The Demand for Residences.

An informal meeting of a number of business men was held in this city yesterday, when there was a discussion as to the advisability of organizing a stock company with a view to erecting two-story apartment houses to meet the demand for residences now existing in this city.

Fell Through Trestle.

William Bolton, who lives in the old Braddeck House building, on north Fairfax street, made a misstep while walking on an overhead trestle near Spring Park last yesterday evening and fell to the ground, a distance of about eight feet.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Henry Stieckler, arrested by Officer Nicholson charged with disorderly conduct, was dismissed.

Benjamin Carter, colored, arrested by Officer Nicholson for indecent conduct, was fined \$5.

There has been a decided falling in arrests recently, and it said October has quieter in police circles than any month since last February.

A Daughter of Satan.

The Arnold Stock Company will produce "The Daughter of Satan" at the Opera House tonight. "The Sleeping City," "Midnight in Chinatown," "The Little Mother," "The Deserter," "Struggle for Life," "Resurrection," will be produced during the week.

A Cold Wave.

The temperature yesterday morning took a decided drop, and the northwest wind soon made overcoats and wraps necessary to those without, while fires indoors were found to be comfortable.

Temperance Address.

Miss Christine I. Tingling, of London, Associate Secretary of the World's Young Women's Christian Temperance Union, will deliver an address in the M. E. Church South tomorrow night at 7:30 o'clock. A collection for State temperance work will be taken up. Miss Tingling is said to be an interesting talker, and all who have heard her are profuse in their praises of her ability.

Death of Mrs. Chauncey.

Mrs. Cassie Chauncey, wife of Mr. William C. Chauncey, died at her home on south Fairfax street, early last night. The deceased had been critically ill for some time. She leaves three children. Mrs. Chauncey was a daughter of the late Frederick Ludwig, and was a much esteemed lady.

No Game.

The Tanglewoods, of Washington, failed to appear Saturday evening; hence there was no football game on the old fair grounds, as had been announced. The Tanglewoods were to play the Alexandria Athletic Club, and the large crowd which assembled to witness the game went away disappointed.

Maria Pines, a well-known colored woman, living in the western part of the city, was paralyzed Saturday night.

Personal.

Mr. and Mrs. Zora Hill have returned from a visit to the St. Louis fair. Capt. Wm. H. Smith is quite sick at his home on North Alfred street.

Mrs. George W. Jamieson and Dr. and Mrs. Stewart Jamieson returned today from Richmond.

Mr. and Mrs. Samuel Parran, of Baltimore, and Miss Julia Mitchell Muschette, of Charles county, Md., have returned to their homes after a short visit to Mrs. J. D. Gatewood, of this city.

An electric train from Washington while nearing the intersection of Prince and Royal streets at noon today parted, the motor turning south into Royal street and the trailer proceeding north on the same street.

The Water Supply.

The committee appointed by the City Council to investigate the cause of the peculiar taste and odor of the water supply, conferred Saturday evening with the officials of the water company. Mr. Roberts, the president of the company, told the committee that a thorough investigation of the matter had been made and that an analysis of the water showed that it contained nothing injurious to health.

Two Colored Men Killed.

A difficulty occurred between some colored workmen at Ford's camp near Fairfax station, about twelve o'clock last night, during which two men were shot and killed by a negro who made his escape. The difficulty originated in a boarding car, and the belligerents left the car to continue the fight on the railroad track.

Circuit Court for the County.

[Judge C. E. Nicol presiding.] The October term of the Circuit Court for the county began this morning. A grand jury was sworn and the Commonwealth's Attorney laid before them a number of presentments, but up to 2 o'clock no indictments had been returned.

Plethora of Crowducks.

Alexandria during the past few days has been glutted with crowducks, the gunners having killed several hundred of this species of water fowl. They were being hawked about the city Saturday night at nominal prices. The ducks were generally offered at 15 cents a pair, but in many cases they sold as low as 5 cents a piece.

Charged With Robbery.

Maria Martin was arrested by J. F. Glover, Deputy U. S. Marshal, today at Arlington, upon a warrant issued by J. W. Wormley, U. S. Commissioner, charged with robbery on the government reservation and placed in jail in this city for the grand jury of the January term of the U. S. Court.

An Italian who had been confined in the jail at Fairfax Courthouse made his escape yesterday when the "cage" was opened by one of the wardens. Another prisoner attempted to get away, but he was intercepted and locked up.

A colored man living near the shipyard has turned over to the police two packages of window shades which he had found in his back yard. The packages were shipped by a firm in Baltimore, and were consigned to Leesburg. It is thought they were taken from a freight car.

By the burning of T. H. Hudson's dwelling house near Washington, Rappahannock county, a few nights ago, his entire family, consisting of twelve persons, came near losing their lives.

Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began to use Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a relief medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It is guaranteed by E. S. Leadbeater & Sons, Only 50c.

Consolation of a Priest. Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began to use Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a relief medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It is guaranteed by E. S. Leadbeater & Sons, Only 50c.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by Gibson & Timberman and W. F. Creighton & Co.

Kidnapped Boy Murdered.

With forehead crushed and the throat cut, the body of four-year-old Michael Mayerki, who was kidnapped near his home in Phoenixville, twenty-eight miles from Philadelphia, on Friday evening by a band of men supposed to be gypsies was found yesterday in an abandoned farm house a few miles from Valley Forge. In connection with the murder, six men belonging to a party of gypsies was arrested by Chief of Police Carter of Phoenixville, and several constables, and after an exciting time were lodged in jail at that place. Only the courage and quick action of the police saved the prisoners from being roughly handled by a large crowd of excited people. The child was picked up Friday evening by a party of men who were driving through town in two covered wagons. A boy saw them take the child but before he could attract any one's attention to pursue the kidnapers, they had disappeared. Saturday morning while three men were in the woods gathering chestnuts they came across the body of the boy. Near by lay a club with hair and blood on it. The authorities were quickly notified, and the entire police force of Phoenixville and vicinity started out in search of gypsy bands. During the afternoon one party came across a company of them and took them into custody. They denied any knowledge of the crime.

Preparing for Another Battle.

Preliminary artillery duels preparatory to another battle have been begun south of Mukden. General Sakharoff reports to the Russian war office that the Russians have bombarded Lamuting and the Buddhist Temple at Linghinpi, while the Japanese have been shelling the Russian position at Shakhe. Two hundred Russians have crossed the Taitse river, east of Bengihu, and 20,000 are concentration at Kauts Pass, 20 miles northeast. Kuropatkin may intend to attempt a blow in that direction. The cold is increasing in severity, and flooded fields and streams have been frozen over.

The Japanese report that up to October 22 they buried 10,550 Russians, and upon this basis they estimate the Russian casualties in the recent battle at 60,000. Advances from Port Arthur, by way of Clefuo, state that the Japanese on October 16 resumed their attack on the Russian outer works at Rihlung Mountain and captured a number of the Russian trenches. A general assault upon Port Arthur will soon be made.

Mr. Astor Cautious.

Miss Pauline Astor, accompanied by her brother and Captain Spender Clay, arrived in London on Wednesday evening from Bucharest, where she had taken her fiancé to introduce him to her close friend, the Crown Princess of Roumania. The Princess expressed herself as greatly pleased with him, and gave Miss Astor a jeweled pendant as a wedding present. The wedding will take place next Thursday.

Mr. Astor is a cautious man, and, although liberal to a degree, is making strict settlements on his daughter, allowing her \$50,000 a year for herself, and also giving a handsome money present to his son-in-law. But the settlement gives the latter no power what-ever over his wife's money affairs. Captain Spender Clay's income is a somewhat fluctuating asset. Not even his intimate friends know exactly what he actually has. Some say he has an income of \$100,000, and will undoubtedly inherit more than double that amount from his mother.

The Price of Milk.

When the meeting of local milk dealers adjourned in Washington Saturday night the dispute over the raising of the price of milk was almost as far from being settled as it was when the Virginia, Maryland, and District of Columbia Milk Producers' Association adjourned Wednesday from its first meeting. The presence of producers in large numbers converted into a mass meeting what was intended to be a conference of the retailers with a committee from the producers' association. The only advance made toward an agreement was the appointment of a committee by the dealers to confer with the producers' committee, and the passage of a resolution declaring that the sense of the meeting be that bottled milk delivered to the consumer should be sold for not less than 8 cents a quart. A meeting of the two committees was fixed for this afternoon at 1:30 in the Bond Building.

Must Pay the Loss.

As the affairs of Thomas E. Waggonman, recent treasurer of the Catholic University of America, at Washington, become more tangled every day there seems no hope of the university obtaining possession of any part of the trust fund intrusted to him for investment. This condition is known at Rome, and within the last week the rector and trustees of the institution have received a direct order from the Pope to make good the loss which the papal institution will sustain. At the present juncture nearly \$50,000 must be obtained in order to continue the university along its usual lines. There are fifteen trustees now serving on the board, and each one is made responsible for about \$3,500.

Married 1,560 Elopings.

Rev. A. S. Burroughs, who has married 1,560 eloping from West Virginia and Virginia, is making preparations for a still larger business. He is now having a twenty room house erected near the Union Station in Bristol, Tenn., and will have it so arranged as to best suit his matrimonial business. Since Parson Burroughs sometimes marries as many as six couples at the same time, he will provide several bridal chambers in his new house.
