The Weather Probabilities, Jan. 9, 1882 - For the Middle Atlantic States clearing, slightly cooler weather, northwest to southwest winds and rising barometer.

DEATH OF JUDGE CHILTON.—Judge Alexander W. Chilton, after a lingering and painful illness, died at his residence, corner of Prince and Pitt streets, yesterday afternoon about 3 o'clock. The Judge had been suffering for months with a complication of diseases, but Bright's disease of the kidneys was the immediate cause of his death. He was born near Kingston, Canada, in 1835, and consequently, at the time of his death was in the 47th year of his age. From Canada he removed to Saratoga, N. Y., where he studied law with Henry A. Hart, etc.

During the war he was captain in the 10th Vermont Regiment, and for two winters served as judge advocate of the court of which Gen. J. W. Keitt, now Speaker of the U. S. House of Representatives, was president. At the expiration of his term of service in the army he was appointed to a position in Washington, which he resigned and came to this city, where he has made his home ever since. He was a prominent democrat in the Seymour and Blair campaigns, doing good service as a member of the Army and Navy Union of Washington. He was appointed assistant commissioner of the Alexandria canal, and subsequently held the same position for the city, under his brother-in-law, Col. William Kirkcubbin. He also held the positions of notary public, master in chancery and commissioner of accounts of the Corporation Court, commissioner in bankruptcy of the United States Courts, and commissioner under the Court of Claims to take testimony in cases for damages arising under the late war. In January 1879 he was elected by the reorganizing Legislature Judge of the Corporation Court of this city for six years, to succeed Judge Charles E. Stuart. Judge Chilton married Martha, the third daughter of the late Alexander Kirkcubbin, of Maryland, who survives him. A portion of the Judge's family, who reside at Frazier City, Minn., was with him in his last illness.

A meeting of the bar of the city was held this afternoon to take some action in regard to the death of Judge Chilton, with Mr. G. W. Watkins in the chair, and Mr. Leonard Marbury secretary.

The motion, Messrs. S. Ferguson Beach, Edmund Burke, and S. G. Hunt, were appointed a committee to prepare resolutions in honor to the memory of Judge Chilton, who presented at a meeting to be held at the next term of the court.

A resolution was adopted to attend the funeral of Judge Chilton to-morrow morning in a body. The meeting then adjourned.

Judge Chilton's death was announced in the Corporation Court this afternoon, where upon the court adjourned till Wednesday morning.

The funeral of Judge Chilton, which will take place to-morrow morning at 11 o'clock, will be attended by Alexandria Washington Lodge of Masons, of which he was a member.

A LONDON FOG.—A dense fog, similar to that which frequently plagues the city of London, settled over this city yesterday morning and a portion of today. On the river so thick was the fog that navigation was impossible. All the steamers due here were detained. The George Henry due here Saturday morning from Norfolk did not arrive till yesterday. The Lake was also delayed by the fog. The Arrowhead of the lower Potomac route due yesterday did not arrive here till this morning, and the fog still hangs about the city. No collisions are reported.

YESTERDAY AFTERNOON the telegraph operators on the line of the B. & O. R. R. between Shepherd's and Uniontown, started from Shepherd's for this city in a small boat. The fog being so dense they lost their reckoning, and fearing they would be run over by some steamer they all commenced yelling for assistance. Capt. Robert Griffin hearing the cries for help went to the distressed crew, and finding them a short distance from the Potomac Ferry wharf he took them to this city. The young men stated they had been in the river for two hours.

About twelve o'clock to-day the fog came out brightly and the fog lifted.

CORPORATION COURT.—Judge S. Bassett French presiding.—N. Rohr vs. Julius Drougas; demurrer to special plea sustained.

Com. vs. Ann McNamara; appeal; verdict not guilty and \$100 fine.

The committee heretofore appointed to examine the Clerk's files filed their report upon the condition of the same, which report the Court approved.

The Court directed the Clerk to have certain records returned, the same being on the Clerk's office having reported it necessary for their preservation.

Com. vs. Charles Seale; appeal; motion in arrest of judgment and for new trial and case continued.

Hill vs. Tatembaugh; case and appeal; the court overruled the motion of defendant to quash the appeal issued in this cause.

Ann K. Bell vs. John M. J. Bell; in chancery; decree for contribution for support of plaintiff pending suit.

Hood's adm'r. vs. Hood et al.; in chancery; decree denying the petition of Adams, adm'r. of Hood.

YESTERDAY—RELIGIOUS ITEMS.—The weather yesterday was very disagreeable. A dense fog prevailed all night. The churches were not very largely attended. In Christ Church Rev. Dr. Walker preached in the morning. Rev. J. W. Chickering, sr., of Washington, preached in the First Presbyterian Church in the morning and afternoon. Rev. Otto Hansen, of Baltimore, preached in the German Lutheran Church in the morning. Interesting special religious services were held in the M. E. Church, and M. E. Church South, last week. Rev. Dr. Paulson, of the M. E. Church, and Rev. Mr. Kern, of the M. E. Church South, delivered earnest sermons yesterday. The services will be continued in both churches every night this week.

AT THE SHIP YARD.—The building of the two new schooners at the ship yard, which is now under the management of Messrs. J. P. Aycock & Co., they having leased it for two years, will soon give employment to a large number of men. Already efforts are being made to employ men. Already efforts are being made to employ men. Already efforts are being made to employ men.

THE "INDIA RUBBER MAN'S" BROTHER. On Wednesday last an interesting account was published in the "Gazette" of John Hoffmiller, "the India Rubber man," in which it was stated he had a brother in Alexandria, Va. After diligent search the reporter has been unable to find any one now living in this city by such a name, but he did discover, however, that some time ago a man named Lewis Hoffmiller worked for Mr. Julius Drougas; that on leaving the employ of Mr. Drougas, he went to Washington, where he is now living. This Lewis Hoffmiller probably the man alluded to as the brother of the greatest curiosity in the world.

PERSONAL.—Miss Charlotte Kemper, sister of Corporation Attorney E. C. Kemper, of this city, sailed from New York Saturday last, on the steamer House, for Br. Zil, to take charge of the Lutheran Presbyterian Female School connected with the Campion Mission. Having been with the teachers of Miss Baldwin's school at Stanton, Md., for the past ten years, Miss Kemper carries with her a host of new friends who will value her services.

Mr. P. P. Hume will shortly leave here for St. Marks, Florida, to take a position in a business house at that place.

LOCAL BREVITIES.

THE IRON WORKS.—The work of manufacturing iron was commenced at the works of the Potomac Manufacturing Company in this city to-day. From seven o'clock to twelve o'clock this morning six boats, over nine tons of iron, were turned out from the roasting furnace, giving great satisfaction, not only to Capt. J. Books, the Superintendent, but to all the other gentlemen interested in the enterprise. A car load of iron ore arrived at the works to-day from off the line of the Virginia Midland Railway. Two "puddlers" from Baltimore, also arrived there to-day, and to morrow the manufacture of iron direct from the ore will be commenced, the new puddling furnace being already for operations. Capt. A. Ober, President of the company, is another column of the "Gazette," advertiser for 1,000 tons of scrap iron.

THE WASHINGTON ZITHER CLUB CONCERT. The Washington Zither Club, assisted by the Beethoven Quartette, will give their first grand concert at Armory Hall, in this city, Thursday evening next. The concert will be under the leadership of Prof. Adolph Mausk, late leader of the Zither Club of Strasburg, Germany, and one of the most distinguished performers on the Zither in the world. The concerts of the club, for charitable purposes, in Washington, were attended by large and fashionable audiences, and there is no doubt the members of the club will be gratified with the reception they receive in Alexandria. Among those who will take part in the entertainment is Master Albert Stein, son of Mr. Lewis Stein, of this city, who is an excellent performer on this charming instrument.

PARALYZED.—Capt. James Hammond, an old and respected citizen, was stricken with paralysis Saturday last, at the Citizens' National Bank, where he has been engaged as private secretary for the past eleven years. He was assisted to his home, and medical aid summoned. An examination revealed that the attack was only a slight one, and this morning his condition was greatly improved.

Police Officer Robert Tomlin, who was paralyzed a short time ago, is now improving.

POLICE NEWS.—The only prisoner before Mayor Beckham this morning was Hugh Strider, arrested yesterday for being drunk and disorderly, and threatening the life of his brother-in-law, Robert Davis. He being found guilty of all the charges the Mayor required him to give a bond of \$100 for his good behavior for twelve months. Failing to give the bond he will go to jail, until on to the chain gang for six months.

CONSECRATION OF A BISHOP.—Rev. H. Mackey Northrop for some time past Vice Apostolic of North Carolina, was consecrated bishop of that see at the Cathedral in Baltimore yesterday, which was filled to its entire capacity, and thousands of people stood in the streets in the rain while the procession passed from the Episcopal residence to the church. The high mass was celebrated by Archbishop Gibbons and the sermon preached by Bishop Krane, of Richmond. The consecration was by the Archbishop, assisted by Bishops Becker, of Wilmington, and Gross, of Savannah. Among other distinguished visitors present were Bishops Morris, of St. Augustine; McClosky, of Louisville; O'Farrell, of Trenton; Obadiah, of Vincennes; Kane, of Wheeling; Watterson, of Columbus; Monsignor Quinn, vicar-general of New York; Father John, superior of the Passionist Order, and Father Shaner, superior of the Redemptorist Order. Several hundred priests and seminarians participated in the ceremony.

The Washington correspondent of the Baltimore American says:

"On the Senate side a proposition will shortly be submitted that will give rise to a protracted session. It is a scheme of Mahone's, through which he will propose to secure a readjustment of Virginia. It is based upon the principle that in public debts the indebtedness follows the territory, and that, therefore, West Virginia should bear its proportion of the debt contracted before separating from the mother state. It will propose that West Virginia be held responsible for one-third of the debt, with regular interest. It is claimed by those who have conversed with Mahone as to his future intentions on the subject, that his views, when fully presented, will be found entirely free of any attempt at readjustment."

New York Fire.—Mr. Hivesmeyer, whose cigar factory was burned last night, states that his loss will not exceed \$150,000.
