

WEDNESDAY EVENING, MAY 25, 1892

FROM WASHINGTON.

(Correspondence of the Alexandria Gazette.) WASHINGTON, May 25. Several chiefs of divisions in the census bureau testified before the House investigating committee to-day...

Secretary Foster and Capt. Moore of the revenue marine, appeared before the House naval committee to-day in opposition to the bill to transfer the revenue marine to the naval service.

C. D. Gillispie was to-day appointed postmaster at Green Spring Depot, Louisa county, Va., vice T. C. Boston, resigned.

Civil Service Commissioner Roosevelt appeared before the House civil service committee to-day in reference to Postmaster General Wamamaker's course in the Baltimore postoffice case.

The House committee on the District of Columbia to-day took up the bill giving the N. & W. R. R. an entrance into this city by a bridge across the Potomac at or near the "Three Sisters," but Congressman Rusk of Baltimore spoke in opposition to it so long that the hour of adjournment arrived before a conclusion was reached.

A southern Cleveland man at the Capitol to-day said the arrangements for renominating the ex-President were completed and that he would be nominated at the second ballot.

The directors of the Washington and Arlington Railroad Company, an investment of whose affairs has been asked for in the Senate, presented a statement to the Senate District committee to-day.

Mr. Ryan, of Loudoun county, Virginia, one of the delegates to the Chicago convention from the Alexandria district, was here to-day. He laughed at the statement recently published in a Baltimore newspaper to the effect that he is a Cleveland man.

General Clarkson, chairman of the national republican committee, breakfasted with Secretary Elkins this morning and had an informal talk with him over the political situation.

Congressman Meredith, of the Alexandria district, says he hears that Mr. Jerry Simpson, the Kansas Alliance Congressman, intends to speak at all the court houses in his district.

The friends of Senator Vance are very solicitous about his health. He has had a second stroke of partial paralysis and is very dependent.

It is rumored here that Governor McKinney of Virginia has offered the Virginia Stateship to Mr. Wirt Henry, a descendant of Patrick Henry.

At the morning session of the American Home Missionary Society, after an address of welcome by Dr. Newman and a reply by Congressman Dingley, President of the Society, the Congressionalists got to work.

Secretary Clark said only one-fourteenth of the funds were expended in the old southern States. In Virginia, Maryland and the District of Columbia there were but eleven churches.

A young white man, who gave his name as T. J. Williams, was arrested in Sodaia, Mo., last night, charged with the murder of the four women in Denison, Tex., last week.

David H. Ramsey, originally of Ramsey's, N. J., who in 1859 brought suit for \$50,000 against Geo. I. Ryerson, of the same place, for the alienation of his wife's affections, was charged by his wife with abandonment in New York to-day.

By what is claimed to be a peculiar blunder the government of Jacksonville, Ill., has passed into the hands of the democrats. A republican alderman moved away and there had to be an election to fill the vacancy.

The council stood five democrats and seven republicans with a democratic Mayor. When the republicans nominated their man they forgot to certify the same as required by law and as a consequence they had no candidate in the field and the election went by default.

NEGRO LYNCHINGS IN THE SOUTH.—In an interview in Atlanta on Monday Bishop Fitzgerald, in regard to the recent lynching of negroes by southern mobs, said:

"The unspeakable crime for which they were lynched outlaws the perpetrator, white or black, in every part of the United States. Frequent lynchings have occurred from time to time in the North, but they appear to be forgotten entirely. The white man in the South who is guilty of the same crime meets as swift a doom as the black man. It is noticeable that in all the spasms of indignation against the southern people because of these lynchings, no word of sympathy has been spoken for the white women who were their victims."

"The fact is," went on the Bishop, "that the best element of the negro race has no sympathy with the crimes that result in these outbreaks, and they are beginning to realize that the southern people are their truest friends. They have no desire to go where their professed friends are most numerous and noisy, but prefer to remain among the white people of the South."

The side-wheel steamer W. W. Coit, of New York, which has been lying at Baltimore for a year, has been chartered by a Washington excursion company for service on the Potomac. The Coit was brought from New York under charter with the Maryland and Virginia Steamboat Company while the steamer John E. Tygart was being rebuilt after she was burned to the water's edge.

NEWS OF THE DAY.

A distinct shock of earthquake was felt in Indianapolis, Ind., yesterday. The steamship City of New York arrived off New Head, Ireland, from New York yesterday, making the fastest eastward passage on record.

The trial of Harry F. Smoot, charged with the murder of Miss Susie Farrell, has been set for trial in the Circuit Court of Jefferson county, W. Va., June 7.

A dispatch from Lagos says that the Jebus made a sacrifice of 200 people, including many maidens, in order to propitiate the gods prior to battling with the British.

The democrats of the House in caucus last night determined to put the appropriation bills ahead of everything else and prepare for an adjournment of Congress as early as practicable.

At Fort Dodge, Ia., Mattie Kerchner wants a divorce from her husband Jacob because he refused to kiss her and killed her pet cat. Jacob says he refused to kiss her because she kissed the cat.

While entering court in New York yesterday to try the breach of promise suit of Miss Esther Jacobs against Henry B. Sire, Michael T. Moran, one of the jurors, fell in the corridor and died five minutes later.

The most elegant entertainment ever held within the British legation in Washington was that given last night by Sir Julian and Lady Pauncefoot in honor of the seventy-second birthday of her majesty Queen Victoria.

The vote for United States Senator yesterday in the two houses of the Louisiana Legislature was as follows: Dumas, 44; Adams, 27; Gibson, 26; Cahoy, 17; Blanchard, 11; Barcois, 4; Mahoney, 1. The two houses will meet in joint session to-morrow to canvass the vote. A joint ballot will be taken by the legislature every day until a result is reached.

The British government's local government bill for Ireland passed its second reading in the House of Commons yesterday. Mr. Gladstone made a powerful speech in opposition to the bill. During the debate Mr. Gladstone declared Lord Salisbury's language distinctly encouraged civil war.

In the House yesterday Representative Johnson, of Ohio, introduced a bill to admit free of duty glass windows imported for the use of churches. The legislative, executive and judicial appropriation bill was practically completed by the subcommittee of the appropriations committee having charge of it.

Mr. Morgan in his remarks charged that Mr. Sherman, as a presidential candidate, was trying to please the mammon of unrighteousness, and that his was the hand that struck silver dead.

At 2 o'clock as the regular order, the bill to punish the violation of the treaty rights of aliens was taken up despite Mr. Morgan's protest; and he gave notice that he would move to take up his resolution again at the conclusion of the speech of Mr. Gray, who had the floor to debate the alien bill.

Other members may be absent from the House when the session opens at 11 o'clock, but Mr. Bailey, of Texas is usually present, and this morning he made his presence felt by demanding a quorum. Tellers were ordered, and in the course of 20 minutes a quorum was mustered.

After some routine business the House went into committee of the whole on the sundry civil appropriation bill.

The first subject considered was the appropriation for the government exhibit at the world's Columbian exposition.

Mr. Honk, of Ohio, offered an amendment appropriating \$100,000 to pay the expense of collecting, preparing and publishing facts and statistics pertaining to the industrial advance of U. S. citizens of African descent from January 1, 1863 to January 1, 1893, to constitute a part of the government exhibit.

Mr. Henderson, of Iowa, admitted that the amendment was not in order but he trusted that the gentleman from Indiana (Mr. Holman) [who had intimated that he would do so] would not raise the point. If he heard and judgment concurred and no point of order was made, this appropriation could lawfully and properly be added to the bill.

He would guarantee that no gentleman on the republican side of the chamber would raise the point. He said the evidence taken by the special committee at Chicago disclosed the wonderful and amazing fact that neither the President of the United States (be it said with mortification and shame) nor the Governor of a single State, nor the government commission, nor the local corporation nor the woman's commission—not one of these had given representation to these 8,000,000 of people. President Harrison had given them no representation. It was a shame, and he proclaimed it with indignation in the American Congress that it had not been done.

Mr. Holman insisted on his point of order, which was sustained by the chair.

Mr. Johnson, of Indiana, made a speech eulogistic of Mr. Harrison's denunciation of the democratic party in its treatment of the negro in the South and strongly in favor of the Force bill, of which he said Mr. Harrison had been and is now a strong supporter.

The debate on the negro question was prolonged and is still in progress, but the excitement attending it has almost died out and it is probable that in the course of half an hour the committee will come down to business.

New Jersey Democrats. TRENTON, N. J., May 25.—The State democratic convention met to-day and amid much confusion adjourned till 2 p. m. The platform endorses the administration of Gov. Abbett and refers in complimentary terms to that of Mr. Cleveland.

The United Presbyterian General Assembly opens this evening in Alleghany, Pa.

ASSOCIATED PRESS DISPATCHES.

Proceedings of Congress. WASHINGTON, D. C., May 25. SENATE.

After the routine morning business the calendar was taken up.

When the resolution (offered by Mr. Morgan on the 31st of March) directing the committee on finance to make an examination and report in relation to currency and coinage, and as to the effect of the act of July, 1890, on the prices of silver bullion was reached, Mr. Morgan called for the yeas and nays on the adoption of the resolution.

Mr. Morrill said that much of the information sought was easily obtained; but that life was too short to wait for much of what was asked. He therefore asked Mr. Morgan if he would have any objection to have the resolution referred to the committee on finance.

Mr. Morgan declined to adopt that suggestion. The resolution, he said, contemplated not only that the finance committee would respond to the inquiry, but would report a supplemental bill—in fact, would make a report that would bring right to the front the question of the free coinage of silver.

He did not, of course, want the resolution referred to a committee, where it would simply meet its grave. If it got into that committee no more would be heard of it until after the democratic convention in Chicago; and he was afraid that then his democratic brethren would not feel so much interested in it. He wanted the resolution acted on now.

The Senate voted down Mr. Morrill's motion to refer the resolution to the finance committee. The vote was—yeas 17, nays 28.

Mr. Hill was in his seat, but did not vote.

A protracted debate followed the action of the Senate in refusing to refer the resolutions, which was participated in by Senators Morgan, Sherman and Stewart. Mr. Sherman insisted that under the terms of the resolutions, the finance committee was deprived of the power to judge of the merits of the question and as amended, was really bound to report immediately a bill providing for the free coinage of silver.

Mr. Morgan in his remarks charged that Mr. Sherman, as a presidential candidate, was trying to please the mammon of unrighteousness, and that his was the hand that struck silver dead.

At 2 o'clock as the regular order, the bill to punish the violation of the treaty rights of aliens was taken up despite Mr. Morgan's protest; and he gave notice that he would move to take up his resolution again at the conclusion of the speech of Mr. Gray, who had the floor to debate the alien bill.

Other members may be absent from the House when the session opens at 11 o'clock, but Mr. Bailey, of Texas is usually present, and this morning he made his presence felt by demanding a quorum. Tellers were ordered, and in the course of 20 minutes a quorum was mustered.

After some routine business the House went into committee of the whole on the sundry civil appropriation bill.

The debate on the negro question was prolonged and is still in progress, but the excitement attending it has almost died out and it is probable that in the course of half an hour the committee will come down to business.

New Jersey Democrats. TRENTON, N. J., May 25.—The State democratic convention met to-day and amid much confusion adjourned till 2 p. m. The platform endorses the administration of Gov. Abbett and refers in complimentary terms to that of Mr. Cleveland.

The United Presbyterian General Assembly opens this evening in Alleghany, Pa.

Foreign News.

PARIS, May 25.—It is announced to-day that the anarchists have decided to hold a demonstration in front of the residence of M. Beaurepaire, the public prosecutor, and also in front of the ministry of the interior or the Palais de Bourbon.

LONDON, May 25.—In the House of Commons yesterday a resolution introduced relative to the disestablishment and disendowment of the Church of Scotland, was rejected by a vote of 265 to 200.

PARIS, May 25.—M. Delaporte-Lassimonne, husband of the woman who was killed by Madame Raymond last Saturday night while in the company of M. Raymond in a room in a house of questionable character, feels bitter toward the dead woman for her betrayal of him, and refuses to allow her body to be buried in the family vault. He declares that her life was such that she was not worthy to lie beside the bodies of his dead relatives. He has, however, bought a special grave in the Batignolles cemetery and here the body will be interred. There is still no trace of M. Raymond, and the suspicion grows that he has made way with himself rather than to face the wife he wronged not only by his infidelity but by selling her jewelry to raise money to furnish a room in which to meet his mistress.

BERLIN, May 25.—Emperor William was yesterday thrown from the driver's seat of a carriage into a ditch. He was driving four horses when they became unmanageable; his leg was bruised, his coat torn and his person covered with dirt.

THE FLOOD. MARIANNA, Ark., May 25.—Appalling reports come from the lowlands on the St. Francis and White rivers. It is estimated that at least 10,000 people have been rendered homeless. Thirty-two lives have been lost in the Arkansas.

NEW ORLEANS, May 25.—The Pica-yoon's Shreveport, La., special says that the steamer Friendly returned yesterday morning from Dooley bayou. A large number of people submerged were relieved and hundreds of head of stock saved. The Nicholson break, which occurred yesterday is 200 feet wide at Nicholson bayou and many residences have been swept away by the flood. A crevasse occurred to-day in the Herndon place above this city.

VIENNA, May 25.—News from below on both shores is alarming. Bayou Macon has overflowed and caused heavy losses to planters. Boeruf and Tensas rivers are rising fast, over 5 feet in 24 hours, and Tensas parish is being heavily flooded.

ARREST OF A SUPPOSED DEAD MAN. LOS ANGELES, Cal., May 25.—An important arrest has been made by the Los Angeles police. About April 1, 1886, Bryant B. Crandall, of Buffalo, New York, after insuring his life for about \$20,000 disappeared. His clothing, found on the banks of Niagara, seemed to point to suicide. Three months later a dead body was found below the falls exactly fitting Crandall's description. Crandall's wife and relatives positively identified the body as that of Crandall and part of the insurance money was paid. The insurance associations being still suspicious, the matter was taken into court in March, 1887. Crandall was seen on the streets of Los Angeles by a prominent citizen of Buffalo and the New York authorities were notified. He was arrested in this city yesterday and conveyed to the city prison, and tomorrow a detective of Buffalo, N. Y., will arrive here for his prisoner.

Suicide. ATLANTIC CITY, N. J., May 25.—The body of Ralph D. Hewitt, a clerk at the Mount Vernon hotel in Washington, D. C., was found this morning at Jackson's pavilion with a bullet wound back of his ear and a pistol lying near by. Hewitt had come up from Washington several weeks ago and was stopping at the Girard house, in this city. He had been noticed several times to take laudanum in good sized doses, but beyond a depression of spirits did not seem to be affected by it. He was apparently about 25 years of age and was well dressed. Though wearing a diamond ring no money was found on his person. A telegram was received this morning by the chief of police from his mother stating that she would be down this afternoon to look after the body.

The Jail Besieged. DALLAS, Tex., May 25.—Henry Miller, a negro saloon porter, this morning shot and killed Officer C. O. Brewer, of the police force. Miller was captured after a running fight and lodged in the county jail. A mob of 3,000 are assaulting the jail building, battering the walls with picks, crowbars and railroad rails. Three men of the assaulting party were wounded in the fight that ensued with the sheriff and his deputies who retreated into the jail. Citizens are flocking to the rescue of the officers who are determined to resist the mob to the death.

For Judge Lynch's Court. INDIANAPOLIS, May 25.—Two young men whose names are known, were in the eastern part of this county recently in the vicinity of Clarksville. As they rode along the public highway for pasture they shot cattle in the fields and dogs in the yards of farmers. Over the line, in Madison county, they induced two young ladies to go riding with them. When some distance east of here, it is claimed that they turned into the woods and outraged the ladies. The people here are frantic and should the men be captured lynching is threatened.

Kentucky Femocrats. LOUISVILLE, Ky., May 25.—The

opening of the day finds the Cleveland sentiment among the delegates to the democratic State convention growing stronger.

The anti-Cleveland element appears to have abandoned all hope of securing instructions for Carlisle and will probably exert all their entire influence in preventing instructions for Cleveland. If the convention instructs for Cleveland it is believed Mr. Watterston will decline to be a delegate to the national convention.

Disagreeing Democrats. BATON ROUGE, La., May 25.—An effort to harmonize the differences between the McEnery and Foster factions has failed. The McEnery committee has issued a call for primaries on June 8 to elect delegates to the State convention at Baton Rouge June 14 to select delegates to the national democratic convention and to nominate presidential electors. The Foster committee call was issued Monday.

EX-PRESIDENT POLK'S WILL.—EX-President James K. Polk's will was declared null and void by Chancellor Allison in Nashville yesterday and the estate given to the heirs-at-law. Polk left the home, consisting of several acres in the heart of Nashville, on which his tomb is located, to his wife, and after her death to that relative who should be pronounced the "worthiest relative" bearing the name of Polk, and if that relative's death to a successor similarly chosen by the Governor of Tennessee. Mrs. Polk died last year, and the will was attacked as an attempt to entail the property. Mr. Tasker Polk, of North Carolina, bringing the suit. The decision overturned the will and gives the heirs-at-law the property. It is worth probably \$300,000.

OFFICIAL. BOARD OF ALDERMEN. At a regular meeting of the Board of Aldermen held May 24th, 1892, there were present: Wm. H. Marbury, esp., President, and Messrs. Lindsey, Burke, Hinken, Goodrich and Leabreter.

The committee on streets reported as follows: Upon the petition for paving Washington street, between Duke and Wolfe streets, with "vitrified brick." We would report upon the petition that only 284 feet of the frontage on Washington street, between Duke and Wolfe streets, is represented, while 498 feet is the requisite "width," hence it is unnecessary on the part of the petitioners to ask that they be allowed to do the work on the portion of the street which would be deferred for the present, hoping at an early day to be able to present to the consideration of council not only a plan for the general improvement of Washington street but also a financial proposition from a responsible contractor to do the work on "vitrified brick." The same committee presented the report of H. C. Graves, city surveyor, upon the petition to pave the alley in rear of Lee School building, and reported as follows: "The committee on streets, Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C. Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C. Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C. Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C. Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C. Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C. Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C. Graves, city surveyor, on the subject of paving alley in rear of Lee building, herewith attached, would recommend that this alley be paved and curbed and that they be directed to have the necessary ordinance prepared for paving the work done to the petition of H. C.
