

MEDICINAL

"A Bright Little Boy"

Would be sure of a welcome in almost any home. But what a welcome he would have in a home where the hope of children had been extinguished. What a welcome this particular "bright little boy" did have in such a home, may be judged by the closing paragraph of his mother's letter, given below. There is no room for the whole letter, which recounts a story of fifteen years of suffering and a perfect cure by the use of "three bottles of Dr. Pierce's Favorite Prescription." and some of the "Pellets."

In many instances children's nervousness is the result of conditions which are curable. It has often happened that when "Favorite Prescription" has cured a woman of female weakness and the nervous condition attending it, her return to health is signalled by the birth of her first child. "Favorite Prescription" makes weak women strong, sick women well.

"I cannot tell half that Dr. Pierce's medicine has done for me," writes Mrs. T. Kagan, of Norris, Watauga Co., N. C. "It will do all that is claimed for it—prevent miscarriage and render childbirth easy. It has given me a bright little boy, and I would not have had him had it not been for your wonderful medicine. I cannot say too much in praise of it. I think it is worth its weight in gold. I thank God for my life, and Dr. Pierce for my health."

"Pleasant Pellets" clear the complexion.

EXPLORING ARIZONA RUIN.

Work was begun on Saturday, what, from an archaeological point of view, is one of the most important and interesting undertakings of late years. Situated four miles east of Phoenix, Arizona, are the ruins of what was once, doubtless, a great prehistoric settlement. One immense pile, about 25 feet high and 100 feet wide, by 200 feet long, is surrounded by lesser mounds, which extend for half a mile northward and fade away in the river toward the south. Some of these smaller heaps have been explored by relic seekers, and an immense quantity of ancient pottery, stone tools and cooking utensils has been taken from them, while in several instances skeletons have been unearthed. Evidently the walls in these ruined houses were all of adobe, a building material still extensively used, and the decay and weathering of hundreds and perhaps thousands of years have piled the debris around the lower walls, which are still intact. The walls, which were perfectly protected by the fallen adobe, are from twelve to eighteen inches in thickness, and the great piles of debris would indicate original buildings of thirty to seventy-five feet in height, while the largest pile must have been of much greater proportions. Authorities who have examined the ruins believe them to have been built by the Aztecs, a people thought to have come up from Peru, across the Isthmus of Panama, and from whom the Zuni and Hopi Indians of northern Arizona are thought to have descended. The ruins, as they lie, help corroborate the theory that the original buildings were of a style of architecture still employed by the Zuni and Hopi, great houses built in terraces, which are reached by way of ladders.

The ruins east of Phoenix are by far the largest of any of the many traces of prehistoric settlements found in the Salt River valley, and it is believed the city once reached farther south, until a large part of it was washed away by the floods from the mountains, or covered by the deposits from the floods of ages past.

Work was first begun on the largest ruin, the thought of that structure will be converted into a museum, to display the curious unearthed. There has, heretofore, been little digging in that pile, as it was protected by the Arizona Antiquarian Society, but at various times a few valuable relics have been unearthed. The society is laboring on a project to establish a park amid the ruins, and to get governmental aid in preserving the other ruins in the southwest.

CERVERA'S GLOOMY VIEW.

Speaking before the Naval Congress at Madrid, on Friday, on the subject whether or not Spain should be a naval power, Admiral Cervera expressed fears of the disintegration of Spain into a number of small states. "I do not wish," he said, "that the interests of the navy should predominate at the expense of the other interests of the country, but, observing, as I do, what is going on at the present day, I am afraid Spain may become like the Italy of Middle Ages."

A Very Remarkable Remedy.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by Richard Gibson, druggist.

Dr. Bull's Baby Syrup for teething babies, Pain-Size bottle, 10 cents. Cures Wind Colic, Diarrhoea, Loss of Sleep, Griping Pains, Sour Stomach, Fever, Cholera Infantum. Dr. Bull's Baby Syrup also promotes the digestion and soothes the baby. Sold by Richard Gibson and all druggists.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement. "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

AFTER USING Ely's Cream Balm six weeks I believe myself cured of catarrh.—Joseph Stewart, Grand Ave., Buffalo, N. Y.

This Ely's Baby Syrup also promotes the digestion and soothes the baby. Sold by Richard Gibson at 50c, or mailed by Ely Brothers, 56 Warren St., New York.

CITY GAS OFFICE.

Rooms Nos. 5 and 6, City Hall, Alexandria, Va., May 14, 1901.

As I am compelled to make up my accounts for the fiscal year ending May 31, 1901, it has become my duty to make immediate efforts to collect all outstanding bills. I therefore notify all gas consumers whose bills are not paid by 4 o'clock p. m. on FRIDAY, May 31, 1901, that the meters will be at once removed from their premises and all supply of gas cut off and the collection of all outstanding bills enforced. The attention of gas consumers is called to the following law:

An act to reduce the price of gas.
Section 1. Be it enacted by the City Council of Alexandria, Virginia, That from and after the 1st day of June 1899, the price of gas shall be reduced to \$1.30 per 1,000 feet, with 10 cents discount upon each 1,000 feet for prompt payment; but no discount shall be allowed on any gas bills unless paid on or before the 1st day of the succeeding month in which the state of the meter is taken, and when not paid within ten days after that date the Clerk of the Gas shall cut off the supply of gas.

As the law gives me no authority to grant any indulgence, I must insist upon a prompt settlement of gas bills.
