WEATHER PROBABILITIES.—For this section fair-to-night and Thursday; warmer Thursday; continued warm Friday; variable winds, becoming fresh southerly.

TAKEN TO WASHINGTON.—Detective Phillips, of Washington, came here yesterday afternoon and carried back William A. Miller, a German, sixty years old, who is charged with passing a number of bogus checks in Washington last January. Miller does not deny his guilt, and pleads in extension that he was a fugitive. The accused will be remanded about to leave the city, he having previously asked Mr. Helwig, of the Exchange and Ballard House, to cash a worthless check. Julius Schluter, a Washington shoemaker, mended Miller's shoes on January 28, and was given a check for \$5.75, Schluter's charge being 50 cents. Miller signed himself "Assistant Examiner of Patents," and Schluter said he would return for the change due him, but never did so. He is also said to have swindled hearing-horn people in the same way. In the prisoner's pockets were found checks of Portsmouth and Norfolk banks, and a deposit slip made to apparently exhibit a balance of \$151.50 to Miller's credit in a Portsmouth bank. Miller is from Uniontown, Pa.

FALL OF A SCAFFOLD.—Four men were more or less hurt at St. Asaph about half-past eight o'clock this morning by the fall of a scaffold, and for a time the accident caused the circulation of some alarming rumors in this city and considerable anxiety among those having relatives at work at that place. A scaffold, which had been rigged up for the purpose of the forage sheds had been overloaded with pipe and other material, and without warning gave way and fell. Mr. Charles Glover, of this city, Mr. Henry Brown, of Sempronis Hill, and Messrs. George W. Norn and Ed. Ennis, of Washington, were under the scaffold at the time and were injured by the broken scaffolding, planks and material. They were extricated as quickly as possible and brought to this city. Mr. Glover was taken to his home, where he was attended by Dr. Jones. Mr. Brown was placed in the Infirmary and Messrs. Norn and Ennis were sent to their homes in Washington. While all were considerably bruised, it is not thought their injuries are serious.

WOMAN'S AUXILIARY.—The regular monthly meeting of the Woman's Auxiliary was held in the Camp Hall yesterday afternoon, and although the extremely bad weather prevented a good many being present, those who attended made up by their interest for the small attendance. The reports of the various committees were received. The officers' reports were extremely satisfactory. The secretary made the annual report which was accepted, and ordered to be read again at the next meeting. It was decided to have the April meeting at night, and some kind of entertainment provided for that night. The election of officers then took place. Mrs. D. H. Appich, first vice president; Miss Henderson, second vice president; Mrs. G. Wm. Ramsey, elected corresponding secretary; Mrs. J. E. Alexander, fourth term as treasurer, and Mrs. Walter W. McCaffrey third term as recording secretary.

THE TRAINS on the steam roads have all been running on time today, but the electric road trains this morning were interfered with by the snow on the tracks on Fourteenth street in Washington and some delay was caused thereby. The Mt. Vernon and Arlington branches of this road has been cleared of snow and trains were run there again today. The train which left Washington at 3:30 yesterday afternoon met with an accident at Northwest Alexandria, and delayed traffic for several hours. The train had encountered snowdrifts, and the strain in forcing a passage caused the king bolt on one of the trucks to break. Fortunately the train was running at a slow rate, and no one was injured by the accident. By 5:30 the tracks had been cleared and trains were running again.

A FIERCE GALE.—The high north-west wind which accompanied the snow storm of Monday night and yesterday morning continued after the skies had cleared, and it seemed to gather force after nightfall. It roared at times with hurricane force, snapping lead limbs from trees, sending loose shingles rattling in the air and in some places rolling bricks from chimneys. The crew presented a weird aspect, and was clear of sailing vessels. The wind howled dementally throughout the entire night, nor did its force abate until about sunrise. The velocity attained was forty-five miles an hour. Today has been comparatively calm and the temperature has moderated. The snow of Monday is rapidly disappearing.

WILL PROBATED.—The will of the late L. C. O'Neal was admitted to probate in the Corporation Court this morning. The deceased left \$200 to Trinity M. E. Church, the house and lot No. 311 North Alfred street to his daughter, Annie J. Wallard; the house and furniture No. 911 Prince street and the house No. 1014 Cameron street to his daughter, Margaret E. O'Neal; during her life and the residue of his property to be divided among his children and their heirs. The estate is valued at about \$10,000. Mr. A. W. Armstrong is named as executor.

CRUIT COURT OF THE COUNTY.—In the circuit court for Alexandria county, Judge C. E. Nicol presiding, which convened on Monday, many cases were continued, among others being the following: C. Wilkins, agent for R. J. Daingerfield. The case of Fetrey vs. A. A. and J. J. Cunningham, involving a debt, was put on trial. Judgment was rendered for the plaintiff.

DR. RILLS' COUGH SYRUP has cured whooping-cough when no other treatment would give relief. For cough this remarkable remedy has no equal. It conquers croup at once.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it was Edgar Warfield, Jr., corner King and Pitt streets.

CATHOLIC NOTES.—Rev. Father

Tomney, vicar general of the diocese of Virginia, who preached in St. Mary's Church last night, returned to Richmond this evening. Rev. Father D. M. Yuck, who is well known in this city, is seriously ill in Fredericksburg. Rev. Father Payne is in Staunton. Rev. Father Chadwick, who was chaplain of the battleship Maine at the time of the explosion in Havana harbor, will be the guest of honor at the banquet to be given by the Ancient Order of Hibernians at Lyceum Hall on March 17. Father Chadwick will respond to the toast "The Irish-American Sailor." A limited number of complimentary tickets to the gallery will be issued to ladies who desire to hear Father Chadwick's address.

THE EXACT FIGURES.—All bills against the city for expenses chargeable to smallpox expenses to the first of the present month have been presented and paid. The City Auditor has prepared and handed to Mr. L. E. Uhler, chairman of the finance committee, a statement covering the date mentioned showing the various charges which in the aggregate amount to \$5,047.58. This does not include the \$1,002.50 asked for in the bills of various physicians for inspection and vaccination presented to the City Council on the 28th ultimo and referred to the committee on finance. It is noticeable that the \$6,050.08 here given represents bills for services to March 1.

No new smallpox cases were reported to-day and four houses were relieved from quarantine.

PERSONAL.—Mrs. Thomas Gaines-Smith, wife of Col. Thomas Smith, Chief Justice of New Mexico, is the guest this week of Miss Laura Devries Kirk of 1714 North Charles street. Mrs. Smith will be remembered as the beautiful Miss Elizabeth Fairfax Gaines, of Warrenton, Va.—[Balto. News.]

Capt. J. S. Hampton, of the Second Tennessee volunteers, is visiting Mr. G. K. Pickett in Fairfax county.

Mr. W. D. Hudson has returned to Cape Charles City where he is conducting a drug store.

DEATH OF A FORMER RESIDENT.—Mrs. Lucretia Wooden, widow of the late John Wooden, of Warrenton, died at her home near Bristol this morning, after a short illness of pneumonia. Mrs. Wooden lived for a number of years in this city, where she was justly regarded for her many estimable qualities. She leaves two daughters, Miss Lucy Wooden and Mrs. J. Sidney Douglas, of this city.

FIRE COMPANY MEETING.—The monthly meeting of the Hydration Fire Company was held last night. Resolutions of respect to the memory of the late Henry Nevett were received from the committee and adopted. One member was elected and the company decided to attend services at the M. P. Church on the 19th inst.

Mrs. Mary Carter Carroll died yesterday morning at her late residence in Washington, after a continued illness of more than four years. The deceased was the second wife of former Governor John Lee Carroll, of Maryland, and until illness made her an invalid she was very prominent in the social life of Washington and Newport, E. I. No Right to Ugliness. The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at E. L. Allen's and E. S. Leadbetter & Sons' Drug Stores.

Thomas F. Gilroy, jr., of New York, is reported to be promoting a combination of hatters. Yesterday he conferred with wool hat manufacturers in Reading, Pa., and asked for options to purchase the plants outright. There are about a dozen wool hat factories in the vicinity of Reading, valued at more than \$1,000,000. Leading hat men in New York believe that the trust will not be perfected. The wool hat industry is declining, because of the competition of soft fur hats. Several years ago a similar movement was unsuccessful.

A fire started at 55 65 Charleston street, Boston, Mass., this morning in Wiley's paint and oil establishment on the fourth floor. White sprays were at work on the top floor for 15 minutes but they were rescued without injury. The building was a four-story granite structure occupied by many stores and shops. MONEY FOR THE CUBANS.—The Cabinet was in session yesterday an hour longer than usual, the time being used in the discussion of comparatively unimportant details. The Secretary of War stated that he had made a requisition on the Treasury Department for \$3,000,000 with which to pay the Cuban army, and that an installment of this sum would be sent at once to Havana for distribution. Treasury officials say the \$3,000,000 to be paid the Cubans will be made up of \$1,500,000 in \$5 gold pieces, \$1,300,000 in silver dollars, \$50,000 in 50-cent pieces, \$50,000 in quarters, \$50,000 in dimes and \$50,000 in nickels. This allotment of the various sums is in accordance with the wishes of the Cubans themselves.

THREE DEADLY DISEASES.—Lena Crimin, a leper, who came to San Francisco from Honolulu, contracted smallpox in the county pest house recently. The girl is not only a leper in almost its last stage, but is incurably afflicted with tuberculosis. Leprosy has made such inroads into the girl's system that there seemed to be not a single sound tissue in her body of which to build a cure. After a hard struggle, in which the doctor turned leprosy and tuberculosis against each other, the attending physician, Dr. Tillman, triumphed over the smallpox. While cut off from the world the doctor vaccinated all the lepers shut up with him in the pest house.
