

SATURDAY EVENING, SEPTEMBER 15.

THE VALUE OF SALT.—Severe pains in the bowels and stomach are often speedily relieved by the application of a bag of hot salt. A weak solution of salt and water is recommended by good physicians as a remedy for imperfect digestion, and for a cold to the head it is a complete cure, snuffed up from the hollow of the hand. We have known severe chronic cases of catarrh entirely cured by persistent use of this simple remedy every night and morning for several months, when the best efforts of the best physicians failed to do any good. It should be used with warm water. A good handful of rock salt added to the bath is the next best thing after an "ocean dip," and a gargle of weak solution is a good and ever ready remedy for a sore throat. As a dentifrice salt and water is very cleansing, and also hardens the gums. It will also prevent the hair from falling out. When broiling steak, throw a little salt on the coals, and the blaze from the dripping fat will not annoy. A little in starch, boiled or raw, will prevent the iron from sticking. If the iron are rough, put a little salt on a thick brown paper, lay a piece of this muslin over it and rub the iron over it till perfectly smooth. Ink stains are entirely removed by the immediate application of dry salt before the ink has dried. When the salt has become discolored by absorbing the ink, brush it off and apply more, wet slightly. Continue this till the ink is all removed. If new calicoes are allowed to lie in strong salt water for an hour before the first washing, the colors are less likely to fade. Damp salt will remove the discoloration of cups and saucers caused by tea and careless washing. A teaspoonful of salt in each kerosene lamp makes the oil give a much clearer, better light.

The capital stock of this company is \$625,000, divided into 625,000 shares of \$1 each. The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder. The GOLD MINING COMPANY (location, Music Mountains, A. T.) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise. The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds. Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for. A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days. The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value. Within the last few days bona fide sales have been made AT PAR. There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the SECRETARY, Room 40 Le Droit Building, WASHINGTON, D. C.
