

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

LOCAL ITEMS.

THE MEETING TO-NIGHT.—There will be a Conservative meeting in the new Market building to-night at half-past seven o'clock, which will be addressed by Col. William S. Gilman, of Richmond, and others. It is hoped that there will be a full turnout.

CONSERVATIVE MEETING AT CARLIN'S SPRINGS.—A grand Conservative and Liberal meeting will be held at Carlin's Springs to-morrow. Distinguished speakers from various sections of the State will be present, and a large crowd from Fairfax, Loudoun, Alexandria, and Washington will be in attendance. Provisions can be obtained on the ground, a fine band of music has been engaged for the occasion, and hourly trains will be run between here and there.

AN ALEXANDRIA LADY RUN OVER AND INJURED IN WASHINGTON.—The Washington Republican of this morning says:—"Yesterday, about noon, as Mrs. V. C. Neale, of Alexandria, accompanied by her daughter and a lady friend, was crossing the open space at the intersection of Louisiana and Pennsylvania avenues, a man came driving down the former street at a rapid rate, and before the ladies could get out of the way Mrs. Neale, a middle-aged lady, was knocked down and run over, receiving a severe cut on the left side of the face above the eye, and near the temple, so close that an inch nearer the injury might have proved fatal. Her left arm was broken in two places between the wrist and the elbow. She was taken up by some gentlemen who witnessed the accident, but were not near enough to prevent it, and carried to Nairn's drug store, at the corner of Ninth street and the Avenue, where the wounds about the head were dressed by Dr. McBlair, and she was afterwards taken to the residence of Dr. Hall, where assisted by Dr. Garrett, the broken bones of the arm were reset, and at 4 o'clock she returned to Alexandria.

It is said that the reckless driver's name was Austin, but beyond that nothing definite could be obtained concerning him. Such men should be apprehended and brought to justice. This one seemed perfectly indifferent as to what harm he had done or the injuries inflicted, for after running over the lady he drove on up the Avenue without stopping to make any inquiry into her condition. In consequence of a delay occasioned by the cars getting off the track, and of the jostling she experienced, by the time Mrs. Neale reached this city, the bandages on her wounds had become displaced, and her hand and arm were nearly numb. Drs. French and Lewis, however, who were summoned to her assistance as soon as she arrived, speedily readjusted the disarranged dressings, and this morning, her numerous friends will be glad to learn she had considerably improved, and will, it is thought, soon be out again. The only serious wound she received was a fracture of the prominent bone of the elbow joint.

FATAL ACCIDENT.—A colored man named Robert Carroll, formerly a slave, belonging to the estate of the late Dennis Johnston, accidentally shot and killed himself about dark, yesterday evening. The particulars of the affair are as follows: Carroll, who worked on the Rose Hill farm, and lived in that neighborhood, had invited a colored man named Washington Fisher, a barber, whose shop is on King street near St. Asaph, to come down to his house and take a hunt with him, and the invitation having been accepted, Fisher hired a buggy from the livery stable of Mr. William Legg and drove down there yesterday morning. Fisher's sport being over, Carroll said he wanted to come to town and if Fisher had no objection would accompany him in the buggy, and no objection being offered they both got in and started for the city. Fisher was driving, Carroll holding the gun, the stock resting on the spatter board and the barrel between his knees. When they were about opposite Mr. Pluman's farm, it is supposed Carroll, who was telling an anecdote and laughing, raised the hammer with his foot, for the gun exploded and the whole load of shot was lodged in the upper portion of his face.—Messrs. Richard and David Windsor who were coming along behind them lifted the wounded man out of the buggy, and laid him on the side of the road until Fisher could go back to his house and get some of his friends to come to his assistance, and this he started to do, but before they reached him he was dead, never having spoken a word from the time he was shot. His body was put into the wagon in which his friends had come for him and taken back to their home.

CORPORATION COURT.—Judge E. M. Loece presiding.—Carlin and wife vs. Skidmore et al.; on an issue awarded in chancery. The argument of the cause was concluded this morning and case given to the jury, and jury out at close of this report. Dyer and wife et al. vs. Davis & Co.; in chancery. Petitions of C. C. Smoot & Sons and J. T. Rogers filed. Ward's executor vs. Plummer et al.; in chancery; report of sales confirmed and order for conveyance. Dyer and wife et al. vs. Davis et al.; in chancery; report of commissioner of sale confirmed, and cause recommitted to Commissioner Kemper. J. J. Halsey vs. W. F. Henderson; assumpsit judgment against defendant. The account of W. A. Smoot against the city was allowed. Isaac Tancil vs. G. L. Sauton; in case; plea not assumpsit, and continued generally. Jos. Packard vs. Gontzberger; in trespass; plea not guilty, and continued generally. Sarah Ann Spinks vs. Harriet Hodges, in ejectment; same vs. Salina Price, in ejectment; and same vs. Daniel Brown, in ejectment. These causes were continued with leave to both parties to take depositions to be read on the trial of these causes.

THE PATERNITY RIOT.—The excitement which the riot first caused in the district is rapidly dying away in the face of the near approach of the November elections, and the names of Pat Coyne and Barney McFadden are now seldom heard when compared with those of Greeley and Grant. The opinion is expressed that it would have been a good thing for society if it were thought that the State is being rapidly colonized with negroes who have been imported and Kennebec ticket on all the railroads in the State. Black men are employed to the exclusion of whites, and this is considered a part of a deep-laid scheme to carry the county for Grant. A great revulsion of feeling has taken place regarding the Irishmen, and the great majority of the well-disposed citizens would be heartily glad to see them relieved of the uncalculated difficulties that now encumber them.—N. Y. Herald.

W. W. Banks, one of the colored men committed to jail here for complicity in the riot, left here this morning in charge of an officer for Huntodon county, New Jersey.

ACCIDENT IN LEESBURG.—A gentleman named G. W. Presgrove, living at Guilford, came near bleeding to death at the Reamer House, in Leesburg, last night, from a jagged iron nail, received by falling upon a jagged end of a stick of wood. When discovered he was lying insensible against from his neck. Dr. James rendered the necessary surgical assistance and this morning he was improving.

FOR GREELY.—Mr. John Mason, of Wood-lawn, Fairfax county, a strong Union man all during the war, and a consistent Republican up to this time, writes:

"I will take this opportunity to answer a question that is repeatedly asked, 'How are you going to vote?' Until very recently I had concluded not to vote at all, because I could not reconcile Mr. Greeley being the candidate of my old party, with whom his whole career had been in bitter hostility. I have thought for some time the old Republican party had been in power long enough for the safety of the public money. Recent events in regard to partial appropriations, as well as the frauds practiced in the late elections, have brought me to the conclusion that I cannot conscientiously remain neutral. Under the circumstances I have, therefore, concluded to nail the banner of Greeley and Brown to my mast-head and keep it flying there until after the election."

FIRE.—The alarm of fire about half past eleven o'clock last night was caused by an attempt to burn the building belonging to Mr. R. H. Miller, on the south side of King street, the third door west of Pitt. The house was unoccupied, and the incendiary had built a fire of shavings against wooden partition on the lower floor. Mr. John Phillips who was on his way to the Fayette street depot, first discovered the fire, and giving the alarm, the flames were speedily extinguished, and that, too before any damage had been done. The fire department, as usual, was on the ground in the shortest possible order, but it was unnecessary for it to go into service. The alarm was general, the policemen's horns spreading it to the utmost bounds of the city.

COUNTY SUPERVISORS.—A meeting of the Board of Supervisors of the county was to have been held to-day but as only two members, H. W. Felbey and W. A. Rowe, were present, the proposed meeting was postponed. Messrs. Corse and Hopkins of the Committee on Public Property, in accordance with a resolution adopted by the City Council, met the Supervisors and proposed to them that an application for a partition of the Court House property be made to the Court, and the latter agreed to consider the application when a full meeting of their Board was held.

SOUTHERN CLAIMS.—The Southern claims commission yesterday heard the claim of Mrs. General Surtina Hunter for \$1,600 for wood cut off her farm on the line of the Orange and Alexandria railroad. The claims of ten colored men residing in Westmoreland county, Va., were also heard, all being for small amounts, ranging from \$25 to \$150, mostly for vegetables and produce taken from their plots of lands.

PROPERTY SALE.—A tract of land in this county, near Four Mile Run, belonging to the late W. T. Swann was sold to-day by F. A. Kirby, auctioneer, to D. M. Lawrence of Wash. at the rate of \$1 per acre. At the same time and for the same amount adjoining the above, covering about twenty five acres, was sold to I. C. O'Neal for \$30.25 per acre.

SUPERVISORS.—Judge Underwood has appointed the following Supervisors of election, for the county of Prince William:—Dumfries, C. W. C. Dumfries; Occoquan, J. Kankey; Independent Hill, M. M. Lynn; Brentsville, Edwin Nelson; Manassas, B. D. Merchant; Hay Market, Grayson Tyler.

RESIGNATION.—Mr. H. W. Vandergift has resigned his position as Chief Engineer of the Lynchburg and Danville Railroad, and Major Peyton Randolph, late an engineer on the Chesapeake and Ohio Railroad, has been appointed to fill the vacancy.

LOCAL BREVITIES.—Mr. McLean has received some fine oysters at his establishment on the wharf. Oysters are now plentiful at the dock, and are selling at fifty cents a gallon. Grant and Wilson meetings will be held in front of the Marshall House to-morrow and Friday nights. The locomotive of 6:35 a. m. local train from Washington, when coming into the depot here, ran into a freight car damaging it and knocking off its own cow-catcher. One of the braces of the steam fire engine Hydraulion, was broken while that engine was being taken to the scene of the fire last night, but the damage was repaired to-day. Considerable excitement was created on the corner of King and St. Asaph streets, this afternoon, by a fight there between Henry Herber and Robert McGuff, during which the latter was badly hurt. The grading for the double track of the Alexandria and Washington railroad by Mr. David Pullman is progressing rapidly, and it is expected that the iron will be laid in a very few weeks. An attempt was made by two colored men to force an entrance into a house in Hodson's Bottom late night before last, but it was discovered, and the screams of the alarmed female occupants scared the thieves off. Mr. G. E. Price's wife gave her baby a pocket-book containing \$75 to play with yesterday morning. The pocket-book was soon lost, and was not found until a policeman made his appearance, when the colored woman washing there found it in the wash-tub. Frederick Douglas, the colored speaker who went last Friday, sat on the upper deck during the whole trip, and while dinner was served below, joined Miss Patman, a northern school teacher, in a cup of cold tea, a bottle of which beverage that lady carried in her satchel.

TELEGRAPH NEWS.

[Special Dispatches to the Alexandria Gazette.] Political Speaking in Richmond.—Gov. Walker's Health. RICHMOND, Oct. 23.—Hon. R. M. T. Hunter delivered a powerful speech at Monroe Park, in this city last night, being a repetition of his great effort in New York. Col. Hinton also made a splendid speech which was enthusiastically applauded. The crowd was very great—one of the largest ever assembled in this city.

There was but little enthusiasm at the Radical meeting last night, when Attorney General Williams and Gen. Hall made speeches. Gov. Walker is still quite unwell and will not be able to fulfill the appointments made for him at Alexandria to-night or Leesburg to-morrow. His health has been impaired by his recent western trip during which he over-exerted himself by frequent speaking and necessary exposure.

From New York. NEW YORK, Oct. 23.—The Commissioners of Insurance yesterday did no business, owing to the small attendance. It was suggested, however, that there being nothing in the constitution concerning a quorum, business could be transacted. The President remarked that the business to be brought up was for private consideration and then suggested that the future sessions be secret.

It was stated at the Sheriff's office yesterday that Tweed had announced his intention to offer bail in court this a. m. The additional indictment reported yesterday was against John D. Farrington, jr., not John D. Falconer. Three men were found dead on the Northern New Jersey Railroad at Piermont, last Monday. They are supposed to have been killed by a train. One Doctor Will was found guilty of malpractice yesterday by ignorance in treating a fractured hand so as to cause mortification and subsequently the loss of the hand. \$5000 damages were awarded.

The Committee of Seventy last night discussed a proposition to urge A. R. Lawrence to withdraw from his Democratic candidature for the Mayoralty and accept the nomination of City Judge. Henry Rogers last evening confessed to having struck Donahue, the Brooklyn policeman, with a stick, but asserted that he did not intend to kill him. He stated that after he struck Donahue once, another man, named Denver, took the stick and beat Donahue on the head with it until it broke, and that he also saw others of the game, named Ritchie, Gibson and Mint strike him on the head with bottles and stones and kick him while he laid on the ground.—The jury returned a verdict of murder in the first degree, and Judge Gilbert sentenced Rogers to be hung on the 6th of December. His counsel will apply for a writ of error.

Wm. M. Tweed delivered himself up to the Sheriff at 10:30 a. m. to-day and is now in his custody in the court of Oyer and Terminer.

The Horse Disease. NEW YORK, Oct. 23.—The horse disease, which is occurring in the different cities outside of New York, and which has caused a great deal of excitement among stable keepers and car companies, has made its appearance in this city, causing the greatest panic. The disease seems to have appeared first in this city in magnitude Monday p. m., although there were some few cases of earlier date. The contagious qualities of the disease are very violent, and within 24 hours from the time the first symptoms of the sickness were noticed in one large stable, 1,000 horses, under the same roof were similarly affected. A reporter who has visited a number of the principal stables states that no less than 7,000 horses, in all, were effected up to yesterday. The horses of the different lines of stages and car companies are all more or less affected. On the 6th avenue line of railroad 200 horses were stricken down in 4 hours and the company were compelled to withdraw some of their cars.

Over 2,000 horses of the 3rd avenue line are suffering. In the stables of the 23d street stage line, some 500 horses are laid up. Up to midnight last night, no deaths had occurred except in the 6th avenue stables. In Brooklyn the disease is reported to be spreading. It is gravely apprehended that the disease will spread so as to materially interrupt the means of traffic throughout the city. There are some 14,000 car and stage horses in New York, and if equine travel is stopped this season the losses to business will be very heavy. The disease is denominated catarrhal fever. It commences with a cough, and in about 36 hours a running from the eyes and nose is developed and the horse become weak; the affection being thought similar to the Canadian epidemic.

The San Juan Boundary. NEW YORK, Oct. 23.—The Herald has the following special: LONDON, Oct. 22.—Written judgment has already been given in the San Juan arbitration by the jurists, to whom the case was submitted. It only wants the signature of the Emperor. He decides in favor of the United States, and of making the Canal de Huro the boundary. The cause of delay in communicating the judgment is that an English diplomatic intrigue is on foot, the object of which is to modify the Emperor's judgment as to cause the arbitration to become a failure. Otto Russell, the English minister at Berlin, therefore strives to prevent the Emperor acting upon the judgment rendered by the jurists, and is endeavoring to raise a false issue.

The article in the Times of October 16th was inspired by the foreign office. It presents the views the government urges at Berlin, saying that the Emperor may decide upon any one of the three channels, and falsifies the words of the treaty, saying judgment is required upon two specified points. Should Mr. Russell fail to get a declaration favoring the intermediate channel for a boundary, it is to States, and a negative judgment, that is to States, and of Huro nor Rosaris is the canal described in the treaty. Thus the treaty will fall like that of the Netherlands, who, instead of giving a definite decision, recommended a compromise. The efforts of Princess Victoria, wife of the Crown Prince, have been enlisted by those engaged in the intrigue. Mr. Bleichroder, a Jewish banker and an intimate associate of Bismarck, is very useful in the matter, and has just been appointed British Consul General at Berlin.

Losses by Fire. BOSTON, Oct. 23.—The loss of S. S. Houghton & Co. by the burning of their dry good store on Tremont street last night is estimated at \$150,000, insurance \$75,000. The German Lyceum in the rear of the pavilion, owned by the heirs of the late Dr. John Ware, was also destroyed, involving a loss of \$60,000; insured. The pavilion was saved. NEWARK, N. J., Oct. 23.—Fire caught last night in the drapery of the Chapel of Our Lady, in St. John's Catholic church at Orange, loss \$15,000; insured.

THE LLOYD CASE.

Motion to Quash the Indictment Overruled.—Mrs. Lloyd's Appearance.—She Pleads not Guilty.—Only Two Jurymen Obtained.—One Hundred Talismen Summoned.—Recess of the Court. LEESBURG, Oct. 23.—The case of Mrs. Emily E. Lloyd, charged with the murder of her daughter, Maude, by administering white arsenic, came up in the Circuit Court to-day, Judge James Keith presiding. After the Clerk had called the case Mr. J. Mortimore Kilgour Commonwealth's Attorney arose and stated to the Court that the Commonwealth was ready for trial.

Mr. Matthew Harrison, one of Mrs. Lloyd's counsel said that before going into the trial, he would move the Court to quash the indictment on the ground that it was not signed by the State's Attorney. After argument by counsel for some time, the motion was submitted to the Court, and after a few minutes consideration the Judge overruled the motion. The prisoner was then brought into Court. She was dressed in plain black and was heavily veiled; she walked firmly and seemed to be composed.

In response to the usual question of the Clerk as to her guilt, she replied in a very loud and distinct tone "not guilty."

Only two of the twenty-eight jurors who were summoned were accepted, the others having expressed an opinion. The Court thereupon ordered one hundred more persons to be summoned, and the Court was adjourned until three o'clock which time it is expected the jury will be completed. W. H. G.

SPECIAL NOTICES. UNDEVELOPED VIGOR.—The feeble and debilitated usually fancy they are in a more hopeless condition than they really are. The resources of nature are not easily exhausted. Even when strength and appetite fail, when the eyes are heavy and the limbs tremble, when the pallid, the nerves tremulous, the body attenuated, and the mind depressed, there is generally a reserve of latent power behind such palpable evidences of weakness. Various modes of treatment are resorted to by physicians in the hope of developing and rendering available, this store of sleeping vitality, but the surest, and indeed the only thoroughly safe and reliable means of awakening the dormant energies of the system is a course of Hostetter's Stomach Bitters. Electricity, shower baths, the flesh brush, sea bathing, &c., may be well enough in their way, as auxiliaries, but they do not reach the source of the evil. All physical debility proceeds either from a derangement of the functions of the assimilating, secretive and vital organs, or from a sluggish constitution. In either case, and in cases where both causes exist, the Bitters will invariably produce an immediate and salutary change in the condition of the patient, and eventually effect a complete cure. None of the dangerous alkaloids, too often administered as tonics, can be otherwise than deleterious to such circumstances, and to mercury is positively criminal. The direct effect of the great vegetable specific will be manifested in an improved appetite, a more cheerful frame of mind, a gradual return of strength, an increase of flesh, and a better complexion. Menstrual irregularities, the constitution, if inert and feeble, will have been roused and renovated by the subtle elements of invigorating contained in the Bitters. oct 21-eo1w

A TRIUMPH.—No medicine ever offered to cure a cough has won for itself such a reputation as to short a time as Dr. Tutts' Expectorant. Wherever it has been introduced it has superseded all other cough remedies. It not only cures the cough, but so thoroughly purifies the lungs that no fears of its return need be apprehended. Memphis, February 11, 1869. Dr. Wm. H. Tutts: Sir—I have been suffering for nearly two years with a severe cough and great difficulty of breathing. My weight was one hundred and forty-five pounds, and when I commenced taking your Expectorant I was reduced to one hundred and sixteen. I had tried almost everything; had terrible night sweats. I have taken half dozen bottles. The night sweats have left me, the cough has almost disappeared, and I have gained fifteen pounds in weight. I believe it will cure my cough. I recommend it to all my friends. With respect, OLIVER RICL. Dr. Tutts' Hair Dye has no bad odor. oct 21
