LOCAL MATTERS.

UP RISE tomorrow at 5:38 a. m. and at 6:36. High water at 5:21 a. m. and 5:40 p. m.

WEATHER PROBABILITIES.—For this section rain tonight probably followed by clearing and colder Thursday afternoon or night, increasing easterly winds.

CITY COUNCIL.

A regular meeting of the City Council was to have been held last night. A quorum was not present in the Board of Aldermen, and those who had assembled adjourned to meet again tonight.

COMMON COUNCIL. President Strider called the Common Council to order shortly after eight o'clock.

The finance committee reported in favor of borrowing \$8,000 from the banks to meet the expenses of the current year and the report was adopted. The annual tax bill was also reported, read a third time and unanimously adopted. It is, as stated in the Gazette, unchanged from last year.

The committee on finance and general laws reported an ordinance to provide for the collection of delinquent taxes by the Corporation on Attorney, a total of \$5,000 being required of the Attorney.

The resignation of City Engineer E. C. Dunn was communicated by the Mayor who accompanied it by his resignation in parting with the service of a gentleman who had proved himself a most efficient check on municipal extravagance.

Mr. Burke stated that Mr. Dunn had charged the city for his services during the month he was in office. Mr. Snowden said that in conversation with Mr. Dunn that gentleman had expressed great regret at parting from Alexandria and that only the interest of those dependent upon him induced him to take a place which gave him \$700 more per annum than this city paid him.

The resignation was accepted. Mr. Evans introduced a resolution that to member of the City Council be permitted to hold any office under the city except in pursuance of a special act of Council.

Mr. Evans asked the favorable consideration of the subject, which was referred to the committee on general laws.

Mr. E. R. Boyer made application to be appointed superintendent of streets during the interim in the office of City Engineer.

The board of examiners of candidates for superintendent of gas reported that Mr. Latham, Mr. Hantmon and Mr. Smith had reached above 65 per cent, the minimum needed to insure competency in gas control, and that only Mr. C. C. Bavy, of Washington, had passed a competent examination for gas superintendent. His rating was 94.1, and therefore he was competent.

The report was received. Mr. Evans introduced a resolution thanking ex-City Engineer Dunn for his services to the city, which was unanimously adopted.

Mr. Desmond, who had been sent with business to the Aldermen, reported that that board was without a quorum, and then Council adjourned.

COUNTY DEMOCRATS.—At the democratic meeting held in the Alexandria County Courthouse last night to select delegates to the State convention at Norfolk, Messrs. Andrew A. Lipscomb and Curtis B. Graham were selected delegates, and Messrs. Augustus Davis and W. U. Varney as alternates. The meeting also passed resolutions earnestly recommending to the several district meetings to be held this month that they instruct their delegates to the convention to support Andrew A. Lipscomb for the democratic nomination to Congress from this district. The resolutions also expressed sympathy with the two South African republics and instructed the delegates to the Norfolk convention to introduce a similar resolution at that convention. The resolutions further instructed the delegates to vote for the instruction of delegates to the Kansas City convention to vote for Bryan and the Chicago platform.

BUILDING ASSOCIATION.—The annual meeting of the Alexandria Perpetual Building Fund Association was held last evening when the following officers were elected for the ensuing year: Park Agnew, president; Justus Schneider, secretary; M. B. Harlow, treasurer; Joseph Kaufmann, Wm. P. Graves, Samuel E. Lindsey, Zoro Hill and Levi J. Hurdle, directors; L. McK. Bell, Samuel Fisher and Wm. E. Latham, trustees; P. McK. Baldwin, John D. Normyle and James R. Caton, examining committee. A semi-annual dividend was declared of the 2nd series \$3 per share; 3rd, \$2.25; 4th, \$1, and 5th, 25 cents. The financial statement of the condition of the association was submitted by the secretary and accepted.

THE CHIMES OF NORMANDY.—Sets are now on sale at Warfield's drug store for the "Chimes of Normandy," which is to be produced by "Sharps and Flats" on Wednesday and Thursday evenings of next week, at the benefit of the Alexandria Free Kindergarten. The opera was rendered a year ago and those who saw it then will not fail to take advantage of the opportunity for hearing it again, as it will be repeated at the solicitation of many music loving people of this city. The excellence of the production has given "Sharps and Flats" a reputation outside of as well as in Alexandria, and this in itself is sufficient to guarantee an enjoyable evening to all who attend.

DEATH OF MRS. WHITLESSEY.—Mrs. Helen M. Whitlessey, widow of Charles Whitlessey, died at her residence on Duke street, near Washington, this morning. The deceased had resided in Alexandria for the past 35 years, having come here with her husband from Middletown, Conn., in 1865. She was 70 years old. The remains will be taken to Hartford, Conn., for interment.

THE BEST PRESCRIPTION FOR CHILLS and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. 50c

No family can afford to be without One Minute Cough Cure. It will stop a cough and cure a cold quicker than any other medicine," writes C. W. Williams, a brilliant physician. It cures croup, whooping cough, and all lung troubles, and prevents consumption, Pleasent and harmless.

THE PRIMARY ELECTION yesterday, although one of the most hotly contested ever held in Alexandria, passed off without occasioning any serious difficulties. There was, of course, some boisterous talk and now and then a war of words, but apart from such scenes the whole affair produced nothing outside the ordinary spirited municipal contests. As the day began to wane there was a spirit of animation at all the voting precincts, and citizens who had not up to that time voted had carriages and couriers sent to them and the greatest exertions were manifested on the part of the candidates and their friends to see that "all the brethren had voted." The ordeal which followed after the closing of the polls up to the time the vote was announced was painful to all most directly concerned, and the result, while, of course, a disappointment in some quarters, was a great relief to all. The interest centered in the contest between Capt. W. H. Smith (the present incumbent) and Mr. F. C. Spinks for the position of City Sergeant, and, as had been anticipated, the vote was close, Capt. Smith receiving a majority of but 73. Mr. John S. Beach (the present incumbent) was nominated for Clerk of the Court over Mr. W. E. Fendall, and Mr. T. W. Robinson was nominated for City Treasurer and Mr. Leonard Marbury for Commonwealth's Attorney, the last two having had no opponents. Magistrates and constables were also nominated in the different wards. The following is the official vote:

Table with columns: Candidates, 1st ward, 2nd ward, 3rd ward, 4th ward, Total.

First ward—S. C. Swain was elected unopposed and Wm. Webster constable. Second ward—W. A. Moore was elected magistrate and E. W. Shacklett constable.

Third ward—John Pelton was elected magistrate and John Hamersley constable. Fourth ward—J. F. Hamersley was elected magistrate and John Beasley constable.

Total vote—First ward 380. Second ward 312. Third ward, Court House precinct, 464; Friendship precinct, 449. Fourth ward 456. Aggregate vote 2070.

PRESBYTERY OF THE CHESAPEAKE.—The spring session of the Presbytery of the Chesapeake met last night in the Second Presbyterian Church. The service was opened by Rev. W. H. Robertson, the retiring moderator, who delivered an eloquent sermon. After the devotional exercises Rev. J. W. Lupton, D. D., of Leesburg, was elected moderator to succeed Dr. Robertson. Rev. A. Sommerville and Rev. George W. Meozze were chosen clerks. Dr. Lupton returned to Leesburg yesterday evening to attend the funeral of one of his congregation and his place as moderator was filled today by Rev. E. L. Wilson. The meeting, after the election of the above officers, adjourned until this morning.

The Presbytery was called to order this morning at 9:30 o'clock by Rev. E. L. Wilson, moderator pro tem. Devotional exercises were conducted and the announcement of the following committees was made:

Committee on devotional exercises: Rev. Dr. Brooke and Mr. K. Kemper. Committee on narrative, Rev. J. L. McClung and Mr. J. V. A. Shields. Committee on minutes of Synod, Rev. W. H. Robertson and Mr. W. S. Blackwell.

Committee on sessional records, Rev. E. J. Shopoff and Messrs. Robt. Harper and Wm. Baker. Rev. Dr. F. J. Brooke was received from the Presbytery of Lexington and the call from the Second Church of Alexandria was put in his hands and accepted by him. An order was made for his installation at 8 o'clock tonight.

Rev. A. W. Fisher, D. D., will preside, preach at the proposed constitutional convention. Rev. Walter H. Robertson will deliver the charge to the pastor and Rev. E. L. Wilson will deliver the charge to the people. The public is invited.

Various communications were received and given to their respective committees and also reports from the different churches of the Presbytery. A recess was then taken until 2:30 o'clock, when business was resumed.

The Best in the World. We believe Chamberlain's Cough Remedy is the best in the world. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by all druggists.

GRADE CROSSINGS IN WASHINGTON. The Senate bill providing for the elimination of grade crossings on the line of the Baltimore and Potomac Railroad, in the District of Columbia was favorably reported to the Senate yesterday by Mr. McMillin, from the district committee. The bill as submitted to the Senate contains a number of amendments suggested by the District commissioners, and three changes were made in it by the District committee.

The first of these requires the railroad company to rebuild the United States Fish Commission buildings on the Mall, west of their present location, which will be occupied by the tracks of the company, at a cost of not exceeding \$40,000. Section 12 of the bill, which provided for a passenger bridge to be constructed over the Potomac above the site of the Long Bridge, at the expense of the United States, is changed so as to arrange for street car traffic, and the cost, which is not to exceed \$568,000, is to be divided between the United States and the District of Columbia. A third committee amendment provides that at routes shall be constructed not less than 200 feet in width on the line of West Capitol street, or the proposed Centennial avenue through the Mall. The original bill provided for an arch fifty feet in width.

The returns from last night's democratic primaries in Washington show that 10,166 votes were received by Norris candidates; 4,240 by anti-Norris candidates and 131 by the independents. The Norris faction elected the 69 delegates to the city convention, of which will select delegates to the Kansas City convention. The anti-Norris people make sweeping charges of fraud.

According to reports from Boer sources the most important Boer success for weeks has been won by Gen. De Wet in the Orange Free State. A dispatch from Pretoria says it is officially announced there that in a battle south of Brandfort 600 British troops were killed or wounded and 800 were captured. A dispatch from Brandfort states that the battle occurred last Saturday at Meerkefontein and that it was General De Wet's third victory within a week. This dispatch agrees with the statement that 600 British troops were killed or wounded, but it puts the number of captured at 900, instead of 800. It says the Boers lost 5 killed and 9 wounded in the fight.

The London war office has not made public any dispatch stating that such a fight took place. The site of Meerkefontein, where the battle is reported to have occurred, is not positively known in London.

In the other fields of war the Boers continue aggressive. They are taking the offensive to such an extent as to make their course appear extremely hazardous.

The brigades have even crossed the Orange river and invaded northern Cape Colony again. Extraordinary precautions have been taken by the British to guard the railroad bridge over the river at Bethulie. It is believed that the Boers plan to destroy the bridge, which would cut off Lord Roberts entirely from communication with Capetown. The Boers have recovered possession of practically all of the Free State east of the railroad, and a considerable part west of it.

There has been an exchange of artillery fire at Elandslaagte, the extreme northern post in Natal occupied by General Buller.

The British version of the fight near Mafeking, March 31, in which Colonel Plumer was defeated by the Boers and pursued ten miles to Rumanthabama, has at length been received. It agrees in many respects with the account from Boer sources sent from Lorenzo Marquez under date of April 5. Colonel Plumer was wounded in the arm and half of his officers were also wounded.
