

LOCAL MATTERS.

WEATHER PROBABILITIES.—War Department, Office of the Chief Signal Officer, Washington, D. C., Aug. 22, 1877.—10:30 a. m. For the Middle States, northeast to southeast winds, possibly veering to southwest, in the Middle Atlantic States, heavy or partly cloudy weather, numerous local storms in the interior, generally higher temperatures and rising, followed by falling barometer.

THE CANAL.—The Cumberland Allegiance of yesterday says: "Yesterday was the busiest day on the canal we have had since the great strike was begun. Twenty-five boats left this port, and we notice the captains left with cheerful countenances and buoyant spirits. The largest shipper was the Consolidation company. The total shipments were 2,790 1/2 tons, the Consolidation sending 1,013 1/2; American, 567 1/2; Borden, 663 0/8; Maryland, 321 0/2; Bacon & Son, 115 1/5, and 107 1/3 to local shippers."

A dispatch from Cumberland of last night says: "This morning two written notices were found posted up at the Borden wharf, near Esplanade, containing threats against miners, and particularly the chief miner, because one of the men on the late strike is not employed. The sheriff has offered a reward of \$200 for the authors of the posters."

Another dispatch to the Baltimore Sun says: "The Chesapeake and Ohio Canal board met here to-day and adopted the following: "Resolved, That the President be and he is hereby authorized and directed to give notice that for the remainder of the season the tolls and wharfage on coal from Cumberland to Georgetown shall be reduced to twenty-five cents a ton."

"Resolved, That this reduction is made on condition that the rates of freight to be made on the waterway price per ton of ninety cents to Georgetown and ninety-five cents to Alexandria, and that in the event of a violation of this understanding the President is authorized to re-establish the present rate of tolls. "The coal companies were notified of this action, but what action they will take is not generally known. Thirty-three boats were sent out to-day."

Loaded boats are expected to arrive here by Friday next, and the vessels which have been lying at this port awaiting cargoes are beginning to clean up and put things in order for business.

ROBBERY.—On Monday, about noon, Mr. H. C. Armstrong, who keeps store about eight miles from Warrenton, left his store to go to his dinner, a short distance off. While he was gone, two negro men named George Williams and Andrew Foster broke into the building, and having stolen about one hundred dollars in money, succeeded in making their escape. Foster has not been captured, but Williams was tracked to this city by a man from Fauquier, sent for that purpose, and was arrested, last night, by Officers Walker and Arnold, and is detained at the station house to await the action of the Fauquier authorities. He confesses the robbery and says that he kept watch while Foster entered the store, and that a part of the money was afterwards given him, which he spent. His account of the expenditure, however, is vague and unsatisfactory.

MARRIAGE.—A large number of the friends of Mr. Louis Appich and family gathered at that gentleman's residence yesterday afternoon to witness the marriage of his daughter, Miss Kate W. Appich, to Rev. C. E. Obermyer, of St. Louis, Mo. The ceremony was performed by Rev. E. J. Fleckenstein, pastor of the Lutheran Church, and the attendants were Mr. Geo. A. Appich and Miss Annie M. Steiner, and Mr. Wm. H. German and Miss Bettie Polmar. Many of the friends of the happy pair called during the afternoon and tendered their congratulations. Mr. and Mrs. Obermyer took the evening train for the North on a bridal tour, after which they will go to St. Louis, where they will make their future home.

POLICE ITEMS.—The following cases were reported at the Mayor's office this morning: Barney Lomax, colored, for stealing iron at the canal, was sentenced to receive fifteen lashes. Andrew Myer, colored, for being drunk and disorderly and refusing to pay for goods obtained by him, was fined and locked up to await payment.

Lou. Gaat, colored, for being drunk and disorderly, was fined and held for payment. Edward Reed, colored, was arrested on complaint of John Conway, also colored, for slandering his daughter. Case dismissed as complainant's suit.

THE EXPRESS CHANGES.—The withdrawal of the Adams Express Company from the lines of the R. & O. R. R. and its branches has resulted in much inconvenience to the fish dealers of this city, who have a considerable trade in fresh fish with the Valley of Virginia. Under the new arrangement they can only ship by steamship, involving a delay of twenty-four hours, in addition to the actual time of transportation, caused by the non-convention of trains at that point. When the express service fairly opens the inconvenience will be greater, as large quantities of the bivalves are daily shipped to the counties in the lower Valley from this city.

CITY ASSESSMENT.—Major George Daffey, Commissioner of the Revenue, has completed his land and property books for the current year, and they are now in the hands of the Treasurer, who is making out the State tax bills. The value of buildings in the city is fixed at \$2,347,924; land, including buildings, \$3,747,917; personal property, \$742,147; capitation tax, white, \$1,949; colored, \$669; tax on banks, \$1,148.50; collateral inheritance tax, \$6,104.67.

ALEXANDRIA WATER CO.—A meeting of the directors of the Alexandria Water Company was held to-day. Captain William J. Boothe was elected a director, to fill the vacancy occasioned by the death of William G. Cazenove. The election of the President of the company was postponed until a subsequent meeting. The Board then adjourned.

RAIN AND HAIL.—There was a most copious and pleasant shower of rain yesterday evening, accompanied by thunder and lightning, which considerably cooled the atmosphere and cleared the streets. In the country, near Cameron Mills, the rain changed to hail, some of the stones being quite large.

SERENADE.—His Honor, Mayor Kemper, was serenaded last night by Bowden's Band, composed of colored men. The Mayor appeared and thanked them for the compliment paid him.

Mem. from Society Journal: "Miss S. appeared to positive disadvantage because of cloudiness of complexion and—must we write it?—Pimples spoiling an otherwise beautiful countenance." (She should by all means procure and use Dr. Bull's Blood Mixture.—Rep.)

W. C. V. M. & G. S. RAILROAD EXCURSION TO WHITE SULPHUR SPRINGS.—Commencing Saturday, the 25th instant, round trip tickets to White Sulphur Springs will be offered at Alexandria and Washington offices at \$9.00. Sold only for train leaving Washington at 6:50 and Alexandria 7:20 Saturday evening, and good to return by any train until the Wednesday following. S. SPENCER, Sup't. Transportation.

The "Workmen's" Party.

ALEXANDRIA, VA., Aug. 21, 1877.

To the editor of the Alexandria Gazette: DEAR SIR:—Will you please have the kind press to these two notices in your paper, from the National Republican of yesterday, under the head of "Shades of all Opinions," so that the true workmen of this city may see who the so-called workmen are, and what they are playing for.

A TRUE WORKINGMAN.

THE OHIO WORKINGMEN.

If reports speak the truth the Ohio workmen are already at loggerheads in their attempt to get up a political revolution. They declare that a display of sympathy towards the aspirations of men who would never be prominent did they not resort to the arts of the demagogue. Now the average American mechanic is not easily misled. He reads a great deal and thinks for himself. He knows who his friends are and takes no stock in third rate politicians, who, making a loud demonstration in behalf of labor, are only contriving some plan whereby their fellow workmen can support them. The hollows of the labor movement in Ohio is already apparent, and will doubtless soon end in ludicrous failure.—Buffalo Commercial Advertiser.

DISOUSTED REPUBLICAN WORKINGMEN.

If any one wants to know what the workmen's party in Ohio intends to do, they can readily find out from a moment's consideration of the fact that every nominee on its ticket has been taken from the republican ranks, and is an old machine politician. It is simply a vent hole to let off the pent up indignation of the republican sore-heads.—St. Louis Republican.

DERIVATION OF HOODLUM.—A slang word in common use, "hoodlum," was maltraced at its birth in this way: A newspaper man in San Francisco, in attempting to coin a word to designate a gang of street arabs under the beck of one Muldoon, hit on the idea of dubbing them the hoodlums; that is simply reversing the leader's name. In writing the word the strokes of the d did not correspond in height, and the compositor took it for hoodlum. Hoodlum it is, and probably ever will be.—N. Y. Sun.

LAND SALES.—The following land sales were made at Fairfax Court-house on Monday:

Hibernia, containing 30 acres, to S. D. Watkins, at \$20 per acre—Thomas, J. M. Lova and Moore, commissioners. House and lot at Falls Church, belonging to J. D. Brush, to M. B. Harlow, at \$825.—Thos. Moore, commissioner.

The market to-day was more active, and prices of grain have advanced. Flour is unchanged, and transactions are restricted to local purposes; there is no likelihood of an advance, the prices now being too high for wheat. Wheat is stronger and higher, and 3028 bushels sold to-day at 120a130, as to quality. The light receipts of Corn for the past few days has caused an advance, and to-day white sold at 69, and mixed at 57 and 58. No sales of Rye reported, and 670 bushels of Oats brought \$1. Butter and Eggs are scarce, higher and wanted.

From Washington.

[SPECIAL DISPATCHES TO THE GAZETTE.]

WASHINGTON, Aug. 22.—The constant presentation of Postmaster General Key during the President's trip North as on the stool of repentance for his connection with the cause of the South, and his iteration and reiteration of the idea that he feels that he was wrong then, but is right now, is much criticised here.

VIRGINIA NOTES.

It is understood that the Patent Office will, in a few days, pronounce a final opinion on the Moffett patent, on which Virginia relies for the execution of her new liquor law.

There have of late been two postoffices in Virginia, "Paynesville" and "Faineville," which have occasioned considerable trouble by the interchange of letters. The Postmaster General has determined to get rid of the trouble, and hereafter Paynesville in Culpeper county will be known as Egglestonville.

The Internal Revenue office is in receipt of no late news in relation to the arrest of the officers of that bureau in Richmond.

MAJOR FORNEY REINSTATED.

Several statements having been published to the disparagement of Major Forney, of the Marine Corps, and a further statement being made that he was to be tried by court martial, the Navy Department authorized a court martial. He is not to be released from temporary suspension on Mordey, and proceeded with his command from Washington in the tug Pinta to his post at Norfolk, Va. Whatever irregularities existed in his conduct after return from duty with the array was over-looked, and his universal gallant conduct highly commended.

RECEIPTS OF MONEY.

The following is a summary of the receipts of the United States Treasury to-day:—

Table with 2 columns: Category and Amount. Includes Internal revenue, \$271,464 65; Customs, 604,782 80.

The Strikers' Picnic.

The strikers, who were brought so prominently before the public late, on account of their protracted, but ineffectual struggle with the Baltimore and Ohio Railroad Company for an increase of wages, assembled at Riverside, Baltimore, yesterday morning, for the purpose of marching in a body to a picnic at the West End Schuetzen Park.

They were sixty in number, and had more the appearance of men who were going to a hard day's work than to spend a day on a frolic. Each man wore a linen cap, a pair of overalls, and on the lapel of his coat a silver eagle. Many of them had the word "striker" marked on their caps. At half-past eight o'clock they formed in line, and at nine o'clock they started on their march. H. Eider, marshal, took up the line of march to L. Howard, passing in front of Camden Station, when the band struck up that highly suggestive air, "Hold the Fort." Filting into Bataw street they pursued their march to Baltimore, to Gilmore, to Pratt, to Fulton, and thence to the Park, where they broke ranks, and were soon scattered in small groups. Their appearance as they passed through the streets attracted considerable attention, and many strained their eyes to catch the inscription on the banner: "We are the veterans of the Baltimore and Ohio Railroad, who lost our situations by traitors."

The strikers hardly knew how to pass the hours of the morning at the park, as there were but few ladies present to assist them in getting up a dance. It was not until after dark that the crowd swelled to any proportions, and from six p. m. to nine p. m. visitors arrived rapidly, and at the latter hour there were not less than fifteen hundred persons present. The admission was 25 cents, and three tickets for one dollar. The money was sold, independent of those disposed of at the fair. A large police force was present, but there was no disturbance, and good order prevailed.

Sudden Death in Jail.

NEW YORK, Aug. 22.—After Patrick Fallah, a laborer, aged 52 years, of Grove and Twelfth streets, Jersey City, had been sentenced to imprisonment in the county jail for drunkenness, yesterday, his wife visited him, bringing food and drink. Soon after drinking what was deemed to be milk from the can she brought he fell to the floor in convulsions, his throat turned black, and he died. The sergeant of police, who hurried to the cell, asked the wife what she had given him, and she answered by kicking over the can and spilling the rest of the milk on the floor. The officer secured a little of it, however. She then said that bradly was in the can. The coroner found gaping wounds on the dead man's head, which drew from the wife the explanation that two weeks ago he quarreled with Edward Fitzgerald, and the latter struck him with an iron screw. She didn't know whether the wounds had been dressed or not. The milk brought by Mrs. Fallah to her husband was analyzed last evening and found to contain no poison other than bad whiskey. She was discharged.

Local Brevities.

A Masonic excursion party, one hundred in number, from Orange county, arrived here this afternoon by the Midland train, and left immediately for Norfolk and Old Point on the steamer Lady of the Lake. They will arrive here on their return next Sunday morning in time to take the 8:40 train.

NO MEETINGS.—Last night was the time fixed for the republican ward meetings, but owing to the lack of interest none were held. They will be held on Monday night next.

The negro caulkers who lately struck at the ship yard have all gone to work again at the old prices.

The Combination Sunday School Concert was not repeated at Peabody Hall last night, owing to the lack of an audience.

Messrs. Wm. H. Smith & Co. have received from Capt. Jerry Robb a fine lot of fresh fish, and will have them on sale to-morrow.

COMMUNICATED.

It was remarked in the Gazette lately that a steam roller was to be brought from Washington to be used on the new pavement on King street. It is the most sensible suggestion made by any one of late with regard to that street, and it is to be hoped not too good to be true.

DIED.

This morning, MILDRED P. POTTER, wife of the late J. S. Potter. Her funeral will take place to-morrow evening at 3 o'clock from her late residence in Fairfax county.
