

SATURDAY EVENING, JULY 14, 1900.

Two or three so-called democratic newspapers in South Carolina are now doing what little they are capable of, to defeat the democratic ticket...

ARRANGEMENTS are being made at San Francisco for shipping five thousand soldiers to China. If each one of that number were to kill one hundred Chinese...

GOVERNOR ROOSEVELT, when replying to the formal notification of his nomination for the Vice Presidency the other day, hesitating a moment in his remarks to the large assemblage that was listening to him...

THE absurdities of the imperialists are beyond compare, and are grotesque enough to make a snapping turtle laugh. They actually went so far in Manila on the Fourth of July as to have the Declaration of Independence read to a large concourse of native Filipinos...

THE PROCESSION that escorted the committee appointed to notify President McKinley of his renomination, at Canton, Ohio, last Thursday, proceeded to his house behind a band playing "Marching Through Georgia."

AMONG those who addressed the audience on the occasion of Mr. McKinley's formal acceptance of the Presidential nomination, was a delegate from Hawaii. If the course of imperialism entered upon by Mr. McKinley shall continue much longer, delegates from Samoa, Porto Rico, Cuba and the Philippine Islands will take part in the nomination of Presidents to rule the native people of the United States.

A Speedy Torpedo Boat. Newcastle, England, July 14.—The torpedo boat Viper had an unofficial trial yesterday. She left Tynemouth moving steadily and without vibration. The trial was made under full steam for an hour, and she made six runs over a measured mile.

FROM WASHINGTON.

(Correspondence of the Alexandria Gazette.) Washington, July 14. Minister Wu was greatly agitated when shown the dispatch from Shanghai in which Prince Sheng confirmed the news of the death of the foreign ministers at the hands of General Tung Fuh Siang's troops.

"It is too bad," he exclaimed. "That looks as if hope was gone and the bad news of the other day was confirmed. So far I have received no confirmation of it. I have been trying for days to get some authentic information from Pekin. I have not succeeded. But I will not believe it yet."

The State Department has received a dispatch from Consul General Goodnow, at Shanghai, announcing that the two governors of the two provinces Honan and Shan-Si have issued proclamations in favor of Boxers. The dispatch shows that the influence of the latter organization so far from being on the wane is spreading. The two provinces named are west of Pekin and northwest of Shanghai and have heretofore been reported as tranquil.

The State Department is expecting at any moment to receive a cablegram from U. S. Consul Goodnow, at Shanghai, forwarding the dispatch from General Sheng, director of posts and telegraphs, telling of the killing of the foreigners in Pekin. The Publishers' Press and Scripps McKee bulletin from Shanghai quoting Sheng as laying the blame for the murder of the foreigners on the anti-foreign General Tung Fuh Siang was laid before the State Department this morning as soon as it was received in Washington.

The State Department severely criticizes this morning the published interview with the Chinese Minister here. He blames the foreign powers for the situation in China. He says the jealousy of the powers are to blame for the failure of the allied troops to start towards Pekin from Tientsin before now, and that with 20,000 troops under capable leadership it should have been possible for the ambassadors to have been relieved before this.

No word has been received from any of the United States officials in China since Consul Goodnow's dispatch early yesterday morning. Nothing has come either officially or by press dispatches that is calculated to dispel the gloom that follows the receipt of the message. On the contrary the press cablegrams have all tended to confirm the opinion that the foreign ministers in Pekin together with their families and guards have been wiped out of existence.

He also is quoted as saying that an evil mind would imagine that the foreign powers had started the trouble in China for their own purpose and had deliberately left the ministers to their fate. This language was called to the attention of the State Department where it was said that Minister Wu is talking entirely too much.

The reciprocity agreement between the United States and Germany was given out from the State Department in the form of a proclamation today. Among the articles upon which the tariff is reduced are brandies, still wines, vermouth, paintings in oil or water colors, pastels, pen and ink drawings and statuary, all of which are luxuries and only used by the rich.

As the Havener cracker factory of this city is not a member of the cracker trust, it is said here that it is doing a greatly increased trade since the Hill factory in Alexandria went into that trust and suspended operations, and that a very considerable portion of that increase is in Alexandria.

At the brokers' offices here today stock quotations were steady, wheat was lower and weak, and corn was higher and strong.

Senator John H. Gear, of Iowa, died suddenly early this morning at the Portland. This will give a chance to Mr. Speaker Henderson, Representative Dooliver and other prominent Iowa republicans not satisfied with their present positions, to strive for something higher. The deceased was born in 1825. He was Assistant Secretary of the Treasury under President Harrison, and a pronounced republican.

Mr. James E. Boyd, who has just been appointed U. S. judge of the western district of North Carolina, was a prominent member of a notorious and violent kluks band, in his State; but, to Mr. McKinley, aman's sine, though they are crimson, will become as white as snow if he deserts the democratic, and joins the republican party.

A well-informed democratic politician from Virginia, here today, says he has seen it announced that ex-Governor Hill of New York will come to his State to make speeches for Bryan and Stevenson; but that that will involve a needless waste of money and some to all unnecessary trouble, and that if the ex-Governor has any time to spare this summer and fall, he had better spend it in the rich North, as poor Virginians don't need anybody to tell them that their interests will be best served by voting the democratic ticket.

Senator Money of Mississippi, and ex-Senator White of California, were at democratic headquarters today. They and Representative Richardson, chairman of the democratic campaign committee, agreed that democratic prospects were bright and brightening, and that every thing is favorable to a decisive democratic victory in November. A North Carolina democrat at headquarters today, said the State election there next month was assured, and that the amendments to the State constitution then to be ratified, would make the State democratic at all subsequent elections.

NEWS OF THE DAY

In a statement about Cuban affairs Secretary Root said yesterday he did not think the people of the island want annexation.

Charles W. Barnes, arrested in St. Louis confessed that he was one of the two men who robbed an express car near Wickliffe, Ky.

The War Department has determined that after the withdrawal of the volunteers from the Philippines the force to be retained in the archipelago will be 40,000 men of all arms of the service.

Resolutions asking for the extension of the public school system to Cuba, Porto Rico and the Philippines were adopted at the meeting of the National Educational Association at Charleston.

A detachment of the Third Cavalry, under Captain Dodd, killed 173 Filipinos and destroyed 435 miles of territory in northern Luzon and had but one man slightly wounded between April 8 and May 3 last.

Dr. L. W. Haberman has resigned his position as manager of the German bureau of the republican national committee and has left the party for the reason that he is opposed to many of its policies, especially imperialism. He will vote for Bryan.

Representative Lentz, of Ohio, had an interview with Mr. Bryan yesterday. He urged that the democratic campaign headquarters be moved to Columbus, Ohio, giving as his reason that he believes the Buckeye State can be carried for Bryan this fall if the proper effort is made.

The population of the District of Columbia, according to the returns of the 12th census, is 278,718, divided as follows: Washington, 218,196; Georgetown, 14,549; remainder of District, 45,973. The population of the District in 1890 was 230,392. The increase during the last ten years was 48,326, or 20.98 per cent.

THE CHINESE TROUBLES.

The Belgian foreign office has received a dispatch from Shanghai announcing, on Chinese authority, that Gen. Neih-Si-Chang has defeated the rebels near Pekin, and relieved Prince Ching and Gen. Ying-Lu, who were trying to defend Europeans.

A Tientsin correspondent of the London Express, writing under date of July 9, says that the Chinese are daily "driving in" the allies. The Chinese have mounted 12 fresh guns in advantageous positions and are sweeping the streets of the foreign settlement.

A dispatch from St. Petersburg to the Daily Mail is of a different tenor, saying that in the last six hours fighting around Tientsin the Cossacks captured six Krupp guns and killed many fleeing Boxers. The Chinese lost 3,000 killed, including General Ke.

Consul McWade, of Canton, said that Li Hung Chang has engaged quarters on a steamer sailing for Pekin. Press dispatches say that Prince Li has given up his Pekin trip. Berlin dispatches say that Prince Li is sending troops to Pekin to suppress the Boxers. This is in response to an imperial edict dated June 17. He will remain south, it is stated, so as to better control Chinese Governors.

Dispatches from Shanghai state that foreigners have evacuated Wan Chau, in southern China, on account of a threatened Boxer uprising.

It was stated in the House of Commons that Queen Victoria had received a dispatch purporting to have come from the Chinese Emperor. The contents were not made public.

Lieutenant-General Miles has made application for active command of the American forces in China. It is said to be doubtful whether his request will be granted. Washington authorities have requested Mr. Wu Ting Fang, Chinese Minister, to forward a message to United States Minister Conger in Pekin. This Mr. Wu has undertaken.

The Chinese Minister has undertaken to get through a cipher cable message from Secretary Hay to Minister Conger at Pekin, and to deliver back the reply of the Minister if he be alive. No expense will be spared to re-establish communication. The French government has also charged the Chinese Minister at Paris to transmit a telegram to the French Minister at Pekin.

The British government received a dispatch purporting to have come from the Emperor of China, and said to contain the statement that the European powers were held responsible for the anarchy in Pekin, since they ordered the bombardment of the Taku forts.

A veteran military officer in London advances the opinion that the ministers and their families are in hiding, probably in the palace at Pekin, and that the officials will not let the fact be known, lest the mobs attack the palace.

Advices from Berlin gave information that the viceroys in the southern provinces of China were sending troops to Pekin to operate against Prince Tuan.

THEODORE TILTON AGAIN.—A cable dispatch from Paris says that Theodore Tilton is considering an offer to make a lecture tour in this country. This seems like a message from the dead. It has been many years since Mr. Tilton left this country, and many no doubt have thought that he was no longer living. Once he was a prominent figure in the life of New York, and a brilliant career was predicted for him. How that career was blasted is well known. If he returns to the United States he will find that he is almost the only survivor of those identified with the Beecher-Tilton scandal. Mr. Beecher is dead, his statue stands near the courthouse, where the famous trial took place, and his memory is revered in Brooklyn. Mrs. Tilton and "Mutual Friend" Moulton have also passed over to the silent majority. The judge who presided at the trial, the foreman of the jury and most of the witnesses engaged on both sides are dead. Of those who survive, Mr. Everts is in complete retirement and only General Tracy and Mr. Shearman are in active life. Theodore Tilton will be recalled as a man of fine figure and handsome face. He possessed excellent literary ability, and could talk up in many circles. Every tablet has C. O. C. stamped on it. Beware of imitations.

The revenue cutter "Munich" arrived at Port Townsend, Washington, yesterday from Dutch Harbor. Captain M. A. Hesley, the commander, lost his reason shortly after leaving Dutch Harbor and attempted to leap overboard. He was taken to the hospital at Port Townsend.

VIRGINIA NEWS.

Jacob Bowman, a prominent farmer near Arbor Hill, Augusta county, died yesterday evening, aged 66 years. He is survived by a widow and seven children.

In Richmond two society young men quarreled about a young lady on Thursday, adjourned to Lee Monument Circle and had 10 hard rounds of fist cuffs without decided results.

Maj. N. V. Randolph has been prevailed upon to serve as least another year as president of the Soldiers' Home board. He resigned some months ago on account of failing health.

Mr. Tipton W. Allen, Jr., a well-known citizen of Shenandoah county, and one of the largest land owners in the valley, died at his home near Hawkinstown Thursday evening after a brief illness.

Mary Tatt Eyre, widow of Col. E. E. Eyre, for many years a resident of San Francisco, died in Paris on Thursday afternoon, two months' illness. She was a daughter of Calvin Luther Perry, of Charlottesville.

A letter was received at Richmond last night from Hon. David B. Hill, of New York, accepting the invitation of the Old Dominion Democratic Club to speak there during the campaign. He does not fix the date.

Attorney General Montague in response to a request for his opinion says that a minister of the gospel is not exempt from the payment of the State income tax. The inquiry comes from the city of Lynchburg.

It is reported that the republicans of the Richmond district have determined to suggest Mr. Gustavus Milliner, of that city, for Congress. This gentleman is a well-known manufacturer and four years ago bolted the democratic ticket.

The National Dental Association, which has been in session at Old Point for the past few days, adjourned yesterday after electing officers and selecting Milwaukee, Wis., as the place for its next meeting. G. V. Black, of Chicago, was elected president.

Mr. Morris Claggett, for many years connected with a leading business house in Richmond, died last night at the Confederate Soldiers' Home, of that city, he had been an inmate for about two years. Mr. Claggett went to Richmond from Washington, where he has a brother living.

Arrangements for the entertainment of the Sovereign Grand Lodge of Old Fellows, which holds its session in Richmond in September next, were formally inaugurated last night at the meeting of the executive committee, which assembled at the office of the grand secretary, in the Ebel building, in that city, at 8 o'clock.

A special term of the Circuit Court of Clarke county was held on Tuesday and Wednesday of this week, at which Judge C. E. Nicol, of the Eleventh Judicial Circuit, presided. The term was called especially to hear the suit of Harrison and Byrd and W. Roy Stephens against John L. Wissler. The case was dismissed on motion of the defendant on a plea in abatement, the Court holding that one of the plaintiffs, Hon. Thomas W. Harrison, being judge of that circuit, the case could not be heard in the circuit, although another judgment upon the bench. The plaintiffs will carry the case to the Court of Appeals.

THE WAR IN AFRICA.

The losses of the British in the fight at the Magalaburg pass, eighteen miles from Pretoria, are more numerous than first reported. It appears that the British became confused and the Boers poured into them a terrible fire. Natives were seen in the Boer ranks. Grobler commanded the Boers.

Colonel Mahon, reinforced by General French's brigade, took all the positions held by the Boers in the neighborhood of Beitfontein.

General Clerly's column has camped at Witpoort, in the Transvaal.

HUSBAND'S ASHES GONE ASTRAY.—The mistake of the Boston and Albany baggage agent in Boston in checking a handbag Thursday to Van Housen, on the Albany main line, instead of to Van Duesen on the Berkshire Division of the consolidated, has caused a Boston woman, whose name is not known, considerable worry, and the officials are busy trying to get trace of the missing piece of luggage. The bag is an ordinary one, but what makes its owner so anxious about it is because it contains the ashes of her late husband, whose body was cremated several days ago near Boston. When the woman checked the bag, the baggage agent understood her to say Van Housen, but on her arrival at Van Duesen the bag was not there. She was very much put out about the loss and hastened to the railroad officials to have a search instituted. She first told the railroad men that the bag contained clothing and finally said that her husband's ashes were contained in it also.

A lot of telegraphing was done between Van Duesen and Van Housen and the bag is probably safe.

SUICIDE AT CAPON SPRINGS.—A man registered at Capon Springs, Va., as Mr. Zon, Washington, committed suicide there early yesterday morning by taking morphine. Zon went to Capon on June 10, and had been staying at the hotel ever since. None of the other Washington guests were acquainted with him, and nothing is known of his past. Zon retired to bed as usual Thursday night, but failed to appear for breakfast. Manager Ows, F. Nelson forced an entrance to the room and found him lying dead on the bed, partly undressed, with an empty bottle by his side. It was at first thought the man had died from natural causes, but when an examination of his effects was made, to ascertain his identity, a letter addressed to Capt. W. H. Sale, proprietor of the springs, was found. The letter told of the man's determination to end his life, and stated that he was without friends, relatives or money. Only a few cents were found among his effects.

Best for the Bowels. No matter what ails you, headache to a cancer, you will never get well until your bowels are put right. CASCARETS help nature, cure you without a grip or pain, produce easy, natural movements, cost you just 10 cents to start getting your health back. CASCARETS. Get a bottle, the genuine, put up in metal boxes. Every tablet has C. O. C. stamped on it. Beware of imitations.

Neglect in the short stop so many take from a cough or cold to consumption. The early use of One Minute Cough Cure, prevents consumption. It is the only harmless remedy that gives immediate results. It cures all throat and lung troubles. Children all like it and mothers endorse it.

THE War in Africa. London, July 14.—Lord Roberts reports to the war office that the South African light horse of Buller's command chased the Boers who were attempting to destroy the railroad and captured their camp near Neillpoort. The British are moving up through Van Bosenan's Pass from Natal into the Orange River Colony. At Heilbron and Heidelberg the Boers continue to surrender arms.

TO-DAY'S TELEGRAPHIC NEWS

From China. London July 14.—While there is no confirmation of the report that the foreigners in the Chinese capital have perished, the silence, however, is sufficient confirmation for the public. A story is printed in Paris to the effect that the Russian minister in China, M. de Giers, has been killed to death. This revives a belief in the story recently current in Germany, that Baron von Kettler, the German minister, suffered nameless tortures before his death though this is not confirmed. The news should not be surprising in view of what has been known of the situation at Pekin. The blame for the Pekin tragedy if a tragedy has occurred, lies with the powers, not for mistakes now but for sins of omission before. Paris newspapers report that Li Hung Chang has advised the authorities that several boxer emissaries are in Paris for the purpose of assassinating the Chinese minister to France. It is presumed that other boxers, who left China two months ago, went to the other capitals with a similar mission.

INTERNATIONAL ATHLETIC GAMES.

Paris, July 14.—The athletic games in connection with the exposition began today on the grounds of the Paris racing club. Thousands of people jammed the route to the grounds and filled the grand stands to overflowing. July 14 is a national holiday in France and this fact added to the enthusiasm of the crowds. A great crowd of Americans was present and thirty-five Americans competed in the games. Owing to the refusal of most of the American college athletes to take part in the events on Sunday, the victors in whatever finals are run tomorrow will meet the Americans on Monday. Kranzelein, the Pennsylvanian, who did such marvelous work in London last week, won the first trial in the hurdles. Other trials in the hurdles were won by Pritchard, the Indian athlete, and Lecuyer, a Frenchman. Kranzelein won the final heat in the hurdles easily. Bauer, a Hungarian, won the disc throwing. Hall, of Brown University, won the first heat of the half mile. Woodson, Keegan, of Princeton, won the third. The winners of the 100 yards trials were Duffy, of Georgetown; Tewkesbury, of Pennsylvania; Lieble, of Michigan; Jarvis, of Princeton, and Pritchard, the Indian. The final heat in the 100 yards was won by Jarvis. Tewkesbury and Pritchard ran a dead heat for second honors. Duffy, of Georgetown, fell down and was out of it.

The Goebel Murder Trial. Georgetown Ky., July 14.—The first of the famous Goebel murder trials is now fairly launched. Col. Tom Campbell's statement to the jury seemed to indicate that an attempt would be made to prove that the same man who fired the shot that killed Tom Goebel was William Goebel's assassin. The case was resumed this morning with the examination of D. M. Woodson who was placed on the stand Friday evening. The ground plan of the State House grounds prepared by Woodson, with plans of the basement of the executive building were offered as evidence, with a piece of wood containing a bullet which was taken from a tree. Woodson showed that a line from the sill of the southwest window of the Secretary of State's office to the bullet hole in the tree would pass four feet two inches above a point about midway between the fountain and curb of the pavement. A plan was submitted, showing various heights above the pavement of the line from both of the front windows of the Secretary of State's office to the bullet hole. Woodson stated that his first measurements were made under guard. He never saw the prisoner until the trial began. Woodson also presented diagrams of the second floor of the various State buildings and then an hour was consumed while he gave relative distances and countless measurements.

Romance Ends in Tragedy. St. Petersburg, July 14.—A sensation has been caused here by the death of Professor Domberg, the famous oculist. Professor Domberg, said to be the handsomest man in St. Petersburg, had a liaison with the wife of his friend, Captain Julian von Hecker, of the general staff. The husband discovered the affair, went to the professor and demanded an explanation. The scene between the two men was very stormy. Captain von Hecker proposed to divorce his wife and insisted that Professor Domberg should promise to marry her. As the latter absolutely refused, Captain von Hecker drew a revolver and fired three shots, wounding Professor Domberg in the abdomen. Professor Domberg was a well-known sportsman, and one of his last wishes was that his coffin should be covered with the flag of the St. Petersburg River Yacht Club, of which he was vice commodore.

Floods in Texas. Galveston, Tex., July 14.—The greatest rain in the history of Galveston fell between 8 o'clock Thursday night and 3 o'clock yesterday afternoon. In the 19 hours more than 13 inches fell. With the rain there was a southeast gale. The Gulf was in a tumult and considerable property along the shore was damaged, and several people were injured. All streets were transformed into rivers. A number of stores were flooded and goods damaged. The floods ruined the pavements of the principal thoroughfares, the blocks swelling into blister like hillocks, then breaking out of their regular formation and being floated off by the waters.

A Non-Political Organization. Cleveland, O., July 14.—Catholics here deny that the new federation of Catholic societies which is projected, will be in any sense a political organization. The movement was started last year at the convention of the Knights of St. John in this city. It is directly stated by the originators of the scheme that "no political party whatsoever shall be formed out of the national federation, nor shall it affiliate with any political party." The federation is to be brought about for religious and not for political reasons.

Desperadoes Captured. Huntington, W. Va., July 14.—A posse headed by William Holley, a deputy sheriff of Lincoln county, captured Lee Higginbotham and George Tinsley in the wilds of Boone county, yesterday, after a desperate fight in which both prisoners and four of the posse were wounded. Higginbotham and Tinsley are charged with the murder of Mayor H. W. Despit, of Culloden, last Saturday night. Both had been arrested, but broke jail at Milton on Tuesday.

Battle With Robbers. Des Moines, Ia., July 14.—Frank Murray and Tobe McCabe, burglars, and C. B. Nason and Whitehill, storekeepers, fought a pitched battle in State Centre yesterday. The robbers were captured. Murray was shot twice in the leg and Whitehill received one leg shot in the leg. Two robbers, who served as guards, but did not take part in the fight, escaped.

The Markets. Chicago, July 14.—The market closed as follows: Wheat—Aug 78 1/4 to 77 3/4; 78 1/4; 79 1/4. Georgetown, July 14.—Wheat 75 to 80.

The law holds both maker and circulator of a counterfeit equally guilty. The dealer who sells you a dangerous counterfeit of De Witt's Witch Hazel risks your life to make a little larger profit. You cannot trust make a little larger profit. You cannot trust make a little larger profit. You cannot trust make a little larger profit.

Capetown, July 14.—The Boer prisoners at Simonstown came very near escaping yesterday. They had dug a long tunnel similar to that constructed by Union prisoners at Libby prison and had almost reached freedom, when discovered by the British authorities.

THE MAMMOTH FREIGHT STEAMER

The Mammoth freight steamer American of the American-Hawaiian Line, was launched this afternoon at Chester, Pa. She is one of the four being built for service between San Francisco and Honolulu. She is 430 feet long, with 50 feet of beam.

Harrassed by a presentment that would have fallen on St. Louis, Mrs. Martin Woodard, of Denver, boarded a train Thursday afternoon and started for St. Louis. When she arrived she learned for the first time that she is the victim of a murder.

Guy Wood, accompanied by his wife and children and Lieut. Hauns, sailed from Boston today for New York on the Havoc. Col. H. I. Scott, chief of staff, will get Gov. Wood's absence.

The Dime Savings Bank of New York, which suspended payment yesterday by reason of the cessation of its treasury, Charles E. Westervelt, now under arrest, still closed.

PEABODY SCHOLARSHIPS.—The department of public instruction is now sending out the Peabody examinations and the examinations for the State certificates and life diplomas.

There are eighteen scholarships allotted to Virginia in the Peabody Normal College at Nashville, Tenn., five of which will vacate this year.

Two of these have been filled by nominations by the president of the college and seven are to be held in competitive examinations to be held at Marion, Roanoke, Fairmont (near Richmond), Lexington and Portsmouth.

These scholarships are good for three years and are worth free tuition in the college, \$100 in money, and traveling expenses to and from the college.

There are a great many applications for the scholarships. The examinations for State certificates and life diplomas will be held as follows: For white teachers—Roanoke, Lexington, and Fairmont (near Richmond), July 18, 19 and 20.

For colored teachers—Hampton, on the same dates.

SHE PLUCKILY FOUGHT BRUCE-Mile, Dorina, of the Boston meteorite, went into the big cage containing the bears in New York yesterday morning to put them through the paces for the afternoon performance. One of the bears rebelled and she struck a sharp blow with her whip.

The bear rushed at her, and she thrust the butt end of the whip into its mouth. The animal, being unable to use its teeth, struck repeated blows with its claws.

The claws tore her clothing from her and gashed her body in a cruel manner. Her stout boots were split from top to sole, and wrenched from her feet.

Miss Dorina did not weaken, she maintained her position, and finally subdued the animal and completed the complete its work. When she left the cage she fainted.

THE "GOAT" BUCKED.—Thomas White, 34 years old, is suffering at the Episcopal Hospital in Philadelphia from a triple fracture of the shoulder blade, caused by an accident during initiation at Pride of America, London, Foresters of America, Thursday night at the latter's hall. White, with several other men, composed the degree staff of the order. To properly impress candidates with their work, the members of the degree staff assume different characters. Thursday night White was the "big injun" and was made up accordingly. During the administration of the first two degrees everything progressed smoothly, but while the third degree, which calls for vigorous work, was in progress, White slipped to the floor and broke his shoulder.
