AGRICULTURAL. TO WHEAT GROWERS. "EXCELSIOR."

ANALYSIS.
Ammonia..... 6.20
Soluble Bone Phosphate of Lime..... 25.50
Insoluble Bone Phosphate of Lime..... 6.20
Sulphate of Potash..... 2.85
The most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones. In fine dry powder, prepared expressly for sowing.

A fine nineteen years' experience by the farmers of Maryland and Virginia in the use of "Excelsior," it is their unanimous opinion that an application of 100 pounds of "Excelsior" is equal to from 100 to 200 pounds of any other fertilizer of guano, and, therefore, fully 100 per cent cheaper.

UNIFORM QUALITY GUARANTEED BY THE MANUFACTURERS.
Farmers should see that every bag is branded as above, with the ANALYSIS and OUR NAME IN RED LETTERS. All others are counterfeits. Price \$50 per ton.

A TRUE PICTURE OF WRONG LIFE.
Some of the doctor's patients had been inmates of the insane asylum, many had epilepsies, some were in a state of consumption, some were sterile and impotent, and others again were imbecile or demented and unable to take care of themselves—all caused by that life-wasting disease spermatorrhoea, or nervous exhaustion, resulting from the errors of early youth. These bad habits, the doctor's patients and were cured by Dr. King's warranted remedies for spermatorrhoea, and in his own administration, have effected over one thousand permanent cures within the last twelve months.
