

MONETARY AND COMMERCIAL.

To-day's Baltimore Sun says: "The flow of money into the security investment market still continues, and the dealings yesterday were larger than for some days past, the speculators dividing the attention of operators. State stocks were more active, but Virginia, to which the transactions were confined, were a trifle easier. Consols held at 67 for small and 66 1/2 for large bonds, closing 66 1/2 against 66 1/2 on Monday. Peabody sold at 41 1/2 and 41, closing 41 1/2, and Taxcoupons sold at 81 1/2, closing 81 1/2."

WHOLESALE QUOTATIONS IN ALEXANDRIA

Table listing various commodities and their prices, including Flour, Superfine, Extra, Fancy brands, Wheat, Corn, Oats, Butter, Eggs, Bacon, Hams, etc.

The inquiry for Flour is slightly better, though sales are light, and prices unchanged; but during the early part of the coming month, an improvement may be expected. Wheat is quiet and in light receipt, and small sales were made to-day at 110, 111 and 112; there was no strictly choice Lancaster offered. Corn is scarcely so strong, and receipts have fallen off, and we note sales at 48 and 50 for white, and 43 for yellow. Nothing doing in Bye or Oats. Butter is quiet and unchanged. Eggs are a shade lower.

COMMON COUNCIL.—The Board met last night to consider the new debt compromise act, there being a fair attendance and a general disposition to act in concert. All the discussion which occurred, except in relation to the amounts to be funded by the bill takes effect, related to the wording of the bill. All action was unanimous.

The words "other evidences of indebtedness" were stricken out at the suggestion of the Corporation Attorney, it being intended to fund only the bonds and coupons, but not the outstanding warrants, and the word "forthwith" as to the funding of the bonds was also stricken out by unanimous consent.

The principal amendment, drawn by the Corporation Attorney, provides that the bill should not go into operation, nor any rights be acquired under it until the holders of \$850,000 of the bonds, and \$60,000 of coupon-holders have accepted the compromise.

Mr. Eichberg moved to strike out \$60,000 and insert \$90,000 as the amount of coupons necessary. He said that after the 1st of July there would be \$100,000 of coupons out, and if \$60,000 only were funded \$40,000 would be still cut to pay taxes, and that amount could not be managed by any financial system which could be devised. Having withdrawn his motion temporarily.

Mr. Evans moved to strike out \$850,000 bonds, and insert \$900,000, which was agreed to.

Mr. Eichberg then renewed his motion, but fixed the amount of the coupons necessary to be compromised at \$97,000.

Mr. Smoot asked if the collectors should receive \$20,000 in coupons, and there should not be more than \$80,000 outstanding on the 1st of July, what could be done then?

Mr. Latham—Rescinded the order. Mr. Smoot suggested that "one tenth" of the coupons should be fixed as the amount to be funded, but afterwards moved \$50,000 as a substitute for Mr. Eichberg's proposition.

Mr. Eichberg did not wish to give the brokers or bankers any opportunity to speculate in these coupons, and for that reason he desired to have the amount to be left unfunded as small as possible.

Mr. Broders moved to make the amount of coupons to be funded before the bill takes effect nineteen twentieths of all outstanding on the 1st of July.

Mr. Smoot and Mr. Eichberg withdrew their amendments, and the amendment by Mr. Broders was adopted, and the bill passed—Ayes 12, noes 0.

And, after passing a resolution for printing a circular to the creditors &c., the Board adjourned.

COUNTY CONSERVATIVES.—A large meeting of conservative voters of Jefferson District was held last night at the Scott school house, near the canal basin.

Mr. John R. Johnston, superintendent of elections for that district, called the meeting to order, when Mr. N. S. Wright was called to the chair, and C. F. Lee, Jr., chosen Secretary.

The chair stated the object of the meeting was to elect three delegates to the county convention to nominate officers to be voted for at the election which occurs on the 22d day of May next.

The following were elected delegates to the coming convention: Messrs. Geo. Hyde, P. Fitzgerald and Willis Correll.

Mr. Harrison Hatch was nominated for county supervisor, and the names of Weston Green, John Pendleton and E. B. Pina, all colored, were recommended for magistrates, and Henry Drummer, Tibbett Allen and Geo. Randall Bates, both colored, for constables, for the district.

The chairman refused to put to the meeting the names of some of the colored men above mentioned, when Mr. F. R. Windsor made quite a lengthy speech, in which he counseled the white men and conservatives to be friendly to the colored man, and accord to him at all times his right as a citizen.

Several colored men were present and were very much pleased at what Mr. Windsor said. Delegate Alexander Hunter spoke at length in favor of the rights of the colored man.

Speeches were also made by Messrs. John R. Johnston, F. M. Mills and Richard Johnston upon the same subject.

Several gentlemen from the city of Alexandria, and other districts of the county were present.

The meeting at a late hour adjourned.

THE BRIDGE QUESTION.

The Washington correspondent of the Baltimore Sun says: "There is considerable interest here growing out of the various opinions as to the location of a new bridge to connect this city with the Virginia shore, and to give an outlet into the District for the narrow gauge railway which will within a few years at the utmost be constructed to Falls Church and beyond. The two present bridges are the Aqueduct bridge, a toll bridge, owned by the Alexandria Canal Company and leased by the Alexandria Canal and Bridge Company, and the free bridge on the site of the old Chain bridge, some three or four miles above the town. It was at first proposed to purchase the Aqueduct bridge, but the use of that entails the necessity of maintaining in good order the aqueduct, by which the canal goes to Alexandria, and there seems some disposition to abandon this plan and seek some other location. A bill has been introduced to day in the District committee for a new bridge, with draws, &c., from High street to Annapolis Island, and then across to the Virginia shore, but this site is not popular here, and at a meeting held this morning at the Exchange, resolutions were adopted opposing the selection of any site east of the aqueduct, and recommending the "Three Sister" as a proper site.

Y. M. C. A.—A called meeting of this Association was held last night in the lecture room of the 21 Presbyterian Church. President E. F. Wither occupied the chair, and after religious exercises, the minutes of the last meeting were read and approved.

The Executive Committee presented the name of F. Hutchins, of the Baptist Church, for membership, and he was duly elected.

The General Secretary reported a balance in his hands from monthly contributions, subject to the draft of the Treasurer, of \$9 70.

The amendments to the constitution offered some time ago, on motion, were adopted.

H. W. Beadle spoke in regard to the General Convention of the United States and British Provinces, which convenes in Baltimore, Md., on the 20th day of May next. A cordial invitation was received from that body, urging the Association to be represented.

On motion the Association proceeded to elect delegates, which resulted as follows: Delegates, Rev. L. H. Pierce and Wm. Sommers, alternates, Dr. R. Stansbury and W. Beadle. The delegates were instructed to invite a few of the members of the General Convention to come and hold one day's services here.

On motion of Wm. A. Moore \$10 was appropriated for international work.

After transacting some further business of no public interest, the Association adjourned, the Benediction being pronounced by the Rev. Mr. Pierce.

COLLISION.—During the fog, about 5 o'clock this morning, a collision occurred near Fort Washington, between the tug Kate Wise, Capt. J. C. Graham, and the schooner Martha Washington, which was being towed up the river by the tug Kate, Capt. Joshua Ellis. The tug Kate struck the schooner's stern, and the schooner was forced against the tug Kate and badly crushed on that side, besides carrying away the rail of the tug. Captain Simmons, of the Martha Washington, is jumping aboard the Kate, and his wife, and Capt. James Guy, who was on the bow of that tug, had his hand and breast considerably injured by the breaking of a heavy hawser. The water rushed into the hold of the schooner, but by shifting the ballast to the stern she was relieved and pumped out, and was subsequently towed to this city by the Katie Wise.

A MADMAN.—A man giving his name as Chas. Odell entered the printing office of Ramey & Son, this afternoon, and proceeding to be deaf and dumb, wrote a request to have some hand-bills printed. He acted in so strange a manner that Mr. Edward Evans, Jr., who was alone in the office, evaded him, and he was allowed to depart. He returned, and after listening it, turned to Mr. Evans and told him, "you have found me out, but if you give me away, I will kill you." He then dictated a hand bill which he wanted printed, and Mr. Evans, realizing that he was in the presence of a mad man, wrote what he wished and told him to call at a later hour.

The man left, and the police were at once notified. Officer Smith subsequently arrested the man and sent him to Washington from whence he came.

CAPT. WARREN.—A letter to the Fredericksburg Star from Orange county, this speaks of Capt. Harry Warren, so well and so favorably known to the traveling public, when commencing one of the steamers that plied between the dock and the steamer, "We met Captain Harry Warren, now recognized as one of the most thrifty and excellent citizens of the county. His farm presents an attractive and prosperous appearance. The buildings and laws surrounding his residence are neat and pleasing to the eye, while the taste and judgment displayed, satisfy us that beside being one of the most polite and accomplished steamboat captains, in the past, he is now a most excellent and practical farmer."

RIVER NEWS.—The steamer Jane Mesley has taken the place of the Lady of the Lake on the Norfolk line, and the latter is at the wharf where she will be hauled up, then hoisted and repainted. After this is done the Lake will resume her place on the Norfolk line.

Capt. C. J. Bonville and first officer Posey of the Jane Mesley, have resigned their commissions, and new officers will be assigned to that steamer.

MAY DAY.—To-morrow will be the first of May, which is generally accepted as the beginning of the pleasant summer weather. The day is almost universally greeted with joy by little ones, who then have their first excursion or picnic of the season. To-morrow evening there will be several May dances, among them one at Sarapia Hall by the Beacon Light Association, and another at Pashady Hall by the Lee Society. Various other entertainments are also on the tapis among the children.

REGISTRATION.—The notices of the registrars will be posted in a few days. The registration will commence on the 13th, when all who have come of age or moved into the city since the last election, as well as those who have changed from one ward to another, will be required to register themselves. It is a prerequisite that the State expiration tax be paid before one can vote; and it is hoped that no one will neglect to pay their Corporation option tax also, but the State must be paid.

THE MONTH OF MARY.—The month of May which commences to-morrow is devoted, by the Catholic Church, particularly to the honor of the Virgin Mary. Services in her honor will be held in St. Mary's church of this city at 7:30 p. m. each day except on Saturday, when they will be held at 6:30 a. m., and on Sunday, when they will be performed after Vespers in the afternoon.

POLICE REPORT.—There was only one case reported at the Mayor's office this morning. John Bryant, colored, for an assault on Capt. Wm. King, on October 22, 1878, was locked up for further examination. Bryant was charged at the time of the assault, but succeeded in giving "leg bail."

BASE BALL.—A match game was played yesterday between the Whites of this city and the Second nine of the Howards on the grounds of the latter at the Episcopal High School. The game excited the interest of a large crowd of spectators, resulting in a score of 14 to 6 in favor of the Howards.

MAD DOGS.—A colored man named Lyles was attacked on Columbus street, near Frank's, this morning, by a dog exhibiting all of the signs of madness. The man succeeded in defending himself, and with the aid of some boys killed the dog with bricks, after a hard fight.

RUNAWAY.—A horse attached to a wagon belonging to Mr. John Studds became frightened at an ox on the N. and R. road, near the Duke street depot, last evening, and ran off, smothering the wagon and throwing out Mr. Abe Studds, who was driving. Fortunately, the latter was not seriously injured.

COLLEGE OF PHARMACY.—The annual commencement of the National college of Pharmacy was held in Washington last night, among the graduates were Harry Standford, of this city, and Messrs. N. Head and T. A. Judd, also of Virginia. Mr. Judd was the valedictorian.

FISH REPORT.—Since yesterday's report the receipts of herring have slightly fallen off, while those of snail have increased. At the Fish wharf 6,000 snail and 100,000 herrings are reported. The snail is worth \$6 1/2 per hundred and the herrings \$2 1/2 per hundred.

CHRIST CHURCH.—It is proposed, in a short time, to replace the roof of Christ church and

renew the ceiling. The congregation were thanked last Sunday by the pastor, for their generous contributions for this purpose.

THE CITY DEER.—The Board of Aldermen will have a called meeting to-morrow to consider the amendments to the city debt compromise bill, passed by the Common Council last night.

The United States yacht tender "Julia" is engaged in repairing and resetting buoys in the river.

If there is anything in the "survival of the fittest" Dr. Bul's Baltimore Pills must be "bought in"; they have lived long and do better work than ever.

THE FRESHET AT ALBANY. ALBANY, N. Y., April 31.—The freshet in the river has increased materially since yesterday. The water is now nearly up to Broadway at the steamboat landing, and the transaction of business is seriously interfered with.

THE BLESSING OF STRONG NERVES is recoverable, not by the use of mineral sedatives, but by a recourse to effluvia tonic treatment. Opium and the like should only be used as auxiliaries, and then as sparingly as possible. Vigorous nerves are quiet ones, and the most direct way to render them so is to reinforce the vital energies. That sterling invigorant, Host's Stomach Bitters, will be found all sufficient for this purpose, since it entirely removes impediments to thorough digestion and assimilation of the food, so that the body is insured its due amount of nourishment, and consequently of strength. Rheumatic tendencies and affections of the kidneys and bladder are also counteracted by the Bitters, which is besides a pleasant medicinal stimulant, infinitely purer than the raw excipients of commerce, which react injuriously upon the nervous system.

Dr. W. M. Giles: In the match between the Athletics of Philadelphia, and the Boston Club, played July 13, 1874, at Boston, I fell and dislocated my left knee cap. Your agent fortunately happened to be present. He instantly applied your Liniment, and with instant relief, I was able to continue the game. The day following played in Brooklyn, and the day after in Philadelphia; then sailed for Europe. With gratitude I now communicate this fact, and with the desire that every gymnast should know of the good to be derived from your valuable discovery, as without its use I should certainly have been unable to accomplish what I did.

If you are troubled with Spring Fever, get your dropper's 25c. package of a \$1.00 bottle of Laroche's Anti-Bilious Bitters. Be sure to get those manufactured by W. E. Thornton, Baltimore, Md., and you will soon be free from the miserable feeling. They are very good for Dyspepsia and Constipation.

TO THE PUBLIC.—Notwithstanding the strong pressure for "cheap" goods to which most manufacturers have yielded by lowering both quality and price, I have maintained the highest standard of our product while reducing prices by every legitimate means. The people are tired of "shoddy" clothing, bought only from necessity, and the country's improvement is evidenced by the growing demand for better goods. For the spring of 1879 I have prepared one of the choicest stocks of Stylish Clothing I ever produced, and my prices are as low as the cost of labor and material will permit. Terms cash. S. KATZENSTEIN, 310 7th Street, Washington, D. C., Near Pennsylvania Avenue.

VARIOUS CAUSES—Alopecia years ago, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S Hair Vigor will restore faded or gray hair, and red hair to its natural color, or depilate as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brassy, weak or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valuable for the soft lustre and richness of tone it imparts. It contains neither oil nor dyes, and will not soil or color white cambric; yet it lasts long on the hair and keeps it fresh and vigorous. E. S. Leadbeater & Bro.

Final Notice to the Holders of Bonds of the Northern Pacific Railroad Company. UNDER the Plan of Reorganization, ratified by the decree of the Court, the time in which Bondholders should be allowed to participate in the benefits of the Plan, by the conversion of Bonds into Preferred Stock, was left to the discretion of the Purchasing Committee. More than three years having passed since this right was given, and more than nine-tenths of the Bondholders having converted their Bonds, the
