

MONETARY AND COMMERCIAL.

There is a slightly better feeling in business circles, with some hopes of an improved fall trade. The merchants are relying in larger stocks of goods, and the increased receipts of grain indicate some activity. Though money is considered scarce, on good collateral, an ample supply is obtainable for business purposes at the usual rates. In New York, yesterday, the gold premium ruled at 100 1/2, but closed at 100 1/2 bid, 100 1/2 asked. The money market remains very easy, with 1 1/2 per cent. on call, 3 1/2 per cent. on time, and with prime mercantile paper at 4 1/2 per cent. Government bonds continue steady, but where changed, a fraction lower. At the Stock Exchange there was a quiet market. In Baltimore it is said there is an encouraging activity in many lines of trade, and in all directions the excellent crop prospects give promise of a certain increase in the distribution of general merchandise. The fall season is evidently being prolonged, and orders are being rapidly duplicated, showing a steady and continued consumptive demand. There is no increase in the demand for money, and under a large supply of offering the market is heavy, with rates weak and lower. Loans are quoted at 3 1/2 per cent, the former on Government security, and prime commercial paper at 4 1/2 per cent, the inside figure for a few best known names only. The stock business in the local market is limited, but prices are generally maintained, and in some directions there are indications of a more speculative feeling. City stocks are firm, but are scarce, and are held at extreme limits. The sales are unimportant. The only movement in States is in Virginia. Bonds were firmer and sold at 5 1/2 buyer (C) days, closing 5 1/2 1/2 regular against 5 1/2 1/2 bid on Wednesday. Tax coupons sold at 8 1/2, 1 advance, closing 8 1/2 1/2. Railroad shares were firm and quiet. Baltimore and Ohio common stock closed 92 1/2, and Northern Central at 15 bid. Manassas was firmer and sold at 5 1/2 bid against 5 1/2 bid previously. Virginia and Tennessee were 92 1/2, and Ohio and Mississippi second mortgage 65 bid. We quote: O. A. & M., 75 1/2 bid; O. A. G., 65, 1st, 85; O. A. & M., 64, 2d, 3d; Va. & Tenn., 64, 2d, 3d, 92 1/2 bid; Va. & Tenn., 85, 103 1/2 bid.

WHOLESALE PRICES IN ALEXANDRIA.

Table listing various commodities and their prices, including flour, wheat, corn, and other goods.

The market closes weaker, and the quotations are barely maintained. Flour is heavy, with a decline of 2c on low grades, and transactions are light. The receipts of wheat are good, and to-day the offerings amounted to about 8,000 bushels; the prices ranged from 75 to 80c, though the latter price was paid for a few fancy lots, and is hardly considered a fair quotation; most of the offerings went at 78c to 80c, and the decline is 1 1/2c. Corn is in lighter supply, with sales of all that was offered—700 bushels—at 54c, 55c and 56c to quality. Nothing doing in Rye or Oats, and quotations are unchanged. Butter is a shade lower, though but a little is coming in. Eggs are 2c higher and scarce. Potatoes, Apples and Country Produce generally are higher and wanted. Our quotations for other articles show the change in prices.

RICHMOND MARKET, Sept. 19.—The market is quiet and easy. Sheep and Lambs.—The market shows no change since Monday, the stock held in the pens being of very slowly at previously quoted prices 2 1/2 to 3c, as to quality. A few car loads received this morning will be taken through by their owners. Hogs.—The receipts since Monday foot up some 1,000 head and with very slow sales, the market is weaker—low if any, and these must be selected, with bring over 6c, such sales as have been made have been recorded at 5 1/2 to 6c net. The run continues to be of an improved quality, fully as good as that of those received the early part of the week.

NEW YORK CATTLE MARKET, September 19.—Beef.—Dealers complain of a dull trade in dressed beef at 4 1/2 to 4 3/4 per lb for poor to fair Texas and cow beef, and 6 1/2 to 7c for native sides; some choice and extra native sides reached 7 1/2 to 8c.

Cattle.—Prices have advanced 1 1/2c per lb, and trade was fairly brisk at 5 1/2 to 6c per lb for common to best milk-fair veals, and 5 1/2 to 6c for grassers.

JUST RECEIVED.—A FINE STOCK OF NEW STYLES OF FALL SUITS

—VERY CHEAP. ALL LIGHT WEIGHT CASSIMERE SUITS WILL BE SOLD OUT BELOW COST.

262 KING ST., COR. FAIRFAX

VARIOUS CASES—advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light and red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures dandruff, and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brassy, weak or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft, wavy curls of the hair. It imparts, in its use, lustre and richness of tone to it. It contains neither oil nor dyes, and will not soil or color the hair, yet it lasts long on the head, and keeps it fresh and vigorous. R. S. Druggist and Bro.

AYER'S HAIR VIGOR.—The Liver is the important organ of the whole human system, as it is the source of life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Unstable biliousness, indigestion, constipation, and all the ailments of the Western Continent. Three doses will prove that it is just what you want.

LOCAL MATTERS.

WEATHER PROBABILITIES.—Sept. 20, 1878.—For the Middle States increasing southwest winds, warmer, cloudy or partly cloudy weather, stationary and falling barometer.

THE BURNED CANAL STEAMER.—The Cumberland News says: Our readers will doubtless remember the burning of the canal steamer Star No. 3, at Dam No. 6, by men supposed to be strikers, during the labor troubles in July, 1877, and also the fact that Messrs. Weld & Sheridan, the owners of the boat, had brought suit against Washington county, in which the burning occurred, and against the Kana insurance company for a risk held by them upon the boat. The whole amount sued for was some \$4,000. The suit against Washington county, which was agreed to be a test case for both, was removed to Howard county. Yesterday Mr. Weld received information that the latter case had been compromised for \$1,200, thus virtually settling both on a basis of \$2,600. Particulars of the case will have an especial interest, as the question of the county's liability is involved.

LOUDBON FAIR.—The closing day of the Loudoun Fair yesterday was the occasion for the gathering of a very large crowd on the grounds near Leesburg. The principal attraction was the grand race for all. The entries were Hallie, Top, Tom Field and Bianche. Hallie won the first prize, \$100; Top the second, \$50; Bianche the third, \$25. The running races between negro men were also a source of much interest and fun. The first was for a purse of \$10, in three prizes, and was won by Chris. Sappa, with Harry Russell second and Dave Thompson third. The other race for a purse of \$5, was won by Geo. Washington; Henry Clay second and Andrew Jackson third. Among the exhibitors was L. VanAuken, of this city, who exhibited fine pianos and organs.

Marshall O. Roberts vs. M. D. Carse and W. J. Boethe, in ejectment; judgment for defendants.

Court adjourned until to-morrow morning at 10 o'clock.

UNITED STATES DISTRICT COURT.—Judge R. W. Hughes presiding.—In re Jamieson & Collins; order confirming assignee's report of sale, and order directing assignee to pay bankrupts for services rendered.

The report of Wm. A. Lane, United States commissioner, was approved.

Court adjourned until to-morrow morning at 10 o'clock.

DRESSING.—Relatives in this city received information last night of the death, from yellow fever, at Memphis, of Mrs. Cornelia Plummer, wife of the late B. T. Plummer, and her son, Albert Plummer, aged 26 years. Mr. Plummer, and a son and daughter had already died from the fever, as heretofore noticed in the Gazette, and another son and daughter are sick, but reported as convalescent. The Memphis Appeal of Tuesday says: "Al. Plummer, a faithful attaché of this office, and who, for the past six years, has been steadily employed in our press room, died on Sunday, after an illness of three days. We are slowly but surely passing away. Mr. Plummer is the tenth employe of the Appeal that has passed the Rubicon during the epidemic as heralds, perhaps, of the few yet alive."

ACCIDENTALLY SHOT.—Mr. Geo. Ayre, who resides on Duke street near Pitt, was accidentally shot in the left knee yesterday evening, while handling a pistol in the store of S. Bernheimer, corner of King and Lee streets. Mr. Ayre was about to repair the pistol, which was out of order, and snapped it, being unaware of the fact that it was loaded, when it was discharged, depositing its load in his left knee, as stated above. He was taken to his residence where Dr. French probed for the ball, but failed to find it.

THE FAIR.—It is expected that the track at the fair grounds will be completed to-morrow. The projectors of the entertainment for the knights of this city and Fairfax have determined to have their feast on the track in the fair grounds on the third day of the fair. It is understood that handsome prizes will be offered.

The programme, regulations for judges and exhibition, and other rules pertaining to the successful conduct of the fair have been printed, and will be distributed on the opening of the exhibition.

THE QUANTICO ROUTE.—A meeting of the stockholders of the Richmond, Fredericksburg, and Potomac Railroad Company was called to meet in Richmond to-day, to consider the question of putting on the boat line between Quantico and Washington. It is stated by stockholders of the road that there are indications that the Philadelphia representatives of the English bondholders will propose to go into an election of officers of the road.

WEDDING.—A large number of friends assembled at the residence of Mr. Schlichting, on Queen street, yesterday evening, to witness the marriage of his daughter Bertha to Major Allen Davis, brother of Captain J. V. Davis, of the U. S. Military Cemetery, near this city. After the ceremony the happy couple started on a bridal tour to Cincinnati, being accompanied as far as Washington by a number of friends.

FOR THE SUFFERERS.—The collecting committees, appointed by the Confederate soldiers' meeting, assembled at the Sun engine house last night and made their reports. The amount of cash realized was \$255, which, together with a quantity of groceries, clothing, &c., will be forwarded at once to the sufferers by the yellow fever.

STOCK TRADE.—The stock trade over the Virginia Midland railroad is much heavier now than for a long time past. To-morrow evening about 137 car loads are expected to arrive here from Northwestern Virginia and the Valley.

BOOTS AND SHOES.

POLICE ITEMS.—The only case reported in police circles to-day was that of John Bryant, colored, for an assault on Beverly Washington, also colored, who was tried by Justice Ballenger and released on payment of costs.

FAUQUIER SPRINGS.—A number of persons from this city went to Warrenton to-day to attend the stockholders' meeting at the Fauquier White Sulphur Springs. Among the number were Major Kemper and Mr. G. H. Brent, Commissioners of the State.

The Washington Keeney.

The announcement that Isaac Cohen, the labor agitator, would lead a crowd of unemployed laborers against those engaged on paving work in the various parts of the city, yesterday afternoon, at two o'clock, caused a large crowd to assemble in the vicinity of Cohen's headquarters, on New Jersey avenue. When the hour for the proposed sortie arrived, Isaac stated that owing to some of the transparencies not being ready, the line of march would not be formed until four o'clock. During the interval, as the crowd began to grow impatient, Cohen made a short, rambling address, in which he told his hearers that they would be kept marching until they got \$1.50 per day. If necessary, they would camp out on one of the reservations, and remain until the Commissioners granted them their terms.

This served to keep the crowd in a good humor, but Cohen was too smart to let his men go out to the works on Seventh and other streets; as he had been told that the men employed were not in favor of him nor his teachings. Upon various pretexts he contrived to keep his crowd in subjection until nearly six o'clock, when a procession about 250 strong was formed and marched up New Jersey avenue to E street, down E to Fourth, thence to Indiana avenue, and turned into Four and a half street, over to South Washington.

The procession halted on a commons near the Arsenal, and Cohen formed his followers that they would spend the night there. Preparations were made at once to carry the plan into execution, but at eleven o'clock the order was countermanded and camp was broken. Isaac and his cohorts then retired quietly to their homes, with the understanding that they should meet again this morning at six o'clock. The police authorities anticipated no further trouble, and the reserves, which have been on duty at headquarters for the past two nights, were ordered yesterday afternoon to return to their respective stations.—Wash. Rep. of today.

As radical and effectually as a new government will cleanse the public affairs, Dr. Bull's Blood Mixture will cleanse your blood.

Remarkable cure of an inflamed tear-duct or passage to the eye, without an operation.—Mrs. Gibson, who has a large and extensive confectionery and candy store at No. 25 East 42d street, near the Grand Central depot, has had a passage of her left eye. The enlargement and inflammation were very great. Before submitting to the operation, tried Dr. Giles' Lintment, rubbed in carefully over the inflamed eye. The inflammation disappeared, the passage became clear, and was, through its power, able to do without a surgical operation. Also took the Lintment internally, a teaspoonful three times a day, in a wine glass of water. Sold by E. S. Leadbeater & Bro. Send for pamphlet. Dr. Giles, 120 West Broadway, N. Y. Trial size 25 cents.
