

Alexandria Gazette and Virginia Advertiser

LOCAL MATTERS.

The Weather Probabilities, July 20, 1881.—For the Middle Atlantic States generally fair weather, winds mostly south to west, and stationary or higher barometer and temperature.

THE WARD MEETINGS TO-NIGHT.—Meetings will be held in all the wards of the city to-night at 8 o'clock to elect delegates to the Democratic State Convention, which meets in Richmond August 4th. The meeting in the First Ward will be held at the cyster packing house of McLean & Co., opposite the Gazette (Bldg.). In the other wards the meetings will be held at the usual places. All true Conservatives are expected to turn out and aid in the selection of good men to represent the city in the said convention.

THE CULPEPER MONUMENT TO THE CONFEDERATE DEAD.—The monument to the memory of the Confederate dead, buried at Culpeper, will be unveiled at that place to-morrow, the anniversary of the first battle of Manassas. All the arrangements have been completed, and the ceremonies will be of an imposing character. The monument is said to be a fine work of art. The Alexandria Light Infantry will attend the unveiling, leaving here to-morrow morning on the 7:15 train over the Virginia Midland railroad.

The Confederate Soldiers' Association met last night, with Mrs. M. D. Cora in the chair, and Mr. John H. Zimmerman, Secretary, at the residence of Mr. A. D. Warfield, on R. 1st street, for the purpose of making arrangements to attend the unveiling. It was resolved to attend in a body, and the members were requested to meet at the Virginia Midland depot at seven o'clock to-morrow morning. Gen. M. D. Cora, stating that it was impossible for him to accompany the Association, Gen. Morton Myers was elected Commander for the occasion. Among those present were Hon. James G. Field, Attorney General of the State; The Virginia Midland Railway Company, always ready and willing to do its part in promoting the interest of the good old State, and catering to the wants of her citizens, has made extensive arrangements to transport the large number of both military and civil associations to Culpeper at very low rates. A special train will leave Alexandria at 7:15 in the morning, and arrive in Culpeper at 11, leaving there about 7 p. m., and arriving in Alexandria about 9 p. m., thus giving ample time to all to spend a pleasant day, and return at a reasonable hour. The round trip has been put at the low rate of \$1.85.

Ample preparations have been made to ensure a cordial reception in a substantial way to all who attend. As this is an occasion which appeals to the heart of Virginia, it is expected and hoped that there will be an outpouring of the people to show their devotion to the brave men who gave their lives for their country.

THE C. & O. CANAL.—The board of directors of the C. & O. Canal Co. held the first meeting since the election of the new board at Barham's Hotel, Baltimore, at noon yesterday. There were present Senator R. P. Gorman, President; Hon. C. Fawcett, Secretary; Hon. G. B. Barrett, H. D. Fawcett, Patrick Hanlon and Maj. Moran, the latter representing the District Commissioners on the board.

Ronj C. Fawcett was re-elected Secretary and Treasurer, and Stephen Gambrell was re-elected Superintendent of the Canal. The salary of each was continued at \$2,000 a year. Mr. Gorman was elected President at the stockholders' meeting which fixed his salary at \$5,000 a year and \$1,000 for traveling expenses.

Mr. Gorman submitted his monthly report, giving an account of the condition of the canal since the last meeting. He stated that the necessary preliminary arrangements for the opening of the locks for the next season, and the arrangements for the purchase of timber, stone and other material required for these improvements, which will be pushed forward at once. It is expected that they four of the locks will be lengthened in time for the opening of navigation next season. Repair bonds will be issued from time to time, as the work progresses, and the proceeds applied to the payment for the improvements. The total amount of the bonds authorized for the purpose is \$200,000, but \$150,000 will be sufficient to pay for the entire work, and of this sum about \$20,000 will be expended this season.

Mr. Gorman devotes an admirable space in the report to the condition of the Cumberland crossing cases, and explained that since his report a considerable amount of work has been done, and the crossing has been considerably improved, and that now the George's Creek Railway has a direct connection with the canal.

The completion of the West Virginia Railroad of which Senator H. D. Fawcett is president, which will traverse the canal in West Virginia, is anxiously awaited, as an additional feeder of the canal. The road will be in working order in about two years.

Y. M. C. A.—The regular monthly meeting of the Young Men's Christian Association was held last night. H. W. B. in the chair, and D. R. Stansbury, secretary pro tem.

After the usual religious exercises and the minutes of the last meeting were read and approved. The Executive Committee reported the names of James H. Baptist Church, and Richard H. Jones, M. E. Church, for active membership and they were accepted.

The General Secretary reported the amount collected for dues during the month \$128. Reports from committees on Sunday afternoon meetings, card services, and other house meetings were received, all showing a strong, active, earnest work at these points.

On motion, the tent belonging to the Association was placed in charge of the General Secretary.

The following committees were appointed for the year: Sabbath Afternoon Prayer Meeting—Chairman, Chas. Herber; James Howlister, Jr., Nevell Greeway, William Lytle, Samuel Wade, A. J. Fleming, Job Curson, C. E. Little, Chas. E. Ward.

Jail Committee—Hickish Patton, Chairman; John T. Boyd, John Cogsw, Fulton Hutchins, Richard G. Jovins.

Colporteur—Richard Hoeberd.

Canal Committee—D. R. Stansbury, chairman.

Ats House Committee—Wm. A. Morris, R. F. Pitts, G. W. Clifford, Benjamin Dudley, Millard Hobson.

No further business appearing the Association adjourned.

THE CUMBERLAND COAL TRADE.—The official report of the Cumberland coal trade for the week ending Saturday, July 16, 1881, states the total shipments to be 50,617,022 tons, against 28,643,68 tons the previous week, and 42,670,023 for the corresponding week of last year, for the year 1880-1881, or 1,016,016 tons, as against 1,105,067 tons for the corresponding period of last year—a decrease of 89,051 tons. This decrease is owing mainly to the fact that the American Coal Company has shipped no coal up to the date named this year.

The American Coal Company commenced loading coal at Cumberland to day, and boats for that company are expected to come here in about a week. Trains left Cumberland over the George's Creek Railroad for the coal fields of the American Company last night.

POLICE ITEMS.—The Mayor had before him this morning E. A. Cooper, colored, for assault on an old colored woman named Annie Taylor; Francis Tucker, a young colored girl, arrested on complaint of her mother, for vagrancy; and Chas. Chapman and Champ Paulsley, colored wagon drivers, charged with violating the police regulations at the Washington and Alexandria railroad depot. Ezio Cooper, a notorious colored ruffian, who has been whipped once for stealing and sent on court for other crimes, was fined \$20 and the costs of the case, the evidence showing that the assault on the old colored woman Taylor was a malicious one. Francis Tucker, after being reprimanded was turned over to his mother. Charles Chapman and Champ Paulsley were dismissed with the understanding that all violations of police regulations at the depot named, in the future, would be punished to the full extent of the law.

Several citizens were reported for failing to remove the grass from the sidewalks and gutters in front of their premises, and summons they should not be faced for violation of the law on the subject.

Justice Thompson had before him this afternoon Thompson Mann, colored, charged with the larceny of a pig from another colored man. The charge of larceny could not be sustained, and the accused was discharged upon the promise to return the pig.

Two boys were locked up this afternoon for disorderly conduct on the wharf.

PERSONAL.—Mr. James Reiter Snoot and family will leave to-morrow for the mountains of Virginia.

Col. Geo. T. Rogers, of the Yorktown Centennial Association, was in the city to day, en route to Potomac Falls, where he has been on a visit to friends in this city, here to day for Newport.

Col. W. B. Wood, of North Carolina, a gallant Confederate officer during the civil war is a guest at the Pointon. He is making a summer trip to the North, and is stopping a few days in this city to visit old friends here.

RAILROAD BRIDGE ON FIRE.—Yesterday afternoon about 4 o'clock the railroad bridge over Broad Run, on the Washington and Ohio road, caught fire from a passing freight train, and was badly damaged. A large portion of the bridge, between twelve and fourteen feet at the east end, was destroyed before the flames could be extinguished. The train leaving here yesterday evening only went as far as Guilford. A large force of men were immediately put to work on the damaged bridge, and this morning trains passed over it as usual.

FIRE IN FACTORY.—Mr. A. J. Sillins, of Boston Station, on the Virginia Midland Railroad, had his stable, corn house, and other outbuildings, one of which contained several iron implements, destroyed by fire yesterday. Loss about \$1,000; no insurance. The fire was of accidental origin.

THE W. & O. R. R. CASE.—It is understood a decision in the Washington and Ohio Railroad case will be rendered at Wytheville to-morrow.

LOCAL BREVITIES.

The Alexandria Light Infantry will drill to-morrow at 8 o'clock.

Rev. L. W. Ross, Jr., of the Episcopal Theological Seminary will conduct services at Meade Chapel, corner Princess and Columbus streets, every Sunday at 6 p. m. during the summer.

Mrs. Annie Hall had an exhibition at her residence, on Cameron street, last night, a beautiful specimen of night blooming cereus. The flower was greatly admired by the large number of ladies and gentlemen who visited the parlor.

The schooner Stephen A. Degrass left yesterday for York River after a load of watermelon. The sloop B. H. Lambert also left yesterday for North Carolina for a cargo of the same fruit.

A Fool once More.

"For the second time my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I met up a small fortune in humbug stuff. Six months ago I saw a U. S. flag with 'Hop Bitters' on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her, she is now as well and strong as any man's wife, and it cost me only two dollars. Such folly pays!"—H. W. L. Detroit, Mich.—Free Press.

FROM WASHINGTON.

Special Correspondence of the Alex. Gazette
WASHINGTON, D. C., July 20, 1881.

The failure attempt to Mahoning Virginia by the influence of federal patronage is still in progress, and striated republicans are being deposed almost daily and their places filled by the white followers of General Mahone. These changes are made by the Postmaster General and the Secretary of the Treasury, but their effect is like that of the homoeopaths, for while they may make democratic converts, they must necessarily drive away republican support, as the old office holders have as many friends as the new. In this connection it may be remarked that letters received here this week from various parts of the State report considerable defection from the Mahone ranks of last November. In one of them it is stated that among the delegates to the democratic convention from Tazewell county is Mr. Thomas Bowen, who was a prominent and pronounced Mahoneite last year.

Professor Gutzkow is still experimenting at the Navy Yard with his apparatus for the manufacture of ice. His experiments, however, have been delayed notably by a defect in a piece of the machinery. The Professor's plan is founded upon the idea of the liquefaction of ammonia by expansion instead of by highly expensive mechanical compression. He says that by his process when perfected ice can be made in the warmest weather at a maximum cost of fifty cents.

The President's condition to day is better than it has been any day since he was wounded. He rested well last night, and ate and relished a hearty breakfast this morning. His physicians meaning that the two recent exacerbations of his pulse and temperature were caused by the solid food he had taken have reduced the quantity of that kind of aliment, but making up the deficit by increasing the quantity of meat essence which he seems to enjoy. He is gaining health and strength hourly, and will soon be able to take his longed for trip on the steamer Dispatch.

Quince, the assassin, now that he knows the President will recover, and that consequently he will not be hanged has resigned his habitual associates, and demands that he be allowed to walk in the rotunda of the jail for exercise, have two newspapers a day, and receive his meals from a restaurant. He manifests no desire, however, to extend his walks beyond the limits of the jail.

The officials at the State Department say the reason why Col. Mosby has not received a furlough is because he has not applied for one in the regular way and according to the prescribed form. His friends at home have applied for one for him, but the rule is that he should make the application himself. He has removed his wife and child, young Brooke, of Warrenton, to the White House, and the department has not yet confirmed that appointment.

The crowd that formerly swelled around the entrance to the White House has entirely disappeared, and there is a perceptible diminution in the number of letters, telegrams, and resolutions of respect and sympathy received there. The callers also have fallen off considerably, and barring the President's personal friends, are almost entirely restricted to that influential class of office seekers who vainly imagine that the soliditude they manifest on the President's account will, by some occult process, help them to the attainment of their longed for office.

Among those frequently seen standing about the entrance gate is an old negro familiar to all Alexandrians, and who goes by the name of Chief Justice Marshall. U. S. troops still guard the approaches to the White House.

The report that General Barham, of New York, who is reported to have received a wound somewhat similar to the President's, has been sent for, is said by the President's physicians to be entirely untrue. They say that Barham was shot through the hip; that therefore his wound is not like the President's, but that it is more an examination of it now would afford them no help in their treatment of their distinguished patient.

Flour is steady and firm. The receipts of Wheat have increased, and the prices have advanced, and 4,000 bushels were sold to day at 123, 124 and 125 for Fall, and 126 and 127 for Lancaster. Corn continues scarce, and small lots of white brought 61. No Rye or Oats reported. Butter is scarce and high. Eggs are lower. Other articles unchanged.

ALEXANDRIA CATTLE MARKET, July 20.
Prices to-day ranged as follows:

Cattle, very best.....	41 a 54
Good.....	5 a 61
Medium or fair quality.....	44 a 47
Ordinary.....	31 a 41
Calves.....	31 a 41
Sheep.....	4 a 44
Lambs.....	6 a 13
Hogs.....	61 a 74

The supply of cattle this week was about equal to the demand, and prices were not high as last week and the quality of the offerings was fair, no tops being among the offerings which consisted mostly of good and mediums. Calves in fair request. Sheep dull. Lambs in good demand; Hogs dull and nominal. Cows and calves in better enquiry.

NEW YORK CATTLE MARKET, July 20.
Beef—A bunch of 817 Texas, 919 lbs average, changed hands at \$13.50 per lb. Not enough traffic in Beef Cattle to make a quotable market. Beef sides were dull at 67c per lb for Texas, and at 75c for native sides; prime and extra beef sides ranged from 92c to 94c per lb.

Calves—Quiet market at 44c per pound for grassers and buttermilk Calves, and at 34c per lb.

Sheep and Lambs—Trade was extremely dull, and Lambs were a fraction lower. A few choice Jersey Lambs sold at 30c per lb, and some poor Virginia do at 6c, and some very common Calves at 30c per lb. Otherwise the sales were at 42c per lb for sheep, and at 6c for Lambs. Dressed mutton sold at 81c per lb; dressed Lambs at 11c for decent to prime.

Hogs—Nothing doing in live Hogs. Shippers have learned better than to send hogs to this market, and to hold until they get a better price. Dressed Hogs were holding for \$8.00 per 100 lbs, with some of the sales at \$7.75.

QUENSTOWN CATTLE MARKET, July 19.
130 cattle offered all of which sold at 44c per lb 100 lbs, and 5 extra Ohio cattle selling at 6c. Bulls and Cows sold at 42c. Market quiet with scarcity of good cattle. 420 sheep and Lambs sold at 30 a 40c per lb, for old sheep and 45c for Lambs. Milch Cows at 20 a 45c each.
