WEATHER PROBABILITIES.—For this section showers tonight and Wednesday, cooler Wednesday, variable winds, becoming northerly and fresh.

Chicken Thief Shot.

About twelve o'clock last night Joseph Burke, living on Fayette street, between Queen and Princess, had his attention attracted by some person who had invaded his premises evidently with the intention of stealing his chickens. Burke procured his gun and taking aim at the trespasser pulled the trigger. The charge struck the mark and the intruder limped across the yard but managed to drag himself some distance from Burke's premises when he was compelled to sit down, it being impossible for him to walk farther. He was later found by Officers Allen and Arrington who identified him as Richard Ware, a colored individual, and was conveyed to the station house. It was found that he had been shot in the leg. This morning he was brought before Justice Beach, who fined him \$10. Ware had been released from jail yesterday, where he had been serving a term for stealing chickens. About eleven o'clock last night some person entered the premises of King and Prince with the intention of robbing the hen house. The lady saw the intruder and procuring a pistol discharged it at him. The ball missed its mark and the would-be thief escaped.

Sudden Death.

Mr. David J. Brown died suddenly in Ballenger Brothers' blacksmith shop in West End yesterday evening. The cause of death is attributed to heart disease. The deceased had manifested no symptoms of illness, but while conversing with an acquaintance his eyes became immovable and he expired in few moments. Mr. Brown was a native of Charlottesville. He at one time resided with Engineer A. P. Leake, his son-in-law, on Duke street in this city, but of late had lived with the family in West End. He was 82 years old. Mr. Brown was an ex-Confederate soldier, he having been a member of the Amherst volunteers during the war. His remains were shipped to Charlottesville for interment by Mr. B. Wheatley.

Death at Soldiers' Home.

Mr. Samuel M. Smyth, a well-known Alexandria, died at the Soldiers' Home in Richmond Sunday. The deceased was about 66 years old. He was born and reared in this city where he lived up to a short time ago. He leaves one son. At the commencement of the war between the States Mr. Smyth left here and cast his lot with the Southern Confederacy, and during the four years' conflict he was in the engineering department of the Army of Northern Virginia. Upon his return home he engaged in mercantile pursuits which he continued up to a few years ago. He was of a quiet nature and had many friends and acquaintances who will regret to hear of his death.

Police Court.

[Justice Jos. S. Beach presiding.] The following cases were disposed of this morning: William Harper, colored, arrested by Officer Henderson charged with stealing one dollar from Eliza Taylor, was dismissed. Jennie Payne, colored, arrested by Officer Smith for drunken and disorderly conduct, was fined \$5. Richard Ware, colored, arrested by Officers Allen and Arrington for attempting to steal chickens from Joseph Burke, was fined \$10. Mary Wanzer, colored, charged with assaulting James Smith, was fined \$2.50.

The Weather.

Rain began to fall at an early hour this morning, and the weather today has been rainy and threatening. The temperature yesterday was warm, and toward the close of the day the atmosphere became oppressive. There was a dead calm and the mercury in the thermometer stood at from 82° to 84°. There was a large percentage of humidity in the atmosphere which rendered it extremely disagreeable. Mosquitoes became very aggressive and added considerably to the general discomfort. The temperature today has been at times uncomfortably warm.

More Incendiaries.

Another attempt was made last night to burn the frame house on the south side of Duke street adjoining the Stone bridge. Some persons while passing the place near midnight discovered the fire and extinguished it without sounding an alarm. Boards had been removed from the east side of the building and a fire kindled. Fortunately it had made but little headway when discovered. Several attempts have been made in late years to destroy this house.

An Opposition Steamer.

The steam pleasure yacht Bartholdi, of Washington, is now running on the route between this city and the Washington navy yard. Most of the passengers transported are navy yard employees who reside in this city. Mr. Joseph Moore has for several years run a small steamer on this route. He recently purchased the large and commodious steam yacht Runaway, and since last spring the boat has been mainly patronized by navy yard employees.

Another Railroad?

We are advised by credible authority that the Vanderbilts are anticipating a project to build a railway from Front Royal to Washington, Va., and that their surveyors and engineers will arrive here in a week or so to go over the route, with reference to establishing a traffic system over the mountain through Chester Gap.—(Warren Sentinel)

Port Paragraphs.

The three-masted schooner Charles J. Holland, from Severn river with sand to the Old Dominion Glass Works, is at W. A. Smoot & Co's wharf. The schooner Per, loaded with lumber by Smoot & Co., has sailed for the lower Potomac. The steamer T. V. Arrowsmith is still hard and fast aground at Riverside. A marriage license was issued in Washington yesterday to Richard A. Jimney and Mamie Haines, of Loudoun county.

Personal.

Miss Gay R. Blackford, of Norfolk, is visiting her uncle at the Episcopal High School, near Alexandria.

Mr. E. B. Walker is visiting friends at Marshall.

Mrs. Hattie Nash, wife of Mr. William K. Nash, and daughter of the late C. C. Chichester, is now at the Providence Hospital, in Washington, slowly improving from a skillful operation performed by her physician, Dr. M. D. Delaney.

Hon. Claude A. Swanson, who with Hon. J. F. Rixey and Mr. C. C. Carlin, of this city, spoke at Culpeper last night, later came to this city, where he was the guest of Mr. Carlin. During his short stay here he has met many of his old friends and made many new acquaintances. Mr. Swanson speaks most encouragingly of the success of the national democratic ticket and says just so sure as New York goes for Parker so will go the election.

Mr. James P. Hall and Mrs. Mary Cockrell were married last night at the parsonage of the M. E. Church South by Rev. J. P. Stump.

Messrs. Raymond Hoffman, Neville Rodgers, Leo Downey, Samuel Mays, Wm. Hellmuth, Ralph McBurney, Albert Johnson and Thomas Clark will leave tonight for the Virginia Polytechnic Institute at Blacksburg.

Robbery in Prince William.

The storehouse of E. S. House & Co., at Greenwch, Prince William county, was entered by burglars Sunday night. A large iron safe was blown open by the use of nitro-glycerine and four hundred dollars in cash and checks stolen. Some parties passing the store building during the night observed a light on the inside, but owing to the fact that one of Mr. House's sons had been sleeping in the store their suspicions were not aroused. Upon opening the store this morning Mr. House discovered his loss, and at once telephoned the authorities there to be on the lookout for the thief or thieves. There is so far no clue as to who committed the burglary.

Accident Averted.

A horse belonging to Mr. C. R. Van Aelstyn, living on south Fairfax street, ran away last night and when found its legs were wedged in the railway bridge over the sewer outlet a short distance south of Franklin street. A north bound electric train was drawing near, and the persons who had followed the horse ran back and stopped the train in time to prevent what might have resulted in a serious accident.

Day of Atonement.

The observance of the Day of Atonement, which began last Sunday night, ended yesterday at sunset. The services continued yesterday in the Washington street synagogue where Rev. Mr. Reichler delivered impressive addresses. The closing of the observance marked the end of the fast observed during the Day of Atonement.

Chesapeake Presbytery.

The Presbytery of the Chesapeake began its fall session in Greenwch, Prince William county, today. Rev. Dr. Brooke, of the Second Presbyterian Church of this city, is in attendance. Elder William Campbell was selected by the session of the church to attend the Presbytery, and Elder A. G. Uhler was elected alternate.

City Sergeant J. Conway Chichester.

Only 50c. Guaranteed by E. S. Leadbeater & Sons, druggists.

In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." For sale by Gibson & Timberman and W. F. Creighton & Co.

Trouble With Negroes.

A great deal of excitement prevails in the eastern part of Talbotton county, near Poplar, Ga. It was reported Saturday night that a negro club had been formed to kill T. A. Kimbrough, a prominent citizen living near Poplar. Several negroes have been arrested. It is reported that the lives of several prominent citizens near Poplar and Max, Ga., have been threatened by the negroes.

At Prattville, Ala., just across the Alabama river, a "Before-day Club," composed of negroes, has been organized. The first indication of its existence was the stopping of a white planter on a road by a party of armed negroes. He was notified to move on and not stop again. There is considerable excitement.

On Sunday night the house of J. E. Bennett, a well-known farmer, living two and one-half miles from Screven, in Wayne county, Ga., was fired into by negroes, and one of his nephews received a bullet in the crown of his hat. Bennett's home is virtually in a state of siege. He has been warned that he is a "marked man," and his neighbors have been called upon to aid in protecting him. He has been advised by letters that he need not worry about his cotton, as it will soon concern him whether it is picked or not. On Sunday night a wagon loaded with negroes was driven to within a short distance of Mr. Bennett's home. The negroes dismounted and fired several volleys at the house. The shots were returned by those in the house, and the negroes withdrew. The negroes have a grievance against Mr. Bennett for sending a negro preacher to the chain gang. The negro pushed a young son of Mr. Bennett off a footlog and was prosecuted for it. Bennett was shot at a week ago by an unknown person.

Labor Troubles in Italy.

A meeting of workmen was held in Rome last night to protest against the intervention of troops. Fully 10,000 persons participated, well-known anarchists taking prominent part in the proceedings. The chief speaker was the revolutionary socialist Deputy Ferri, who delivered a violent address. The streets in the vicinity of the meeting were occupied by soldiers, including a detachment of artillery. An attempt was made by the demonstrators to invade the center of the town, but the crowds were dispersed by cavalry charges, in which about 20 civilians were wounded. Conflicts in which a number of officers received injuries at the hands of the mobs occurred in Turin and Bologna. The railway service is interrupted only north and south of Genoa. The strike has extended to Palermo and Leghorn. At Palermo, however, the strikers and police were in collision during the day and the former displayed a red flag. Disturbances also occurred at Genoa yesterday, in which anarchists violently participated. They burned a number of street cars and destroyed a flag hoisted in honor of the birth of the Crown Prince. Lack of bread led to the outbreak at Genoa. The strikers at Turin have destroyed a considerable amount of property. Reinforcements of 2,000 troops have been sent to Genoa by sea, as traffic on the railroad is interrupted.

A meeting held at Lugano, Switzerland.

held yesterday to protest against the labor policy of the Italian ministry. A violent riotous proceedings. The rioters proceeded to the Italian consulate, from which they tore the Italian coat-of-arms and threw it into the lake.

Ex Mayor McCue Indicted.

The first case taken up by the grand jury of the present term of the Corporation of Charlottesville, which convened yesterday morning was that against J. Samuel McCue, ex-mayor of Charlottesville, charged with the murder of his wife, Fannie M. McCue, on September 4. The most important witness before this jury, as before the coroner's, excepting the physicians, was Charles Skinner, colored, who heard the crying and screaming at Mr. McCue's and the shot which put an end to it. There was a considerable crowd in and about the courthouse, but no disorder. It is practically certain that the effort of the Commonwealth to have the trial proceed at once will be unsuccessful and that the postponement will carry the case into the latter part of October. Efforts are still making to add to the number of counsel for the prosecution and, it is rumored, with promise of success.
