Approved December 23, 1872. 1. Be it enacted by the General Assembly of Virginia, That William N. Berkeley, Allen C. Harman, James Green, Charles P. Shaw, John B. Daininger, William Arnold, Jefferson Tacey, William G. Chapman, Reuben Johnston, Hiram O. Claughton, William J. Booth, F. L. Smith, sr., J. Rector Smoot, Charles R. Hooff, C. C. Bradley, John Perry, Enoch M. Lowe, Hugh Latham, George H. Robison, John T. Creighton, John P. Agnew, Andrew Jamieson, Lewis McKenzie, Samuel Miller, William Ogan, Arthur Herbert, George R. Hill and David G. Watkins, be and they are hereby constituted a body politic and corporate by the name and style of "The Alexandria Infirmary," in the city of Alexandria, and by that name shall have perpetual succession and a common seal, may sue and be sued, plead and be impleaded, with power to purchase, receive and hold to them and their successors forever, any lands, tenements, rents, issues and profits, interest, annuities, goods, chattels, of whatever kind soever, and donations in money, legacies and devises of real estate which may be purchased by, devised, given to, or acquired for the use of the said infirmary: provided, however, that the lands, tenements, rents, issues and profits, interest, annuities, goods and chattels, of what kind soever, and donations in money, legacies and devises of real estate so authorized to be taken and held, shall not exceed in amount or value the sum of two hundred thousand dollars: and provided, further, that not less than a majority of the acting trustees for the time being shall have power to authorize the sale or mortgage of any real estate belonging to the said infirmary.

2. The said trustees and their successors, or a majority of those acting, shall have power to appoint a president of the board, a treasurer, and board of managers, and such other officers as they may deem necessary, and to make and establish from time to time such by-laws, rules and regulations, not contrary to the constitution and laws of the State, or of the United States, as they may judge necessary for the good government of the said infirmary. A majority of the acting trustees shall constitute a board for the transaction of business, and vacancies among the trustees, occasioned by death, resignation or legal disabilities, shall from time to time be supplied by the City Council of Alexandria.

3. The treasurer shall receive all money according to the infirmary, and property delivered to his care, and shall pay or deliver the same to the order of the board. Before he enters upon the discharge of his duty, he shall enter into bond with such security, and in such penalty as the board may direct, made payable to the Alexandria Infirmary, and conditioned for the faithful performance of his duty, under such rules and regulations as may be adopted by the board: and it shall be lawful for the trustees to obtain a judgement for the amount thereof, or for any special delinquency incurred by said treasurer, on motion in any court of record in this Commonwealth, against the said treasurer and his securities, his or their executors or administrators, upon giving ten days' previous notice of such motion.

4. The Legislature reserves the right to modify or repeal this charter. 5. This act shall be in force from the passage thereof.

There will be a meeting of the Trustees above named, at the Banking house of Burke & Herbert on Saturday afternoon, the 1st proximo, at 3 o'clock, by request of the lady managers.

"SOCIETY."—The Washington Chronicle of this morning says:—"The marriage of Reverdy Johnson Daininger, of Alexandria, Va., and Miss Eliza Nicholson, of this city, was celebrated yesterday afternoon at 2 o'clock at "Dundington," the residence of the bride's mother, on Capitol Hill. Rev. Father Boyle officiated, and the pair, after a short reception, took the train North for a bridal tour. The Star of yesterday afternoon says:—"Mrs. Judge Wylie had quite a bevy of fair young girls, who, in the hey-day of youth and happiness, lent an additional attraction to herself and surroundings. Miss Dunn, Miss Davis, and the two others, whose names are not remembered, are all young ladies of beauty and vivacity. Mrs. Wylie has a grace and charm of her own, quite winning. In the dining-room there was a refreshment table filled with substantial and delicacies. The toilettes of the ladies were in exquisite taste."

Mrs. Bryan, with her sister, Miss Page, received as usual. These ladies are so noted for their refinement and elegance that it seems superfluous to make any complimentary remarks. Every Tuesday tribute and homage are paid to their many charms. The fine picture gallery is always open, and the guests wander at will to admire and enjoy the many treasures. Highland Place, the name now given to Mrs. Gray's elegant home, was originally built by her great uncle, then passed into the hands of her uncle, for some years ago and another owner. Mrs. Bryan is the third generation into whose possession it has descended. To her family it is a hereditary spot. Mr. Bryan is at present in Chicago. "Mrs. Lathrop was assisted by her husband and several young ladies, Miss Cornelia Aldis and Miss Beckwith being of the number. This reception was very large, and each guest expressed gratification at the kindly and courtly courtesy extended."

RIVER NEWS.—The Potomac now is as completely blockaded as it has been at any previous time this winter, a solid and unbroken sheet of ice covering it from the falls above Georgetown to Quantico, so thick and strong that men with kegs of lager beer upon their shoulders walked on it this morning from this city to Opusum Hall, on the opposite side of the river. The Washington Star of yesterday evening says "the cold weather last night added greatly to the ice blockade in our harbor. In addition to the six feet of drift ice which floated down from the upper Potomac and lodged against the long bridge, and which becomes more compact each cold night, we had ice formed last night thick enough to bear the crew of the steamer E. C. Knight, who walked this morning from where she is aground on the flats, surrounded by ice, to Georgetown." The four tug boats that left here on Tuesday last with six coasters, succeeded in reaching Quantico in safety with their tow, arriving there about ten o'clock that night, without the occurrence of a more serious accident than the breaking of the tiller of the Potomac. The vessels attempted to sail from that point, but soon made signals of distress, and had to be towed back there. The ice is so thick that the tugs bare, as yet, made no effort to return to this city.

WILLIAM JACKSON.—To-morrow will be the day fixed by the Circuit Court of Alexandria, before which he was tried, for the hanging of William Jackson. As heretofore stated a writ of error and supersedeas was granted by the Court of Appeals of Virginia, and the case was argued before that Court on the 17th of this month, but as yet it is rendered no decision. The case will be rendered its decision to-day, and will inform the Sheriff by proper process, the execution will be stayed under the writ of supersedeas, which is still in force, and if the Court should refuse his application for a new trial, some other day will be fixed for the execution of the sentence of the law. If the writ should be granted the case will go over to the Spring term of the Circuit Court.

SCHOOL OFFICE HOURS.—We are requested to say that permits for entering public schools will be granted, hereafter, under a recent order of the School Board, on Saturday mornings only. The clerk will be in attendance, at the new office in the market building, every Saturday, from 7 to 10 a. m., and will transact all business there. The Superintendent, also, will be found there up to 9 a. m., and no further business will be transacted at his former office, 177 Prince street, except in cases of emergency. The entrance to the new office is on Cameron street, just above the new Masonic Hall, the door of the room being the first from the head of the stair, on the left.

DEATH OF AN ALEXANDRIAN.—A telegram received here this morning announced the death of Mr. W. A. Lewis in Lynchburg, last night. The deceased was formerly of this city, was the son of Daniel W. Lewis, esq., formerly Superintendent of the Alexandria Water Works, and was Foreman of the Tennessee Railroad Company at Lynchburg. His remains will reach this city this evening and be buried with Masonic honors at half past two o'clock to-morrow afternoon, from the residence of his father-in-law, Mr. S. W. Markell, opposite the Gazette office.

SMALLPOX.—One new case of smallpox and one death from that disease, in the alley opening upon Prince street, between Water and Union, were reported this morning. Both the cases were children of a colored woman named Nancy Washington, who, when the wagon containing the dead one was on its way to the graveyard this morning, clung to the tailboard until the driver stopped, and then jumped into the vehicle and lay down beside the coffin and was carried to the place of interment. Two cases were sent to the hospital to-day, making the number now there five.

FUEL FOR THE POOR.—The appropriations made by the City Council for the purchase of fuel for the poor have been exhausted, and unless the charitably disposed come to the relief of the indigent, much suffering will result to that class of the community. The article in Tuesday's Gazette headed "The Cruel Snow" induced three lady readers to send the Mayor contributions of the respective amounts of \$1, \$6 and \$10, which, together with all that may hereafter be sent, will be acknowledged and devoted to the purchase of fuel for the most deserving cases.

THE LADY OF THE LAKE.—Owing to the continued cold weather and the frozen condition of the river, the owners of the Lady of the Lake have determined that for the present it will be unwise to attempt to run that steamer, and they have accordingly sent her to Baltimore and placed her in the yard for a thorough overhauling. This will occupy about one month, and at the end of that period she will resume her regular trips on the line between this city, Washington and Norfolk.

RESIGNED.—Mr. W. W. Adam, jr., has resigned his position as depot agent at Strasburg and returned to this city. The appointment of a successor has been conferred upon Mr. C. M. Borum. It is one of the most important posts on the line, being the terminus of the B. & O. branch, and the agency of both this and the O. A. & M. road devolves on one man.

THE WEATHER.—At half past six o'clock this morning the thermometer in this city stood at one degree below zero, three degrees lower than it had been at the same hour at any previous time this winter. It is said by those who pay special attention to such matters that this is the coldest winter since that of 1858.

THE MAILS.—The evening northern mail now closes at 5:15 instead of 5:30 as formerly. On and after February 1st the postoffices at Accotink, Neabsco, Ocoquan and Dumfries will be supplied with a daily mail except on Sundays, the mails closing at 6:30 a. m.

NOTICE.—The members of Alexandria Washington Lodge, No. 22, A. F. & A. M., will meet at Andrew Jackson Lodge room to-morrow afternoon, at 2 o'clock, for the purpose of attending the funeral of our deceased brother, W. A. Lewis, late member of Marshall Lodge, of Lynchburg. By order of the W. M., JAS. S. DOUTLAS, Secretary.

NOTICE.—The members of Andrew Jackson Lodge, No. 120, A. F. & A. M., are hereby requested to meet at their Lodge room, to-morrow, January 31st, at 2 p. m., for the purpose of cooperating with Alexandria Washington Lodge, No. 22, in burying our deceased brother, W. A. Lewis, late member of Marshall Lodge, Lynchburg, Va. By order of the W. M., WM. M. BRADON, Sec'y.

TELEGRAPH NEWS.

(SPECIAL DISPATCHES TO THE GAZETTE.)

CONGRESS.

WASHINGTON, January 30, 1873. SENATE.

The consideration of several private land claims occupied the first half hour of the Senate. The bill for erecting a court-house and prison at Yeddo, Japan, was passed. The Senate then took up bills on the calendar, several of which were passed.

HOUSE OF REPRESENTATIVES.

In the House of Representatives a bill for paying all old wounded soldiers in the South all pensions and arrearages, was taken up, and Gen. Benj. F. Butler supported it with much vigor, delivering an animated speech, a large number of members of the House leaving their seats and gathering round him. He read his order at New Orleans disarming the citizens, but allowing the soldiers of Jackson, in 1814, to retain their arms, and he was willing to stand by that record now. He thought that as the war was over now these old men should receive the pensions which the necessities of war demanded should be kept from them. They had been wrong but they had shed their blood for the flag and had earned the right to be wrong. [Applause.] He would vote to provide, if provision shall be needed, for the old age of Jefferson Davis, because his blood had flowed beneath the flag at Buena Vista. He would blot out the New Orleans of 1863 and see only the New Orleans of 1814. The debate was continued by Mr. Farnsworth and others.

The Backward Movement.

WASHINGTON, Jan. 30.—I am informed by one of the parties, that a number of Alexandrians and others, among them Alexander Hunter, David Turner, Collector of the Port, M. D. Ball, David A. and Frederick R. Windsor, and Geo. C. Wedderburn and others, paid a visit to Governor Cooke and Vice-President Shepherd yesterday, with a view to an interchange of views respecting the subject of the extension of the District of Columbia over the county and city of Alexandria. It is stated that the visit was not designed as a movement in favor of retrocession, but merely as an informal call for purposes of inquiry. It is understood that both Gov. Cooke and Mr. Shepherd expressed themselves favorable to the project, and that Mr. Shepherd said that in case the retrocession was brought about one fifth of all the appropriations made by Congress to the District would be spent in Alexandria.

Chesapeake and Ohio Railroad.—Completion of the Great Work.—Through from the James to the Ohio. STAUNTON, Jan. 30.—The connecting rail was laid, and the last spike driven, on the track of the Chesapeake and Ohio Railroad yesterday, at one o'clock, thus completing the road from the James to the Ohio rivers. The train from Richmond, with an excursion party on board, went through yesterday to Huntington on the Ohio, where a celebration will take place in honor of the completion of the great work.

The Weather.

BALTIMORE, Jan. 30.—The thermometer here early this morning marked four degrees below zero, and at Frederick, Md., 19 degrees below. PHILADELPHIA, Jan. 30.—At Easton this morning the thermometer was 22 degrees below zero; at South Bethlehem, 26° below; at Allentown, 22° below; at Mauch Chunk, 34° below. The oldest inhabitants say it is the coldest weather experienced for thirty years. At the offices of the Western Union Telegraph at 8 o'clock this morning the thermometer stood as follows: New York, 2° below zero; Hudson, N. Y., 2° below; Albany, N. Y., 16° below; New Haven, Conn., 3° below; Buffalo, 3° above; Chicago, 11° above; Washington, 2° above; Stroudsburg, Pa., 32° below; Elizabeth, N. J., 18° below; Brooklyn, N. Y., zero; Staten Island, zero.

Sir Bartle Frere and the Slave Trade.

LONDON, Jan. 30.—Sir Bartle Frere visited the Sultan of Zanzibar on the 16th inst., accompanied by a member of American officers and also several officers of the British fleet. They met with a grand reception. Sir Bartle delivered the British letter. The British flag flew from the Corvettes Daphne and Briton are there. Three slave boats with fifty slaves were captured last week by the Glasgow's boats. Sir Bartle Frere goes to the coast on the 24th and will go some distance into the interior.

Trouble Anticipated.

CINCINNATI, Jan. 30.—Serious trouble is anticipated at Lexington, Ky., to-day at the municipal election. It is said the negroes will not be allowed to vote unless they have previously paid their taxes, and that nearly all the colored voters have tendered their taxes to the collector who refused to receive them. A company of the 16th United States infantry was sent there yesterday from Frankfort for the purpose of keeping the peace. General Murray, Marshal of the State, is expected to arrive there to-day with a number of deputies.

The Union Pacific Railroad.

NEW YORK, Jan. 30.—Edward Simmonds, of this city, states that when Superintendent of the rolling stock of the Union Pacific Railroad here, from 1865 to 1871, second hand locomotives were sold to the company by P. G. Butler, of Boston, as first class engines, the company paying \$16,000 or \$17,000 a piece for them, notwithstanding his report that the engines were dear at \$5,000 and besides unfit for any decent road. Other second hand stock was also purchased in the same way.

Wrecks Raised.

NEW YORK, Jan. 30.—A Charleston dispatch states that the following wrecks have been raised or removed during the past year from that harbor and contiguous rivers: The iron clad Palmetto State, Charleston, Chicago; the blockade runners Beatrice, Florida, and the steamers Coffee, Randolph and a torpedo boat; also the iron clad Weehawken and nearly all of the Patapsco. Only two vessels remain, the Keokuk and Housatonic.

No Apprehension.

NEW YORK, Jan. 30.—The failure of the Pacific Mail Steamship Company here to receive the news of the arrival of the Alaska, at Yokohama, is not regarded by the officials as any indication of disaster to the steamship, as there are various reasons why the company would not yet be advised about her movements.

Rate of Discount.

LONDON, Jan. 30.—11 a. m.—The bank of England rate of discount has been reduced 1/2 and is now 3 1/2 per cent. LONDON, Jan. 30.—2 p. m.—The rate for

money at the Stock Exchange on Government securities is higher than the Bank of England rate by 1 per cent.

Railroad Matters.

SAN FRANCISCO, Jan. 30.—Much interest is excited here by the report that the Central Pacific railroad company has sold back the California Northern Pacific railroad to the original owners and that they are negotiating with Thomas A. Scott.

Tannery Burned.

CINCINNATI, Jan. 30.—The steam tannery of Martin, Evans & Co., at Lancaster, Ohio, was burned yesterday. Loss \$41,000; no insurance.

The following are the lowest temperatures reported from other stations this morning: New London, Conn., 14° below zero; Quebec, Can., 12°; Burlington, O., 10°; Portland, Me., 9°; Montreal, Can., 8°; Rochester, N. LOCAL BREVITIES.

The reflection of the light from the fire in Murder Bay, in Washington, last night, was seen distinctly in this city. The tug boat Mary Lewis has been hauled up on the "ways" at the lower ship yard for repairs. Triplett's barbershop caught fire yesterday from burning newspapers that had been used to thaw the frozen water in the lead pipes. A resident of the Pohick neighborhood took an old time "bull's eye" silver watch into a jeweler's store on Royal street, yesterday, and wanted to know if it could not be made smaller. The supply of oysters, in the shell, at the dock, still "holds out," and they can be bought at prices ranging from 75 cents to \$1.25 per bushel, according to quality.

The sale of the furniture at the residence of the late Mrs. D. F. Hoce, on Cameron street, to-day, was numerously attended, and the articles disposed of brought good prices. Messrs. Jamieson & Collins will make the castings, and the shops of the O. A. & M. R. the other work for Capt. Eli Janney's newly invented car coupling. Mr. Joe White has engaged Winter's Fifth Regiment Band, of Baltimore, for the Relief Hook and Ladder Company on the 22d of February.

Joseph Simms, the released Ku-Klux, continues to improve in health, and owing to the proper attention he is receiving, will, it is thought, soon be able to proceed on his way home. Dr. R. H. Stabler had his eye lashes and brows burnt off, and his whiskers singed, yesterday, during his lecture to the chemical class of the Belle Haven Institute, by an accidental explosion of hydrogen gas.

A young colored boy who was sent to the lodge of the Knights of Pythias, yesterday, for something that had been left there, was much alarmed by the noise made by the carpenters at work in another part of the building, but which he mistook for supernatural manifestations, that he nearly lost his senses. The Bureau of Education has been informed, in response to an inquiry, that the Medical Association of Alexandria has been in existence for thirteen years, is in a flourishing condition, has an aggregated library of about three thousand volumes, and has Dr. Lewis for its President and Dr. Powell for its Secretary.

A city joker, in passing through the market, this morning, stopped at a counterpane bench and informed him that a man named Mike Loup, who was making a purchase at the counterpane, and had put the articles in his basket, had refused to take Mike's money or allow him to return the things he had bought.

SPECIAL NOTICES.

Dr. Tutts Celebrated Expecto-rant—How it Acts.

First, it detaches from the bronchial or wind tubes the mucus or matter which sometimes adheres to them with the tenacity of glue. Secondly, it mitigates the pain and removes the constriction of the bronchial tubes and muscles of the chest. Thirdly, it resists the progress of inflammation and assists the lungs to throw off the irritating matter which accumulates.

I attribute the recovery of my child from a violent attack of Croup entirely to the use of Dr. Tutts Expecto-rant. JANE DEVON, DeKalb county, Georgia.
