

LOCAL MATTERS.

WEATHER PROBABILITIES.—War Department, Office of Chief Signal Officer, Washington, D. C., April 9, 1877.—10-30 a. m.—For the Middle States cloudy and threatening with light rain, with brisk and high winds from the northwest, falling followed by rising barometer and no change in temperature.

The Conflict of Authority.

As was briefly stated in Saturday's Gazette, Mr. Geo. W. Clifford, the Superintendent of Police, appointed by the City Council, and Mr. P. Dillon, the overseer of the chain gang, appointed by him, were again arrested by order of the Mayor. At six o'clock in the evening they were carried before the Mayor, who, after consultation with Mr. Edmund Burke, his legal adviser, committed them to jail for a further hearing on the 15th inst. Prior to his removal from the Mayor's office Mr. Clifford propounded some questions to Mr. Bartle, the Mayor's appointee, who was present, relative to his action in allowing his name to go before the City Council, and afterwards congratulating him (Clifford) upon his election. This led to a wordy conflict between the two gentlemen, which was ended by Mr. Clifford leaving the office.

Charles E. Stuart, Esq., the Corporation Attorney, was at once notified of the incarceration of Messrs. Clifford and Dillon, and made application to Judge Lowe of the Corporation Court, for a writ of habeas corpus, which was granted, and made returnable at the court room at half past eight o'clock.

At that hour a large number of persons were present. Messrs. Clifford and Dillon were brought in by Deputy Sergeant Armstrong, and the officers charged being riot, a State officer, the Commonwealth's Attorney, J. M. Johnson, Esq., was present, as was also Mayor Johnson, attended by Mr. Burke.

The Deputy Sergeant for a return to the writ presented the original commitment by the Mayor, which charges George W. Clifford, Patrick Dillon and Alfred Pinkney, with riotous conduct in interfering with the duties of the office of Superintendent of Police.

Mr. Stuart having some difficulty in reading the warrant, requested to Mr. Burke, who had prepared it, that it would have been better if he had written it more legibly.

Mr. Burke responded that the difficulty was probably lay with the defective eye sight of the Corporation Attorney than with the clerk's pen.

Mr. Stuart then made a statement of the facts in the case relative to Mr. Clifford's election by Council, &c., but the Judge stepped in, saying that he did not think the question of title to the office could come up in this case.

Mr. Stuart suggested that the warrant charged Mr. Clifford with interfering with the Superintendent of Police, and that if Mr. Clifford held that office, as he claimed, then he could not interfere with himself.

Judge Lowe thought the question was only as to whether any legal offense was alleged in the commitment, and whether that paper itself was correctly drawn.

Mr. J. M. Johnson read the law in regard to riot, he did not think there was any legal offense constituting riot, charged in the mittimus.

Mr. Edmund Burke said that he had been requested by the Mayor to assist the Commonwealth's Attorney, but that officer declined his assistance.

Commonwealth's Attorney Johnson said he did not want any assistance, and considered himself perfectly competent to discharge his duty without any.

Mr. Burke said the employment of assistant counsel was a courtesy that had been allowed since the foundation of the government.

Mr. Stuart then read from Mayo's Guide the term for the mittimus.

Mr. J. M. Johnson said that it was a question for consideration with him as to whether the Superintendent of Police was an officer who could be impeded in the eye of the law.

Judge Lowe then said he would like to hear from Mr. Burke, and asked him if he wrote the mittimus, and if so, under what law it was framed.

Mr. Burke said he did write it, and read the statute on the subject, and the form from Mayo's Guide.

Mr. Stuart said that he would like to have the original warrant produced on which these parties were arrested.

Mr. Burke wanted to state his position, he had been called on by the Mayor for advice.

The Judge, interrupting, said he did not care for that, he wanted to hear the law.

Mr. Burke continued reading.

After he had finished, the Judge called attention to the fact that the mittimus was for three persons, while only two had signed out the writ of habeas corpus.

Mr. Burke said that the other (Pinkney) had not yet been arrested.

Judge Lowe said it was very singular to commit a man before he was arrested, and suggested that the third name was put in to constitute the charge of riot.

on the authority of Christ we are bound to believe in his historical accuracy. The writer was next indicated, and the scope of the book was regarded as displaying God's mercy. In speaking of Jonah's call Mr. Webb spoke of Nineveh as a city of greatness and wickedness. Justifying the idea of greatness reference was made to its age, extent, population and culture in the arts. As to wickedness the sins of the Ninevites were violence, pride, drunkenness and sensuality. Here the preacher dwelt on the sins that are to be found in our large cities, and spoke especially of the manner in which the poor were oppressed by those who sought to enrich themselves through their labors.

The mission of Jonah was next discussed. The meaning of Jonah's call was next discussed. He was sent to Nineveh, the greatest city in health of God designed to teach that his government most extended to all nations, and especially to the Gentiles as well as the Jews. The lecture closed with an exhortation to all present to be true to the mission to which God had called them. God said to each, "Arise, and be called to the second lecture, the subject being 'Jonah's flight and its probable causes.'

THE GILBERTS' WAR.—The Port Tobacco Times commenting on the revival of the troubles among the Gilberts says:

We deeply regret that the indictment of citizens of our county has been brought about in the Federal court, the trial of which may be presided over by Judge Bond. Our courts are open and presided over by able and impartial judges, ready to right all wrongs. This involving of the Federal authorities on every occasion is something that is very repulsive to our ideas, and has been the cause of filling untold evils upon the people of this State, through the instrumentality of such judges as Bond. We therefore sincerely hope that no citizen of our county has been instrumental in thus repudiating our own State courts, and thereby to be trusted, or has been the cause of dragging our people away from their homes and families to stand their trials at an enormous expense, which their poverty is unable to bear before a distant and strange tribunal. The parties from this county who have been indicted by the Federal court, are nearly all very poor men, and to take them from their homes to stand their trial at the busiest season of the year is a great cruelty, and amounts to starvation to their dependent families. Of course, if convicted of the alleged crime, their fate would be imprisonment, as the penalty is fine or imprisonment, and being unable to pay any fine, they would necessarily be sent to the penitentiary. They are indicted, we presume, under section 5508 of the revised statutes, which is as follows:—

"If two or more persons conspire to injure, oppress, threaten or intimidate any citizen in the free exercise or enjoyment of any right or privilege secured to him by the Constitution or laws of the United States, or because of his having so exercised the same; they shall be fined not more than \$5,000 and imprisoned not more than two years, and he is incapable of holding office under the United States."

We may add that there is no "injure in the case," as some of the papers state.

CORPORATION COURT.—Judge E. M. Love presiding.—Com. ex rel George W. Clifford vs. W. H. Bartle; quo warranto, rule against Bartle to show cause why he claims to exercise the duties of Superintendent of Police.

Washington and Lee University vs. City Council; debt; plea alibi, also argued and submitted.

The following persons were appointed judges of election for the year ending April 15, 1878:— First Ward—P. C. Claghton, James E. Green and W. P. Graves.

Second Ward—Samuel Fisher, J. R. Eiden and E. H. Steele.

Third Ward—Geo. F. Steiner, B. R. Summers and Charles King.

Fourth Ward—W. B. Nails, Thomas Deritt and L. McK. Bell.

And P. C. Claghton, B. R. Summers, B. W. Nails, W. P. Graves and L. McK. Bell were appointed commissioners of election.

Landon vs. Thornton; removal from a justice judgment by court for plaintiff.

Court adjourned until to-morrow morning at 11 o'clock.

ACCIDENTS.—A small boy named Shafer was pushed overboard by his little brother, at Fishtown, on Saturday evening, and would have drowned but for the efforts of Mr. Ferdinand Kogler, who happened to see him, and pulled him out.

A horse attached to a buggy, containing a lady and gentleman, became frightened on the east-way north of the Aqueduct at Four Mile run, as the six o'clock train was passing on Saturday evening, and overturned the buggy, depositing the occupants in the mud and water of the road. The accident without further damage than a few bruises.

A H. Cabell's fine near Markham, was thrown from his wagon on Friday last and killed. His body was found alongside of the road.

CHANGE OF OFFICERS.—Capt. Thomas B. Travers, of the ferry steamer City of Washington, and Capt. Charles E. Eastwile and Pilot Albert Fair, of the City of Alexandria, have resigned their positions. Mr. John Eskridge has been appointed captain of the Washington, and Mr. John Howell, pilot. The new officers of the Alexandria have not yet been appointed. It is understood that one man will hereafter discharge the duties of both captain and pilot, and that a ticket agent will be appointed at each end of the line. The traveling public will regret to hear of the retirement of Captains Eastwile, Travers and Fair, all of whom have won many friends by their courteous and polite treatment of passengers on their route.

THE SOLDIERS' CEMETERY, in this city, under the efficient supervision of Mr. J. V. Davis, is one of the best kept of the national cemeteries. During the winter, marked improvements have been made in the walks and grounds, and the rustic seats and considerably to the already numerous attractions. Although too soon for the out door plants the flowers in the green house are growing luxuriantly and as soon as the weather will permit will be transplanted to their different beds, which will be the prettiest in the city and will repay one for a visit to them.

THE GALE.—A heavy northeasterly gale has been blowing since about 1 o'clock this morning, and the river has been in a state of unusual commotion, the waves, which are very large, being dashed with great force against the wharves, and vessels moving about with difficulty. The tug Fannie M. Gilbert under took this morning to tow the schooner Emma B. Shaw up to Washington, but so violent was the gale that the attempt had to be abandoned and the vessel anchored. Unless the wind changes very high tides will be expected. Much damage is feared to vessels on the coast.

THE CHURCHES YESTERDAY.—The churches, yesterday, were generally well attended. There was no service in the Methodist Protestant Church either morning or night, and none in Grace Church at night. Rev. M. Perry preached at Christ Church, and Rev. Mr. McMurran at the Union Presbyterian Church both morning and night. At the M. E. Church South twelve persons connected themselves with the church, besides eight who were received on the previous Sunday. The revival services will be continued in this church every night this week.

FISH REPORT.—Receipts at Fishtown since Saturday consist of about 1,500 shad and 10,000 herrings, the former at which sold at \$10 per hundred, and the latter at from \$13.50 to \$14 per hundred. So few perch and rock are being received, and the quality is so poor, that they are scarcely quotable; a few small perch, which were taken at Fishtown, and rock at 25 cents.

POLITICAL.—It is understood that Mr. Alexander Hunter will be a candidate for the House of Delegates from the county portion of this district, and it is reported that he will receive the support of both parties. Mr. C. H. Smith is spoken of from the city for the same position. For Mayor, the candidates so far seem to be Mayor Johnson and ex-Mayor Kemper. Ex-Mayor Hugh Latam and Charles E. Stuart, Esq., who names have been mentioned in connection with the majority, positively declining being candidates.

POLICE ITEMS.—John Taylor, colored, was before the Mayor yesterday, charged with stealing a suit of clothes from James Smith, also charged, and being found guilty, was sentenced to twenty lashes, which were at once administered.

The only case this morning was that of two young men, who got into a fight about a fair lady and damaged each others' countenances. They were both fined and bound over to keep the peace.

STRUCK.—A mulatto woman named Mary Wilkins committed suicide near Warrenton last week by cutting her throat. It is believed that she was laboring under temporary aberration of mind, caused by the profligacy of a son and the bad conduct of her other children.

WASHINGTON, April 9—12 m.

THE VIRGINIA APPOINTMENTS.

Beside the larger postoffices of Virginia which since the expiration of the terms of the postmasters at Richmond, Norfolk, Petersburg and Lynchburg have become objects of interest, there are some other offices which have also become vacant for another tenure. There are offices which the recent adjustment of salaries shows to have gained business sufficient to make them pay one thousand dollars per annum to the postmaster and thus become "Presidential offices," i. e. within the direct appointment of the President of the United States and not of the Postmaster General, who appoints all postmasters whose salary is less than one thousand dollars. Two such offices have recently been reported from Virginia—Ashland, Henrico county, and Suffolk, Nansemond county. These offices will probably be filled by the reappointment of the present incumbents, but "there's many a slip between the cup and the lip."

Foreign News.

LONDON, April 9.—A dispatch to Reuters Telegram Company, from Paris, states that a private telegram from Constantinople dated yesterday says—Salvat Pasha, personally explained to the foreign representatives Turkey's objections to the protocol and the accompanying declarations. He declared that by recent massacres were the result of intrigues of foreign agitators. He said the promised reforms were being carried out and the Porte would shortly send the Powers a circular dispatch to the following effect: The foreign representatives are endeavoring to dissuade Salvat Pasha from this course and to induce the Porte to send a special envoy to St. Petersburg. A special telegram from Cetzegge announces that an expedition against the Miridats has left Scutari.

PERA, April 9.—The Porte does not object to the protocol, but Count Schouvaloff's declaration appended to it is regarded as humiliating and impossible of acceptance. The Montenegro has abandoned their demand for Nicias but still ask for Spass and the right bank of the Moraitza river but the Turks describing these demands as unjust offer modified concessions.

EDINBURG, April 9.—The Scotsman's London dispatch says.—The Derby declaration accompanying the signature of the protocol and views therein taken of our obligations in the East are the points of the recent agreement to which the Liberals object and where on the opposition leader will challenge the Government.

CONSTANTINOPLE, April 9.—The French and Russian representatives urged upon the Porte to accept the protocol and send an envoy to St. Petersburg pointing out that it is not a question of preliminary disarmament, but of coming to an understanding with Russia. Nevertheless it is thought probable that the Porte will refuse to accept the protocol. One of the principal obstacles to an arrangement is the question of concluding peace with Montenegro.
