BALD KNOBBERS ON TRIAL.—The Bald-Knobbers are again on trial in Ozark, Mo., and yesterday the court-room was crowded with anxious spectators. The sheriff stole a march on the populace by announcing that the prisoners would not be brought from Springfield until Monday, and early Sunday morning he stepped, with the captive regulators, from the train at Ozark. Word soon flew to their families and friends, and the jail was crowded with women and children, who pressed their troubled faces against the bars of the jail in their efforts to get nearer. The men, accustomed to active life, showed the effects of their confinement in the narrow cells. Their bronzed faces had assumed paleness, and their manners were less careless. Judge Hubbard opened the court at one o'clock on Monday. He gave instructions to the grand jury that they had a better opportunity to investigate the acts of the Christian county regulators than the former inquiring tribunal possessed, as the backbone of the organization had been broken. Several motions to quash the minor indictments were filed, among them being some that had signified a willingness to testify for the State. At four o'clock, while the court was in session, a wild, weird scene occurred at the jail. The wife of Wm. Stanley rushed in a frenzy from a sick bed, and the frantic shrieks of the poor woman disturbed the somber town as she ran toward the jail with arms outstretched, praying to heaven to protect the innocent and save her imprisoned husband. Her cries were taken up by other women and children, and an excited crowd gathered around the jail, gazing awe-stricken at the sad spectacle. The crazed woman exhorted the crowd for several minutes in a most fervid manner, and was led away exhausted. Just before the court adjourned John Wilson threw himself upon the mercy of the court, pleading guilty to whipping Green Walker. As this is the first plea of guilty for a Bald Knob assault, and there are about ninety-five similar charges pending, the decision of the court is looked upon with the deepest anxiety. Wilson is a Baptist preacher.

DEATH OF REAR ADMIRAL CRAVEN.—Rear Admiral Craven, U. S. N. (retired,) of Washington, died at the Charlestown navy yard yesterday of heart disease. He was about eighty years old. The deceased was born in the District of Columbia, and was appointed midshipman from New Hampshire May 1, 1852. He was commissioned as commander in 1852, and as captain, in 1861, commanded the sloop-of-war Brooklyn, and participated in the attack upon and passage of Forts Jackson and St. Philip, in the Mississippi river. In this action his vessel became entangled in the hulks and rafts which sustained the chain barricade of the river, and while in this situation received a severe fire from Fort St. Philip, and was attacked by one of the Confederate rams and a large steamer. The latter received a broadside from the Brooklyn at sixty yards so well delivered as to end the conflict so far as the steamer was concerned. The ram struck the Brooklyn on the starboard gangway, but the chain armor proved a perfect protection. By this time the Brooklyn had swung clear of the obstructions and passed on up the river to assist in the capture of New Orleans. Captain Craven continued in command of the Brooklyn, taking part in all the engagements along the Mississippi river, up to and including that of Vicksburg, until late in the summer of 1862, when he was detached and ordered North. His commission as commodore followed in 1862, and in 1866 he was commissioned rear admiral. He was placed on the retired list in 1869, while commanding the North Pacific squadron, and afterwards held the post of port admiral at San Francisco.

Dr. Lysaght, of the Bristol, Eng., Royal Infirmary, sacrificed his life in an effort to save a patient. About a fortnight ago a man was admitted to the infirmary suffering from an affection of the throat, supposed to be diphtheria. The operation of tracheotomy was performed by Dr. Lysaght; but, the tube becoming choked, the last chance of saving the man's life was for some one to apply his lips to the tube and suck the moisture. This Dr. Lysaght did, but without avail, for shortly afterward the patient died of suppressed scarlatina. Dr. Lysaght caught the disease in its worst form and died. A window is to be erected in the infirmary in his memory.

Wesley C. Parker went to the Congregational Church in Elm Dale, Kan., on Sunday evening, listened attentively, joined in singing the doxology, and as soon as the pastor had pronounced the benediction, said: "Ladies and gentlemen, I bid you all good-by," and then put a pistol to his breast and pulled the trigger. Parker was 20 years old, and, as he said, had no money and was discouraged. He will probably die.

"I Feel So Well."
"I want to thank you for telling me of Dr. Pierce's 'Favorite Prescription' writes a lady to her friend. 'For a long time I was unfit to attend to the work of my household. I kept about, but I felt thoroughly miserable. I had terrible backaches, and bearing down sensations across me and was quite weak and discouraged. I sent and got some of the medicine after receiving your letter, and it has cured me. I hardly know myself. I feel so well.'"

NEW FEATURES

Randolph Macon College.

For the FIFTY-THIRD SESSION, which opens September 15, 1887, we have pleasure in announcing in addition to the advantages heretofore offered the following new facilities:

I. A general renovation of buildings and improvement of grounds, accomplished during the past session, making our arrangements for the comfort and health of students very superior. Among these we note especially an ARTEMISIAN WELL, furnishing an abundant supply of pure water, absolutely free from the possibility of contamination by surface drainage.

II. The enlargement of our Scientific Course by the addition of an Analytical Professor of Physics and the purchase of a large amount of new apparatus, to be imported from Europe for that department.

III. An entirely new feature is our "Department of Physical Culture" upon the Sargent system, under the care of Professor J. B. Crenshaw, A. M. It is designed to do away with the repulsive college training too often destroys the health of the body in its efforts to develop the mind. It offers a regular course of systematic exercises under a competent instructor, and with apparatus constructed not to test the superiority of one student over another, but to develop each one individually to the best he is capable of. Robustness of health and vigor and grace of body are the objects sought. Striking results have been attained at Harvard University and elsewhere where this system has been tried, and we deem its establishment here an important advance. Those who are specially interested in this feature will please write for our special circular.

IV. The new brick building which is being erected for the Department of Physical Culture will also contain

HOT AND COLD WATER BATHS, SHOWER BATHS, SPRINKLERS, &c., for the use of students.

Attention is called to the reduced expense shown in our last catalogue.

GOLD MINING.

THE GOLD MINING COMPANY.

LOCATION—MUSIC MOUNTAINS, MOHAVE COUNTY, ARIZONA.

(INCORPORATED UNDER THE LAWS OF WEST VIRGINIA.)

CAPITAL STOCK, ----- \$625,000.

NUMBER OF SHARES, 625,000, OF \$1 EACH. FULL PAID AND NON-ASSESSABLE.

President, Hon. W. P. CANADAY.

Secretary, WILLIAM S. ODELL,

Vice President, J. Q. BARTON,

Treasurer, Hon. JOHN B. SHIPMAN,

General Manager, CHAS. W. CUNNINGHAM,

Hackberry, Arizona.

The capital stock of this company is \$625,000, divided into 625,000 shares of \$1 each.

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location, Music Mountains, A. T.) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise.

The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds.

Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wiswell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value. Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the
