Nocturnal Disorders.

A row occurred last night between a man and woman, both colored, in a house in the alley bounded by Columbus, Alfred, Cameron and Queen streets, which disturbed the slumbers of many people living near by. The woman, it seems, had determined to oust the man from the house, and had thrown his effects from an upper story window. The owner was much incensed and threatened to shoot the female. The latter defied him to do so, offering to get a pistol in order to show that she would not carry out his threat. Some neighbors who were awakened by the disturbance finally started on a hunt for the police, after which the disorder ceased. People living on south Washington street, between Duke and Wolfe, and in other sections of that locality are still complaining of midnight strollers who in squads, platoons and bunches annoy quiet people by boisterous talk, yells and other disorderly conduct.

Death of Col. John A. Haydon.

Col. John A. Haydon, aged 77 years, died in Fredrick Md., yesterday of general debility after several months' illness. He was a brother-in-law of Judge James McSherry, and leaves a widow, three sons and two daughters. He was born in Alexandria. In 1870 he went to Frederick as chief engineer of construction of the Pennsylvania railroad from Frederick to Columbia, Pa. For some years he was connected with the engineering department of the Baltimore and Ohio Railroad. Many old citizens remember the deceased. He was a son of an Alexandrian who had a pleasant home on the south side of Prince street, between Columbus and Alfred streets, in a frame dwelling now replaced by a brick house. He had several brothers and sisters, but the family like many other old Alexandria families has entirely died out here, leaving no relatives in this city.

A Last Resort.

Attorney General Anderson holds that any two of the registrars—constituting a majority of the board—can register any voter found qualified, at such time and place "as may be convenient and necessary to complete the registration of the voters," in addition to those registered at the advertised times and places. This means that any voter who neglects to register at the time and place advertised, may do so at any other time and place, prior to October 15, if a majority of the board in his ward or district find him qualified. This should operate to secure the registration of hundreds of voters, who from sickness, absence from home or negligence, would otherwise fail to have their names enrolled prior to the registration in September 1903.

Opera House.

The original production of "Wormwood," or the Absinthe Drinkers of Paris," with its beautiful special scenery, its wonderful illusions and electric novelties, will be presented for the first time in this city at the Opera House on Monday, September 29. The play is in five acts, eleven scenes being used in all. It tells a thrilling story of a young French banker, who becomes an absinthe drinker and in his mania falls from riches and honor, to poverty, disgrace and crime. It is a great temperance lesson and may be safely classed among the very best attractions that will visit our city during the present season. The management of the Opera House has made a considerable expense in looking for "wood" and every interest of those who attend will be carefully studied. As this company carries their own scenery and electrical effects the employees of the house have been kept busy for the past two days making ready for the production.

D. Bendheim & Sons announce their fall opening sale commencing Monday evening. They have gathered together the most beautiful collection of fall goods ever displayed in Alexandria. For this opening sale they have exceptional bargains advertised which will repay you to look over.

Clearance sales next week at Schwab's 518 King street, of all carpets (brussels and ingrales) now on hand. One-third reduction from regular prices before arrival of new fall line. This bargain sale is worth the attention of the trade.

Registration.

Registration in the Third and Fourth wards is going on slowly. When the books in the Third ward closed last night 391 white and 9 colored men had registered, and in the Fourth ward 190 white and 24 colored. The books were not open in the Third ward today. In this ward the registrars will sit at the old court house building on and after Wednesday next.

Registration in Alexandria county closes on the 30th and 31st of this month.

Four days registration closed at Falls Church precinct, Fairfax county, on Thursday night. Number of whites registered, 140; colored, 16. This is not 50 per cent. of the former registration, but at the two days' registration to be held in the precinct on the 13th and 14th of October, practically the whole white vote will be registered.

Auction Sales.

Capt. R. F. Knox, auctioneer, sold today for James R. Caton, special commissioner, the following parcels of the Emerson property:

A lot of ground and improvements on the north side of Wilkes street near Payne, to Wm. T. Emerson for \$600.

A tenement and lot of ground on the west side of Henry street near Prince to Robert Elliott for \$600.

A lot of ground and improvements on the east side of Fayette street near Prince, to John Watkins for \$375.

Four lots of ground and improvements on the east side of Fayette street to Robert Elliott for \$580.

A frame dwelling and lot of ground on Fayette street, near Cameron, to Mrs. Deavers for \$500.

The first, second and third parcels were withdrawn.

Accidents.

Mr. V. Allensworth, a carpenter employed at the Southern Railway depot in this city, had his head seriously cut this morning by a heavy car door falling on it.

Rufus A. Lillycrop, employed in the Southern Railway machine shops, had the little finger of his left hand badly crushed last night while at work.

Mr. C. R. Fegan had one of his hands painfully hurt in the Southern Railway shops on Thursday.

Ernest S. Martin, a brakeman, fell through a cattleguard at Bristol, about midnight last night, and painfully cut his right knee and left hand. He was brought to this city for attention.

All of the cases were attended by the company's surgeons in this city.

Will Fight for 1 her Vote.

A Washington paper says under the new registration laws of Virginia several of the pilots and engineers employed on the river boats, who make Washington their headquarters while in port, have been refused registration at Alexandria, where they have always voted and where they formerly lived, on the grounds that they are not residents of the State within the meaning of the law. Several of these men own property in Alexandria and claim that their residence in Washington is only to be convenient to their work, and should they get out of employment they would at once return to Alexandria, their home. On these grounds an appeal will be taken from the decision of the registrars to the corporation court.

Front of Building Collapses.

The steel frame-work on the front part of the incomplete nine-story building adjoining the Ebbitt House, on Fourteenth street, in Washington, collapsed this morning with a great crash. Sixty men were at work on the structure at the time, but only a colored man was injured, and he slightly. Failure to place sufficiently substantial supports beneath the projecting girders on the top floor is supposed to have been the cause of the accident. Employees were put to work at once clearing away the wreckage. Among the bricklayers at work on the building at the time of the collapse were Messrs. William and Thomas Simpson, of this city.

Fined for Jumping on Cars.

Mr. Thomas Travers, an employee of the electric railway company, last night arrested a colored boy named Theodore Custon for jumping on a car as it was passing down King street. This morning the Mayor fined the accused \$2.50, and in doing so said that it was his determination to impose fines on all boys brought before him in future charged with similar offenses. The practice of hanging on trains passing through Henry, Fayette and Wilkes streets is still kept up by numbers of boys, and the police will be instructed to keep a sharp lookout for such offenders.

Death of Young Mr. Posey.

Mr. Henry D. Posey, jr., son of Mr. Henry Posey, who had been critically ill for several days past, died at his home on Wilkes street, between Royal and Pitt, this morning. He was in his nineteenth year. The deceased was taken sick a week or two ago and typhoid fever developed. His condition soon became critical. He lingered until this morning when death resulted. He was a young man of courteous demeanor and generally liked by his many acquaintances. The family have the sincere sympathy of their numerous friends and acquaintances in the sorrow which has overtaken them.

Suit Dismissed.

The \$300 damage suit against the Capital Traction Company, of Washington, by Lillie Stewart, colored, of this city, was yesterday dismissed by Justice H. E. Paine, of the Georgetown district. The woman fell from a Capital Traction car July 8 while it was in motion and was rendered unconscious. The justice ruled that the injuries received were due to carelessness on the part of the plaintiff.

Charter.

Judge Norton today granted a charter to the Harmon S. Palmer Hollow Concrete Building Block Company, the object of which is to make machinery, &c., for the manufacture of hollow concrete building blocks, &c. The capital stock is \$2,000,000 and H. S. Palmer, of Washington, is president. Mr. G. L. Boothe is named as the local attorney.

Interfering With Railroad Gates.

A negro named Fred Lee was arrested last night by Officer Garvey for raising the railroad gate at the intersection of King and Fayette streets. Gatekeeper Cornell, who was the material witness, said the gatekeepers are incessantly annoyed by unauthorized persons who persist in raising the gates. The Mayor fined Lee \$5.

Personal.

Miss Lizzie Swain, of Bowling Green, Va., is visiting Mrs. H. C. Field. Mrs. F. J. Brooke, Miss Lucy Brooke and Master Frank Brooke have returned from Staunton where they have spent the last few weeks. Mrs. Brooke was taken sick while away, and has not yet recovered.

Mr. William Craven and Miss Etta Myers still continue quite ill at their home on South Lee street.

Capt. D. M. Lee has returned to his home in Stafford county after a visit of two months to his son in California.

Congressman Rixey was in the city today and was warmly greeted by his many friends here.

The many friends of Rev. Dr. Hunt, pastor of the Baptist Church, will be under the impression that he is under treatment at the Alexandria Hospital.

Mrs. Julius Wolf, who has been sick at her home on South Fairfax street, is improving.

Captain W. H. Fowle, formerly of this city, but now living in Washington, was in this city today.

The Klein Case.

The continuance of the habeas corpus proceedings in the case of George Klein, who escaped from Spring Grove Asylum near Baltimore on September 18, which were instituted in the Alexandria County Court, on Wednesday last, were heard today. On Wednesday Klein was released on \$1,000 security, which was furnished by his father, for his appearance today. Col. Francis L. Smith and Judge Charles Pelham are counsel for Klein, and the Maryland Hospital directors engaged Attorney M. A. Soper, of Baltimore, and Machen and Moncure, of Alexandria county to represent them.

The case came before Judge Love this morning and has occupied the attention of the court all day. The point at issue was whether or not the Alexandria county authorities have the power to hold Klein. The attorneys for the Maryland authorities scored a point in their contention that the court should hear testimony as to the crime and the prisoner's insanity.

Arguments were still being heard when this report closed.
