

Alexandria Gazette.

FRIDAY EVENING, MARCH 6, 1903.

LOCAL NEWS.

Sun rises tomorrow at 6:33 a. m. and sets 6:02 p. m. High water at 1:13 a. m. and 1:40 p. m.

WEATHER PROBABILITIES.—For this section fair tonight. Saturday fair, followed by rain in afternoon or at night; light variable winds.

School Board. At the monthly meeting last night of the City School Board ten of the twelve members and the superintendent were present. Mr. Sweeney presided.

Two bills for supplies were ordered to be paid. The superintendent reported that all the schools were getting along well, and that no mistake had been made in the election of Laura Dorsey as a teacher in Hallowell school.

Miss Viola Coates has returned to Charlottesville after a visit to friends in Alexandria. Mr. J. S. Beach has returned from a few days' visit to Atlantic City.

Want Better Facilities. Mr. M. B. Harlow, president of the Business Men's League, went to Washington today to consult with the officials of the electric railway company and see if better facilities for the traveling public could not be furnished by the company.

Mr. Harlow was assured that new equipments had been ordered and would be received in a few days, and that some of the trailers were to be converted into motors. The officials said 75 per cent. of the delays in the running of trains was caused by delays at the Long Bridge which disarranged the time table of the electric road.

Mr. Harlow was assured that to rectify as far as was in their power all the troubles complained of. Cerezo-Malta. Messrs. N. Lindsey & Company have purchased the entire stock of "Cerezo-Malta" manufactured by "The Interstate Pure Food Company," of this city.

They have placed this delicious and healthy cereal in the hands of all retail grocers at a price that will give every family an opportunity to secure a case at a very small cost. Messrs. Lindsey & Company will distribute every case in a few days so that it will be well for families to supply their needs at once through their retail dealers before the stock is sold out.

Deaths and Funerals. Charles W. Holland, living at No. 324 Duke street, died last night. The deceased was 66 years of age. He had been a sufferer from heart trouble for some time. Mr. Holland was a native of Prince William county, and was a carpenter by trade.

He had recently been employed at the Washington navy yard. The deceased leaves seven children. His remains will be taken to his former home for burial. During Mr. Holland's residence in Alexandria he had made a number of acquaintances, all of whom found him pleasant and gentlemanly in demeanor, and his death is much regretted.

The funeral of the late John P. Cogan took place this afternoon at 4 o'clock and was attended by a number of relatives and friends of the deceased. The services were conducted by Rev. Father Cutler. The pallbearers were Messrs. J. A. W. W., Edward, George and Charles Cogan and Thos. Hudson, nephews of the deceased.

The funeral of Bushrod Thompson, who died at an early hour Wednesday morning, took place from his late home, 1219 Prince street, this afternoon at 3 o'clock. A number of friends and acquaintances of the deceased were in attendance. The services were conducted by Rev. Mr. Morton, of Christ Church, and Rev. Mr. Ball, of Grace Church, and the pallbearers were Messrs. Tim. Bresnahan and G. A. Kenge, of Washington, and Wade Smith and Hugh Kerrick. The floral offerings were profuse, among them being a beautiful design from fellow-employees of the deceased in the Southern Railway shops.

River Notes. It is said that the little side-wheel steamer George J. Seufferle, belonging to Mr. G. J. Seufferle, of Washington, which has been lying south of the old Pioneer Mills during the winter, has been sold to parties in Baltimore, and will leave here in a few days to be turned over to her new owners. The steamer is to be used on a freight and passenger route between West River and Annapolis, Md.

One of the mud-digging machines of John Miller, of Washington, is at work digging a channel from the main channel of the river through the flats into the mouth of Little Hunting creek, a short distance above Mt. Vernon.

Occupiers of wharves in the north-eastern portion of the city are again complaining of damage and inconvenience occasioned by the steamers of the Norfolk line which pass at a high rate of speed, causing heavy swells.

Travelers' Protective Association. There was a well-attended meeting of Post F of the Travelers' Protective Association at the rooms of the Business Men's League last night. Mr. Beckwith, of Petersburg, the president of the State branch of the association, paid a fraternal visit to Post F. The local post now has nearly 100 members, and is increasing its membership rapidly.

Preparing for the Season. Fishtown is about to awake from its hibernation, and in a few days' time preparations will have been made for the fishing season. The warehouses and other frame structures are apparently intact, and will require but little repairs. The platform on the wharf proper will, of course, be renewed. Alderman Ballenger was preparing his premises this morning for the approaching season.

MIXED TEA. THE BEST IN THE COUNTRY. 40c PER POUND. B. H. JENKINS, Southwest corner Duke and Fairfax streets.

APPLES.—Choice lot New York Apples \$2.25 per barrel. WM. P. WOOLLS & SONS.

Personal. Mr. T. B. Robertson, of Fauquier, who is spending the winter in Texas to benefit his health, is reported much improved and will likely return when the weather gets warmer.

Mrs. R. H. Reed, of Baltimore, is spending some time with her daughter, Miss Mary Hopkins Reed, in this city. Mr. Albert A. Brager, formerly of this city, head of Brager's large department store, in Baltimore, who will shortly sail for Europe to join Mrs. Brager, entertained last night the buyers of the respective departments of his Eutaw street establishment at dinner in his apartments at the St. James Hotel.

Mr. Harry Daingerfield and his brother, Mr. Lewis Daingerfield, who are at the Johns Hopkins Hospital, in Baltimore, are recovering from typhoid fever.

Mrs. James H. Corbit, of Suffolk, is visiting her parents, Capt. H. C. Ausley, on Prince street.

Miss Viola Coates has returned to Charlottesville after a visit to friends in Alexandria. Mr. J. S. Beach has returned from a few days' visit to Atlantic City.

Medicinal. Lots More Like It.

Plenty More Proof Like This and All From Alexandria People.

No chance for argument here. No better proof can be had. What an Alexandria man says is the best of evidence for Alexandria people. Read this case.

We have lots more like it. John T. Langley, carpenter, of 211 Queen street, says: "For ten long years, if attacks of pain and weakness across the small of my back were not continual I never knew the moment when one spell was leaving just as mysteriously as it came and another was slowly stealing on so that I can safely say constant aching existed. On account of it as a rule I was unable to stoop or walk any distance, and often was confined to the house for days. During an attack, while reading a newspaper I happened to read an advertisement about Doan's Kidney Pills which led me to go to E. S. Leadbeater & Son's drug store for a box. After four or five doses I noticed they were acting directly upon my kidneys and I continued with a good deal more confidence in the preparation than when it came to my notice. As far as I can judge, after a course of the treatment there does not remain a trace of my old trouble. I have been employed at very heavy work and my back has stood the strain without a symptom of weakness. I have told more than one friend and acquaintance about the results I received from the use of Doan's Kidney Pills and I will be only too pleased to recommend them whenever opportunities present themselves.

For sale by all dealers. Price 50c per box. Foster-Milburn Co., Buffalo, N. Y., sole agent for the United States. Remember the name—Doan's—and take no other.

LOCAL BREVITIES. The electric lights failed to burn at different times last night. The warehouse at Smoot & Co's., wharf is being extended and other improvements made to the premises.

A number of compositors were discharged from the government printing office yesterday. Some Alexandrians were included in the number.

Seven persons, two white and five colored, were before the Mayor this morning charged with misdemeanors. Their cases were appropriately disposed of.

The committee having in charge the K. of P. bazaar had made arrangements for a special programme for tonight, and an enjoyable evening is promised all who may attend.

Joseph Garrett, colored, while engaged in tearing down portions of burned buildings on north Fairfax street yesterday was struck by some falling debris and painfully cut and bruised.

Marriage licenses were issued in Washington yesterday to Floyd F. Reid and Edith Beach, both of Fairfax county; Julian R. Howdershell and Virginia M. Cogan, both of Alexandria, and to Frank Conway and Bessie Johnston, both of King George county.

Mr. Henry Hantzman was overcome by gas while at work at the city gas works on Wednesday night and had to be taken to his home, where he soon recovered, however. During his absence his place at the works will be filled by Mr. Frank Latham.

A one-legged man, who gave his name as George Gove fell on south Lee street, yesterday evening and cut his head seriously. He was taken to the station house and this morning sent to his home.

In the Corporation Court the case of J. K. James vs. the Interstate Pure Food Company was referred to Commissioner W. U. Varney to ascertain the amount of the assets and debts of the company.

Brenner & Knight have secured the contract for rebuilding a house belonging to Mr. Justus Schneider on Queen street, between Royal and Pitt.

Fine sheepshead, roundhead, trout, shad, herring, etc., will be for sale F. M. Robert Travers in market tomorrow.

G. E. Price & Co. will have another supply of shad, herring, trout, etc., in market tomorrow morning.

The weather has been fair today with slightly lower temperature.

A VIRGINIA HORSEMAN.—J. D. Hoop, of Warrenton, is registered at the Raleigh. If there is any one sport which Mr. Hoop enjoys more than another it is driving a fine horse, riding a speedy "jumper." Mr. Hoop devotes much of his time to raising fast horses and at present possesses a string of the speediest roadsters in Virginia. He comes to Washington occasionally for a brief visit and to meet other horsemen interested in fast stock. "Washington horse fanciers," said he to a reporter, "like fast movers. No city in the country has as many family horses with speed as the residents of the Capital City. The fact that Benning attracts so many local visitors indicates they, too, have a fondness for running horses, and I came over this time to arrange my stay for the spring meet. I have been disposing of many of my fast drivers and will retain but three or four."—(Washington Times.)

COUGHS AND COLDS IN CHILDREN. Recommendation of a Well Known Chicago Physician. I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted cough, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D., Chicago, Ill. This remedy is for sale by Richard Gibson, Druggist.

A Remarkable Case. One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." E. S. Leadbeater & Sons.

Monetary and Commercial. New York, March 6.—The stock market opened at general recoveries instead of the demoralization which had been looked for by many persons after the weak closing of yesterday. The improvements extended in most instances to 1 per cent. After the first hour the market halted somewhat and prices were irregular on the continued stiffness in call money rates. Government bonds unchanged.
