

LOCAL MATTERS.

WEATHER PROBABILITIES.—War Department, Office of the Chief Signal Officer, Washington, D. C., April 17, 1878—10:30 a. m.—For the Middle States and New England northeast to southeast winds, stationary and falling barometer, warmer, cloudy or partly cloudy weather, possibly followed by rain on the coast.

BOARD OF ALDERMEN.—An adjourned meeting of the Board of Aldermen was held last night.

The Board assembled at 8:05 o'clock, with six members present.

The Salary bill for the ensuing fiscal year was taken up on its second reading.

Mr. Smoot moved to fix the salary of the Mayor at \$400.

Mr. Strauss moved to fix the salary at \$50, and make the office one of honor.

Neither motion was seconded.

Mr. Dowham moved to strike out all compensation and make the office an honorary one.

This motion was seconded by Messrs. Smoot and Strauss.

The President suggested that no bond could be required from a non-salaried officer.

Col. Reid, while favoring economy, thought the Board was acting rather hastily.

Mr. Dowham's motion was lost—ayes, 2; noes, 4.

Col. Reid moved to make the commission on licenses one and one-half per cent. Lost—ayes, 2; noes, 4.

Mr. Smoot moved to make the Mayor's salary \$400 and 1/2 per cent on licenses. Adopted—ayes, 4; noes, 2.

Mr. Smoot moved to fix the salary of the Auditor at \$500, instead of \$250.

Mr. Strauss suggested that the offices of Auditor and Clerk of Common Council be consolidated.

The Clerk said that such action was illegal.

Mr. Strauss considered the Auditor's office the most important office in the city.

Mr. Smoot thought the office an important one, but no more so than others, and it used to be filled for less money.

Col. Reid moved to reduce the salary 20 per cent, or to \$720. Carried—ayes, 4; noes, 2.

Mr. Smoot moved to reduce the salary of Superintendent of Gas to \$640.

Col. Reid favored the amendment, so as to treat all alike, although he thought this officer had a good deal to do. Carried—ayes, 5; noes, 1.

Col. Reid moved to reduce the salary of Superintendent of Police to \$640. Carried—ayes, 4; noes, 2.

The salary of Chief Engineer of the Fire Department was fixed at \$40.

The twenty per cent. reduction was applied to the salary of the Commissioner of the Revenue.

The salary of the Clerk of the Common Council was fixed at \$350, and that of the Clerk of the Board of Aldermen at \$160.

The salary of the Messenger of the Board of Board of Aldermen was fixed at \$160.

Col. Reid moved to fix the salary of the Corporation Attorney at \$400, that sum to include all risks, except in the Court of Appeals.

Mr. Smoot asked the Finance Committee as to the prospect of suits.

Mr. Dowham said that the prospect was for plenty of suits.

The motion of Col. Reid was lost by a tie vote.

The salary of the Keeper of the Town Clock was fixed at \$120.

Mr. Strauss moved to reduce the salary of the Clerk of the Committee on Light twenty per cent.

Mr. Smoot opposed the motion, and said the Clerk had a great deal of work to do.

Mr. Strauss said that Board had cut down the Auditor's salary, and he favored treating all alike.

The motion failed for want of a second.

Col. Reid thought that the great trouble of the city was the collection of taxes. He offered an amendment, fixing the percentage at 1, 1/2, 2, 3 and 1/2 per cent. The increase to be one-third of \$1000 collected. Carried—ayes, 6; noes, 2.

Mr. Smoot said that it had been suggested that more had been taken off the salary of the Clerk of the Council than any other officer. He would move to reconsider. Carried.

The bill was then fixed at \$400.

The bill was then put upon its passage and lost—ayes, 4; noes, 2. Not a charter majority.

Mr. Strauss offered a resolution calling on the Keeper of the Alms House for certain information as the number, age, sex, and color of the inmates of that institution. He said that he did this with the view of making some arrangement for letting out the alms house, by which means, he thought, money could be saved the Corporation.

On his motion the resolution was laid over until the next meeting, and the Board, at 9:05 o'clock, adjourned.

Y. M. C. A.—The regular monthly meeting of this Association was held in their room last night, with Job Cason, Vice President, in the chair, and B. D. Stallings, Secretary pro tem.

The meeting was opened with religious exercises, after which the minutes of the last regular meeting were read and approved.

The Executive Committee reported the following names for active membership, who were unanimously elected: Rev. L. H. Pearce, W. H. Sutton, and Frank M. Wood, of the M. E. Church, and N. Boush, of the Baptist Church.

The General Secretary presented his report of the receipts and expenditures during the past month, and was, on motion, authorized to have one thousand monthly meeting notices printed.

The Corresponding Secretary reported that he had received the report of the State Convention held in Staunton, last year; also a letter from the State Executive Committee giving full information in regard to the fourth annual convention of the Associations of the State, to be held in Salem, on Thursday, May 16th, 1878, at which the following topics are to be discussed: 1. Associations in Institutions of Learning; 2. Co-operation in the State Work; 3. Our Relation to the International Work of the Mental, Social and Spiritual Wants of Young Men; 4. Relation of the Associations to the Churches, and requesting the appointment of three delegates from this Association.

On motion the President was requested to appoint three delegates as soon as possible, in order that the Corresponding Secretary may forward their names to the chairman of the Committee of Arrangements.

The several committees presented reports of the work of the Association under their care, and the open air committees were authorized to commence their meetings as soon as the weather would permit.

The Executive Committee, to whom had been referred the matter, reported that they had decided to continue to occupy the present room for one year from the 1st of April, at \$100 rent.

The report was received and adopted, and a committee of three was appointed to wait on the members in regard to their contributions.

The whole matter in regard to the anniversary meeting was referred to the Executive Committee.

Mr. E. F. Witmer said that he forwarded, by request, a copy of the constitution of this Association to Pie View, Fauquier county, Va., where an association was to be organized.

After singing Præteritum, from whom all blessings flow, the meeting adjourned.

BOLD ROBBERY.—About half past twelve o'clock to-day Mr. George N. Duffy had occasion to absent for a few minutes from his jewelry store, on King street, next to the Germania Bank, leaving it in charge of his two little sisters. During his absence two negro men entered the store, and while one of them engaged the children's attention in the front of the store the other slipped behind the counter and stole two trays of rings and a case containing a valuable gold watch from the show case. One of the little girls had her attention attracted by a noise he made, and seeing the case containing the watch under his arm, snatched it away, whereupon he ran out of the store. The little girl then ran for her brother, and he at once notified the police of the robbery. In the course of an hour officers Walker and Arnold succeeded in arresting two negro men at Fishtown who answered the description given by the children, and were afterwards fully identified by them. A part of the stolen rings were found upon them. They gave their names as Silas Frank and John H. Thomas, but these names are believed to be assumed. They were very insolent, and while being searched Frank swallowed one of the rings. They were also recognized by Mr. Charles Adam as having been in his store this morning examining rings. The value of the stolen property will not amount to over \$75.

Since the arrest one of the parties has been recognized as an escaped prisoner from the chain gang. It has also been reported that they attempted to pick the pocket of a lady on the Washington boat this morning.

WEDDING.—The M. E. Church on Washington street was crowded this evening by a large and fashionable assemblage, who were gathered there to witness the marriage of Rev. W. C. Webb, former pastor of the church, but now of Indianapolis, to Miss Susie Harmon, daughter of Allen C. Harmon, esq., of this city. The church was handsomely decorated for the occasion by the lady friends of the bride, who is one of Alexandria's most charming and popular young ladies. A number of the friends of the parties from Washington, Baltimore and the surrounding country were present.

Messrs. G. B. Carlo and O. F. Buggett, of this city, and Dr. George Welsh and Mr. Russell Taylor, of Washington, acted as ushers.

The ceremony was performed by Rev. Dr. Peck, of Mount Vernon Place M. E. Church, Baltimore, assisted by Rev. Dr. Naylor, of the Metropolitan M. E. Church, Washington. At its own home the wedded pair started for their new abode, accompanied by the good wishes of their many friends.

THE EASTERN MONDAY CONCERT.—The grand concert at Saxepta Hall on Monday evening next by the Mendelssohn Society of Washington, under the direction of Prof. J. Remington Fairbank, will undoubtedly be the finest musical entertainment ever afforded the citizens of Alexandria, who should show their appreciation by crowding the house. The "Mendelssohn" is a new organization, but at its debut achieved a great triumph. The sacred cantata or idyl, "Rebekah," the principal feature of the programme, is the master work of the eminent Joseph Barnby, who may be well styled the "English Mendelssohn." The soloists at this concert are among the best of Washington, including Miss Sallie Flinn, noted for her purity of voice and exquisite vocalization, and Miss Emily Rockwood, Miss Florence Eastman, Mr. Edwin Hoff, Mr. A. W. Francis, Mr. S. W. Keen, and Mr. Hamilton Adams, all of whom have distinguished themselves in the first class musical entertainments of our sister city.

THE CANAL.—The Cumberland News of yesterday says:—"The canal was open and ready for shipments yesterday, and four boats left this port. They were the S. H. Sherman, dispatched by the Maryland Company; the Katie and Addie, by the Blaen Avon Company; the J. Soively, by the Consolidation Company; and the J. W. Duily, New Central Company. All the boats were assigned to Georgetown, with the exception of the Soively, which went to Williamsport. The Soively was the only boat loaded this season. "The New Central Company has ordered their canal cars, and will commence shipments regularly to-day, and will probably load five or six boats per day after this. We have not heard of any movements yet on the part of the other companies."

POSTAL CONFERENCE.—Col. John S. Barbour, Major Peyton Roodolph, Captain F. T. Hawks and Mr. Rudolph Fink, of the Virginia Midland Railroad management, left here last night for Richmond to attend the postal conference, which meets there to-day. It is understood that should the proposed new arrangement of mails be made, one train will be withdrawn from the Midland Road.

It is proposed to put on both day and night mail trains over the A. & P. and R. F. & P. Roads in opposition to the proposed boat line via Quantico.

THE NEW CITY BONDS.—The preparations for issuing the new compromise bonds for the Corporation debt are being actively made. A form has already been drawn up by the Auditor, and that officer, together with the Mayor, went to Washington to-day to make arrangements for having it lithographed. It is expected that the bonds will be ready for issue in a short time.

POLICE ITEMS.—The following cases have been tried at police headquarters since yesterday: V. M. James, colored, for disorderly conduct at Fishtown, was fined and discharged. Two boys, for profane language and disorderly conduct, near the Midland depot, were dismissed with a reprimand.

CALL ACCEPTED.—The Rev. Joo. McGill having positively accepted a call to the church in Culpeper, made vacant by the death of the Rev. Mr. Steptoe, will leave his present charge about the 1st of June for Culpeper, to reside near Brandy Station. As yet no one has been selected to take his place in Fairfax county.

CORPORATION COURT.—Judge E. M. Love presiding.—Schwarz & Co. vs. J. E. Hender son; 1. Adversely; decree for sale. Burke vs. Lee; motion for a new trial overruled. Court adjourned until Friday.

U. S. COURTS.—Judge R. W. Hughes presiding.—Several matters were submitted to the judge, but no decrees had been entered up to the close of this report.

Every mother-in-law should recommend Dr. Bull's Baby Syrup for her grand children, and thus keep peace in the family.

NUTRITIOUS COOKERY.—Nothing is so well calculated to promote good health and good humor as light, easily-digested nutritious cookery. With that unrivaled article, DOOLEY'S YEAST POWDER, in the kitchen, elegant, white, light, and wholesome bread, rolls, biscuits, cakes of every kind, and corn bread, waffles, muffins, buckwheat cakes, etc., are always possible in every household.

NOTICE.—A called meeting of the Columbia Steam Fire Engine Co. will be held to-morrow (Wednesday) evening, at 7 o'clock. By order of the President.

In the Senate, to-day, on motion of Mr. Anthony, Mr. Ferry was elected President pro tem., Vice President Wheeler, absent.

A petition from the heirs of the Duddington estate for damages to property in Washington was referred.

The House bill to repeal the resumption act was reported from the Finance Committee with the following amendments.—That from and after the passage of this act U. S. notes shall be receivable in payment for U. S. bonds, now authorized by law to be issued; and on and after October 1, 1878, said notes shall be receivable for duties on imports, and said notes in the volume in existence on October 1, 1878, shall not be cancelled or permanently hoarded, but shall be reissued, and they may be used for funding and all other lawful purposes whatever, on an amount not exceeding in the whole the amount then in circulation or in the Treasury; and said notes, whether then in the Treasury, or thereafter received under any act of Congress, and from whatever source, shall be again paid out, and when again returned to the Treasury they shall not be cancelled or destroyed, but shall be issued from time to time with like quality; and all that part of the act of January 14, 1875, entitled an act to provide for resumption of specie payment, authorizing the retirement of 80 per centum of U. S. notes shall cease and become inoperative on and after said October 1, 1878.

Sec. 3. All laws and parts of laws in conflict with this act shall be, and is hereby, repealed. A resolution calling for information in reference to duties on certain manufactured articles, was adopted.

Mr. Sargent called up the resolutions for the appointment of a commission to make a treaty with the Kingdom of Corea, and spoke in advocacy of a treaty with the said Kingdom, after which the resolutions were referred.

The Burdette bill to allow negroes to enlist in all branches of the army, was called up, and Mr. Blaine opposed the bill upon the ground that if passed it would put an end to the colored element in the army.

Mr. Burdette advocated the bill, which was finally indefinitely postponed on motion of Mr. Blaine—ayes 38, noes 17.

A joint resolution for a final adjournment on the 10th of June, was agreed to unanimously. The Senate then proceeded to the consideration of bills on the calendar, chiefly of a private character.

HOUSE OF REPRESENTATIVES.

In the House of Representatives under the direction of the committees, bills were reported to extend the time for the completion of the Northern Pacific Railroad; also for the construction of the Texas Pacific Railroad, with minority reports; also a bill to establish a Pacific Railroad commission.

Mr. Chalmers reported a Pacific Railroad Funding bill similar to that passed by the Senate.

A bill to repeal the act authorizing the coinage of silver twenty cent pieces was passed.

The bill to provide for postal savings deposits was reported and the bill made the order for May 2.

A bill to regulate the reserve fund of National banks was referred to the Committee of the Whole.

A bill to authorize the deposit of silver bullion and the issue of certificates therefor was made the special order for May 9.

The motion to refer the Senate adjournment resolution to the Committee on Ways and Means was defeated by a vote of—ayes 108, noes 138.

Several filibustering motions were then made. NOTES.

Vice President Wheeler has gone to New York, and Mr. Ferry is President pro tem., of the Senate.

It is understood that the House Judiciary Committee will report the bill repealing the bankrupt act with an amendment changing the time of taking effect for one year from the passage of the bill, instead of at once as proposed by the Senate.

Mr. Conkling flatly denies the reported interview with a N. Y. World reporter published to-day.

NATURE DEMANDS A TONIC when the nerves are unstrung, the food unacted, the appetite is poor or variable, the sleep disturbed, and a general depression of vital power is experienced. Such a state of things cannot long exist without the development of serious disease. The most acute and general involution known is Hostetter's stomach Bitters. This absolute purity of its ingredients, and its botanical ingredients give it a permanent and public confidence, and its surprising medicinal value is admitted by medical men of distinction, by whom it is widely used in private practice. For fever and ague, cholera, dysentery, and all diseases of the liver, cholera, bilious remittent fever, constipation, complacent, flatulent, and all intestinal disorders, it is a thoroughly reliable remedy. It is the anti-bilious specific par excellence of the medicinal districts of this and other countries, where diseases born of miasm prevail, and as a general household remedy it is also universally esteemed.

No one was permitted to enter the house unless they were personal friends of the family or had been intimates of Mr. Tweed. The body of Mr. Tweed was enclosed in an oak casket, six feet four inches long, two inches wide and 18 inches deep, covered with black velvet. A silver plate bore the inscription, "Wm. M. Tweed, died April 12, 1878, aged 55 years." The body was dressed in a black suit. The features were lifelike. Floral decorations were but few. The family consisted of Mr. and Mrs. Douglas, Mr. Geo. Townsend, Coroner Woltman, Sheridan Snook, ex-Supt. Kelso, Sheriff Rilly, Comptroller Kelly, Police Inspector McDermott and several other old personal and political friends of Mr. Tweed. The venerable Dr. Price, of Staten Island, who performed the marriage ceremony between Tweed and his chosen bride a quarter of a century ago, officiated at the service of the dead.
