

CITY COUNCIL.

A regular meeting of the City Council was held last night.

BOARD OF ALDERMEN.

This Board met at 8:15 o'clock with all the members present.

After transacting some routine business, with our debate, the communication of M. B. Harlow, Treasurer, asking permission for the Commissioners of the Sinking Fund to borrow \$50,000 was read.

Mr. Moore explained that the Commissioners of the Sinking Fund had a chance to buy \$100,000 of these bonds at 54 1/2 cents, and desired the authority to borrow the money.

Mr. Armstrong did not believe the bonds were worth thirty cents, and did not see any reason why we should be so anxious to buy at 40 cents.

Mr. Straus was opposed to borrowing money at six per cent to buy these bonds at present.

Mr. Moore had no doubt that the past Council had done what they thought best.

The gentleman (Mr. A.) said we could not pay interest, but the fact was that no collections were made by the corporation without paying interest.

Mr. Armstrong said that the city of Washington had refused to receive its notes for taxes, and they were as binding as the coupons.

Mr. Moore said that the gentleman had been a member of Council for many years off and on, and should have prevented the issue of bonds without proper value received.

Mr. Armstrong claimed that he had always done so, as far as possible.

Mr. Janney, (Mr. Armstrong in the Chair,) gave a statement of the action of the Sinking Fund Commissioners, who, he said, had retired \$25,000 in bonds during the past year.

The bonds reported as bought at 51 cents amounted to only \$100. He urged that the Commission be allowed to borrow the money and purchase the bonds.

Mr. Dowham opposed the report because it gave only half of the amount, and moved to amend by inserting the full amount.

Mr. Moore said the sureties had no legal claim against the city, and many citizens opposed any payment whatever.

Mr. Moore replied to Mr. Neale, and said that the claim was a just one and should be paid.

The building, he said, was a handsome and substantial one and worth the money.

Mr. Dowham's motion was adopted, as was the report as amended.

A message from the Mayor was received from the Common Council, and the Clerk was about to read it, when

Mr. Neale said that he did not see the necessity of reading this message. He did not wish to be disrespectful to the Mayor, but it was not customary to read messages, and as the one had been already printed and laid up on the desks of members, they could read it at their leisure, and he moved that the reading be dispensed with, and the action of the other Board referring portions of it to appropriate committees be occurred in.

Mr. Neale's motion was adopted.

Mr. Straus would like to know why the Mayor had not come in. He thought it very important that it should be called before the election, and suggested the passing of an ordinance, which the President agreed to pass as the bill passed the other Board.

The Board then, at 9:30, adjourned.

COMMON COUNCIL.

The regular meeting of the Common Council last night was well attended.

The President being absent, on motion, Mr. Broders was called to the chair.

A report of the Finance Committee in favor of paying \$2,740, one-half of the losses of the sureties of E. H. Delahay, contractor for the erection of the market building, was read and Mr. Broders explained its provisions, and the report was concurred in.

A message of the Mayor was read which appears in a supplement.

The Baltimore and Ohio Railroad Company presented a remonstrance against the taxation of their barge and tug boat, on the river, which was read.

The company say that the boats are registered in Baltimore, and are not taxable in Virginia, and that the State authorities have withdrawn their claim for taxes. The subject was referred to the Finance Committee.

A resolution for the payment of a bread bill of Jas. T. Crump for bread furnished the poor house, coming in from the Board of Aldermen.

Mr. Hughes did not want to pass it without inquiry. He thought that bread might be looked at the poor house.

Mr. Evans—My colleague says Mr. Stevens can bake bread cheaper than he can buy it. I don't think so. It bills are to be examined, examine them all, but do not select one bill only for that purpose, while bills of a hundred dollars are passed here without examination.

It is not my duty to see that there should be any particular examination of this bill. How are the people at the poor house to be fed. They have bread something, and bread is as cheap as anything they can get, at least it was so when this bread was bought. Look at the bakers in the town; they do not get rich. There is nothing wrong with that, but I do not see why this particular bill should meet with the opposition that this seems to meet with.

Mr. Neale—It always takes into consideration the source from whence the opposition comes. If you do wrong once do so no more, but do not take that bill now right in the heat of passion and refer it.

Mr. Neale complained that he had never seen the new charter. Mr. Simpson, when he asked him for one, said he had received five copies only and had given them to lawyers. Mr. Neale thought the lawyers would make capital out of it. For one, he wanted to see the charter.

The resolution was lost—yeas 8, noes 3, not a sufficient majority.

A resolution for a tax sale of delinquent real estate was reported by Mr. Broders, from the Finance Committee.

Mr. Broders said that all this property was sold three years ago and that they had a full right to it, and could now give deeds immediately to all purchasers.

When it was sold three years ago it was bid in by the city, and in two years the city had acquired the title and could now sell.

Mr. Hughes asked why not let the city take deeds of this real estate and then sell? It would be a much better way than selling it again for taxes.

Mr. Broders said he supposed in any event that the sale would have to be at auction, and this was as good a way as any other.

He appealed to a lawyer present for the law on the subject, who said that the following provisions of the city charter governed the case:

"If at any sale (tax) sale or bid be for any such parcel of land, or such bid shall not be equal to the tax or assessment with interest and charges, then the same shall be struck off to the city. On such sale the collector or collectors shall execute to the city a certificate of sale."

Mr. Neale introduced a resolution of Duke street said that it was bad faith on the part of the city not to go on with the work when the railroad company had done his part.

The Board at a late hour adjourned.

From Washington.

WASHINGTON, May 9, 1877.

The new party movement has not so far proven a success. The reports which come in from various parts of the South are to the effect that unless the leading democrats see their way clearly, they will make no movements or even declarations in relation to national politics at present.

An old Southern politician said this morning, "It's true enough that more flies are caught with honey than with vinegar. The vinegar has been taken away and that's something, but where is the honey?"

NEW POSTOFFICE IN LOUDON.

Nelson Hoxan, James M. Adams, C. W. Jackson, Henry Russell, Alfred Lee, George Simpson, and some thirty other citizens of Loudoun county living between Aldie and Middleburg have petitioned for a new postoffice at Dover, a few miles from Aldie.

It is doubted that the petition will be granted at once as it entails no additional expense.

DEPARTMENT OF THE INTERIOR.

Among the patents granted this week is one to C. C. Biven of Norfolk, Va.

The discharges and changes in the Interior Department still continue.

POSTOFFICE DEPARTMENT.

A new postoffice will be established next week at Whitmore's, Va.

DEPARTMENT OF JUSTICE.

The Attorney General's notification that it will be necessary to reduce the expenditures of United States courts will affect the United States courts which sit in Alexandria to the effect that there will be no money to pay the U. S. witnesses or jurors there until after the 30th of June.

War Department letters from army officers deplore the abolition of the "cash system" as being in every way.

GENERAL NOTES.

Central Sherman has issued an order for the removal of the U. S. troops from New Orleans, and Louisiana will soon be left absolutely to "home rule" as self-government is now called.

The report on the New York postoffice disaster has been received here. Its details show nothing new.

The jury in the Capital homicide case of E. Hoxan for killing Small have disagreed.

MISCELLANEOUS.

It is probable that James Russell Lowell, of Harvard College, will be tendered the mission to Austria.

The Centennial Board of Finance have paid into the treasury of the United States \$1,000,000 on account of the appropriation made to the Centennial Exhibition.

THE MORMONS.

NEW YORK, May 9.—A Salt Lake dispatch says:—The members of the famous Nauvoo Legion are drilling in meeting houses, barns, stables and corals, in Salt Lake City and most of the minor towns. Breach loading rifles have been shipped in great numbers during the last fortnight, from the east, to this place, and several boxes of arms have gone to southern Utah, from the cooperative store which is largely owned and entirely controlled by Brigham Young.

In an unexpected moment and broke forth in an address to saints and sinners which gave the latter to understand that if they wanted blood they could have plenty of it and, indeed, that they were likely to have more of it let out of their veins than they could spare at any early period. To face the 100,000 Mormons there are about 15,000 Gentiles in Utah. Salt Lake City has a population of 20,000 of whom, perhaps, 4,000 are Gentiles. Many Gentiles are quietly arranging for the removal of their families at the first sign of an outbreak.

LOCAL MATTERS.

WEATHER PROBABILITIES.—War Department, Office of the Chief Signal Officer, Washington, D. C., May 9, 1877.—10:30 a. m. For the Middle Atlantic States northeast to northwest winds, areas of light rain, followed by clearing weather, stationary or lower temperature and rising barometer.

IMPORTANT DECISION.—Judge Lowe, in the Corporation Court, yesterday, made an important decision, touching the homestead exemption clause of the State constitution. The case under consideration was that of Bryant vs. McCracken. McCracken, who is owner and master of the schooner Zeo, took on board his vessel a quantity of ground plaster, to be carried to a point on the lower river, which plaster he failed to deliver, and Capt. Herbert Bryant, the shipper, sued him for the value thereof and obtained judgment. When the Sergeant levied an execution for the amount of Captain Bryant's judgment, McCracken filed his inventory under the homestead law, and the Judge in accordance with the law, applied to the Court to appoint appraisers. This application the counsel of Capt. Bryant resisted, and, after argument, Judge Lowe decided to sustain the election, on the ground that the homestead exemption did not cover liabilities growing out of the wrongful act or tort of an individual, but simply covered those liabilities growing out of contracts.

CORPORATION COURT.—Judge E. M. Lowe presiding.—CONTINUATION OF YESTERDAY'S PROCEEDINGS.—Chapman Maupin ex. et al. vs. T. D. Kendall ex. et al.; in chancery; answer of defendants filed.

E. E. Dwanham & Co. vs. O'Leary et al.; in chancery; injunction dissolved, and C. E. Stuart appointed commissioner to sell real estate.

Wm. Hutchins, Barton Robey and Bartholomew Delphy were exonerated from the payment of capitation tax on account of old age and bodily infirmity.

Herbert Bryant vs. J. E. McCracken; application for appointment of appraisers of homestead exemption refused.

Court adjourned until the court in course.

FAIRFAX REPUBLICANS.—The Republicans of Providence District met at Vinona on Tuesday last and nominated the following ticket for District officers:—

Job Hawthorn, Supervisor; B. Canfield and Capt. Geo. L. Kanyon, Commissioners of Roads; A. C. Shoats and W. B. Duke, Magistrates; J. M. Moore, Overseer of Poor; and W. B. Lewis, Constable.

No nominations were made for Commissioner of Roads for Loudoun, nor Magistrate at Fairfax C. H., the convention deciding to support Mr. J. H. Shipman, the conservative candidate for Commissioner of Roads, and J. H. Taylor, independent candidate for Magistrate, at Fairfax C. H.

ACCIDENTS.—A little son of Mr. Miles Murphy fell into one of the old ice houses, on the Washington road, near the Alms House, on Monday evening, and was rescued after some difficulty by Mr. H. J. Taylor, who lives near by. These old pits are full of water, and lying immediately on the road are very dangerous. They should be filled in.

A coal boatman fell overboard at the American wharf about one o'clock last night, but was rescued by his fellow boatmen, without other damage than a cold bath.

REGISTRATION.—The registration which commenced yesterday will close to-morrow. It is highly important that everybody who has not already done so should register, in order that they may vote at the coming election. All persons who have come into the city since last revision, who are registered elsewhere, must have transfers or they will lose their votes. All persons who have changed their residences from one ward to another since the last election must get transfers or they will lose their votes.

THE BELLE HAVEN.—The tugboat Belle Haven, which was partially burned and sunk at Lambert's wharf last fall, and which was subsequently raised and carried to the ship yard, is being repaired, and will be ready for service in a short time. It was found, upon inspection, that the hull and machinery were not much injured and required comparatively few repairs.

DAMAGES PAID.—The Auditor this morning issued a check for \$170.52 damages and costs to Andrew Schuler, for injuries sustained by being thrown from his wagon in the fall of 1875, owing to the bad condition of the street at the corner of King and Columbus streets. It will be remembered that Schuler sued the city and recovered this amount.

POLITICAL MEETINGS.—There will be a meeting of the Conservative City Committee in conjunction with the candidates for the various municipal offices at the Sun engine house to-night at 8 o'clock.

There will also be a meeting of the Third Ward Republican Club, at the old court house, on Columbus street, at the same hour.

ASCENSION DAY.—To-morrow will be observed in the Catholic and Episcopal Churches as the Festival of the Ascension of Christ into Heaven, forty days after his resurrection. There will be services in St. Mary's Church at 6 and 10 a. m. and 7:30 p. m., and in Christ Church at 11 a. m.

NEW CHURCH.—The Shiloh Baptist Church, colored, at Gasston, was used for the first time, on Sunday last, the sermon being preached by Rev. J. W. Webb, the pastor in charge. Most of the money for building the church was raised by the female portion of the congregation.

This exhibition is given for the benefit of St. Mary's Church.

For further particulars see small bills.

WILBORS' COMPOUND OF PURE WOOD LIVER OIL AND LIME.—It is the most valuable medicine for the cure of all the diseases of the lungs, and is entirely free from the offensive taste of the oil, and is highly recommended as a prominent remedy for its use, but in this form the trouble is entirely obviated. For sale by WARFIELD & HALL, 101 Prince and Fairfax sts., Alexandria.

SEASONABLE GOODS.—Poulterers' Friend for chickens, Horse Powders, Bed Bug Goods, for various kinds, Put-on Powders, also goods for applying the powder to beds, for bedbugs, also Borax, Ketchikan, Ketchikan, Ketchikan, also the best known remedy for the prevention of Measles. THE LIVER is more frequently the seat of disease than is generally supposed, for upon its regular action depends, in a great measure, the powers of the stomach, bowels, brain, and the whole nervous system. Regulate that organ by taking Simmons' Liver Regulator, and you prevent most of the diseases that flesh is heir to.

A meeting of the Third ward republican club will be held at the old court house to-morrow [Wednesday] night.

The upper saloons on the Washington ferry boats are to be so arranged as to be thrown open in the summer time, excluding the sun bus leaving an uninterrupted view and free air.

The union prayer-meeting will be held in the M. P. Church to-night at 8 o'clock.

As will be seen by notice elsewhere in to-day's Gazette, Messrs. J. Harry Shannon, the boy orator, will speak at the Grand Hall on Friday night, for the benefit of St. Mary's Church. The New York Herald says of him:—"J. Harry Shannon is but seven years old, and, in our opinion, the most finished orator and declaimer the world has ever known."

The steamer Jane Mozely, from Norfolk, which was due here at six o'clock this morning, had not arrived at half-past five o'clock, p. m. No reason for her detention could be ascertained.

Letters addressed to Mrs. S. V. Southall, Charlotte, and Mrs. John L. Evesfield, College Station, Md., are detained in the Postoffice here for want of postage.

At the meeting of the Common Council last night a resolution of thanks to Auditor Brockett was adopted.

TELEGRAPHIC SUMMARY.

A fire at Redoubt yesterday destroyed buildings valued at \$40,000.

The 221 annual meeting of the American Tract Society was held in New York to-day.

The Northern Pacific Railroad Company decided not to mortgage their line now in operation as they can raise funds without resorting to that mode.

The schooner Condova, of Bristol, E. I., in stone ballast, went ashore at one o'clock, to-day, near the Signal Office, Sea Grove. She is water logged and will likely prove a total loss. The crews of life stations are ready to render assistance.

At Chester, to-day, the race for the Chester track was won by Pagant.

Postoffice Clerk Gurnel has been sentenced, in New York, to the penitentiary for robbing the mail.

MINE EXPLOSION.

POTTSVILLE, PA., May 9.—A great explosion of gas occurred this morning in the Wadesville mines, near St. Clair, Pa. A number of men are imprisoned in the mines and at present it seems impossible to rescue them. It is reported from St. Clair that thirty men are imprisoned in the Wadesville mines. Their cries for assistance can be plainly heard. Six bodies have already been recovered.

POISONOUS VINEGAR.—At a meeting of the Board of Health of Washington yesterday a report was presented, stating that fluids sold as vinegar which contained no acetic acids were not vinegar, and consequently fraudulent. A sample was submitted to the chemist of the Agricultural Department for analysis, and the report gave the following result of the investigation:—

The sample was found to contain 54.54 100 grains per gallon anhydrous sulphuric acid, combined with lime to form sulphate of lime, (equivalent to 117.26 grains gypsum per gallon), and 5 grains free sulphuric acid per gallon. A small quantity of phosphate of lime was also observed. We understand that this sample was taken from an invoice of one thousand and more barrels introduced into the Georgetown market as vinegar, and that it is sold very cheap, and that it is likely to find a ready sale on account of its low price. When we think that oil of vitriol (sulphuric acid) can be bought at five cents a pound, and that a pound of said acid would render a barrel of fluid as acid as the strongest vinegar, the wonder will cease that it is sold cheap. This, therefore, is a fraud upon commerce and a dangerous substitute for vinegar.

Canada.

QUEBEC, May 9.—Ten large 64 pounders and a quantity of munitions of war arrived yesterday. The guns were immediately placed in position in the citadel. Information has been received that the French-Canadian pilgrims have safely arrived at Rome.

The success and prosperity of our city is mainly due to the united action of our citizens, and if we ever expect to raise Alexandria from the inferior condition she is now in we must follow their example. This can be done with but little difficulty by the citizens generally, who are respectfully invited to participate in the proposed meeting.
