LOCAL MATTERS.

WEATHER PROBABILITIES.—For this section, fair, warmer tonight; rain Saturday; fresh to brisk southerly winds.

A SAD CASE.—A dispatch was published in yesterday's Gazette stating that August Bartels, of Baltimore, had committed suicide at Newport News on that day.

Mr. Bartels was bookkeeper for the Pabst Brewing Company, and went to Newport News last June from Baltimore.

Bartels had been using liquor freely for several days, and yesterday morning his manager went out to hunt him up in order that he might transact some business with him.

The manager found him and the two started to return to the office. Bartels entered a saloon for a drink and then passed into a rear room.

As the door closed on him a shot was heard, and when the attendants rushed in they found him dead on the floor with a revolver by his side.

Just what caused the suicide is not known. At the office of the company it was said last night that his accounts are straight.

Mr. Bartels was 38 years of age and has a wife and two children living in Baltimore. He married Miss Olivia Schneider, daughter of Mr. Justus Schneider, of this city.

Upon being informed of the sad affair yesterday evening Mr. Schneider left by the Norfolk boat for Newport News.

He will bring the remains of his son-in-law to this city for interment. Mr. Bartels' health failed him some time since, and he accepted a position at Newport News with the local branch of the Pabst Brewing Company, hoping that the change of climate would be beneficial to his health.

The change, however, only served to increase his illness, as shortly after his arrival in Virginia he was attacked by malarial fever and his health gradually grew worse.

Mrs. Bartels received a letter from her husband last Monday, in which he complained of the climate, and of his falling health. The tone of the letter showed that Mr. Bartels had become very despondent, although it was a great surprise to his friends when the news of his sad ending reached them.

Mrs. Bartels was almost heart-broken. Mr. Bartels and children left Baltimore today to attend the funeral, which will be held here tomorrow.

JR. O. U. A. M.—As stated in the Gazette of that day, a new State Council of the Jr. O. U. A. M., was organized in this city last Saturday. It will be remembered that in October 1899, at the State convention held at Cape Charles, the State Council refused to pay the national per capita tax, which was regarded as an act of secession.

The rupture then made has never been healed. On January 11th, 1901, the National Council revoked the State charter and ordered a reorganization of the State organization.

To carry out the intention and order of the National Council, a meeting of the Juniors of Virginia loyal to the National Council was held here last Saturday, March 2, and officers were elected, as stated on that day. A new code of laws governing the national branch of the order in Virginia was adopted.

This gives Virginia two State Jr. O. U. A. M. organizations, one recognized by the National Council and the "insurgents," or "seceders," who are acting under a charter granted by the Legislature of Virginia at the last regular session of that body.

The three councils of this city belong to the new State Council as "regulars." It is stated that the troubles between the two State organizations will be taken into the courts for settlement.

SCHOOL BOARD.—At the monthly meeting of the City School Board held last night there were present Col. F. L. Smith, chairman, and Messrs. Thompson, Aitchison, Mankin, Marbury, Currie, Harrison, Bryant and the Superintendent.

Mr. Aitchison reported that slight repairs had been made to some of the furniture in Pesbody building and the repaired furniture would last to the end of the session. The bill for the repairs was ordered to be paid.

The Superintendent reported that in looking after the schools he had visited them more frequently last month than on any previous month, that the schools were all being well conducted, and all had a good attendance. In answer to an inquiry he said there was but one available substitute teacher as most of the substitutes had allowed the time of their certificates to elapse; he was authorized, however, under a resolution of the board, to employ, in case of emergency, suitable teachers to take charge of the schools.

THE PROGRESSIONISTS.—Several weeks ago, it will be remembered, about a score of residents of the city met in the Business Men's League rooms and invited against the city fathers and others generally for alleged timidity in respect of public improvement—new streets, sewers, &c. Mr. James Bayne, at the time, read a comparative statement of the affairs of the city for a number of years past, and it was suggested that the same be printed in pamphlet form for distribution. The suggestion is now being acted upon, and the statement is in the hands of the printer. In an address made at the gathering has not been abandoned, and at the spring election an attempt will be made to select Councilmen who will carry out the objects of the progressionists.

DEGREE ENTERED.—In the Corporation Court today, in the case of J. W. Avery vs. Hattie A. Avery, a decree was entered directing F. J. Davidson, administrator, to turn over to Hattie A. Avery, all money which may be in his hands, as administrator, J. W. Avery having conveyed all his interest in the estate of R. W. Avery to Hattie A. Avery.

The U. S. steamer Hartford passed down the river this morning. The Dixie, at last reports, was still anchored off Maryland Point, but it is expected that she will get out in a day or two.

WORKS OF COUGH AND STOPS OFF THE COLD. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

A lingering cough following grippe calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate relief. Prevents consumption.

PERSONAL.—Mrs. Gussie Prince and Miss Louise Montreth, of Atlanta, Ga., are visiting Mr. W. F. Henshaw, on north Columbus street.

Miss Christina Squire, who has been visiting Miss Josie Robinson on south Pitt street, left yesterday for her home in New York.

It will afford profound pleasure to the many friends of Batop Whittle to know that after his long trying and dangerous illness he is convalescent and on the high road to entire restoration of his health.—Southern Churchman.

Mr. and Mrs. C. H. Dishman, of Pensacola, Fla., are visiting Mrs. E. Roland Dishman on upper Prince street.

The appointment of Mr. A. W. Armstrong, as local attorney for the electric railway company relates only so far as concerns the recent suits brought against the company for Mr. and Mrs. Ridgeway, mention of which have heretofore been made.

Mr. Milton Baker, formerly of this city but now of Washington, was in the city today on a short visit.

Mr. Leopold Geuzberger and wife, aged respectively 80 and 79 years, are looking forward to the celebration of their golden wedding on March 27th next, at which time there will also be a reunion of their family—four sons and two daughters.

The sons who are located in Montana will be present with their families, making the aggregate attendance about thirty-five.

Mr. Albert Sniary, who has been confined to his home for the past week or so with a severe cold, is much improved and expects to be out again in a day or so.

Lieutenant J. Monroe Love, of the Thirty-second Infantry, has been appointed treasurer of the province of Pampanga, Philippine Islands, and Sergeant Major Vance, of the Forty-first United States Volunteer Infantry, has been appointed supervisor and secretary to Lieutenant Love. The capital of the province has been fixed at Balanga.—Fairfax Herald.

Gen. W. H. Payne and Col. J. S. Mosby have gone to New York on legal business. Col. Mosby says he has received hundreds of letters asking him for certificates of membership of his command to any of them. As heretofore stated he believes the report that Baron Masow of Germany intends leaving a large sum of money for the survivors of Mosby's command is a fake.

Mr. Henry C. Jopling, of Inkerman, Pa., has returned to his home, having spent a very pleasant week with his relatives.

CIRCUIT COURT FOR THE COUNTY.—Judge C. E. Nicol presiding.—Birch vs. Canam; decree for sale of property at Rossly.

Fort Myer Heights Land Co. vs. W. A. & F. C. Ry. Co.; rule issued against company to show cause why they should not be enjoined from operating that road through Fort Myer Heights sub-division, and rule returnable on first day of May term.

Commonwealth vs. Potomac River Power Co.; information in nature of quo warranto; motion to quash proceedings and writ and demurrer to information, and cause continued till May term.

FUNERAL.—The remains of Mr. Geo. K. Wilmer, who died at his home in Baltimore on Wednesday evening, were brought here this evening and interred in the family lot in the Presbyterian Cemetery. The services were conducted by Rev. Dr. Brooke, and the pallbearers were Messrs. George Wise, K. Kemper, P. J. Dempsey, A. E. Slaymaker, A. H. Slaymaker and A. C. Slaymaker.

FIRE.—The alarm of fire about 2:30 o'clock this evening was caused by the burning of some straw set fire to by sparks from a passing engine at the Virginia Glass Works, in West End. The flames communicated to a shed, but they were extinguished before much damage had been done. The fire department responded to the call.

"A TRIP TO COUNTOWN."—There has been some criticism, and not entirely without reason, of the broad character of the story told in many of the "coon" songs which are heard nowadays at roof gardens and "rattles." That there is a carelessness in some of these songs which offends is undeniable. A striking feature of Cole and Johnson's "A Trip to Countown" is the entire absence of any song that savors in the slightest degree of vulgarity. Their "coon songs" are only on the humorous phases of coon life. The company will appear at the Opera House tomorrow afternoon and evening.

THE MOST EFFECTIVE MEDICINE.—At a meeting of the Merchants' Association of Poughkeepsie, New York, a few weeks ago the question was raised as to the best means of attracting the attention of persons who might desire a good location for industrial establishments. After a thorough discussion it was decided that the leading newspaper was the best medium of publicity for any purpose and it was resolved that advertisements setting forth the advantages of the town as a site for manufacturing plants should be inserted in newspapers of large circulation.

The annual auction was held February 28, at Mr. Thomas W. Blier, who has bought in the privilege for many years, refused to bid this year, because of the trouble in getting rid of the necessary refuse at the wharf.

The management hopes to have the plant in operation in about 90 days.

Mr. W. W. Scott, the librarian of the State Library, who has announced himself as a convention candidate for Orange county, thinks the present system of electing school superintendents is an objectionable one. He believes that it might be a powerful political weapon in the hands of men who subordinate the State's interests to their own.

The school superintendents are elected by the State Board of Education, which consists of the Governor, Attorney-General and Superintendent of Public Instruction. The next election of superintendents will occur in May.

COURT OF APPEALS. Richmond, Fredericksburg and Potomac Railroad Company vs. Johnson et al. Argued by Hill Carter for appellant, and Conway R. Sands for appellee, and submitted.

Sands vs. Durham. Argued by J. C. Wyser for appellant, and W. J. Hanson and S. W. Williams for appellee, and submitted.

The next cases to be called are: Bankers' Loan and Investment Company vs. Blair, and Mumford, survivor, vs. Van Wick.

Rowe vs. Drengill. Continued.

COMMUNICATED. When the right of way over Payne's street was given to the Pennsylvania Railroad they supposed to be allowed to block up that street so that no one could get over it. This constantly happens. No later than this morning a freight train stood across Prince street for some time while the engine cut loose and went up to the station at Cameron street and shifted some cars. All this time Prince street was impassable. Such things happen frequently, and it is a great nuisance. The proper city authorities should attend to it and see that it ceases. Railroads and their employes seem to think that the city or inhabitant has no rights that they are called on to respect. At any rate, they carry out their own sweet will, regardless of consequences to others. CITIZEN.

E. W. Grove. This signature is on every box of the Genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.
