MEDICINAL.

Just within her grasp is safety—but she does not see it; she is looking the wrong way. There's many a woman struggling in a sea of disease who is doing the same thing—looking the wrong way—snatching at medicinal straws when the life buoy, Dr. Pierce's Favorite Prescription, is within her reach. Many a woman has testified: "I know I should not be alive to-day but for Dr. Pierce's Favorite Prescription." This famous medicine establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Weak and sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

I take pleasure in writing to let you know the great good I received from your Favorite Prescription and your Pleasant Peppets. Says Mrs. Nora Gaddie, of Rio, Hart Co., Ky. "I took seven or eight bottles of your Favorite Prescription and one or two visits of the 'peppets.' Think I would have been in my grave had it not been for your medicines. I have been about four months since I took the medicine. I was all run down, had loss of appetite, could not sleep at night, was nervous and had black spots on my limbs, and sick headache all the time. I have not had sick headache since I took your medicine."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Peppets cure dizziness and sick headache.

END OF STRIKES.

A telegram was received in Roanoke yesterday afternoon from Vice President and General Manager L. E. Johnson, of the Norfolk and Western Railway Company, stating that a meeting of the United Mineworkers held at Keystone, W. Va., yesterday, the strike of the coal miners which has been on in the Pocahontas and other bituminous coal fields of Virginia since June 6 last was declared off and that all the men were ordered to return to work on next Monday.

The Norfolk and Western officials at Roanoke have not been advised as to how the strike was settled or what concessions, if any, were granted by either side. The fire which has been raging in the Bay mine at Pocahontas since Monday night was still burning yesterday.

General Manager Johnson, of the Norfolk and Western, was asked last night what the basis of settlement of the strike was and replied that there was no agreement at all, the mineworkers simply declaring the strike off and ordering the men to return to work on next Monday. He said there had been no conference with the mine operators or others interested in the strike.

A dispatch from Huntington, W. Va., says it is now believed the coal strike in West Virginia is practically at an end. At a mass meeting of miners from all the coalfields along the Norfolk and Western Railroad at Huntington yesterday it was almost unanimously agreed to end the strike, provided the operators will take back all the old miners, and the latter have signified their intention of doing this. The miners have agreed to return to work next Monday morning. It is reported that President John Mitchell, of the United Mineworkers, advised the strikers to return to work, as he realized that winter is near at hand, and the miners in this field could not hold out much longer, as almost everyone is dependent upon the union for food and clothing.

It is thought the strikers in the New River and Kanawha fields will soon follow the action of the strikers on the Norfolk and Western. The Pocahontas Mine continues to burn, but the operators think that they will soon have it under control. No violence was reported from any quarter of the Norfolk and Western coal field yesterday.

President Mitchell yesterday evening confirmed the dispatch stating that the strike of miners in the Pocahontas region had been declared off. He said the strikers were granted some concessions, but he could not say at present just what they were.

ST. PAUL'S CATHEDRAL SHAKY.

The crumbling and loosening of portions of St. Paul's Cathedral in London—the western portico in particular—has caused serious anxiety to the authorities who are most conversant with the circumstances. The western portico is in a positively dangerous state, and everybody intimately connected with the cathedral feels that no time is to be lost in doing all that is possible in the way of repair. It is now plain that when the cathedral was built the foundations were not laid sufficiently deep, and nowadays the water drains away from them so rapidly as to reduce their security very considerably. The result is a loosening of the stones of the edifice. The injury has been noticeable upon the dome, but it is of extremely slow growth, and by regular attention there is no danger of any mishap there. Latterly, however, this loosening process has been very marked in regard to the western portico. In fact, it was observed to be so bad that anyone standing on the top of the portico could plainly see through the gaps between the stones the people walking in and out of the cathedral underneath. It was palpable to those who thoroughly understood the architecture of the cathedral that here was a real and imminent danger. Even the collapse of the portico would cause no surprise. The matter is now being brought before the dean and chapter, and Somers Clarke, the architect of the cathedral, who has throughout insisted upon the danger, is preparing a report upon it, which may be expected shortly. Repairs of the character that are necessary will prove expensive, and it is understood that there has been some difficulty in obtaining funds.

INVOLES MANY MARRIAGES.—A

dispatch from Rome says: The case of Princess Rospiolosi, who was a Miss Marie Reid, of Washington, D. C., for the annulment of her first marriage with Frederick Parkhurst, of Bangor, Me., involves a point of canon law the decision of which is considered a church decree as liable to affect thousands of marriages of Catholics and non-Catholics in the United States. The application for the annulment was filed fourteen months ago. It is now said that the principal reason for the delay is because the propagaanda is unwilling to decide in favor of the suppliant on a point which

might possibly raise the question of the legitimacy of many other marriages. The princess' lawyers expect to secure an annulment on the ground that there is no trace of dispensation having been either granted or read in the church at the time of the marriage, which, according to canon law, is indispensable. The American clergy say that these formalities are generally omitted, and that a decision in favor of the princess' contention will effect thousands of similar cases. The lawyers have just formally complained of the delay in reaching a decision, which they attribute to malevolence. The case has aroused interest in society, where the princess has warm friends as well as enemies.

SOCIETY WOMAN IN SCANDAL.—There

were sensational developments in Cincinnati yesterday in connection with the suicide last Tuesday night of George Conrad, head waiter of the Gibson House in that city. His wife, on apprehending letters from the wife of a prominent business man to her husband, was suing Conrad for a divorce and a wealthy society woman for damages on account of the alienation of affection. Among letters from Conrad to the woman he was enamored with, one was found in which Conrad outlined his plan, "to convey his wife to the middle of the Ohio river, up the boat, as though by accident, swim ashore himself and leave Mrs. Conrad to drown." When Conrad was confronted by his wife and attorneys with this letter and knew he would be prosecuted criminally, he had a hurried interview with the woman for whom he had deserted his wife and then committed suicide. Mrs. Conrad says he repeatedly invited her to take boat rides, but she had been forewarned. The implication of a well-known society woman in Cincinnati in the damage suit of Mrs. Conrad has caused great sensation.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford county, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by Richard Gibson, druggist.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: "Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals. For sale by E. S. Leadbeater & Sons."
