Cheap Transportation Convention.

RICHMOND, Va., Dec. 3.—In the Cheap Transportation Convention to-day, a bill prepared by General Duff Green, of Georgia, providing for the inauguration of a scheme of internal improvements, to be sustained by a system of banking connected therewith, was presented and referred.

General Probst, of Georgia, presented a resolution looking to the establishment and maintenance of commercial intercourse between the States of the Union, and to revive the commerce of the nation.

The Committee on Resolutions presented a report upon a resolution asking Government aid in the construction of the Southern Pacific Railroad and the great water lines, such aid to carry the right of the Government to control rates of transportation over such lines, and provided that the Government guarantee asked shall be so guaranteed as to protect the national treasury from loss.

Four members of the committee presented a protest against the adoption of the report, and a protest asking Government aid in the construction of the railroad.

Pending a motion to substitute the minority report for that of the majority, the question of Government subsidies was discussed at length, and on a call of States, the vote seeming to be largely in favor of the motion.

Colonel Johnson, by permission of the Convention, withdrew his resolution.

Mr. Potter, of Iowa, offered as a substitute for the resolution of the committee in favor of the four great water routes a proposition recommending the immediate construction by Congress of the Rock Island and Hennepin Canal. The substitute was debated during the whole of the afternoon and night sessions.

Chicago was unanimously selected as the place of the next annual meeting of the Convention.

LOUDOUN COUNTY ITEMS.—[From the Loudoun Mirror.]—Little more than one week ago Mr. James M. Steer, a well-known citizen of Waterford, in this county, was summoned to Back Creek, in Frederick county, to attend the funeral of his sister, Mrs. Lydia Ann Robinson. While there Mr. Steer was seized with pneumonia, and after a severe illness of a few days, he also, followed his sister through the dark valley of death. His remains were brought to his home and interred in the Friends' burying ground, at Waterford, on Tuesday.

Rev. Mr. Diwiddie, of Alexandria, preached a series of interesting sermons in the Presbyterian Church of Leesburg on Friday night, Saturday and Sunday last. The Episcopal pulpit was occupied Sunday morning by Rev. Mr. Hubbard, and at night and on Monday morning by Rev. Dr. Packard. The Quarterly Meeting of the M. E. Church, South, commenced on Friday night, has been continued each night since, Rev. Dr. Head, P. E., officiating.

There will be a trotting match on the "Greenup" course, about five miles south of Leesburg, on Saturday, the 19th of December, for \$100 wares, between the "sorrel" and the "dun," two males that have heretofore tried their speed over the same track. The marriage licenses issued from the clerk's office of Loudoun county from the first day of January to the first day of December, eleven months, numbered 79 whites and 16 colored—total, 95.

The "Home farm" of 220 acres, near Mt. Gilard, belonging to the estate of the late French Simpson, was sold on Saturday last for \$23.45 per acre—Stephen P. Smith, purchaser.

Sam Jackson, a penitentiary convict from Loudoun, whose escape we noticed last week, was captured on Saturday near Luray, in Page county, and carried back to prison.

The taxes of Loudoun, State and county levy, fall a little short of \$100,000, less than one half of which has so far been paid.

The Loudoun Enterprise has the following: Mr. W. J. Working, of Hamilton, has effected a sale of his town property, consisting of a dwelling house, carriage factory, livery stable and a part of his stock, to Mr. G. F. Everhart, for \$3,500. Mr. W. has purchased a small farm of 65 acres near the Pot House, in this county, of Andrew Taylor, upon which he proposes to move and open a wheelwrighting establishment. The price paid for the property was \$3,150.

The members of Hamilton Lodge, No. 37, A. F. & A. M., are celebrating the anniversary of the dedication of their hall on the evening of the 17th instant at their lodge room in Hamilton.

A meeting of the citizens of Hamilton will be held in the hall above Professor Luckett's school room to-night for the purpose of incorporating the town.

The growing crop of wheat in Loudoun is looking well.

LOCAL NEWS.

UNMANNED DOG.—A colored man named Wm. Williams went out of the dry goods store of Mr. R. L. Wood, this morning, leaving his dog behind him. The dog was not a mid-way animal, and after looking around a moment or two for a mode of egress, which he darted for the show-window, through which he panned a hole, not large enough, however, for his exit. The result of the dog's dash of the broken glass and the savage cry of pain uttered by the now blind and almost frantic animal, produced the liveliest commotion among the persons in the store, across whose imaginations instantly flashed thoughts of hydrophobia, and there was a general mounting upon stools and counters, but the dog leaving the window, made a spring at one of the large panes of glass in the door, through which he went with a bound, the sounds of the falling glass, mingling with the yells of the departing dog, Williams being made aware of the damage his pet had occasioned, agreed to pay for the necessary repairs.

IMPUDENT BEGGAR.—While Mr. Richard Rudd, who has lately been hurt and is confined to his house, was sitting in the back room of his residence in the Fourth Ward, yesterday afternoon, he heard some one enter the parlor, and opening the door between the two rooms, saw a strange man, who demanded something to eat. Mr. Rudd told him it was the custom in this city for strangers to pull the door bells, or knock before they entered houses, and that as he had not followed that custom, he could get nothing to eat there. Upon this, the able-bodied beggar flew into a passion, and cursed and abused Mr. Rudd in the most violent manner, and went off slaming the doors after him. Mr. Rudd sent for a policeman as soon as he could get a messenger, and the beggar has since been taught better manners at the Work House.

DIVORCED.—Mary Frances Keyes was married in October, 1854, to Albert H. Keyes, in Prince William county, Va., and has had seven children, four of whom are living. For the past seven years he has been addicted to drunkenness and neglected her and her children, and for the past three years he has hardly drawn a sober breath. He brought his cousin, Virginia Keyes, to their house, in Washington, on the pretense of having a home for her until she could find employment, but really for adulterous purposes, which having been satisfactorily proven, Judge Wythe, of Washington, yesterday granted the plaintiff an absolute divorce, custody of her children, and an order restraining him from further interference with her, her family or household effects.

ARREST OF A CATTLE THIEF.—For some time past cattle thieving has been carried on to a considerable extent near Leesburg. During the last three or four days this traffic has become so frequent that an organized effort was made to detect the thief, and some of the stolen cattle belonging to Mr. Thomas Barlow were tracked to Georgetown, where it was ascertained they had been brought and sold by a man named Green, who for some months past has been working on farms near Leesburg. This information being taken back to Leesburg, a party of five men, went last night to the farm upon which the thief was working and arrested him, and he is now safely lodged in the Leesburg jail.

COUNTY ITEMS.—Mrs. Roach, the good lady of Sheriff Roach, who was thrown from her carriage sometime since, is recovering from the injuries then received.

Excelsior Lodge, I. O. G. T., had a lively meeting on Wednesday evening, and among its pleasant features was a debate, participated in by Brothers C. F. Corbett, W. C. Whitford and others.

A gentleman living near the Chain Bridge was treated by his friends with a tin snodwig Wednesday night, and an agreeable affair it was.

Fossoms are numerous in the county. The Messrs. Wrenns have captured over a dozen the past week.

POLICE REPORT.—The following cases have been reported at police headquarters since yesterday afternoon.

John Carroll for entering the house of Mr. Richard Rudd, and for disorderly conduct therein, was sent to the work house for twenty days.

David Lomax, colored, for disorderly conduct was sent to the work house for twenty days.

W. C. Thornton and Bill Bell, colored boys, for fighting, were fined and discharged.

Oscar Turner, colored, was released from the chain gang, as his term of service had expired.

The above cases were before the Mayor. Fifteen lodgers were accommodated at the station house last night.

ACTIVE OLD AGE.—Among those in attendance upon the late meeting of the stockholders of the W. C. V. M. & G. S. R. R. Co., held here last Monday, was Captain John Griffin, of Culpeper county, who never took a dose of medicine or wore spectacles in his life, and who, though now eighty-two years of age, can jump up and crack his heels twice before reaching the ground, and really did accomplish that feat while here. He was a soldier of the war of 1812, and while here drew his pay for services then performed. He belongs to a long-lived family, and was seventy-nine years of age when his mother died.

ATTEMPTED HIGHWAY ROBBERY.—Early on Tuesday morning last, as Mr. Payne, milkman, was on his way from Alexandria county to Washington, his wagon was stopped on the road by two men, who asked if he could take them in. He replied, "Yes, he could take in a dozen like them," but drove on, when one of them seized hold of the horse's head, and told Mr. Payne to stop. Mr. Payne, being anxious to get his customers supplied with milk in time for breakfast, did not like the idea of being stopped in that way, so he drew his revolver and fired at the men, who, as soon as they smelt powder, ran into the woods.

ADVERTISE FOR THE HOLIDAYS.—Many people from the interior come to the city at an early day to make their bargains for the holidays, and hence those tradesmen who are now waiting know their facilities for supplying the wants of the people are acting with sagacity and forecast. On the principle that the early birds catch the worm, those tradesmen who are in the advance in the announcement in the Gazette of what they have to offer for the celebration of the Christmas festival will be likely to reap the largest share of the Christmas trade harvest for themselves.

A HEBREW ANNIVERSARY.—The Hebrew Feast of Lights, commemorative of the heroic deeds of Judas Maccabees, under whose leadership a small army of Israelites routed the hosts of Antiochus Epiphanes, the Syrian King who invaded Judea, began to be celebrated in the families of Israelites, as well as in the synagogue, last evening.

FIRE ALARMS.—There were two false alarms of fire yesterday evening—one about dusk and the other between nine and ten o'clock. There were rumors that the cause of one of the alarms was an incendiary attempt to burn either the building opposite Hill's Crocker factory or the Pioneer Mills, but they were incorrect.

All good goods thoroughly spoiled, at DEALHAM'S.

LONG BRIDGE.—The Washington Chronicle says this bridge, which is the only free bridge now open to the public crossing the Potomac river, has been kept in excellent condition since it passed into the hands of the Baltimore and Potomac Railroad Company, for they seem to try to carry out the requirements of their charter, and keep it in good condition for travel—the causeway between the two draws is in need of a little widening, and a few loads of gravel were put in the various holes, and the road rounded in the center, it would be in good condition for the winter.

BLOOD OR MONEY.—Many are the devices now resorted to in order to collect debts, but among them all none is supposed to be more effective than an ancient one revived yesterday by a drover, who, having been trading here for years past, had of course some long standing, unsettled accounts upon his books, and having dunned his debtors until he was tired, he came yesterday armed with a double-barreled shot gun, threatening to have either money or blood. He didn't find any of those he was looking for.

DEATH OF CLIFFTON HELLEN.—Mr. F. Clifton Hellen, son of the late B. Johnson Hellen, died yesterday morning of typhoid fever, at his mother's residence, in Washington, and was buried to-morrow afternoon at 1 o'clock. "Cliff," as he was called, was 39 years of age, and was well known in this city. He studied law with Mr. J. M. Carlisle, but served during the war as a paymaster in the navy. He leaves a widow (daughter of the late Dr. G. M. Dove) and one child.

UNSUCCESSFUL SEARCH.—Mr. Jos. Channey, whose little son and nephew ran away last week, as heretofore noticed in the Gazette, has returned from a long, but unsuccessful search, after the runaway. From remarkable search, as the heretofore. From remarkable search, as the heretofore. From remarkable search, as the heretofore.

SERIOUS ACCIDENT.—John Wenzell, a fireman upon the yard engine, at the Henry-street depot, slipped from the running board, while going out to m on the cylinders, about three o'clock this a. m. as the train was running to the wharf, and had both of his legs broken, and, was otherwise injured by the machinery. When rescued he lay lying across the main road with one leg on the other side. Dr. L. W. was sent for and took charge of the unfortunate man.

NEW YORK, Dec. 4.—The long impending strike to the potteries of Trenton, N. J., began yesterday. The establishments of Cotes, Bennett and Allen and J. The movement of the employers seems only individual, and not part of a concerted action.

Durell and his Successor. NEW YORK, Dec. 4.—Judge Durell, who is now in this city, was interviewed by a Tribune reporter, by whom he is represented as saying he was a victim of party exigency; that the head and front of his offending is the liberal construction of the Enforcement act, a bad law known to him as such passed by a Republican Congress seeking to perpetuate the statute book, but which he found on the Republican party, and executed impartially. He gave in detail his objections to the law as strong as its worst enemy could desire, and said when its unpopularity and inexpediency had been exposed by them as asserted by those who passed it, and by them accused of having overstepped its authority.

A dispatch to the Herald says Walker Fearn, who has been appointed Durell's successor, is a relative by marriage of the President.
