The New Ferry.

The fact that the Norfolk and Washington Steamboat Company will soon fill a part of the dock at the foot of King street and dredge the remainder is hailed with delight by people who conduct business in the neighborhood as well as those whose occupations carry them there daily.

For many years this place has not only been an eyesore but, it is believed, a menace to health in hot weather. When the tide recedes in the bottom of the dock is exposed to the rays of the sun and filth, refuse and often bloated carcasses of rodents and small animals fester under the rays of the summer's sun.

As has been stated, it is the purpose of the company to fill in the site of the present ferry house and pare the same with vitrified brick. The remaining portion of the dock will be dredged, after which the surroundings at that portion of the King street dock will be rendered more respectable and placed in a sanitary condition.

The work of removing the piles of the old slip is still in progress. When this shall have been completed the present ferry house will be removed 39 feet farther north, after which the construction of the new slip will be commenced. Hereafter wagons and other vehicles in passing to or from the ferry steamers were compelled to cross the flagstones over which passengers passed. More or less danger was incurred in this, but hereafter vehicles will pass from King street on the south of the passageway used by the passengers.

The Phillips Brooks Tablet. As already stated in these columns a tablet in memory of Rev. Phillips Brooks has been presented to the Theological Seminary near this city, by alumni and undergraduates of Harvard University. It was shipped by express and arrived in this city today. It is said to be a very fine specimen of artistic work. The dedication service will take place at half-past ten on Tuesday next, May 30th. Addresses will be given by Dr. Floyd Tomkins, of Philadelphia, and by Dr. Carl Grammer, of Norfolk. There will be conveyances meeting the half-past ten electric car from Washington at the station on the corner of King and Washington streets. Tickets at 50 cents for the round trip to the Seminary can be obtained on the conveyances. Visitors from Alexandria and elsewhere are cordially invited to attend the dedication ceremonies. A letter has been received at the Seminary from the White House stating that as the President had accepted another invitation for Tuesday he would be unable to be present at the Seminary on that day.

The Market. There was an abundant supply of seasonable country produce in market this morning, which was being sold at about prices quoted in the Gazette last Saturday. Butter ranged from 25 to 30 cents a pound, and eggs sold at 20 cents a dozen. There was a plentiful display of green stuff in the line of home-grown cabbage, cuttings, green peas, onions, snap beans, &c. The display of strawberries was profuse, and some fine specimens were to be seen. They ranged in prices from 5 to 8 cents a quart. The flower exhibition was larger than usual and diverse varieties attracted the attention of many visitors. The huckster's benches were well stocked with articles in their respective lines. Several varieties of fresh and salt water fish were on the benches, among them mackerel, trout, tailors, butter-fish and shad. The latter sold from 40 to 65 cents each. Some German carp were on exhibition, but they found no purchasers. Specimens weighing from 15 to 20 pounds could be procured for 25 cents.

New Telephone Line. The committees on streets and public property met last night and decided to report favorably to Council a franchise to a new telephone company which, it is said, will soon open an exchange in this city. The new company proposes to erect a line of wire and install at least 750 telephones in this city within eighteen months and to charge two cents for each message.

The Pocahontas. The steamer Pocahontas, chartered by the Randall line, passed up the river about ten o'clock last night from Norfolk. She will be placed on the Colonial Beach route this evening and will leave Alexandria about half-past six o'clock. The Pocahontas bears a strong resemblance to the steamer Charles Macalester. Her funnel, however, is several feet higher.

Republican City Committee.

The republican city committee of Alexandria met on Friday night and accepted the resignation of City Chairman J. M. Crupper and several members of the committee and reorganized the committee as follows: Chairman, Frank M. Phillips; Secretary, A. H. Agnew. City committee—First ward, E. E. Grover and Chas. A. Dean; Second ward, Chas. M. Hancock and Jas. E. Johnston; Third ward, Paul B. Hulsh and J. Armistead Egghorn; Fourth ward, W. H. P. Kelly and Jao. S. Mulley.

On motion of Paul B. Hulsh the retiring chairman and committeeman were extended the thanks of the committee for their valuable services in the past.

On motion of Mr. C. M. Hancock the committee adopted the following resolutions:

1st. That it is the opinion and wish of this committee that every Republican and independent voter in the city of Alexandria abstain from participation in the coming primary of the democratic party, because no white man should consider for a moment the relinquishment of his right to select and vote for the best man for every office on the day of election to any party in a primary, but should always reserve his right to vote on the day of election for the best qualified man for every office.

2nd. For the reason that if all parties vote in the primary, all active opposition to the ruling powers will be destroyed and the people be placed at the mercy of rings which will result in bad government; active opposition in the election being absolutely necessary to good government.

3rd. Because it is conducive to good government and clean politics in the city and State.

It was further resolved by the committee that it is the sense of the committee that every citizen of this republic should be proud of the excellent man we have as President of these United States and the splendid government that the republican party has given to the nation, and we declare our purpose to strive by all honorable means to secure for Virginia a government of like kind.

Considerable enthusiasm was exhibited by the republicans of Alexandria who are determined to make a vigorous fight for right principles and for good government in Alexandria.

As has heretofore been stated in the Gazette, Alexandria and Belle Haven Councils, Junior Order of Mechanics, will tomorrow afternoon at 4 o'clock hold their annual memorial services at the M. P. Cemetery (weather permitting). An interesting programme of exercises has been prepared. Alexandria and Belle Haven Councils will meet at the latter's hall tomorrow afternoon at 2:30 p. m., and will proceed in a body to the cemeteries. Addresses will be delivered by Rev. Edgar Carpenter, Rev. Dr. W. F. Fisher and Rev. J. A. Jeffers. Flowers will be placed upon the mounds of deceased members.

Must Observe the Sabbath.

He has also directed them to arrest and detain at the station house till Monday for trial all intoxicated persons seen on the streets on Sunday.

Free Oxtail Soup tonight at Ben's House, 114 North Fairfax street. George Benson, proprietor.

Primary Election Monday.

The democratic primary election for the nomination of certain city and State officers will be held in this city on Monday next at the usual voting places to the respective wards. There is no opposition to some of the present incumbents. Others, however, are contestants. As was stated yesterday, the canvass has been by no means spirited, and the primary will be devoid of many features incident to former contests, from the fact that the spending of money is illegal. Of course "persuaders" in the shape of champions of candidates will be in evidence, but their exertions will be limited to talk.

The polls will be opened at the following places: 1st ward, Elks' Hall; 2d, City Hotel; 3d, Odd Fellows' Hall, north Columbus street; 4th, Friendship engine house.

Who Can Vote.

1. A man, who has been duly registered under the new constitution may vote in the November election this year, provided he has, at least six months before said election (that is to say, not later than Saturday, May 6), personally paid all State poll-taxes assessed or assessable against him for both 1903 and 1904. "Personally paid" means that a man has paid said taxes with his own money. No taxes of any kind or description are required to be paid as a prerequisite to the right to vote except the State poll taxes referred to.

2. There is one exception to the above requirement, viz: A veteran of the civil war (but no veteran of any other war) may register and vote without paying any kind of taxes whatever for the privilege of so doing.

3. A man, who has not been duly registered under the new constitution, may now be transferred (provided, of course, he is qualified in other respects) upon paying all State poll-taxes assessed or assessable against him for the three years 1902, 1903 and 1904. After being registered, he will be entitled to vote in the November election this year, provided his State poll taxes for 1903 and 1904 were personally paid not later than Saturday, May 6.

4. There is one exception to Class No. 3, viz: If a man has reached the age of 21 since February 1, 1904, or will reach the age of 21 before the November election, he may (provided, of course, he is qualified in other respects) be registered after he has paid to the treasurer \$1.50. This amount so paid will be in full settlement of the first State poll-tax assessable against such young man. This sum must be paid before he may be registered. After such young man is registered, he will be entitled to vote in the November election.

Every man will find the poll-tax requirement governing his case explained in one of these four sections.

A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.
