FIRE DEPARTMENT.—An adjourned meeting of the Alexandria Fire Department was held last night in the hall of the Columbia Engine Company.

After the adoption without debate of the recommendations of the Firemen's Convention down to section 6th, a motion was made to adopt that which would repeal the 14th section, page 10, of the by-laws adopted July 7, 1859.

J. B. Johnson said the section was not in force and had not been for some time, and it was a matter to be well considered, for it might be that there may be a change in Council and that there might be persons elected to fill the positions of Fire Wardens.

A vote being taken the section was repealed. Chief Engineer Leadbeater said as the Fire Department was organized he felt it his duty to offer the following resolution:

Whereas the Fire Department and Sun Fire Companies of this city have failed for several months past to have in good and serviceable condition, engines, hose and other proper implements, and

Whereas, we consider it impracticable to expend the amount that would be necessary to make them efficient, therefore it becomes our duty to declare such failure, and the Fire Department and Sun Fire Companies are hereby dissolved.

He also read letters from many of the small and large cities, written by the Chief Engineers of the Fire Departments thereof, stating that the hand engine system had been abolished entirely.

Capt. Stewart asked a second reading of the resolution. Dr. Johnson, President of the Firemen's Convention, said he was not ready for the question.

During the meeting a conversation was held between Mr. D. A. Windsor and Dr. J. B. Johnson during which the latter accused Mr. Windsor of being prejudiced.

Mr. Windsor rose from his seat and addressing the chair said, Mr. President, I am accused of having a prejudiced feeling in this matter by a remark.

Dr. Johnson—Mr. Windsor that was all in private conversation, sir, not public. At this point a motion to adjourn was made and carried.

THE INFIRMARY.—The 2nd monthly meeting of the Board of the Alexandria Infirmary was held at that Institution, corner of Duke and Fairfax streets, on Monday afternoon.

Managers representing seven different churches of the city were present. The Infirmary has been for the past month in successful operation.

The household consisting of the matron, nurse, cook, and from 2 to 5—the present number of patients. Dr. Powell, the resident physician, has the office formerly occupied by Dr. Murphy on the first floor of the Infirmary.

The ladies of the Board desire gratefully to acknowledge donations from friends of the Institution of various household articles, and articles of food, such as bread, meat, milk and numerous tempting little delicacies, for the sick.

They beg to remind our citizens that success in this work and labor of love for the poor and suffering of our town, depends entirely on the generosity of those citizens to whom God has given the comforts of home and friends.

Let all these in moderate circumstances as well as the wealthy, aid us, remembering that even the cup of cold water in the name of Christ shall receive a reward from Him who has said it.

THE LAST OF THE BLUES.—The death of the late Jacob Douglas, mentioned in yesterday's Gazette, leaves Mr. William Gregory, of this city, the last and only survivor of the Alexandria Blues who left here to take part in the battle of the White House, in 1814.

At the commencement of the late war there were three survivors, William Gregory, Hilary Langley and Jacob Douglas. Mr. Langley, who was Orderly Sergeant of the company, died in Ireland a few years ago.

Mr. Douglas was Sergeant Major of the regiment, which was commanded by Col. Dainfield. Two other Alexandria men, now living, George Davis and Joseph McLean, were also in that battle, but they did not belong to the "Blues."

POLICE HEADQUARTERS.—The following cases have been disposed of by the Mayor at police headquarters since yesterday's report: Thomas Washington, for striking a colored woman; Charles Richards, for disorderly conduct; and Martha Butler, for the same offense.

Mr. Douglas was Sergeant Major of the regiment, which was commanded by Col. Dainfield. Two other Alexandria men, now living, George Davis and Joseph McLean, were also in that battle, but they did not belong to the "Blues."

THE McVEIGH-UNDERWOOD CASE.—Proceedings in the McVeigh-Underwood case, as stated in yesterday's Gazette, are for the present stayed, by reason of the supersedeas shown to the City Sergeant when he was in the act of putting Mr. McVeigh in possession of his house.

Mr. McVeigh's counsel in Richmond advised that the Sergeant disregard the supersedeas and eject the tenant, but the Sergeant's counsel advised otherwise, and so matters will have to stand until the next meeting of the Supreme Court of the U. S. which will not be till next October.

THE FISHERY.—Owing to the ebb tide and prevailing calms but few fish have arrived at Fichtelton today, the receipts since yesterday's report being 150,000 herrings, which sold at from \$4 to \$4.25 per thousand, and 3,000 shad, which were disposed of at from \$10 to \$11 per hundred. But few rock and perch have arrived, and they sell at high figures.

A school of large rock, or herring rollers, a mile long and half a mile wide, are reported as playing about Waile's bay. The fishing shore of Cogswill & Travers, at Deep Hole, has "cut out."

TRAVELERS.—Captain Webster, Chief of Police of this city, received a telegram from Harrisonburg this morning, telling him to look out on the train for a man named William Donivan, who had run off from there last night with another man's wife and a horse belonging to Staples & Wilson, of that town.

Several policemen were at the Union street depot when the Manassas train arrived, but as no description of the runaway was given they were, if on the train, not recognized.
