THURSDAY EVENING, MAY 5

LOCAL NEWS.

For this section threatening weather and rain, southeasterly winds, veering to southwesterly, generally cooler.

REPUBLICAN MEETINGS.—Pursuant to call, the republicans of the county met in their respective districts last night to choose delegates to the convention to meet on the 11th instant, to nominate candidates for the county offices. The fight appears to be principally for the office of commissioner of revenue, for which H. Holmes, the present incumbent, and J. W. Wormley, both colored, are the candidates.

In Jefferson district T. Allen, W. Wormley, John Pendleton, Thomas Owens and I. Green were chosen delegates, two of whom it is said, are for Holmes and three for Wormley. T. Allen acted as chairman of the meeting. In Arlington district the meeting was of a most disorderly character, and adjourned without making nominations. The Holmes men, it is said, were largely in the majority, but W. A. Rowe, who was a Wormley man, acted as chairman. Mr. Edmund Burke, who is a candidate for Commonwealth's Attorney, spoke at both meetings. In Washington district delegates were elected.

THE SUMMER NORMAL SCHOOL.—In answer to a strong appeal from the City Superintendent of Schools for the location of one of the Summer Normal Institutes here, the following letter was received yesterday:

COMMONWEALTH OF VIRGINIA, DEPARTMENT OF PUBLIC INSTRUCTION, RICHMOND, May 3d, 1887. Prof. Richard L. Carne, City Superintendent Public Schools, Alexandria, Va.: DEAR SIR—Your favor of the second instant calling my attention to the advantages your city offers for a summer normal, has been received. I have been considering the location of the Institute, and have concluded it would be wise to make no definite arrangements until the meeting of the Superintendents, May 18th. You will then have an opportunity to express your views. In the meantime I will carefully consider the matter, and we will endeavor to make a judicious selection of the points at which Institutes should be held. Very truly yours, JOHN L. BUCHANAN, Superintendent Public Instruction.

Board has been secured for 355 ladies and gentlemen, independently of the hotels, should the meeting of the Institute be held here, of which Supt. Carne is now sanguine.

ACCEPTS THE NOMINATION.—Mr. J. S. Douglas, recently selected by the citizens' committee as a candidate for the Mayoralty in opposition to the democratic nominee, has accepted the nomination. The following is his letter of acceptance:

ALEXANDRIA, VA., May 5, 1887. D. F. Wadley, esq., chairman Citizens' Committee: Dear Sir—You are respectfully advised of the receipt of your letter, informing me of my selection as a candidate for the Mayoralty on the citizens' ticket, and in reply to express my sympathy with your movement, so far as its efforts tend to the prosperity of the city in which we have a common interest, by a liberal policy in all matters of legislation that will encourage immigration and capital and active works to our city, and by a just and impartial execution of the laws, giving security to property and maintaining the peace and well being of society. Fully appreciating your confidence I accept the position tendered and will try by all means in my power, if successful, to merit the confidence of the whole community by a faithful discharge of the duties of Mayor. Respectfully yours, JAS. S. DOUGLAS.

OLD DOMINION BOAT CLUB.—At a meeting of the Old Dominion Boat Club, held last night, the following officers were elected for the ensuing year: Francis Hufty, president; J. K. M. Norton, vice president; N. P. T. Burke, secretary; H. R. Burke, treasurer; L. E. Usher, captain; Ashby Miller, first lieutenant; C. H. Yobe, second lieutenant; F. Hufty, H. Smoot, A. Bryan, F. F. Marbury and J. T. Burke, board of directors. Three new members were elected, and arrangements were made to secure the services of an expert trainer, in order that the crew may go into training at once for the regatta. About \$250 have been subscribed by the citizens to the regatta fund.

RAILROAD OFFICERS.—The Richmond and Danville Railroad Co. has assumed control of the East Tennessee, Virginia and Georgia Railroad. E. B. Thomas, general manager of the Richmond and Danville Co., will have charge of the East Tennessee Co. in the same capacity, with headquarters in Washington. Henry Fink has been appointed vice president of the consolidated company, with office at Knoxville. Major Peyton Randolph will be assistant general manager. C. H. Hudson, late manager of the East Tennessee system, is, under the new organization, general superintendent of the lines of that company. Sol. Haas is general traffic manager.

POLICE REPORT.—Last night was cloudy and warm with two prisoners at the station house.

The Mayor this morning disposed of the following cases: Jan. Drowns, arrested by officer McCann, for disorderly conduct, was bound over to keep the peace.

A small boy arrested by special officer Camp, charged with stealing eggs from the depot of the V. M. railway, was discharged. A young lady, charged with assaulting a child of a neighbor, was fined \$1.

PERSONAL.—Mr. R. A. Becht, of Cincinnati, a prominent member of the order of Knights of Pythias, is in the city on business connected with that order.

A note received at this office to-day from Capt. J. V. Davis says he arrived safely at Little Rock.

DEAD.—Mr. Geo. K. Gluyas, a prominent citizen of California, died at his home at Saint Helena, in that State, on the 25th ult., in the 75th year of his age. He lived in this city when a young man and married a sister of Capt. W. J. Booth. About two years ago he paid a visit to his friends here.

FISH.—Since yesterday's report about 300,000 herring and 1,500 shad have been received at Fishtown. Herring sold at from 50 cents to \$1.50 per thousand, and shad at from \$6 to \$10 per hundred. The increased receipts and the warm weather have had the effect of lowering prices.

ARRIVED.—Capt. F. L. Norton with his steam launch and two life saving boats arrived here this evening from Lewes, Del., where he has been experimenting. He was detained down the river by the giving out of his coal. He says he will at once put his new yard here in order and will soon commence operations.

A Bargain in Corner Lots is what most men desire, but to keep from filling a grave in a cemetery lot ere half four days are numbered, always keep a supply of Dr. Pierce's "Golden Medical Discovery" by you. When the first symptoms of consumption appear lose no time in putting yourself under the treatment of this invaluable medicine. It cures when nothing else will. Possessing, as it does, ten times the virtue of the best cod liver oil, it is not only the cheapest but for the pleasantest to take. It purifies and enriches the blood, strengthens the system, cures, blotches, pimples, eruptions and other humors. By druggists.

LOCAL BREVITIES.

Sturgeon is selling in the market at 8 cents per pound. The regular monthly meeting of the City School Board will be held to night.

Marriage licenses were issued in Washington yesterday to Chas. A. Violet and Annie M. Crouch, both of Fairfax county, and to Harrison Thompson, of Fairfax county, and Florence Hollis, of Washington.

At the Choral Union concert in Washington last night, the soloists, Miss Edna Gray and Mr. Warren S. Young, were warmly received and heartily applauded. The young lady and gentleman will sing at the Alexandria Church Choral Union concert to-morrow night at the Opera House, and will doubtless be greeted by a large crowd.

The deed of sale by Capt. S. English, of this city, to Mrs. E. Key Buchanan, of Washington, of the square of ground bounded by Lee, Fairfax, Jefferson and Greene streets, and improved by a two-story brick house, for \$2,100, was signed to-day.

The golden wedding of Mr. and Mrs. Wm. F. Atwell, as noted in yesterday's Gazette, took place last night at their residence, on South St. Asaph street, and was numerously attended by relatives and friends. The evening passed off most agreeably and the occasion was heartily enjoyed by all present.

The monthly meeting of the Columbia Steam Fire Engine Company was held last night, when the usual routine business was transacted. The question of visiting Allentown, Pa., was discussed and laid over.

The Fanchon Club gave a hop at McBurney's Hall last night, which was largely attended by ladies and gentlemen from this city, Washington and Baltimore, and all present enjoyed a delightful evening.

There is a report on the streets that the republicans will probably nominate a ticket for the municipal election.

A hail storm of considerable severity visited the vicinity of Round Hill, Loudoun county, yesterday evening.

The National Drill.

Brigadier General Chas. J. Anderson has issued an order in relation to the National Encampment in Washington in which he says: In obedience to General Orders No. 1, of date April 23d, from the Commander-in-Chief, I assume command of all Virginia troops intending to participate in the National Drill and Encampment at Washington, May 23 to 31, 1887. The Colonel of the Third Regiment will arrange with the Virginia Midland railroad for a train to leave Danville at or near daybreak May 23d, with Companies A, H, and K, Lynchburg, on their arrival with Companies E and I, taking up en route Companies D, B, and F; also Batteries D and C, First battalion artillery, and troop C, First battalion cavalry, dismounted. He will report at 12 m., May 23d. The State has no supplies of blankets or overcoats or other material. Regimental and battalion commanders will cause their men, in addition to their equipment, to bring a bedstead made of 2x2 of cotton cloth, or some cheap material, which being filled with straw, can be used for bedding. Each regimental and battalion commander will in advance provide rations for his men, either by transporting rations, cooks and utensils to the camp, or by arranging with some responsible person to have the same supplied in camp. The Committee of the Camp and Drill in Washington will provide in sufficient numbers comfortable wall tents, with clean straw, the camp being pitched in accordance with the regulation. Baggage transportation from railroad station in Washington to camp will be furnished by the National Drill Committee. Should the effort fail that is being now made to have the General Assembly of Virginia provide that the men may vote for their town and county officers in Alexandria on May 26, a furlough of about 24 hours will be granted on proper application, dating from the afternoon of May 25th—no expense whatever of transportation for said purpose being paid from the military fund of the State.

AGAIN A HAPPY COUPLE.—Samuel C. Ballard, a prominent grocer of New Brunswick, N. J., has been living apart from his wife for six or seven years, owing to a slight quarrel, in which he was said to have struck her. She had commenced a suit for divorce, which was resisted by her husband. Three weeks ago the sister of Mr. Ballard, who had been acting as his housekeeper, died. On Sunday Mr. Ballard made overtures to his long separated spouse, and they met, decided to settle their differences and to reunite. Mr. Ballard to pay all charges for the divorce proceedings. On Tuesday Mrs. Ballard returned to her husband, the suit for divorce was ordered discontinued, and a grand celebration of the happy reunion is an event of the near future.

A party of young brutes at Belleville, Can., compelled a reformed drunkard to drink liquor; his old appetite overpowered him, he was arrested, and died very soon after recovering from his debauch.

ANOTHER VOICE OF STRAINED BONEY received to day by J. C. MILBURN.

GREAT MINING DISASTER.

A special dispatch to the Victoria, B. C., Colonial from Nonamo, on the eastern shore of Vancouver's Island, says a terrible explosion occurred in No. 1 shaft of the Victoria Coal Company's mine at six o'clock Tuesday evening. One hundred and fifty men are believed to have been in the mine at the time. At midnight several bodies had been recovered, and a few persons seriously burned were rescued at the same time. They numbered twelve in all. There were little hopes of recovering alive any of those still in the mine. A rescuing party went down, but owing to black-damp were unable to do anything. S. Hudson, of the rescuing party, died shortly after coming out of the mine. The scene around the shaft was most heartrending. A special train carrying surgeons from Victoria arrived at Nonamo at two o'clock yesterday morning. When the dispatch left Nonamo the mine was on fire.

WEDDED THE WRONG COUPLE.—The Hungarians employed in the iron works at Bethlehem, Pa., by their queer language frequently cause trouble, and many serious mistakes are made by them, as well as by those with whom they transact business. Their latest error was rather amusing. A couple of that nationality desiring to be married, called on a justice of the peace, and took along a Hungarian couple to act as witnesses. The strange names confused the well meaning justice, and instead of marrying the first mentioned couple, he united the witnesses "for better or for worse." Some time afterwards, news of his mistake having reached him, he sent word to both the couples to come before him again. When they appeared he divorced the couple he had already married, and then joined the right couple. He then wound up the complication of ceremonies by sending in a bill for two marriages and one divorce.

A NEGRO CHANGING COLOR.—A negro named Wiley Smith, of Boker county, Ga., is said by the Savannah News to be a physical curiosity. Ten years ago he was one of the blackest men to be found in the State, but to-day his skin is of a light gingerbread color. The change in him was first noticed in his finger tips, whence it spread up his arms and then down his body. The backs of his hands are still quite black and dark spots still remain on his face and give it a strangely mottled appearance.

It is claimed that the oldest known tree is the sacred fig-tree of Anarajapoura, in Ceylon. Tradition asserts that it was planted by King Devanipattissa in the year 288 B. C., and its history from that date is preserved by a mass of documentary and traditional evidence. It was described by the Chinese traveler, Fa Hian, in the year 414, and by the earliest Europeans who have seen it, in similar terms. It still flourishes, and is an object of veneration to the Buddhists of the island.

In China artificial oyster culture is largely practiced. Bamboo oyster fields are constructed by attaching old shells to poles which are planted on mud flats between high and low-water mark but subject to strong tidal currents. The oyster spat adheres to the shells and shortly develops into tiny oysters. Then the bamboos are transplanted. In six months they are found to be covered with well-grown bivalves, which are then marketable.

MONETARY AND COMMERCIAL.

NEW YORK, May 5.—The opening of the stock market was steady to firm this morning, first prices generally showing insignificant gains over last evening's final figures. The market was moderately active, and prices were strong from the opening and advances of from 1/4 to 3/4 per ct. were made in the general list. The best prices were not fully maintained in all cases, but at 11 o'clock the market was moderately active and steady to firm. Money easy at 4 1/2.

BALTIMORE, May 5.—Virginia 6s consolidated 53; past-due coupons 65; 10-40s 43; new 3s 66 bid to-day.

ALEXANDRIA MARKET, May 5.—Flour is firm and with a hardening tendency; holders of stocks are careless about selling except at current figures, but the markets have not yet responded to the recent advance in Wheat. The offerings of Wheat on 'Change continue very small, and the demand is active, especially for good grades; futures are stronger and a shade higher, with a rather more healthy tone along the entire list. Corn, Rye and Oats are steady. Produce is weak and easy, except Potatoes, which are wanted at better figures.

BALTIMORE, May 5.—Cotton steady; middling 10 1/2. Flour fairly active and firm. Wheat—Southern quiet but firm; red 94 1/2; amber 95 1/2; No. 1 Maryland 95 bid; Western firm and higher; No. 2 winter red spot 95 1/2; May 95 1/2; 95 1/2; June 95 1/2; 95 1/2; July 95 1/2; 95 1/2. Corn—Southern dull and easy; white 50 1/2; yellow 50; Western quiet and steady; mixed spot 47 1/2; 47 1/2; June 47 1/2; 47 1/2; Aug. 48 bid. Oats steady; Southern and Penna 35 1/2; Western white 36 1/2; do mixed 34 1/2. Rye firm at 57 1/2. Hay quiet; prime to choice Western \$14 1/2 to 15. Provisions steady at unchanged prices. Whiskey steady at unchanged prices.

CHICAGO, May 5.—There was a strong and bullish feeling in Wheat this morning, but it was the only thing on the list that showed any particular firmness. June opened at 84 1/2, and sold to 87 1/2 within fifteen minutes. The clique were very large buyers. Corn opened steady at 40 1/2, and eased back to 39 1/2. Oats also declined 1/2. Lard for June sold at \$7, and ribs at \$7 60 to 7 62 1/2. These articles were firmer and from 7 1/2 to 10c higher. At 11:30 June Wheat was 85 1/2.

NEW YORK, May 5.—Cotton nominal; uplands 10 1/2 to 11; Orleans 11 1/2; futures firm. Flour quiet and firm. Wheat higher. Corn unchanged. Pork firm at \$17; old mess \$15 50 to 16. Lard steady at 87 1/2.
