Suit About Monticello.
The Supreme Court of Appeals was engaged yesterday in the further consideration of the case of Levy et al. vs. Levy et al.

A short history of this case is as follows: It is an appeal from a decree pronounced by the Circuit Court of the city of Richmond, on the 30th of November, 1868, which declared the last will of the will of Capt. Uriah P. Levy to be invalid. The provisions of the will declared invalid read as follows:

"After paying the above legacies and bequests, and investing for the same and subject to my wife's dower and use of furniture, I give, devise and bequeath my farm and estate at Monticello, in Virginia, formerly belonging to President Thomas Jefferson, together with all the rest and residue not hereby disposed of, my estate, real, personal or mixed, not hereby disposed of, wherever or however situated, to the people of the United States, or such persons as Congress shall appoint to receive it, and especially all my real estate in New York in trust for the sole and only purpose of establishing and maintaining at said farm at Monticello, Va., an Agricultural School for the purpose of educating as practical farmers children of the warrant officers of the United States Navy, whose fathers are dead. Said children are to be educated in a plain way in the ordinary elementary branches to fit them for agricultural life, and to be supported entirely by this fund, from the ages of twelve to sixteen, and each of them to be brought up to do all the usual work to be done on a farm, and their instructors to be so cultivated by said boys and their instructors as to raise all that they may require to feed themselves and the school master, and one teacher and one superintendent of the said farm."

"I also give and bequeath, for the purpose of giving such fuel and fencing for said Monticello farm school, two hundred acres of wood land of my Washington farm, called 'The Bank Farm' in Virginia—the said two hundred acres to be taken off from said farm, hereby devised to my nephew Ashel, and to be designated by said Ashel. In establishing said farm school, I especially require that no professorships be established in said school, or professors be employed in the institution. My intention in establishing this school is charity and usefulness, and not for the purpose of pomp. In proportion to the smallness in number of teachers so will industry prevail. The institution must be kept within the revenue derived from this endowment, and under no circumstances can any part of the real or personal estate hereby devised be disposed of, but the rent and income of all said estate, real and personal, is to be held forever inviolate, for the purpose of sustaining this institution. The estate and land in New York can be leased to great advantage for that purpose. Should the Congress of the United States refuse to accept of this bequest, or refuse to take the necessary steps to carry out this intention, I then devise and bequeath all the property hereby devised to the people of the State of Virginia, instead of the people of the United States, provided they, by acts of their Legislature, accept it and carry it out as herein directed. And should the people of Virginia, by the neglect of their Legislature, decline to accept this bequest, I then devise and bequeath all my said property to the Portuguese Hebrew congregations of the city of New York, whose synagogue is in Crosby street, New York; the old Portuguese Hebrew congregation whose synagogue is in Cherry street, Philadelphia; and the Portuguese congregation of Richmond, Virginia, provided they procure the necessary legislation to entitle them to hold said estate, and to establish an agricultural school at said Monticello for the children of said societies who are between the ages of twelve and sixteen years, and whose fathers are dead, and also similar children of any other denomination, Hebrew or Christian. In order to enable said Hebrew congregations to hold said estate and carry on said farm school, a charter will probably have to be obtained upon the application of said congregations to the Legislatures of Virginia and New York. * * I direct my executors, hereinafter named, or such of them as shall qualify, to invest the funds arising from said estate in some safe paying stock, as fast as they accumulate, and to hold the whole of the property and estate hereby devised and bequeathed for said schools, and in their lands, until the proper steps have been taken by Congress or the Legislature of Virginia, or the said Hebrew benevolent congregations, to receive the same and discharge said executors. I appoint the Honorable Benjamin F. Butler, David V. S. Coddington, Ashel S. Levy and Joseph H. Patton, counsellors at law in the city of New York; Doctor Joshua Cohen and Jacob I. Cohen, his brother, of Baltimore; George Carr, attorney at law, Charlottesville, Va., and Doctor John B. Blake, of Washington city, executors of this my said will and testament, and trustees of said estate, and in case of the death of either of my executors or trustees, or their relinquishment or inability to act, I direct that the remaining qualified executors or trustees act without him."

Captain Levy died in New York in 1862, and left some \$300,000 for the purpose of establishing the Agricultural School at Monticello. Most of his property was in the State of New York, and in regard to that his heirs instituted a suit in that State for the purpose of having the will construed; and the Court of Appeals of that State decided that these provisions of the will were invalid, because it created an "indefinite charity," and was therefore, void. It also declared that the United States could not take the property as trustee, and as the State of Virginia was not a party to the suit there, she has instituted the suit here, claiming as secondary trustee to be entitled to hold the property for the purposes indicated in the will. The appeal here was taken by Attorney General Bowden, with whom was associated Judge Mercedith. Judge William J. Robertson occupied the day in an elaborate argument for the appellants, and will be followed to-day by Attorney-General Taylor for the appellants.—*Richmond Enquirer.*

At a watch meeting held in Christ's (Episcopal) Church, in Boston, on the night of the 31st of December, the British subjects present sang "God Save the Queen," and after prayers for the President of the United States, prayers were offered for the Queen and royal family of England, with a special prayer for the Queen as the supreme governor of the Church of England.

BALTO. LOCK HOSPITAL.
DR. JOHNSTON,
Physician of this celebrated institution, has discovered the most Certain, Speedy, Pleasant and Effectual Remedy in the world for all
DISEASES OF IMPURITUDE.
Weakness of the Back or Limbs, Strictures, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the songs of the Sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, &c.
YOUNG MEN.
Especially, who have become the victims of Solitary Vice, and dreadful and destructive habits, and are annually swept to an untimely grave thousands of young men, of the most excellent talents and brilliant intellect, who might otherwise have embraced listening Senates with the thunders of eloquence, or waked to extol the living Iyre, may call with full confidence.
MARRIAGE.
Married persons, or Young Men contemplating marriage, aware of Physical Weakness, Loss of Procreative Power—Impotency, Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily relieved. Now, who that has placed himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as physician.
ORGANIC WEAKNESS.
Immediately cured and Full Vigor Restored. This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. They do not understand the subject will pretend to deny that the natural powers are lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind are excited. The system becomes deranged, the Physical and Mental Functions weakened. Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Cough, Consumption, Decay and Death.
A CURE WARRANTED IN TWO DAY
Relief in Six Hours! No Mercury!
Persons ruined by Ignorant, Trifling Pretenders and their Deadly Poison, should apply immediately.
DR. JOHNSTON.
Member of the Royal College of Surgery of London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.
These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.
MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Derangement of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.
Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption.

YOUNG MEN
Who have injured themselves by a certain practice, already described, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyment of life by the consequence of deviating from the path of nature, and indulging in pernicious habits. Such persons must, before contemplating
MARRIAGE
Reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these the journey through life becomes a weary pilgrimage, and prospect hourly darkens to the view, the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another is blighted with his own.
DISEASES OF IMPURITUDE.
When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone benefit him. In this fatal constitutional symptoms of this horrid disease makes their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the face and extremities, pressing with frightful rapidity, till at last the state of the mouth or the bowels of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration till death puts a period to his dreadful suffering, by sending him to that undiscovered country "from whence no traveller returns."

It is a melancholy fact that thousands DIE victims to this terrible disease, through falling into the hands of ignorant or unskillful PRETENDERS, who, by the use of that deadly and insupportable poison, Mercury, &c., destroy the constitution, and keep the unhappy sufferer month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of Life, Vigor and Happiness in despair leave him with ruined health to sigh over his galling disappointment.
