SATURDAY EVENING, MARCH 22.

Miscellaneous Items.

Much dissatisfaction over the McKinley tariff schedules exists among republican Congressmen. A dispatch from Cienfuegos, Cuba, says that a fire at the Constancia plantation destroyed 3,000,000 acres of sugar cane. The friends of Governor Hill, of New York do not take kindly to the proposition to nominate Cleveland for President and himself for United States Senator. They want him to have first place. James M. Stewart, of San Francisco, a prominent man, has sued his wife for a divorce because he found the name of Joe Hyde tattooed in India ink on her thigh. Hyde is a friend of the family, of whom Stewart has long been jealous. It appears that the Mormon elders are making special effort in North Carolina this year to secure converts to their faith. It is said that as soon as they gather a dozen together the converts are provided with funds and leave at once for Utah.

MEDICINAL.

SKIN CANCER.

Several cases are reported to see a colored woman who had a malignant form of cancer on her face. The cancer was under the pressure of treatment, but the face and one side of the neck were entirely eaten away. The patient could not have survived much longer, but commenced the use of Stonebraker's Liniment, and it cured her sound well. That, after three years ago, and there has been no return of the disease. I regard Stonebraker's as the best and most perfect medicine for skin diseases, as its tendency is to drive out the poison.

CANCER OF THE TONGUE.

For three or four years I had a cutting sore on my tongue, and it made a considerable hole in it. I became lame in its progress, and went to Atlanta for treatment. The result was that I commenced the use of Stonebraker's Liniment, and the sore was soon gone, without a trace of it left. (Thompson, Geo., Dec. 24, '89. A. Lewis, Treatise on Cancer, p. 111. Free.
