

ALEXANDRIA, VA. WEDNESDAY EVENING, DECEMBER 10.

MR. NOBLE, who was found by President Harrison in a marble quarry up North, and made Secretary of the Interior, says the more than one hundred million appropriated by Congress last year on the pension account acts like grace, "blessing him that gives and him that takes."

EVERY BODY in this country, protectionists and free trade alike, concedes that a tariff barrier between the northern and southern States would be injurious to both, though infinitely more so to the former.

ATTORNEY GENERAL MILLER, a pronounced advocate of the Force bill, in reply to a Senate inquiry respecting the number of election precincts and supervisors of elections in the country, says he has not the means of supplying the desired information.

THE SPEECH made by Mr. Gorman in the Senate last Monday, in which he urged his republican colleagues to abandon their partisan efforts to injure the South, so that something might be done that would at least tend to prevent the impending financial panic, and save the people of the North from the miserable results of such a panic, is conceded by all unprejudiced people to have been one of the most apposite and telling extemporaneous speeches ever delivered in that body.

THE REPUBLICANS carried Boston last year by nearly six thousand plurality; yesterday the democrats carried the city by thirteen thousand plurality.

MR. HOAR'S peach-bloom complexion was brightened temporarily yesterday when Senator Daniel reminded him of the fact that last summer he, Hoar, asserted that it was his purpose to have the Force bill strike at the North as well as at the South, and then added, "the North has taken you at your word and has overruled you."

FROM WASHINGTON.

WASHINGTON, D. C., Dec. 10, 1890. The fate of the Force bill in the Senate is as doubtful as ever, but the resolution introduced in that body to-day by Mr. Plumb, to meet at 10 o'clock a. m., that the morning hour expire at 11, and that there be a delay recess from 5 to 8 p. m., looks as though even some of the lukewarm republican Senators are not opposed to its passage provided that object can be speedily accomplished.

The House committee to investigate the charges of fraud and corruption against Commissioner Baum of the Pension Bureau met this morning. Mr. Lewis of Mississippi offered a resolution that the committee should investigate the statement that Mr. Baum abandoned his office in order to take an active part in the recent canvass against Congressman Cooper, who had brought the charges against him, but the republican members of the committee voted it down.

The following changes in the 4th class of post-offices were made to-day: Briery, Prince Edward county, R. F. Newcomb appointed postmaster vice G. W. Radd,

resigned; Denard, Amelia county, Z. T. Altier, vice G. B. Hamlin, resigned; Homestead, Culpeper county, Eben Shaw, vice S. H. Shaw, deceased; Sudan, Mecklenburg county, W. L. Over, vice P. S. Grigg, deceased; Swanboro, Chesterfield county, Mary E. Broadax, vice Mrs. M. A. Heckett, resigned; Syncline, Loudoun county, T. D. M. Bat, vice W. H. Lowe, resigned; Turner, Brunswick county, A. J. Callis, vice J. H. Farish, resigned.

A meeting of the directors of the new Washington, Norfolk and Old Point Steamboat Company was held here yesterday. The second of the boats of the line will be launched about the first of the new year. These two boats will run at night, but a new boat will be built and put on the line during the coming year that will make day trips. The company has not yet selected its wharf property at Alexandria.

The Georgetown and Arlington Railroad Company, the road that is to run from Georgetown to Falls Church, has changed the charter it is applying for, so that instead of crossing the Potomac on the piers of the free bridge, its passengers and freight shall cross that bridge in coaches and wagons.

At a meeting of the House census committee this morning it was determined by a republican majority that the question of a recount in New York and Brooklyn should not delay action in the consideration of the apportionment bill. From the way the members of the committee talk it is supposed that, as previously stated in this correspondence, the number of representatives will be 550, as by that number none of the State congressional delegations will be reduced.

The bill to improve the road from Alexandria to the National Cemetery near that city, was signed by the Vice President yesterday evening, and was sent to the White House to-day for the President's approval.

The defeat of the resolution to remove the remains of General Grant to Arlington in the House yesterday evening was a great surprise. The republicans opposed it to recover lost ground in New York, and the democrats to maintain theirs. Then, too, all the candidates for the next Speakership voted against it to make a masterstroke with the big democratic delegation from New York in the next House.

Senator Barber was at the Postoffice Department to-day, at the request of people from Franklin, Virginia, to have the mail route from that village to Edenton, N.C., continued by water as at present, and not changed to a railroad route.

Mr. Hawley introduced a bill in the Senate to-day which the bill will increase by his addition of two regiments of artillery.

MR. DULANY'S WILL.—At the December term of the county court of Loudoun this week, the will of the late H. Grafton Dulany was admitted to probate. After sundry legacies to friends and former servants, the following are the most prominent bequests:

To H. R. zier Dulany, of Washington, D. C., \$20,000. To Mrs. Ida Dulany, Mrs. Sophie Carter, Mrs. N. Whiting, Richard D. Whiting, George Ryzell, and Richard D. Ryzell, each, the sum of \$5,000. To Arthur Herbert, of Alexandria, Va., the sum of \$10,000; to William Herbert, \$6,500, and to Elizabeth D. Herbert such sums as added to gifts heretofore shall make up the sum of \$10,000. The income of \$5,000 is to be paid by trustees to Bledsoe D. Anny, son of Commodore Bledsoe Dulany, deceased, during life. In trust for the benefit of Neville Whiting \$5,000. In trust, the income to be paid to Mrs. Mary Elizabeth Bolt, the sum of \$10,000. The income of \$50,000 to be paid by trustees to his sister-in-law, Eva, wife of his brother, Richard H. Dulany, after her death the body of the trust to go to the surviving children, not including the eldest son of Richard H., as special provision is made in the will for him.

The following board of directors was elected: T. M. Logan, Cavio S. Brice, C. M. McGhee, H. B. Plant, Pat Calhoun, Simon Wormser, John M. Hall, John C. Calhoun, John A. Rutherford, John G. Moore, Samuel Thomas, James Swann, Jay Gould, George J. Grant, Sidney Dillon, Abram S. Hewitt, R. T. Wilson and J. C. Masen.

Subject to the meeting of the Terminal and Danville Railroad Company the stockholders' meeting of the Richmond and Danville Railroad Company was held. The stock, nearly the whole of which is held by the Terminal Company, was voted for the following officers: John H. Iman, president; directors, Samuel Thomas, Calvin S. Brice, John G. Moore, John C. Calhoun, John A. Rutherford, C. M. McGhee, John M. Hall, John S. Barbour, Samuel M. Iman, George J. Gould, James E. Pace and W. G. Oakman.

The report of the president called attention to the fact of a large increase in the gross earnings, and also in the net earnings, the increase in the former being over one and a-half millions and in the latter over \$400,000, and to the unusual prosperity prevailing in the mineral, agricultural and manufacturing industries throughout that portion of the South traversed by the Richmond and Danville system. A trackage arrangement between the Chesapeake and Ohio Railroad and this company for the use of the Virginia Midland tracks was directed to be executed.

It was explained that this is a simple "trackage" contract by which the Richmond and Danville, as lessees of the Virginia Midland, gives the Chesapeake and Ohio the right to run its trains over the Midland road from Gordonsville to Alexandria and is done to prevent the construction by the Chesapeake and Ohio of a line parallel to that of the Midland, as granted permission by the Legislature. Mr. Linterbach said the lease also meant for the two roads that harmony which will result in their natural good and benefit, and the interest of Mr. Jay Gould in the Terminal properties would do much to increase the business of the East Tennessee, Virginia and Georgia Pacific railroads.

D. W. Morey, who until recently, carried on the business of paper agents in Philadelphia, and, on the firm name of D. W. Morey & Co., has left the city, and he leaves debt behind him amounting to \$65,000. His partner, C. E. Craig, has been arrested.

Over \$3,000,000 in gold will start from Europe this week for New York. This gold will tend very strongly to relieve the money stringency in this country, the extent of which was shown on Monday, when the rates for money advanced to 7 per cent, and interest for no apparent cause except fear on the part of capitalists.

The new remedy for diphtheria, which was discovered by a peasant named Rieger, whose son is to be allowed to experiment with it under the supervision of Professor Koch, is just stated on the best authority to be a fluid, which is painted on the ulcers and causes them to burst open. It also produces vomiting and violent diarrhea, and the patient at the same time becomes exceedingly thirsty, but on no account is he allowed to drink any fluid for an hour after his throat has been painted.

The United States Treasury Department yesterday purchased \$3,209,700 more 1 per cent. bonds at 123 to 123 1/2. Offers above 123 were rejected. These operations swell the purchase of 4 per cent. to \$7,500,700, necessitating a disbursement of nearly \$9,500,000. It is probable that Secretary Windom may continue to accept the 4 per cent. bond at \$9,000,000 fixed by his circular. The heavy purchase already made will reduce the available surplus in the treasury to \$10,000,000.

RAILROAD MEETINGS.—A meeting of the stockholders of the Richmond and West Point Terminal and Warehouse Company was held in Richmond yesterday. The report of President John H. Iman was read. It showed the position of the company to be stronger than at any previous period of its history; that it is entirely free from all floating indebtedness and has a cash surplus in bank of \$20,762, beside money loaned on demand amounting to \$343,609. The gross earnings of all the Terminal properties during the year show an increase over the preceding year of \$5,764,112. The report refers also to an important alliance with the Missouri Pacific Railway system on the Mississippi river at Memphis and Arkansas City. Mr. Iman was re-elected president.

The following board of directors was elected: T. M. Logan, Cavio S. Brice, C. M. McGhee, H. B. Plant, Pat Calhoun, Simon Wormser, John M. Hall, John C. Calhoun, John A. Rutherford, John G. Moore, Samuel Thomas, James Swann, Jay Gould, George J. Grant, Sidney Dillon, Abram S. Hewitt, R. T. Wilson and J. C. Masen.

Subject to the meeting of the Terminal and Danville Railroad Company the stockholders' meeting of the Richmond and Danville Railroad Company was held. POSTSCRIPT.

ASSOCIATED PRESS DISPATCHES.

Proceedings of Congress. WASHINGTON, D. C., Dec. 10 SENATE.

Mr. Reagan gave notice of several amendments which he proposed to offer to the elections bill.

Mr. Chandler from the committee on naval affairs reported a bill providing that the reduction of the engineer corps of the navy, under the act of August 5, 1882, shall be considered as having ceased on June 30, 1889. Placed on the calendar.

Mr. Hawley introduced a bill to increase the line of the army and to increase its efficiency.

Mr. Plumb offered a resolution for a meeting of the Senate daily at 10 a. m. with a recess from 5:30 to 8, and asked for its immediate consideration.

Mr. Cockrell.—Let it be printed and lie over. It was so ordered.

The joint resolution providing that two of the commissioners of the District of Columbia shall constitute a quorum of the board was passed.

On motion of Mr. Aldrich, the House bill to authorize the payment of drawbacks or rebate on tobacco (to correct an omission in the tariff bill) was passed.

Mr. Sherman explained how it was that he had stated (when the question first came before the people) and stated very positively and earnestly that the omission of the drawback provision from the enrolled bill was intentional.

The Senate then resumed consideration of the elections bill.

Mr. Frye said that he had intended this morning to reply to Mr. Daniel's remarks as to the report of the House committee (of which he had been a member) on the conduct of Mr. Davenport, but he found that the report of the speech was not in this morning's Record. He asked Mr. Daniel when the report would appear in the Record.

Mr. Daniel replied that it would appear in to-morrow's Record, and that the reason why it did not appear to-day was that the proof had reached him at too late an hour last night.

Mr. Frye.—Then to-morrow I will ask the indulgence of the Senate for 15 or 20 minutes in reply to the Senator from Virginia.

Mr. George addressed the Senate in opposition to the bill.

On motion of Mr. Henderson of Illinois, J. W. Hathaway was elected postmaster of the House.

On motion of Mr. Mason of Illinois, Senate bill was passed for the relief of paymaster Daniel M. Bache, U. S. A.

Mr. Parrott, of Indiana, asked unanimous consent for the consideration of Senate bill for the erection of a monument to Robert Dale Owen, on the grounds of the Smithsonian Institution. Mr. Kilgore, of Texas, objected.

The House then went into committee of the whole on the reference of the different parts of the President's message to appropriate committees, but without reaching a conclusion took up bills reported from the committee on Indian affairs.

Terrible Tragedy

CHARLOTTE N. C., Dec. 10.—Near Henric Mills, Rutherford county, yesterday, Holloway Wall shot and killed his wife dangerously wounded her brother and then put an end to his own life. About eighteen months ago he married Miss Eva Haynes and went west. After eight or nine months he deserted her, and her relatives assisted her to return home. Wall had not been heard of until yesterday, when he arrived in Forest City, procured a conveyance and drove out to where his wife was living. On arriving there he called her to the door, drew her revolver and shot her down, shooting her twice after she fell. He then shot and dangerously wounded her brother, R. E. Haynes, who came to her assistance, and mounted his horse and rode away. A party went in pursuit and found him about two miles away, lying dead by the roadside with a bullet in his heart.

Mr. Parnell LONDON, Dec. 10.—Mr. Parnell arrived at Kingstown early this morning. A body guard of two hundred of his supporters, the Parnell leadership committee and other deputations were on the pier to receive him. The crowd unbarrassed the horse and drew the cab through the dark streets while the crowd failed and sang "God Save Ireland."

DUBLIN, Dec. 10.—Mr. Parnell who's one of the directors of the United Ireland company, to-day seized the plant of the paper, stopped the issue of the current edition and ejected the editor for his persistent advocacy of his (Mr. Parnell's) retirement.

Sticks and stools were used as weapons by the sheriff's officers and the sub-editor, and the latter was flung with flying missiles. Finally, after a sharp struggle, the sub-editors were put out of the building.

BIRMINGHAM, Ala., Dec. 10.—Sheriff Smith, with a posse of fifty well-armed men, left last night for the Blue Creek mines, to quell a riot, which was reported to be in progress there, between the strikers and the negro miners who have taken their places. MONEY AND COMMERCE.

New York, Dec. 10.—The stock market this morning was quiet and showed that the rise of yesterday had been too fast, but there was still a firm undertone to the dealings, and considerable strength was displayed late in the hour. Opening figures were almost entirely lower than last night's closing prices. Further down, however, was the rule in the early trading. The downward movement was checked, however, and a new demand sprang up, which developed more activity in the list, and advanced prices in most of the list to something above the opening figures. At 11 o'clock the market was still active and firm at or near the best prices reached and generally small fractions better than the opening figures.
