SEQUI-CENTENNIAL NOTES.—With the fine weather, the work of preparing for the sequi-centennial celebration next Thursday has been resumed in earnest.

It has been decided that the day parade shall start at 2 o'clock in the evening and the night parade at 7 o'clock. The line of route has heretofore been published.

A committee headed by Mr. Frank Hume called at the District building in Washington yesterday afternoon and invited the commissioners to participate in the sequi-centennial celebration. Mr. John B. Wight, president of the Board of Commissioners, promised to attend and see if arrangements could not be for the chemical fire engine of the Washington department to participate in the parade.

The following additional floats have been added to the parade: Elgar Lyles, Hamilton & Co., and Messrs. Bendheim.

Mr. E. M. Birrell has been appointed inspector of floats to see that each one is in perfect order so as to prevent accident.

As stated yesterday Messrs. M. B. Harlow, C. C. Carlin, J. M. Hill, Chief of the Fire Department and A. J. Wedderburn went to Washington last day to confer with the War and Navy Departments and to extend invitations to the District commissioners and others. The committee saw General Harries, who promises to attend in person and to do all he could to secure as many District troops as possible.

Assistant Secretary Allen of the Navy has promised to send two companies of marines, and the War Department has promised to send a company of artillery and a company of infantry.

The Gonzaga College cadets and band are expected to appear in the parade.

Quartermaster General Luddington has loaned a number of teams for use during the celebration.

Chief Marshal R. M. Latham of the fire division of the parade announces the following assistant marshals: Messrs. Richard Cataman, W. J. Schuler, Frank Martin, J. Sidney Pullman, W. E. Stoenell and Raymond Smith.

Mr. George Pickett has been requested by the committee to organize an escort of mounted men from the counties of Fairfax and Alexandria to act as an honorary escort to our distinguished visitors.

The Stonewall Band of Staunton has been engaged for the parade.

Electrical illuminations will be a feature of the night parade and the Mount Vernon Railway has kindly given the electrical current.

All the committee will meet at headquarters tonight.

Mr. Daniel Henry has kindly offered the committee the use of his hall for headquarters for some of the visiting organizations.

The location of the grand stand has been changed owing to the extreme illness of the daughter of a citizen residing near Christ Church.

Mr. Thomas C. Hayes, Mayor-elect of Baltimore, writes that he will attend the celebration and will be accompanied by Mr. Thomas R. Clendener, a member of the Baltimore bar. There will also be a large contingent of former Alexandrians and their friends from Baltimore.

DIVORCE.—Mary A. Van Riswick, who more than eighteen years ago in this city was married to Charles Van Riswick, yesterday in Washington, through her solicitor, Charles H. Bondheim, filed a petition for absolute divorce from her husband. In her complaint Mrs. Van Riswick declares that, in July, 1897 her husband deserted her leaving herself and three children without means of support. She asks to be given permanent custody of her children, who have resided with her since she was deserted by their father.

Marriage licenses were issued in Washington yesterday by William E. Turner and Cal E. Emery, both of Culpeper, and to Wm. Washington and Addie Chase, both of this city.

We still maintain our reputation for serving the finest fried oyster in the city at Rammel's Restaurant. Fried oysters in boxes a specialty. Rockaway and Blue Points on half shell.

R. H. & L. MEETING.—The regular monthly meeting of the Relief Hook and Ladder Company was held last night with President Park Agnew in the chair and C. R. Pickett secretary. The company considered matters in reference to its participation in the sequi-centennial parade and made arrangements for having the truck house prettily decorated. During the meeting the following letter was received from Mr. M. W. Green:—

Alexandria, Va., Sept. 1899. To the President of the Relief Hook and Ladder Fire Company: Dear Sir:—In looking over my father's (Mr. T. P. A. Green) effects, I discovered these books and speaking trumpet which he directed should be given to the Relief Hook and Ladder Fire Company. I remember hearing him say that he would have turned them over to the company years ago, but waited until they should date the records back to the time of its original organization. This has been done, I believe.

Very respectfully, M. W. Green.

The books contain minutes of the meetings of the company from Jan. 25, 1788 (the date of the organization) to February, 1851, and contain some very interesting accounts of the way that old time volunteer companies were conducted. The trumpet is made of silver and is very plain, being entirely devoid of engravings. The following is from the minutes of March 2, 1797:—"George McMunn likewise produced an account for a speaking trumpet amounting to seventeen shillings and six pence."

After tendering a rising vote of thanks to Mr. Green, the meeting adjourned to Monday night next.

Mr. S. Geuzberger, after a pleasant visit to his old home in this city, left this morning for his home in Butte, Montana.

W. C. T. U.—The seventeenth annual convention of the State Woman's Christian Temperance Union closed last night, with a very large attendance. The closing exercises were held in Trinity M. E. Church, and were conducted by Rev. J. E. Thacker, of the Presbyterian Church.

The principal feature of the session last night was a prize medal recitation contest. Five temperance selections were rendered by as many young ladies, and, after some deliberation, the gold medal was awarded to Miss Bertie Reynolds, of Salem, Va. At the conclusion of the contest, resolutions were unanimously adopted thanking the citizens of Alexandria, the clergy and the representatives of the press for the courtesies extended the visiting delegates.

The banner for the largest subscription to the Virginia Call was awarded to the Lincoln Union; the banner for the largest increase in membership to the Y. M. C. A. of Richmond, and the banner for the most money collected to the Newport Union.

It was decided to hold the next session in Charlottesville.

Solos were rendered in most excellent style by Misses Lee Cook and Bettie Pollard. The choir of the M. E. Church South rendered several selections in a pleasing manner.

The convention then adjourned after benediction by Rev. T. P. Revelle.

Vernon and in this city next December, on the occasion of the 100th anniversary of the death of Washington.

After an interchange of views it was decided that the grand banquet would be held at Willard's Hotel in Washington as a hall sufficiently large to seat the large crowd expected could not be had in this city. The banquet to the Grand Lodge of Virginia, however, to be tendered by the Alexandria Masons, will be given in Armory Hall, this city. Arrangement were made for receiving and entertaining all the Masons who will visit the city during the occasion.

FOOTBALL.—The football team of the Episcopal High School, near this city, left here this morning for Charlottesville, where they will play their first game of the season with the University team. Waters, right end; left tackle; Dawson, right end; Martin, left end; E. Y. Baker, quarter back; Ansley, right half; Johnson, left half; Mr. Campbell, full back and Mr. Davis, substitute.

THE MARKETS.—There was a large supply of vegetables today which sold at about the same prices that have prevailed for the past two weeks, but these prices are stiffening. The land in Fairfax county advertised by H. F. Grillbortzer, trustee, was withdrawn with a view of effecting a private settlement.

A SOUND SLEEPER.—A prominent hotel-keeper of this city having business in Washington yesterday boarded an electric train and was soon lulled to sleep. Morpheus held him in such tight embrace that even the buzz of the great metropolis did not awaken him upon his arrival there, and the courteous trainmen allowed him undisturbed repose. When the train returning to Alexandria reached Arlington junction the calling of the station aroused him and he was anticipating an early arrival in Washington. His surprise may be imagined when he found himself at the starting point instead of his projected destination and how he expressed himself is best left unsaid.

NEW FIRE EXTINGUISHERS.—The fire department, through the Board of Fire Wardens, received this morning from Charles Holloway, Baltimore, four handsome fire extinguishers, two for each engine company, which will be placed on their wagons. The Hydraulic company was called on to use one at the residence of Mr. Ed Joyce, on King street, fifty minutes after their arrival, but, fortunately its use was not required, as the alarm originated from smoke issuing from the register caused by starting a new fire in the furnace.

ISAAC EICHBERG & SON. WE GIVE TRADE DISCOUNT COUPONS. RUBBER TIRES MADE OVER.—It may not be generally known that the India rubber dolls, animals and other toys used by children in many cases began their commercial existence in the form of bicycle tires. All our India rubber toys come from Germany, and several enterprising English dealers have found that the shipment of old, worn-out tires to the German factories is a very profitable business. During the past two years tons of old rubber, which was formerly thrown away, have been shipped to Germany, and sent back transformed into elaborate and gaudy squeaking dolls and toys. Though rubber is used for a wider variety of articles than any other material, more rubber was used last year in the manufacture of bicycle tires than for any other purpose, and the demand for rubber is now permanently in excess of the supply. READY FOR FALL TRADE. Our new fall goods are in and we cordially invite an inspection of them. It is almost impossible to give even a bird's eye view of the variety in the limited scope of an advertisement as the goods must be seen to be appreciated. IN DRESS GOODS the thin airy fabrics of the spring are a chilly memory these cool bracing mornings, and the rich colorings of fall suggest warmth and comfort. Fashion has selected as a leading fabric for skirt wear the rich handsome plaids, Zebeline or camels' hair finish, and these skirts can be worn with any jacket and make a handsome costume. We have them in prices ranging from 50c to \$1.50 per yard. Plain colors in coverts, venetians and broadcloths. In black goods the crepon is still supreme and we show some very elegant and exclusive designs ranging in prices from \$1.50 to \$3.75.
