WEATHER PROBABILITIES.—For this section fair, cooler tonight with frost; Friday fair; light northerly wind.

MEMORIAL SERVICES.—The memorial services in respect to the memory of the late President McKinley in the various churches today were well attended. In addition to those mentioned yesterday services were held in the Jewish Synagogue, where Rev. Mr. Wise, of Cincinnati delivered a very suitable sermon. All the government and city buildings were closed and during the time services were in progress in the churches some of the stores were closed. Flags were remained at half-mast on public and private buildings and emblems of mourning floated in many places in the city. The public and private schools have holiday.

PERSONALS.—Mr. J. Randall Caton left here on Monday for Charlottesville where he will study law at the University of Virginia. Mrs. E. A. Proctor and her milliner, Miss Boggs, have gone to New York to select a fall stock of millinery which they will have on sale in a few days. Mr. William J. Hall has returned from the Pan-American Exposition at Buffalo. Mrs. A. B. Thomson, Mr. A. H. Thomson, Jr., Miss May Thomson and Mr. Sallie Ewelch have returned from Buffalo, N. Y., where they went to visit the Exposition. Miss Sarah Stuart has gone to San Francisco, to attend, as representative of Virginia, the meeting of the Woman's Auxiliary. Gov. Moore, Cameron and Gray, who are here attending the Free Methodist Conference, are guests of Mr. J. L. Della.

FREE METHODIST CONFERENCE.—The work of the Free Methodist Conference of the Free Methodist Church transacted yesterday afternoon was mostly of a routine nature. Last night a sermon was preached by Rev. G. W. Coleman. The regular business session commenced at 8:30 o'clock this morning, and was concluded at 11:30 o'clock. There will be preaching every night during the session of the conference. The session will be concluded Sunday night. A large number of preachers and laymen are in attendance.

DOUBLE WEDDING.—A double wedding took place last night at Carroll Institute, Washington, when the two daughters of Mr. and Mrs. H. Bernheimer were married, the elder, Miss Nettie Bernheimer, to Mr. George Strouse, and the younger Miss Clara Bernheimer, to Mr. Charles Baum. Rabbi Stern officiated. Among those who acted as ushers was Mr. Jonas Bernheimer of this city. Among the invited guests were Mr. J. Dreifus and Miss Bernheimer of this city.

THE DEATH OF MR. RICE.—The death of Mr. Joseph A. Rice, a well known Washington attorney, who had married an Alexandria lady, was mentioned yesterday. His death was caused by Bright's disease. The deceased was a native of New Orleans, where he was born fifty-seven years ago. He received his academic education at the Jesuits' School, in New Orleans, where he was a schoolmate of Justice White, of the Supreme Court. He was also his schoolmate at the University of Georgetown and at the law school in New Orleans. After living some years in his native city he went to Washington to live. In addition to his fine school and college education, Col. Rice's reading was very extensive, and of a variety that made him a most entertaining companion. By nature he was a man of great wit, and was possessed of unlimited power of repartee. He was eminent in all social matters and pastimes, and was of great personal popularity, and was the chosen companion of the first men of his time. His health gave way about four years ago, since which time he had been a constant sufferer, living under rigid medical discipline continually. As was stated he married Mrs. Mary Paulding, daughter of the late Dr. D. M. French, of this city. For several years past he, with Mrs. Rice and her daughters, Miss Katherine and Miss Holmes Paulding, had been spending the summer months at the home of Mrs. Forbes, in Warrenton, and it was at her home that he died. The funeral services will be conducted in Warrenton at 11 o'clock tomorrow morning, after which the remains will be brought to this city at 1:50 p. m., and conveyed directly to St. Paul's cemetery, where they will be interred. The funeral will be private.

CHANGE IN THE WEATHER.—The daily weather of yesterday passed away during the night, and this morning broke cool with a crisp north-west breeze. The storm now on its way up the Atlantic coast was central last night off Hatteras, N. C., moving in a north-northeasterly direction. It is not thought, however, that the tempest is severe enough to be termed a hurricane. The storm is on its way north along the coast. During yesterday the wind blew at the rate of from thirty to forty miles an hour. It has not, apparently, diminished in strength, although its proportions are by no means serious. Today the storm will be central off the Middle Atlantic coast and will occasion northeast gales. Its effect upon Alexandria will probably be rains. It is not likely that any very high winds will be experienced in this city.

FUNERAL.—The funeral of the late Charles M. Cockrell, who died at the Emergency Hospital in Washington Tuesday morning took place at three o'clock yesterday afternoon from his late residence, 610 South Lee street. Osceola Tribe of Red Men and James W. Jackson Council, Junior Order of United American Mechanics, of which the deceased was a member, attended in a body. A large number of friends and acquaintances of the deceased attended the funeral. The pallbearers were from Osceola Tribe and Jackson Council, and the services were conducted by Rev. Mr. Cameron, formerly of the Free Methodist Church of this city.

WHY THEY ADVERTISE.—The great development of newspaper advertising has not been due to the efforts of publishers, but to the competition in business. As the cities have grown the business houses have multiplied, and the most enterprising merchants have enlarged their share of trade by calling the people's attention to their wares. This has forced all merchants who want more than a neighborhood business to advertise. Now the people have the habit of looking to the newspaper for shopping information, and the establishment which is not advertised is out of the race.—(Philadelphia Record.)

DEATH OF MR. DEMENT.—Mr. Benjamin E. Dement, who had been suffering from consumption for some time, died at his home, on Lee street, near Wilkes, between 12 and 1 o'clock this morning. He leaves a widow and one child. The deceased was born at Marshall Hall, Charles county, Md., 29 years ago and had resided in this city for about nine years. He was one of the first employees of the electric railway, having been a motorman on the first cars run on the road. Later he became a conductor, and recently had been employed in the general office in Washington. In the winter of 1892-'93 Mr. Dement contracted rheumatism from exposure and subsequently pulmonary troubles developed. Faithful in each position he held under the railway company, he was justly appreciated, and when falling health prevented him from working on the trains he was given a position in the general office, and when compelled to relinquish that his name was kept on the pay roll. Mr. Dement was a member of Otisoma Lodge of Old Fellows, Masley Encampment, and of Alexandria Council, Junior Order of Mechanics. His funeral will take place Sunday afternoon.

The Czar in France. Paris, Sept. 19.—The garrison has been ordered to hold itself in readiness to be called out. This would seem to indicate that the Czar will visit Paris tomorrow.

Paris, Sept. 19.—France is today in the height of the festivities attendant upon the visit of the Czar. The military manoeuvres and sham battles today were very interesting and were viewed by the Czar and Czarina. The battle began before the Czar's arrival. Some 30,000 men, under General Bonnat, held a line extending over three miles and forming an obtuse triangle with the forts Vitry, Fresnoy, and Brimont at the various angles. One hundred and twenty thousand troops attacked the line and took Fort Brimont. The troops then adjourned for breakfast pending the Czar's arrival. The Czar and Czarina finally arrived at Fresnoy at 10 o'clock and with a cavalry escort proceeded to the field to witness the finish of the manoeuvres.

Mr. Bryan on the Assassination. Lincoln, Neb., Sept. 19.—In an expression on the assassination of President McKinley, which will appear in next Friday's Commoner, W. J. Bryan suggests what he believes would be a cure for anarchism. He says: "All government is the best ever devised. Let a man believe that he is being justly treated by his government and he will endure almost anything, but let him feel that he is being unjustly dealt with and even a slight wrong will rankle in his bosom. While we are legislating to prevent any manifestations of the anarchistic spirit on American soil, we should avoid those things which breed anarchy. Partiality in government kindles discontent; the exaltation of money above human rights; the fattening of a few at the expense of the many; the making of artificial distinctions between citizens; the lessening of the sacredness of human life. We can only bring absolute security to our public affairs by making the government to just and so beneficent that every citizen will be willing to give his life, if need be, to preserve it to posterity."

Dr. Rixey to be Surgeon General of the Navy. Canton, O., Sept. 19.—President Roosevelt has informed Mrs. McKinley through Secretary Cortelyou that in pursuance of the intention of the late President McKinley and in recognition of devoted service as well as because of eminent fitness, Medical Inspector P. M. Rixey will be appointed surgeon general of the navy upon the expiration of the term of Surgeon General Van Ryeppen. The Secretary of the Navy has been instructed by the President to instruct Dr. Rixey to make such arrangements as will enable him to continue, if needed, his care for Mrs. McKinley between now and the time of his appointment to the new position.

Loss of a Torpedo Boat. London, Sept. 19.—England's navy has suffered another serious disaster. News reached here today that the torpedo boat destroyer Cobra, a new vessel just from the hands of her builders, foundered in the North Sea yesterday, taking to the bottom with her the major portion of her crew. It is said that more than 75 persons aboard the ship. So far as reported only twelve men are saved. The Cobra was built by the Armstrongs at Newcastle and left the yards there yesterday for Portsmouth on a trial trip. She was fitted with torpedoes and engines and it was expected she would develop great speed. Advice received at the admiralty office are that the vessel struck a rock while running at high speed and foundered within a few minutes. It is believed most of the crew were below deck when the ship struck, and that all so caught perished.

Chamberlain's Cough Remedy a Great Favorite. The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by Richard Gibson, druggist.

Signature of E. W. Grove. This signature is on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day.
