## MEDICINAL.

### Advise Suffering Women Strongly, to Take Doctor Pierce's Favorite Prescription.

This advice comes from a woman who had suffered all the miseries women can suffer from disease, and had been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.

This great medicine for women establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Read Mrs. Kempton's letter and, if you are sick, follow her advice.

"Although it has been quite a time since I wrote you," says Mrs. Fred Kempton of Cambria, Hillsdale Co., Mich., Box 57, "still your name is a blessing in our house, and I think it my duty to let you know that I am still enjoying good health, thanks to you and your 'Favorite Prescription.' When I think how I was five years ago, and then see how I am now, I say, God bless Dr. Pierce's works, and may he live long to help poor suffering women. I have never had any return of my weakness and am well and hearty. Can do all my own work without any pain. You saved me from the grave when all others failed. I advise suffering women strongly, to take Dr. Pierce's Favorite Prescription, as I know it will cure in all cases, if indeed there is a cure."

Dr. Pierce's Pleasant Pellets are an excellent laxative, suited to the use of delicate women.

## TO SETTLE IN THE SOUTH.

A movement is under way in London among charity organizations in connection with the International Bureau of Charities, Salvation Army, Associated Charities, Volunteers of America and others in America to call an international conference in Washington, D. C., looking to a practical solution of the present and future conditions and welfare of large cities' unemployed, many of whom, with their families, are objects of charity against their inclinations and because of industrial conditions beyond their control.

A Stewart Appleton, the scientist, litterateur and financier, who has been for years actively promoting industrial developments, colonization and investment in various sections of America, and to whose efforts, through his polyglot publication propaganda in European cities, is due the great influx of high-class Europeans into America the past year, will leave for America the coming week and proceed through the South and West, accompanied by several representative New England gentlemen—L. D. Martin, G. S. Pratt, S. T. Hughes and others—to locate sites for communities of northern families who wish to re-encounter the rigors of winter and also high-class European colonists, principally English, Scotch and Belgian artisans whom he has interested, on account of depressed industrial conditions in Europe to seek prosperity in America. Mr. Appleton has long publicly advocated in Europe and America the solution of the congested urban conditions by the more enterprising citizens migrating to the independence and allurement of country life. Hard times in Europe and the coal famine in America greatly facilitate this movement. The party will visit selected points as far south as Tampa, Fla., and go thence by way of Birmingham, Ala., and Memphis, Tenn., through Arkansas and Texas, visiting Baltimore, Md.; Richmond and Norfolk, Va.; Wilmington, N. C.; Charleston, S. C., and Atlanta, Ga., and returning East from St. Louis, where they will inspect the progress of the Louisiana Purchase Exposition; go thence to Kansas City, Mo.; Omaha Nebraska; Chicago; Milwaukee, Wis., and St. Paul, Minn., and thence through Michigan to investigate the mining, agricultural and lumber resources of that State.

## UNDER THE MISTLETOE BOUGH.

[According to the Daily Telegraph of December 3 the following bill has been introduced into the Legislature of Virginia by a Dr. R. B. Ware: "Whereas kissing has been decided by the medical profession to be a medium by which contagious and infectious diseases are transmitted from one person to another; therefore, be it enacted by the General Assembly of Virginia that it shall be unlawful for any person to kiss another unless he can prove by his family physician that he has not any contagious or infectious disease."]

He.

Mamie, look, we're standing now 'Neath the eucalyptus bough!

'Tis a splendid disinfectant

For a swain and maid expectant—

List, then, to my ardent vow!

she.

Marmaduke, it may not be Till I personally see

That your family physician Testifies beyond suspicion That you are bacillus free!

He.

From the test I do not flinch When it comes unto the pinch—

See, I am certified

By this paper signed and dated!

Isn't that a perfect cinch?

she.

Yes—one little moment stay! Let me read it closer, pray!

Ah, 'twas as I feared, invalid,

For your leave (don't look so pallid!) Ended after yesterday!

Both.

Still, no prying eye attends, While the branch above us bends!

There, we've taken one illicit Kiss—the State will never miss it!

Let them fine—we've made amends!

[London Punch.]
