

FRIDAY EVENING, JULY 20.

out and told a newspaper correspondent what was under consideration, not only were the galleries cleared to-day, but even the corridors had been closed, and also the correspondents' room and the telegraphic stations. There seems to be no doubt that the nomination will be confirmed by a decided majority.

The House commerce committee held a meeting this morning and heard Representative Lind, a republican free trader, argue in favor of an amendment to the interstate commerce law prohibiting railroads from charging more per mile for a longer than for a shorter distance—for instance, to prohibit the B. & P. Railroad from charging seventy-five cents from Baltimore to Alexandria if it charged only fifty cents from Baltimore to Washington. The committee instructed Mr. Browne to report favorably a bill for a light house at Holland's Island, Chesapeake Bay.

During a debate in the House to-day on a bill providing for State homes for U. S. soldiers, Mr. Spinola, democrat, from New York, in reply to Mr. Kilgore, of Texas, who had opposed the bill, said: "The brave men who had taken the field to save the Union, the men who marched and bivouacked, and fought for the flag of the country, the gentlemen from Texas branded as paupers. He buried the assertion back into the dirty throat from which it emanated. No man should stand in his place on this floor and brand the Northern soldier as a pauper, without his (Mr. Spinola) resenting it."

Mr. Kilgore said that the gentleman from New York had put words into his mouth which he had never used. He had said that it was the tendency of the republican party to enlarge the powers of the federal government and contract the powers of the State government, and that this measure was in the line of this policy. As to the offensive language used by the gentleman from New York (Mr. Spinola) that gentleman was too old a man for him to characterize him in the manner he deserved; but if the gentleman had a benchmark to do his bidding, who would use such language to him (Mr. Kilgore) he would brand him as a liar on the floor of the House." Mr. Spinola withdrew the offensive remark.

In the House yesterday evening Mr. Culbertson, of the Judiciary Committee, reported back favorably the bill for the removal of the political disabilities of Col. John H. Parker, of Tappahannock, Va., which was referred to the Committee of the Whole on the private calendar. Mr. Lee presented papers in the case of the claim of Edwin C. Fitzhugh, of Fairfax county, Va. Mr. McKee, who was arrested and imprisoned here the other day for disregarding an injunction restraining him from drawing his fee of \$800,000, 30 per cent. of the amount of the granted Choctaw claim, was tried to-day and acquitted.

Representative Gains, of the Petersburg district, who has just returned from a visit to his home, when asked this morning if the report was true that Gen. Mabone would run for Congress in his district, replied that he did not know, but that things were very uncertain in that district, and that between Professor Langston on one side and General Mabone on the other, his fate was hard to determine. He said his impression had been that Mr. Hooper and that gentleman's friends were so much opposed to Langston that he, Gains, would get their support. The colored people in his district, he said, understand Prof. Langston pretty well, and consequently are by no means a unit in his support, and that though the Professor had, as had been informed, through democratic influence, been enabled to have some of his colored workers appointed to office, he did not think that would strengthen him among his own race.

The debate on the Mills bill in the House was practically closed yesterday evening. To-morrow Mr. Mills, the author of that bill, will make the formal closing speech, after which, at one o'clock, the vote will be taken. The bill will be passed, Mr. Randall is as yet too unwell to be present, so that his vote will be lost, as no democrat will pair with him. There is a rumor to-day that the finance committee of the Senate, to whom the bill will be referred as soon as it shall reach that body, is considering the advisability of not acting on it and of not reporting a substitute, but of reporting in favor of postponing its consideration until next December and in the meantime of giving all the interests involved a patient hearing, and of preparing a bill in conformity with the information thereby received.

Mr. Frank Hume being asked this morning if the newspaper report to the effect that he might possibly be an independent candidate for Congress was true, replied that it was not; that unlike the President, he was neither independent of nor better than his party, and that though others might disregard and spurn its wise and time-proved policies, he would stand by them to the last, and be found mourning over their destruction as Marius mourned over the ruins of Carthage. "No," said he, "I repeat I am neither better than nor independent of my party. I am in, of, and for my party, rather than for myself, as, unfortunately for it, are too many of the men upon whom it has conferred its most coveted honors. I shall never be an independent candidate."

The conference report on the River and Harbor bill was agreed to by the House this evening. By it the appropriation for the improvement of the Potomac flats, off this city, is reduced to \$300,000. The provision for surveying the ferry channel between Alexandria and the opposite Maryland shore is retained in the bill.

NEWS OF THE DAY.

The Paratonga chiefs, fearing French annexation, have petitioned England to annex their island. Allen G. Thurman says he is in excellent health, and expects to take an active part in the campaign. Fire on the Spanish steamer Asturiano, lying at Ronen, yesterday, caused thousands of barrels of oil to explode, killing eight seamen.

Governor Hill has surprised the New York Legislature by recommending a new aqueduct commission and a constitutional convention. The Senate in executive session yesterday rejected the nomination of Samuel J. Biegelow to be district attorney of New Jersey. The Fuller case was not reached.

The Pope states that he does not intend to leave Rome. He expresses regret that his last note to the Irish clergy in regard to the political situation should have been misinterpreted. Dr. Norvin Greene, president of the Western Union Telegraph Company, said in New York yesterday that he knew nothing whatever about Jay Gould's negotiations for the sale of a controlling interest in that company to the Vanderbilts, as reported.

Queen Natalie was compelled to leave Vienna hastily, having received orders to leave Austrian territory. It is doubtful if she will be allowed to reside in Italy or in any territory under the triple alliance. All of the central powers are banded against her. The Russian Ambassador was the only foreign representative who called on Queen Natalie prior to her departure for Paris.

The charges against the Chicago, Burlington and Quincy strikers, of conspiracy to destroy property of the road, have been sent to the grand jury. Broderick, Bauereisen and Goding, after being bailed, were at once arrested on State warrants. The grievance committee's chairman has issued an address declaring that the charges are trumped up by Pinkerton men, who became members of the brotherhoods for that purpose.

The foal preparations for the search for the treasure on board the British sloop-of-war DeBraak, sunk near the Delaware Breakwater in 1798, are complete and the expedition will start on its mission to-day from Camden, N. J., on a large vessel loaded with ocean charts, maps and nautical instruments. Capt. Charles Adams and Lieut. George P. Blow, of the navy, will have charge of the expedition. Two other attempts have been made to locate the sunken vessel, but they were failures.

VIRGINIA NEWS.

Armour & Co., the rich Chicago meat men, will open a house in Richmond. Governor Lee has appointed Mr. Jacob M. Throne, of Fairfax, a delegate to the Interstate Farmer's Association, which meets in Raleigh, N. C., August 21st.

Governor Lee has pardoned John Weller, colored, sentenced to nine years in the penitentiary by the County Court of Fairfax, May 23d, 1884, for cattle stealing and an attempt to escape from jail.

The Hustings Court of Petersburg yesterday disposed of eighty-six old coupons cases which had been pending since 1855. Pursuant to a compromise made in these cases, verdicts were allowed to go against the Commonwealth.

Last Sunday morning the Episcopal Church at Broad Run, Fauquier county, was dedicated. A report was started by a wag that Mrs. Cleveland would be present, which attracted a large concourse of people, the crowd extending some distance from the church.

Mrs. M. F. Herndon, widow of the late Rev. Thaddeus Herndon, died Monday morning at her home near Delaplane, aged 66 years. She was an earnest Christian lady, and her deeds of charity are known throughout the community. Her death will be regretted by a large circle of relatives and friends.

Henry Martin, of Bentonville, who created considerable excitement on a special train on the Shenandoah Valley Railroad last Saturday, was arrested at his home yesterday and taken to Hagerstown and given a hearing before Justice Middlekauff on the charge of assaulting Capt. Frank Cord, the conductor, with intent to kill. He was, in default of \$500 bail, sent to jail to await the action of the grand jury. Martin, at the time of the assault, was intoxicated. He went to Hagerstown without a requisition.

CONFESION OF A BOMBMAKER.—Frank Chleebou, the brown haired, blue eyed, sweet-voiced fiend, who, with John Hronek and Frank Chepak, schemed to murder Judge Gary, Judge Grinnell and Inspector Bonfield, in Chicago, has made a confession. Chleebou was not locked up at the armory Wednesday, as were the other two, and when Chepak was taken to the Central Station and Hronek to jail Chleebou was sent to an outlying police station. He was not subjected, as were the others, to the ordeal of having his picture taken for the rogues' gallery. Wednesday night Inspector Bonfield, accompanied by two of his Bohemian secret service operatives, clad in workmen's suits, with soft black hats and blue flannel shirts, visited the innocent looking prisoner. The preceding day he had intimated that he was ready to tell all he knew and the inspector went to hear his story. Through the interpreters Chleebou went into the whole story from his first meeting with Hronek and Chepak. His confession was that Hronek had unfolded his plans for revenge, and had told of a bomb which he had invented. It was small, no larger than a base ball, and was to be loaded with dynamite and bits of broken glass. It was denied by Chleebou that the plot was to murder the judges and inspector.

EMBRACED BY A BLANKET FISH.—A few days since Joel Smith, who was engaged in sinking piling in the sand bar foundations for bath-houses below the excursion district in Atlantic City, N. J., concluded as he was wet to the waist, that he would take a bath in the ocean. The ocean was very calm, and he had scarcely entered when something suddenly wrapped about him like a wet blanket. He was close to the shore and got there very lively. He rushed to a saloon and was horrified to find that the thing was alive. It held on by suction and required three men to get it off. A scientist, who is stopping at a hotel near by, pronounced it an albacety catgathous, or what is vulgarly known as the blanket fish. It frequents the waters of the Polar Sea and is only occasionally found away from it. It is sometimes found in the Pacific Ocean as low as the thirty-fifth parallel. It wraps around its victim and by impeding the motions of the limbs causes it to drown. It was dark brown in color, with black specks, and weighed about fifteen or twenty pounds. It was not over an inch thick. It is thought to have been the first one ever caught in this section.—Philadelphia Times.

COL. MOSBY.—The republican State committee should not neglect to secure for service on the stump Mr. Harrison's cousin, Colonel Mosby, now a citizen of California. They stand in need of a drawing card, and there is no better.—Alta California.

ASSOCIATED PRESS DISPATCHES.

Chief Justice Fuller Confirmed. [Special dispatch to the Alexandria Gazette.] WASHINGTON, July 20.—M. W. Fuller, of Chicago, was confirmed in executive session of the Senate at 4 o'clock this afternoon. The vote was 41 against 20. At least 7 democrats were absent, therefore there must have been about 10 republican votes for Fuller.

Proceedings of Congress. WASHINGTON, D. C., July 20. SENATE.

The House bill making the 30th of May (Decoration Day) a holiday in the District of Columbia was passed.

The naval appropriation bill was reported and placed on the calendar.

Mr. Culom offered a resolution, which was agreed to, instructing the Postoffice Committee to inquire into the expediency of allowing an article known as the postal tablet, or private postal card, (the weight not to exceed half an ounce) to pass through the mails at the postage rate of one cent.

The Senate closed its doors at half-past twelve and proceeded to the formal consideration of the Fuller case. A Senator expresses the opinion that it will be disposed of within two hours. At one o'clock the upper lobbies and committee rooms were cleared and the occupants were driven down stairs, so that the doors and windows might be opened without risking a betrayal of the secret proceedings.

After remaining in executive session about three hours the doors were opened and the announcement was made that Mr. Fuller's nomination as Chief Justice of the Supreme Court had been confirmed.

HOUSE.

The conference report on the river and harbor bill was presented to the House. As agreed upon in conference the bill appropriates \$22,277,116.

The report was agreed to.

The House then went into Committee of the Whole on the private calendar.

Emperor William and the Czar. ST. PETERSBURG, July 20.—On the arrival of the German squadron at Cronstadt yesterday the yacht Hohenzollern, bearing Emperor William, steamed into position close to the United States steamer Enterprise at anchor, only one vessel separating the yacht from the American warship. The Enterprise arrived in the harbor yesterday morning. The German Emperor was first welcomed by the Grand Duke Alexis, who was taken to the Hohenzollern in the State barge. As he mounted the ladder to the Hohenzollern's deck he was met by the Emperor and warmly embraced. Emperor William and Prince Henry then entered the barge and were rowed to the Russian Imperial Yacht Alexandra, on which the Czar awaited the arrival of his visitor. The two Emperors met at the gangway and embraced and kissed each other several times. During the voyage from Cronstadt to Peterhof, Emperor William conversed at length with M. De Giers, while the Czar talked with Count Herbert Bismarck, the German Minister of Foreign Affairs. Afterward the two Emperors had a long talk together. No toasts were offered at the State dinner given in honor of Emperor William at Peterhof. Emperor William afterward went for a drive, in company with the Czarina and the Duke and Duchess Vladimir.

The whole Russian press are convinced that the meeting of the Emperors will inaugurate a new era of peace, and feel hopeful that Russian interests will now be considered.

The Novoe Vremya warmly welcomes the Emperor's visit and congratulates Germany upon the success of her efforts to become a maritime power. It hopes that the former relations between the two empires will be restored.

CRONSTADT, July 20.—The Czar and Emperor William intend to confer upon each other the title of Honorary Admiral. The meeting between the Emperors is said to have been extremely cordial.

The Dynamite Conspirators. CHICAGO, July 20.—J. A. Bauereisen, the alleged Burlington dynamite conspirator, was released from the custody of the U. S. Marshal yesterday afternoon on furnishing \$5,000 bonds. He was then taken before a justice and the hearing on the State warrant set for Saturday. Another \$5,000 bonds was given, but Bauereisen was immediately re-arrested on a warrant sent here from Aurora charging conspiracy to destroy the property of the Burlington company. He went to Aurora in charge of an officer and last night after giving bonds in Aurora to the amount of \$17,500 to appear for hearing July 25, was allowed to go to his home.

QUINCY, July 20.—The striking fireman "Lean" Gerry, Frank and John Schell, Arthur Steiner and Henry Bowman, accused of disabling a "Q" engine have been bound over to the criminal court, as was also George Gebhardt charged with placing ties across the rails of the Louisiana division Wednesday night.

Fatal Accident. CHICAGO, July 20.—Disastrous results followed an attempt this morning to pull down an old building owned by the Germania Singing Society, the members of which desired to erect a more pretentious structure. While the work of demolition was going on, one of the back walls facing north Clark street and Grant Place collapsed. A number of persons were caught by the falling mass. The contractor in charge, Charles Wickler, was killed outright. A laborer suffered a similar fate. The other victims were taken out alive. Some were severely injured, but not, it appeared, fatally.

LATER. CHICAGO, July 20.—The contractor, Charles Wickler, was killed outright. A laborer, William Loehr, suffered a similar fate. Contrary to first reports, no other persons were hurt.

Swept Over Niagara.

NIAGARA FALLS, July 20.—Mrs. P. J. Tully, a young and handsome married woman, lost her life yesterday evening by going over the Falls. Mrs. Tully was 22 years old, and came here with her husband from Macon, Ga., a few months ago. Unknown to her husband, she accepted an invitation to go out sailing with Will H. Barber, of the International Hotel. They had gone quite a distance up the river when, in making a tack, the boat turned keel up and drifted down the river toward the cataract, slowly getting nearer the upper rapids. A small boat was sent in haste to their aid and Barber was rescued, but Mrs. Tully let go the capsized boat, to which she had been clinging, and slipped down into the water, her body, almost lifeless, passing under the Goat Island bridge, and going over the American Falls a few seconds later. Mrs. Tully, who had been married three years, was said to be the handsomest brunette at Niagara.

Heavy Storm.

ST. CLAIRSVILLE, O., July 20.—This place and vicinity were visited last evening by a most terrific thunderstorm, with violent winds and a rain-fall that eclipsed the average waterspout. Grain fields were laid waste, the shocked was swept away, and the growing corn is not to be seen. The Bellaire and St. Clairsville, and the St. Clairsville and Northern railroads, are almost entirely washed out. The incoming train on the Baltimore and Ohio was stranded at Echo, and the tralmen and passengers as best they could escaped with their lives, the water, filled with drift, running to the headlight of the engine. Several narrow escapes are reported, and it is feared that a number of lives have been lost. As yet it is impossible to estimate the loss, but this place and vicinity are damaged no less than \$100,000.

Two Men Killed.

INDIANAPOLIS, July 20.—While working on the new soldiers' monument here this morning two men, Abraham Jones, white, and Elijah Middleton, colored, were instantly killed. They were engaged in hoisting stone by means of a huge derrick, when the latter, the timbers of which had become decayed and weak from long usage, broke, the top falling on them and crushing them horribly.

Strange Disappearance.

BERLIN, July 20.—The Neuesten Nachrichten asserts that after Emperor Frederick's death a casket containing confidential reports made to him by German military attaches abroad, disappeared. It mentions the name of a member of Empress Victoria's household as being implicated in the affair.

Drowned.

OMAHA, Neb., July 20.—W. S. Brewer, of Bellewood, Neb., and J. C. Buchanan, of Kentucky, were drowned in the Platte river at Bellewood yesterday while fishing. Buchanan's body has been recovered. He was to have been married in a few days.

Death of E. P. Roe.

NEWBURGH, N. Y., July 20.—E. P. Roe, the author, died early this morning.

General Boulanger.

PARIS, July 20.—Gen. Boulanger's wound has healed. He is convalescing rapidly.

A SOUTHERN RAILROAD DEAL.

Negotiations are reported to be pending between the Richmond Terminal directors and the Norfolk and Western management for the purchase by the latter of all the first preferred stock of the East Tennessee, Virginia and Georgia Railroad held by the Terminal Company. This deal, if consummated, would transfer to the Norfolk and Western control of the entire East Tennessee system, comprising 1,428 miles of railroad and reaching all parts of the South. The Norfolk and Western, the Shenandoah Valley and the Western Maryland railroads have had traffic arrangements for a long while. The Terminal directors told some contradictory stories yesterday about the deal. President Ioman, of the Terminal Company, stated that the negotiations for the stock are now pending.
