

Alexandria Gazette.

WEDNESDAY EVENING, AUG. 12, 1868.

LOCAL MATTERS.

WEATHER PROBABILITIES.—For this section not so warm Thursday and Friday, probably followed by local thunder storms, northerly winds.

COUNTY LAND SALES.—The following sales of county real estate have recently been made:

Mary E. Van Demar to J. G. Sewell, four lots in Carlin's Springs, for \$200.

Anne M. Hayes et al. to Jennie F. Baldwin, one acre in Ballston, for \$300.

H. H. Wells to C. McC. Sands, a part of the Rosslyn farm.

E. C. Wood, one lot in Del Ray to F. M. Hamilton, for \$100; two to S. J. Hare for \$200, and two to G. E. Brown for \$200.

E. V. Schmidt to Kate Tayman a lot in Rosslyn farm.

T. J. Fannon to W. M. Whalen, two lots in Wheat & Suter's subdivision, adjoining this city, for \$150.

E. P. Lamason to L. H. Crowe, one acre in Arlington district, for \$250.

H. P. Lewis to J. Henderson, a lot in High View Park, for \$170.

J. P. Stoddard to J. M. Hill, a lot in Del Ray.

B. C. Sampson to Dan Green, a lot in Wharton's Addition to Fort Myer Heights, for \$1,500.

Benj. Baggett to the W., A. & Mt. V. Railway Co., a strip of land west of this city.

Frank Hume to the W., A. & Mt. V. Railway Co., two pieces of his land, northwest of this city, for \$3,000.

W. H. Brown to W., A. & Mt. V. Ry. Co., a strip of land, near Four-mile run, for \$180.

Jno. Miller to W., A. & Mt. V. Ry. Co., a strip of land near Frazier avenue.

J. S. Hyson to Hannah Handy, a lot near Fostoria, for \$125.

E. Jackson to Hines, a lot near Ballston, for \$100, and one to Nelly Lee for \$100.

AN ENGLISH PICTURE OF ALEXANDRIA.—A booklet entitled "A Visit to Cotton Land," being in effect a lecture by E. A. Dobson, E. E., M. I. M. E., Chevalier de la Legion d'Honneur, has recently been published.

Dobson is an Englishman, and he has the following to say of Alexandria, through which city he passed during his trip from Washington to Charlotte, N. C.:

"On the way to Charlotte we passed a number of places, amongst others Alexandria, which seemed to me to be almost entirely a negro town. With the exception of the railroad officials I saw no other white men in the place."

This observant Briton of extenuated appendage had he passed through New York via Sullivan street would doubtless have made the same reflection concerning that city. He is a resident of a country which interested itself no little several decades ago in the negroes of the United States and which in a measure helped bring on the civil war which followed.

It was in England where Fred Douglass was lionized when he ran away from his Maryland master, and Englishmen raised money in order that he could purchase his freedom.

Now a representative of that country is inclined to turn up his nose at a community because he notices a few humble houses on the outskirts of the city occupied by a race his country was so anxious to convert into citizens in times past.

Tempora, mutabuntur, &c.

POLICE COURT.—The following cases were disposed of this morning:

William Dixon, colored, arrested by Officer Ferguson for assaulting Walter Stephenson, colored, was fined \$2.

Two men, arrested by Officers Lyles and Howson charged with disorderly conduct were fined \$3.

Mary Shirley, colored, arrested by Officer Wilkinson for assaulting Nettie Quill, colored, was fined \$3.

Thomas Wallace, Henry Brooks, and William Johnson, all colored, arrested by Officer Bettis charged with defacing the property of C. O. Sipple, had their case continued.

Fanny Wright, colored, charged with committing a nuisance, had her case continued.

Night Report.—Last night was clear and warm. Seven prisoners were at the station house.

REUNION.—Those from this city who attended the reunion yesterday of the Sixth Virginia Cavalry at Upperville say they never spent a more pleasant day. The reunion was held on the grounds of the Upperville colt show and was very largely attended.

There was a bountiful supply of eatables of endless variety and every one received an old time Virginia welcome. Col. Grimsley presided and introduced the speakers. Speeches were made by Gen. Wm. H. Payne, Gen. L. L. Lomax, Col. Grimsley, Mr. J. M. Johnson and Capt. A. Moore. The speeches were all heartily enjoyed by all the hearers, and told of deeds of valor performed by the Confederate soldiers. The reunion was a success in every particular.

FIRE.—A slight fire occurred at the residence of Mr. Henry Elliott, on Washington street, near Prince, about 10 o'clock last night. After lighting the gas in a small bedroom the match, which Mr. Elliott attempted to throw out of the window, fell upon and set fire to some bedclothing. The fire was extinguished without the aid of the fire department, though both engines were on the scene and had streams ready in case their assistance was needed.

A kerosene lamp exploded at the residence of Mrs. Pitts, on upper King street, about 12 o'clock Monday night. The flames were extinguished with slight damage.

STRUCK BY A STORM.—The three-masted schooner Grace G. Nevitt was struck by a heavy storm off Upper Cedar Point on Monday. All her sails were blown away. The giving way of the headsail prevented her from being capsized. She was towed to this city by the steam tug Eva Belle Cain, and the captain will have her fitted with a new set of sails and make other necessary repairs.

EXCURSION.—The complimentary excursion to River View by the Young Men's Sodality Lyceum yesterday was largely attended, fully 2,500 people being carried. At least 300 persons were unable to get aboard the Pentz on the 7 o'clock trip last night. The day was an extremely warm one, and many did not go for that reason. The excursion was conducted in the same manner which has always marked previous excursions given by the Lyceum, and all who attended spent a most delightful time.

Mr. John Duncan is extremely ill at his home in Poor House lane.

PERSONAL.—Mr. J. Schneider has gone to Asbury Park to spend a few weeks.

Mr. R. S. Jones has rented from Mr. J. S. Beach the handsome residence at the corner of Washington and Queen streets, which he will soon occupy with his family.

A dispatch was received here to-day from Danville stating that Mrs. Jeanie Smith Barrett, who has been extremely ill, is improving and that there are hopes of her speedy recovery.

The engagement of Miss Mary Boydie Faulkner, a daughter of Senator Charles J. Faulkner, and Mr. Edgar N. Carter, of Wyoming, is announced. Miss Faulkner has many friends in this city.

Miss Alice Wooddy left this morning for Alexandria, where she will be joined by friends and relatives in an outing to some summer resorts.—Fredericksburg Star.

Mr. Lewis M. Kemper is again confined to his home by sickness.

DEATH OF CAPT. QUINTON.—Capt. James Quinton, who was well-known in this neighborhood, died in Venezuela July 8th and was buried by the American consul on the day following.

The consul advised Mrs. Quinton, who is at present living in Washington, of the death of her husband. Capt. Quinton was well-known in this city and for a number of years was the owner of the steamer Harry Loder.

THE WEATHER.—The torrid weather continues, and neither man nor beast finds any relief either by night or day. Last night was another "scorching," compelling many to forgo sleep or even rest. The morning broke sultry, and the light only added to the intensity of the heat, while the sun compelled all who could do so to avoid his contact. But little air has been stirring during the day and the mercury at noon registered 95°.

COUNTY SCHOOLS.—Miss Winonie Keys, of near Theological Seminary, Fairfax county, Miss Eleanor W. Hance, Miss Bashford and Miss Silva Fritz, and Mr. W. N. Varney, of Alexandria county, and Thomas C. Homiller, jr., of Washington, are taking the examination for public school teachers at the new school building at Ballston, in Alexandria county, before James E. Clements, esq., superintendent of public schools for the county.

The Electric Railway.

Noticing "J. D.'s" card of last night suggests another matter of more vital importance. If the Washington authorities compel the Mount Vernon Electric road to use fenders on their motor cars, when such cars only run on one of its back streets—14th street, southwest—why should not the authorities of this city compel them to use the same fenders on our main—King—street. If the car that was in charge of Motorman Frank Hall by which the colored boy was killed last Friday on the causeway of the Long bridge had been equipped with a fender he would not have been killed; then again, why should the fenders that are used in Washington be detached upon entering the Virginia line at the Long bridge? Before an Alexandrian is sacrificed to the company's pecuniary interest the matter should be enforced by the authorities even if that controlling interest does rest in the great monopoly, the Pennsylvania Railroad. If these people want to use our streets let them do as we say, not as they please. We are the people.

PATRONS OF THE ELECTRIC LINE.

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have Loss of Appetite, Constipation, Headache, Fainting Spells, or are Nervous, Sleepless, Excitable, Melancholy or troubled with Dizzy Spells, Electric Bitters is the medicine you need. Health and Strength are guaranteed by its use. Fifty cents and \$1.00 at E. L. Allen's Drug Store.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him the same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful medicine.—Mrs. Mary Sibley, Sidney, Mich. For sale by L. Stabler & Co., Druggists.

Nervous debility is a common complaint, especially among women. The best medical treatment for this disorder is a persistent course of Ayer's Sarsaparilla to cleanse and invigorate the blood. This being accomplished, nature will do the rest.

BALLARDVALE LITHIA WATER, the strongest Lithia Water in the market. Cures Rheumatism, Gout, Dropsy, Diarrhoea, Bright's Disease, Gravel and all diseases of the Kidneys and Bladder. Price 50 cents a bottle. \$5 a case. For sale by E. S. LEADBEATER & SONS.

GOODYEAR RUBBER CO.'S RUBBER Costa, Mckintoshes, etc., at A. C. SLAYMAKER'S.

TO-DAY'S TELEGRAPHIC NEWS.

The Weather.

NEW YORK, Aug. 12.—To-day is the eighth day of the present torrid wave and there is as yet no indication of an immediate break. At 10 o'clock the indications were that suffering Gothamites were in for another red hot day. Hatless and coatless pedestrians, many armed with palm leaf fans, which they plied apathetically, dragged their weary length along the oven-like streets. To-day's record of deaths and prostrations already promises to be large. Early police reports show that 14 deaths and 16 prostrations from heat occurred after 2 o'clock this morning. The total deaths caused directly by heat during the seven preceding days of the hot spell, from Wednesday up to and including yesterday, was 326. Yesterday's record of 140 deaths was the largest, but from present indications this may be equalled if not surpassed. At 11:30 o'clock the temperature registered 90 degrees.

PHILADELPHIA, Pa., Aug. 12.—Three deaths from the heat were reported this morning. Prostrations were numerous to-day, as they have been daily since the beginning of the heated spell. At 1 o'clock this afternoon the mercury was 95 degrees in secluded places.

LOUISVILLE, Aug. 12.—Two inches of rain fell in Louisville and vicinity between 2 and 3 o'clock this morning. The storm did not extend out in the State. The rain was the first relief in the hot wave of the last sixteen days.

HARTFORD, Conn., Aug. 12.—Three more deaths from the heat were reported this morning.

PROVIDENCE, R. I., Aug. 12.—Six more deaths from heat were reported to have occurred during last night and this morning, making a total of twenty since Saturday.

BOSTON, Aug. 12.—At noon to-day street thermometers here registered 98 degrees. One death and several cases of prostration were reported this morning.

Important Railroad Decision.

LOS ANGELES, Cal., Aug. 12.—Judge Wilborn, of the United States circuit court, yesterday handed down a decision involving the right of Congress to regulate the rates chargeable by railroads in their conduct of interstate commerce business. It is probably the most important decision ever rendered affecting the rights and privileges of railroad corporations in this country. The amount involved is as large as that of the income tax. The issues settled by this decision are as to the rate of compensation that the roads should receive from the government for transportation of troops, mails and other effects. The roads claimed they had a right to charge the government the same rates as individual shippers or travelers, while Congress has frequently provided that the compensation should not exceed half of the regular rate. The decision of Judge Wilborn is a complete victory for the government, and its importance may be understood when it is stated that the amount involved aggregates for \$40,000,000 to \$50,000,000 a year. The decision applies to all the railroads in the country, and is not confined to government business. It involves the right of Congress to fix the compensation for all charges by the railroads for interstate commerce. The railway attorneys say the case will not be appealed.

The Alaskan Boundary Line.

PORT TOWNSEND, Wash., Aug. 12.—The richest gold placer mines of Alaska have been transferred to Canadian territory and miners are now paying miners' tax to British authorities. The territory in question is from two to eight miles in width and embraces all of Miller and Glacier creeks and parts of several other streams rich in gold diggings which heretofore were supposed to be in Alaska territory, but are now claimed by the British authorities. A corps of British engineers engaged in locating the boundary between the two countries has made excavations, transferring the strip of territory from Alaska to Canada, and it is claimed that there is no doubt of the correctness of the new survey.

Secretary Carlisle.

NEW YORK, Aug. 12.—Secretary of the Treasury John G. Carlisle, who left Washington Saturday on the light-house tender Maple, arrived at the Battery this morning, after having paid a visit to Ellis Island. He was accompanied by Herman Stump, superintendent of immigration. Secretary Carlisle is to pay a visit to President Cleveland at Buzzards Bay, and it is believed he will take the lighthouse tender Mistletoe here and start for that place to-day.

When asked if he was going to hear Bryan to night he answered in a very decisive: "I guess not." He declared his visit to New York had no bearing on any treasury business.

Foreign News.

CONSTANTINOPLE, Aug. 12.—The government of Turkey has refused to make any concessions whatever to the people of the island of Crete beyond those extended to them by the convention. Anarchy prevails throughout the island and the insurrection of the Christian inhabitants is being renewed.

TEHERAN, Aug. 12.—Mollah Reza, who on May 1st assassinated Nasr-Edin, shah of Persia, by shooting him with a pistol, near Teheran, was hanged for his crime this morning. Immense crowds of people witnessed the execution.

CONSTANTINOPLE, Aug. 12.—The sultan has conferred the order of Nichai-eh-fekak of the second class upon Miss Clara Barton, president of the American Red Cross Society.

LONDON, Aug. 12.—The Exchange Telegraph Company asserts that the government is about to release John Daly, the dynamiter, who is confined in Portland prison under a sentence of life imprisonment.

The Notification Committee.

NEW YORK, Aug. 12.—The notification committee appointed at the democratic national convention at Chicago to notify Messrs. Bryan and Sewall of their nominations met this morning in the Fifth Avenue Hotel. Governor Stone, of Missouri, presided. All the States were represented except Washington, West Virginia, Maryland, Oregon and New Mexico. A letter was read from Senator White, of California, who was to be chairman of the notification committee meeting, announcing that it would be impossible for him to be present in New York to-day and authorizing Gov. Stone to preside at the meeting. The question of the distribution of tickets for to-night's meeting will be considered by the committee, as there is a great demand for them.

MEDICINAL.

A Wild Ride in the dead of night for LIGHTNING HOT DROPS. A sudden attack of Cholera Morbus. ALWAYS KEEP Lightning Hot Drops in the house, and save time in carrying. Cures all Stomach and Bowel Troubles, and Pains of all kinds. NEVER FAILS. 500 bottles hold 34 times as much as 25c bottle. HERB MEDICINE COMPANY, SPRINGFIELD, OHIO.

LOCAL BREVITIES.

Members of the Thirteen Club say that Mr. John Proctor has chartered the steamer Harry Loder on which to take that club on an excursion to Norfolk.

Miss Nina A. Deis, daughter of Mr. Phil. Deis of the New Alexandria furniture works, who a few years since lived in this city, died yesterday at Clarion, Ohio, aged about 19 years.

Mr. Jerry Foley, while at work on the streets yesterday evening, was overcome by the heat and had to be taken to his home, where he now lies in a critical condition.

Magnus L. Robinson rented to-day from Mr. J. M. Hill the New Opera House for use of the anniversary exercises of the emancipation on Tuesday afternoon, September 22nd. The speaking will begin at 4 o'clock.

While the engine of a freight train was taken water at Amherst Court House this morning the train was run into and an engineer Mr. Howell, was fatally injured. The fireman, a negro named Cheatham, was badly hurt and both engines were badly wrecked.

Superintendent Kemper to-day concluded the annual examinations of the white teachers and the result will be made known at the next meeting of the school board. The examination of the colored teachers will be commenced to-morrow and finished on Thursday.

A letter from Warrenton says: "Wednesday a lovely ball for the children was given by the 'summer dancing club' at the public hall. The scene was a charming picture of innocence and mirth and was witnessed by a large number of the older set, who participated with the little ones in their enjoyment. Miss Bosie McDermott, of Maryland, and Miss Bosie Jones, the little daughter of Dr. Marshall Jones, of Alexandria, danced some of the fancy steps during the evening to the delight and admiration of the spectators."

Dr. William Gibson, Thomas Gibson and Justice Whittlesy, Beach and Sipples held a commission of lunacy on James Gaines, colored, at the city jail yesterday evening, and pronounced him of sound mind. Gaines was released from custody.

A marriage license was issued in Washington yesterday to Charles Deacons and Alice M. Cawman, both of Fairfax county.

MONETARY AND COMMERCIAL.

NEW YORK, Aug. 12.—Speculation at the Stock Exchange was rather quiet this morning. At the start the market was weak owing to the feeble response made by London to the rise here late yesterday. Some of the small bulls who had bought on the belief that a rally in the market was awaiting took alarm at this time and their very moderate sales brought about a decline of 1/4 of 2 per cent. Following the decline noted the general list improved slightly, but near 11 o'clock the trading element turned bearish and prices sold off rapidly. Business was light and there was a general disposition not to enter into new engagements until Mr. Bryan's speech accepting the democratic nomination is made public. At 11 o'clock the market while quiet was weak. Stocks were heavy after eleven o'clock.

BALTIMORE, Aug. 12.—Virginia Country 53 1/2 to 54 1/4.

Wholesale Prices in Alexandria.
