LOCAL NEWS.

CONFEDERATE GRAVES.—The Board of Managers of the Southern Memorial Association met in Washington yesterday evening. The President presented a letter from J. Randolph Tucker, esq., of Lexington, Va., declining the honor of delivering the oration on the occasion.
Mr. Wm. Harmon, from the Committee on Transportation, reported that he had secured ample conveyances from Allison Naylor, jr., both for passengers and flowers. The committee suggested that a portion of the omnibuses leave the corner of Ninth street and Pennsylvania avenue at 10 o'clock on Tuesday morning, June 1, and the remainder at 11 o'clock. The fare from Washington to Arlington and return was fixed at 50 cents, while those coming from Alexandria, and taking vehicles at Jackson City, at the Virginia end of the Long Bridge, will be charged 25 cents.
The following is the program for the day: Assembly at the stand at Arlington at 1 o'clock. P. m. on Tuesday, June 1st; prayer by Rev. Dr. Elliott; vocal music; decoration of the graves. It was decided that the oration and the instrumental music be dispensed with.
Mr. Charles Harmon stated that he had invited associations from Baltimore, Md., and Fairfax C. H., Manassas, Staunton, Harrisonburg, Winchester, and Richmond, Va., to participate in the exercises.
He also moved that the reverend clergy of Washington, Georgetown and Alexandria, and the President of the United States and his Cabinet, be invited to attend.
Dr. Garnett thought that no distinction should be made. Everybody was already invited, and he moved to lay the motion upon the table, and his motion was carried.

ARREST OF A SUPPOSED MURDERER.—A few days ago the police of Washington received information that a colored man named Henry Washington, had been indicted for the murder of a colored man, named Charles Green, by the grand jury of Charles county, Md., and was supposed to be in that city. The deceased had been a hand employed on the boat Emma Boyce, of which Washington was owner and master, and a few days since, as already stated, the body was found on the shore of one of the creeks pierced with bushes. Suspicion immediately pointed to the accused as the guilty party. Last night Washington, who had heard the police were looking for him, accompanied by his brother, came to police headquarters in Washington, and was immediately taken into custody. He inquired if there was any warrant for him, or if he was wanted for anything. The officer replied that he was wanted in Charles county to answer the charge of murder. This information startled him considerably, and was not received very acceptably. In response to questioning, he admitted that there had been such a man as Green employed on his boat, but said that he left in one of the creeks, near Fort Tobacco, since which time he had not seen or known anything about him. He was placed in confinement, and held to await a requisition from the authorities of Charles county. The murdered man lived in this city.

MOUNT VERNON ASSOCIATION.—The annual meeting of the Regents (consisting of one lady from each State in the Union) will meet in council at Mount Vernon on Wednesday, 24 of June.
At the same time the Board of Visitors appointed by the Governor will convene.
It is understood that His Excellency, Gov. Kemper, will grace the occasion by a visit to the consecrated spot.
This is the occasion of a large attendance at Mount Vernon, and we doubt not the crowd will be as large as heretofore. The steamer Arrow will pass here at half-past 10 a. m.

TAN BARK.—The trade in tan bark here is, in the language of Capt. G. B. Samuels, terrific now. He makes an average daily shipment from this depot of seven cars containing seventy tons, for which the parties bringing it in, receive \$400, and the W. C. V. M. & G. S. R. Company \$140 per day or \$840 per week for freight. Col. I. N. King purchased and shipped to Alexandria between the 17th and 27th inst., 168 tons, and other parties are buying largely. There is no doubt but that a very large amount of money will be put in circulation in Warren from the sale of tan bark.—Warren Sentinel.

DELICIOUS AND REFRESHING.—Messrs. Warfield & Hall, at the corner of Prince and Fairfax streets, have put in operation for the season, their splendid fountain, from which flows the most deliciously flavored soda water, and health giving Vichy, cold as ice can make them. The syrups are made by the firm of pure extracts, fresh and strong, and to the thirsty wherever can a more refreshing and pleasant beverage be obtained. We advise all to call in at Messrs. W. & H.'s and try their soda and Vichy.

H., has accepted the invitation of the Loudoun Lodges to participate in the grand Temperance picnic at Hamilton on the 9th of June, and will attend in a body. Arrangements have been made with President McKenzie, of the W. & O. R. R., to run a special train from Alexandria and bring them in the morning and return at night, for the accommodation of the members of the Order and their friends along the line.

THE EXCURSION OF THE ST. JOHN'S CADETS. On Monday morning next, Company A., of the cadets from St. John's Academy, will start on their trip to Shepherdstown, via the Alexandria and Chesapeake and Ohio Canals. As a large number of the students will not participate in the excursion this year, one of the teachers will remain at home and school exercises will be continued during the absence of the principal.

FATAL LEAP.—Persons standing on the wharves near Prince street dock, about seven o'clock this morning, looking at the steamer Jane Moseley, which, having backed up her speed, was coming into her landing, at Reed's wharf, were surprised and shocked at the sight of a man springing over the port quarter guard of that steamer and drowning before their eyes. Life-preservers were thrown over to him from the steamer, but he made no effort to possess himself of one of them, and, indeed, was never seen after he plunged into the water. His name was William Welsh, a sailor from the crew of the U. S. steamer Colorado, who, having lost his mind, was on his way from the naval hospital at Gosport to the insane asylum near Washington, and was under the charge of Mate McManus and Richard Abel, a nurse. The captain of the steamer had offered the guards of the deceased a state room in which to confine him, but as he seemed quiet and well disposed he was allowed the liberty of the boat, and no one was by him when he took the fatal spring. Efforts to recover his body, by dragging for it, were commenced soon after the occurrence, and about half-past two o'clock this evening it was recovered by a colored man, named Bill Warner, some distance below the place where the unfortunate man leaped overboard. At inquest held upon the body at four o'clock this afternoon by Coroner Powell, and a verdict rendered in accordance with the above-stated facts.

CITY CANVASSERS.—Messrs. J. H. Burroughs, L. McK. Bell, A. B. Crupper and L. H. Kell, the city canvassers, met at the office of the clerk of the Corporation Court to-day and inspected the poll books used at the late election. Previous to the inspection Mr. J. B. Smoot, who by the books came within two votes of being elected to the Common Council from the 4th Ward, had served upon L. McK. Bell, the canvasser from that ward, notice that he would apply to Judge Lowe at the next term of the Corporation Court for a recount of the ballots cast in that ward, upon the ground that the names upon the tickets were not counted separately. The result of the canvass was the same as that announced yesterday.

All the houses on both sides of Harrison street, all the houses on the east side of Douglas Road, from that of D. V. Roberts to Main street, a distance of 400 feet, and all the houses on both sides of Main street, eastward from Douglas Road, for a distance of 700 feet. THE COMPANY GUARANTEES THAT Every cargo will be analyzed before it is offered for sale.

IMPORTED ONLY BY THE GUANAHANI GUANO COMPANY, PETERSBURG, VA.

In offering this FERTILIZER to the Agricultural Community a Season we do so with the utmost confidence, feeling satisfied that the high opinion we formed and expressed last season, based on its Chemical Constituents, has been in its entirety borne out by the test by which all Fertilizers must be judged—that of its effect on the crops during the summer and fall, and having large and well ventilated Warehouses in Petersburg and City Point, we are enabled to put our Guano on the market in a condition, as to dryness and freedom from lumps, equal to any manufactured Fertilizer.

We solicit a careful perusal of our Circular, containing the certificates sent us, and which can be had on application at this OFFICE, or from any of our AGENTS. Having nothing to conceal, we made an innovation on established usage, by publishing these letters, and we are not aware of any fault in the Guano, but to these far beyond our control. We have frequently heard the same complaints of its kindred Fertilizer, Peruvian Guano, but the concurrent testimony of well known Farmers and Planters from Maryland to the extreme Western counties of North Carolina, justify us in claiming a place for our Fertilizer Superior to any, and Second to None.
