TRIBUTE TO EX-GOV. WISE.—A meeting of the Irish-Americans and their descendants, resident in Alexandria, was held at Harlow's Hall on Monday night, 18th inst., to take action on the death of ex-Gov. Henry A. Wise. M. B. Harlow, esq., was called to the chair, and Mr. John P. Kice elected secretary. The Chairman having stated that the object of the meeting was to express the regret of the Irish-Americans and their descendants at the death of ex-Gov. Wise.

COMMISSIONER OF MR. MICHAEL H. NASH, a committee consisting of Messrs. M. H. Nash, Thomas H. C. Webb and J. P. Kice, was appointed to draft resolutions on the subject.

WHEREAS, after an enviable life, ex-Governor Henry A. Wise died at his residence, in Richmond, Va., on the 18th inst., at the age of 72 years, and by his memorable action in the Old Dominion against the Know Nothing party, twenty years ago, he endeared himself to every lover of civil and religious liberty, and earned the gratitude of those who were united in America in other lands than this; therefore, Resolved, That we recognize in this visitation of Divine Providence a loss which not merely the whole country, but the whole world, has sustained; and that the death of this noble and honorable citizen, linking him as it did with the fathers of the republic, makes a void in the history of our country which cannot be filled.

RESOLVED, That we deplore the loss of this striking gentleman of the old school, and that in common with every admirer of his virtues, we tender to his family and numerous friends our sincere condolence.

RESOLVED, That these proceedings be published in the Alexandria papers, and that the Richmond papers be requested to copy, and that the secretary transmit a copy of the same to the family of ex-Gov. Wise.

AN ALEXANDRIAN ABROAD.—A young man formerly residing here, but now living in the West, writes a letter to a friend here, in which he relates his experiences in journalism, which are equalled that of John P. Kice. He says: "My country editor went to Kansas to visit his friends and got me to take his place. I made a business contract with him to run his paper for one month, furnish a printer, and pay all expenses, and receive the profits of the office as compensation. He was a radical of the worst sort, and I turned the paper into a democratic sheet by raising the national and State tickets, and ran her on democratic principles until his return, when I stepped 'down and out' with four of the county papers fighting me. One of them calls me a 'wrecker,' another a 'disorganizer,' another a 'hyster,' (and notes have been passed between us) and the indignant editor who has just returned denounces me as a rebel democrat. I expect to fight a duel before the thing is over. I have tried to see how much devilism I could do and how much fun I could have. I have raised the d— but had a deal of fun. These, my boy, are some of the results of my one month's experience of running a country newspaper in the far West.
