were present, Capt. M. Eldridge, in the chair, and T. L. Sanborne, acting as Secretary.

The Board of Managers, according to previous instructions, reported a plan of operations, which was adopted by the association. The plan embraces the publication of a paper, as often as once in three months, setting forth the objects of the association, interesting fellow-citizens in the cause, and placing before the Northern public the many inducements to settlers in this section of Virginia.

The publication is entrusted to the Board of Managers, which consist of five, and will be made up of communications from members, and others, and such other material as may interest strangers in the subject. The members were requested to furnish in writing to the Secretary of the association, for an early publication, their several opinions on the advantages of settlement in our vicinity, and to furnish also lists of their Northern acquaintances. It is designed to give the publication a wide circulation through the North. Several new members were present, and the general interests of the association were discussed, developing an increased earnestness on the part of the members. The association will meet hereafter on the first Monday of every month, at 2 o'clock, in the Custom House.

GOLD.—The Washington correspondent of the Baltimore Sun says: "A little more than a year ago the General Land Office called attention to the nugget of gold, weighing considerably over nine ounces, found on the Potomac river, near Cabin John bridge, about ten miles above this city. The commissioner has just received four specimens of gold quartz found by Mr. W. H. Lipscomb on the bank of the Potomac, near the Long bridge. The virgin gold in these specimens is visible to the naked eye, and in general appearance they closely resemble the samples of gold quartz found at various times in Montgomery county, Md., and deposited in the mineral cabinet of the General Land Office.

FOR THE PENITENTIARY.—Sheriff Kurtz, of Winchester, arrived here yesterday and left on the boat last night for Richmond, having in charge Anson Thomas, colored, who has been sentenced to three years and nine months in the penitentiary for assaulting and robbing-upon a highway. Mr. Hugh Lewis, of Frederick county, the prisoner, who is a young man, was only a short time ago released on a pardon from the penitentiary of West Virginia to which he had been sent for eighteen years.

CAVALRY COMPANY.—Gentlemen interested in the cavalry company, now being raised in this vicinity, say that the proposed organization will certainly be successful, and that enough names and those of the right sort, have already been secured to render the formation of the company effective—a meeting for which purpose will be held at Catt's tavern, West End, next Saturday evening at 2 o'clock, and not on Friday night as heretofore announced.

THE VIRGINIA TELEGRAPH COMPANY are progressing rapidly with the arrangement of their wires. Offices have already been opened at Manassas and Front Royal. This useful enterprise we hope may be, and no doubt will be, highly successful.

ALEXANDRIA CHRISTIAN ASSOCIATION.

The regular monthly meeting of this society was held last night, President, Jas. Grigg, in the chair.

The session was opened with the usual religious exercises. The minutes of the February meeting were read by the Secretary and approved.

The Executive Committee through H. W. Beadle, chairman, reported the names of Rev. Mr. Hemmenway, of the M. E. Church, and Mr. John Thompson, for active membership, which were accepted, and the gentlemen were elected unanimously. The Committee on Lectures, through G. R. Hill, chairman, reported proceeds from Dr. Munsey's lecture, which was accepted.

The Committee on the Sunday Prayer Meeting, through W. U. Herbert, chairman, presented the usual favorable report from this activity. The committees on the daily and suburban prayer meetings reported progress, assuring the association that steps were being taken to infuse new life in these activities.

The Committee on the Jail, through H. W. Beadle, gave a favorable report of their operations in that direction.

The Committees on the Sabbath School Union were continued.

The President announced the appointment of Mr. Wm. Bushby as chairman of the daily prayer meeting committee.

The Treasurer, P. J. Dempsey, read his report of the state of the finances of the association, which was accepted.

The chairman of the daily prayer meeting committee was requested by resolution to furnish himself with a list of active members, and to apply to them for help in this activity, and to get the pledge from them to attend alternately the daily service.

On motion of K. Kemper, it was resolved, that in order to facilitate the prompt payment of the dues of members, that the treasurer will receive said dues in monthly installments at each meeting of the association, in such sums as the pecuniary condition of the member may permit.

Jas. Entwisle, jr., gave notice, that at the April meeting, he would move an amendment to the constitution, to substitute the words "Young Men" for the word "Alexandria."

Motion entertained and laid over until the next regular meeting. It was stated that it would lead to a large increase of the membership of the younger male members of the churches.

The session throughout was distinguished for the kind feeling and earnest zeal for the welfare of the society, and by a determination to press forward in the work of the association. After further religious exercises, the meeting adjourned.

FAIRFAX COUNTY COURT—2ND DAY.—The last will of Dennis Johnston was admitted to probate. Jane Ann Johnston and Mary A. Johnston qualified as executrices.

William A. Thompson qualified as Deputy Sheriff.

Court adjourned to 10 o'clock to-morrow.

ALEXANDRIA GRAYS.—A meeting of the Alexandria Grays was held last night at American Hall, with Capt. Herbert Bryant in the chair and Quartermaster W. B. Price Secretary. The committee appointed to prepare a constitution and set of by laws reported those of the 5th Regiment Maryland National Guards, and articles 1, 2, 3, and 4, of the constitution and sections 1, and 2, of article 1st and sections 1, 2, and 3, of article 2d of the by laws were adopted.

A resolution was adopted that the fatigue uniform should consist of a gray shirt and cap. The article of the Maryland organization allowing honorary membership upon the annual payment of \$5 was adopted.

CAMERON DISTILLERY.—Messrs. J. T. Reddy, M. Rochford and John Moran, who were committed to jail in Richmond last week by Judge Underwood for declining to answer certain questions respecting the management of the Cameron Distillery, near this city, in the year 1869, arrived here this morning in charge of deputy U. S. Marshal Bolling, and were turned over to the custody of deputy U. S. Marshal Garwood, to be taken before Judge Underwood at 9 a. m., but as that official was not in the court room at the appointed hour they were paroled to appear when summoned.

The cells in which they were confined in the jail at Richmond are represented as being in a most dreadful condition, and their cell-mates as the filthiest and lowest colored convicts. One of them, Mr. Reddy, is a gentleman sixty odd years of age, and imprisonment in the quarters allotted them when committed, if prolonged much beyond its actual length, would, it is asserted, in his case at least, have been fatal.

CLOSE OF MISSION.—The Mission which has been in progress at St. Mary's Church for a week past, closed this morning with imposing religious exercises, a large congregation being in attendance from a very early hour. Rev. J. B. Emig, who has preached, with great fervor and effect four times each day, delivered a touching exhortation to those who had returned to the practice of their religion, giving them much advice, which, if heeded, will effect a thorough reformation in their lives.

During the entire week the confessionals have been thronged with penitents, and many persons who have not been seen in a church for a long time, before have given evidence of a desire to do better.

THE ROOSTER.—This diabolical invention abounds in all parts of the city, despite the threats of his Honor, the Mayor. One of our theater tells us that he captured ten on one day, from his boys, and accuses us of having introduced the instrument by our description of it. He says he hopes the police will catch all the offenders and let them have a taste of the paddle, at the station house.

ARREST OF A CATTLE THIEF.—A colored man has just been arrested in Mount Vernon Township, Fairfax county, and committed to jail in that county, charged with stealing an ox from Lloyd Walker, a cow from Louisa Ferguson, a heifer from Theron Thompson and a hog from E. C. Gibbs. Before he was arrested he assaulted and severely beat another colored man who had informed upon him.

SEVERELY HURT.—Mr. George Williams, while at work at Fishtown yesterday evening, fell from a ladder and was severely hurt. He was taken to his boarding house in a spring wagon, and this morning was reported to be improving.

C. AND O. CANAL.—The leak in the Chesapeake and Ohio Canal, discovered yesterday near the Chain Bridge, and mentioned in the Gazette, has been repaired, and boats are expected to arrive here to-night.

THE WEATHER is now highly favorable for fishing. As already stated, the run of fish is early. We hope for a favorable season throughout, and for success to all engaged in catching and salting.

APPOINTMENT.—The Board of Education has appointed John Slater, Esq., as Trustee of Public Schools for Jefferson District, in the county of Alexandria, vice Edgar E. Harper, resigned.

PERSONAL.—Captain Charles Mitchell, now one of the oldest as well as one of the most popular and accommodating steamboat men on the Potomac, has been appointed to the command of the Norfolk steamer, Lady of the Lake.

DOGS.—Complaints are beginning to be made again about the number of dogs in town, on which no taxes are paid.

GRAND OPENING.—A grand and fashionable stock of GENTS', YOUTH'S & BOYS' CLOTHING, AND FURNISHING GOODS, suitable for the Spring wear, and prices so astoundingly low that no person in want of Clothing and Furnishing Goods can fail to purchase.

FROM WASHINGTON.

CONGRESS.—WASHINGTON, March 22.—In the Senate Mr. Lewis presented the memorial of Nicholas Ensey, of Charlotte county, Va., in regard to his claim for French spoils. It was referred to the Committee on Foreign Relations.

A bill passed granting a pension to Phoebe Schofield, of N. Y., 103 years old, and widow of a revolutionary soldier, was passed.

A resolution for printing 20,000 extra copies of the report of the Commissioner of Education was amended on motion of Mr. Bayard by striking out page 153 of the report containing reflections on the State of Delaware, and passed.

In the House of Representatives a motion to adjourn, and then a motion to adjourn until Friday were made immediately after the reading of the journal had been finished.

The motion to adjourn until Friday was lost 41, yeas 140, and the House refused to adjourn.

The Committee on Elections reported in favor of Mr. Ames for the contested seat in the 3rd Arkansas district, and he was admitted and sworn in.

Filibustering, with motions to adjourn, was then renewed.

FOREIGN NEWS.

LONDON, March 21—midnight.—The latest advice from the interior of Paris are to 7 o'clock p. m. The city was tranquil. A placard signed by the Mayors whose signatures were appended to their manifesto yesterday, informs the citizens that the Assembly at Versailles have voted an urgent proposal for an election for a municipal Council, and express the hope that the National Guards will prevent further conflict till the final decision of the Assembly is rendered.

LONDON, March 21—midnight.—In the House of Commons to-night Viscount Enfield stated that the Lord of Lyons had been instructed to accompany the French Government to Versailles, and that every arrangement had been made to protect the life and property of British subjects in Paris.

PARIS, March 21.—The insurrectionary official journal urges the National Guards to exercise a vigilant watch for criminals attempting to re-enter Paris.

The payment of the National Guards regularly, and the distribution of arms to the newly have been resumed.

A proclamation signed by General Duval, and dated simply Paris, demands the election of a Mayor of Paris, with deputy Mayors in all the arrondissements. The proclamation says it is not the intention of the Nationals to separate Paris from France, but only from the Empire and the Government of the National defence and from their measures of treason and cowardice, and concludes with an appeal to the people to sustain themselves as we are doing and to follow our example in opposing oppression.

A decree further postpones the maturity of commercial bills and prohibits landlords from expelling tenants for non-payment of rent until the issuance of a fresh order.

The insurrectionary Central Committee has decided to respect the conditions of peace, but considers it just that the largest portion of indemnity should fall upon the authors of the war.

Many of the Nationals met last night and adopted resolutions for mutual protection and maintenance.

The Siege urges upon each battalion of the army to take possession of its own quarters and says if this is done the rising will be promptly repressed and probably without bloodshed.

Paris is quiet. The cars have resumed their trips, the theatres are open and the railway trains to and from Versailles run regularly. The situation in Montmartre and Belleville, however, is unchanged.

All business and labor has been stopped. There are frequent night alarms. The tocsin and drums are sounded and cannon fired and the Montmartreists rush to arms fearing an attack from the 69,000 troops at Versailles.

The Official Journal says the hour has arrived when the common people of the capital can save the country and appeals to the bourgeoisie for support in the emergency.

The insurrectionary official journal says in extension of the execution of General Le Comte, that he had four times ordered his troops to fire on a crowd of inoffensive women.

General Thomas, says the journal, was in plain clothes, sketching the fortifications of Montmartre.

PARIS, March 21—Evening.—All the chiefs of battalions of the National Guard of the second arrondissement, have signed a manifesto, joining their voices to those of the deputies to the Assembly, and the Mayors of Paris in their determination to defend the Republic, and its tranquility against all persons. They have organized a special force, and measures for the protection of their arrondissement, and appeal for the co-operation of all in the work for conciliation and abstention from crime. A similar movement is being made in other arrondissements.

There was a demonstration in the streets to-day in favor of the union of all men of order. The demonstrators proceeded to the insurgents' headquarters, but found their passage barred by bayonets. An angry altercation ensued, after which they retired, but the movement has a tendency to spread.

There has sent Gas Bezoine, as delegate on the part of the Government, to endeavor to conciliate the insurgents, the prospects for which are not so much hopeful.

The Mayors of Paris refuse to give concurrence to the holding of elections on Wednesday.

VERSAILLES, March 21.—The National Assembly has approved the proclamation condemning the criminal attempts of a few mad men to involve France in ruin and dishonor, which are repudiated by the whole country. It appeals to the troops and citizens to rally and save the noble republic. The assembly has also declared urgent a bill abrogating the decree suppressing councils in general.

Telegraphic Brevities.

LAWRENCE O'LEARY died to-day from the effects of a stab received in a bowling saloon in Louisville on Sunday last.

JAMES WILSON, convicted of murder in Hartford, Conn., is endeavoring to starve himself to death.

STARKE'S DIXIE PLOW.

By invitation of Mr. F. C. Williams, of the county of Nottoway, a number of gentlemen assembled at his residence, Saturday, December 10, to test, by practical experiment, the comparative value of the Dixie Plow, manufactured by Starke & Co., and any other that might enter the field of competition.

The plows were taken to the field at half-past two o'clock p. m., the following gentlemen acting as judges: F. W. Epos, J. B. Williams, Robert Scott, Jas. S. Gilliam, Wm. T. Christian, Richard Epos, Dr. Derrick, Sidney Graves, Walton Snyder, F. C. Williams, G. N. Seay and J. M. Hunt. Mr. S. Graves and Walton Snyder were the principal plowmen, Mr. W. Snyder working the Dixie plow and S. Graves the Dixie—both of whom handled them with mastery and success.

The plows entered were the Dixie two-horse right and left hand plows, and the Watt two-horse left hand. Soon after the trial commenced, the beam of the Dixie right hand broke in two and was laid aside, the contest being narrowed to the Watt left hand and Dixie left hand. The soil first selected was a stubble loam without soil; but as the plows were new, and did not turn in consequence of the roughness of the castings, after a short trial it was decided to take them to another field where the soil was a well trodden, tenacious clay, with a timothy sod covered with vegetation and with straw. The plows here performed their work admirably, cutting and turning clear without choking.

As the Dixie was a new comer, as the contest waxed warm, most of the judges took hold of it to test personally its practical working. While there is no intention to do injustice to any, as neither party had agent or representative present, and both plows did well, yet the trial, with the award of the judges, is deemed of sufficient importance to the interest of agriculture to justify its publication.

The award of the judges was unanimously in favor of the Dixie on the following grounds: 1st. It cut a deeper furrow. 2d. It cut a wider furrow. 3d. It more effectually inverted the sod. 4th. The draft seemed to be no greater. 5th. The mechanical arrangements for altering cut was deemed more simple and efficient.

At the conclusion of the trial some of the judges were so pleased as to determine to order them for their own use. J. M. HUNT, Secretary.

I certify that the above was sent to the Richmond Whig for publication by myself; that I am not acquainted with Mr. Starke; that he had never seen the paper and knew nothing of its contents, and was in no wise a party to the trial of plows alluded to. J. M. HUNT, Secretary.

We, the judges in the "Plow Trial" on the farm of Mr. F. C. Williams, published in the Whig, hereby certify that it was directed to be sent to that journal as a communication by the judges who made the award. J. M. HUNT, Secretary.

I do not believe in plow trials held by the manufacturers themselves, but hope that every farmer will at once make a full trial of the Dixie with every plow he can find, and buy that which does the best work. I have not been able to supply the demand, nor fill my orders for some time, and must leave the duty, where they rightly belong—to farmers themselves. P. H. STARKE, 1400 Main street.

New Market, Caroline County, February 29, 1871.

Dear Sir:—Enclosed you will find a certificate which I send you for your "Dixie" Plow. I have been actuated from no other motive, but alone from the merit of the "Dixie." I fear the certificate may be too lengthy for publication should you desire it, but I felt a desire to do your Plow justice, and at the same time to do "Watt" no injustice, and show the reasons why I thought your Plow the best, and my opportunities for judging of the two Plows where they could make no disposition as you may choose of the certificate. I am very respectfully, &c., JOHN H. KOON.

Falls Church, Va., October 28, 1870. Mr. A. T. Skinner, Alexandria: Dear Sir: The "Dixie" Plow bought of you the past season has given me entire satisfaction, after a thorough test. I have used the best Northern Plows, and consider the "Dixie" superior to any I ever used. Yours truly, JOHN L. KOON. For sale by ALBERT T. SKINNER, mar 7 10 and 12 S. Union st., Alex., Va.
