

WEDNESDAY EVENING, JUNE 28, 1905.

CAPTAIN MAHAN, an American naval expert, has written the lesson of the recent battle of the sea of Japan. After allowing for the demonstrated superiority of the Japanese in training and experience, he concludes that the superiority of the battleship and of the gun, for the main purposes of naval warfare, has not been shaken.

THE Appellate Division of the State Supreme Court in New York has decided that a stockholder has a right to inspect the stock book and copy the names of stockholders if he wishes to. If he is a broker and desires to buy or sell with the other stockholders this fact does not impair his right to inspect the books and the right to inspect carries with it the right to copy, for he cannot be expected to remember everything.

POLICE COMMISSIONER McADOO, of New York, gave evidence yesterday that he intends to enforce his order against a premature celebration of the Fourth of July by appointing a firecracker squad. It is composed of one roundsman and five patrolmen. It is to look after the 500,000 or more small boys of New York who have begun discharging fireworks.

DISPATCHES from Warsaw say that the luckless Jews in that city are being made to suffer for the acts of the socialists. The latter, it is said, are responsible for all the disorders, but the police are afraid to arrest them, dreading assassination, and in order to induce the officials in St. Petersburg to believe that they are doing something the police arrest Jews right and left and pretend they are the turbulent classes.

THE inter-collegiate regatta will be held this evening at Poughkeepsie, N. Y., and thousands of visitors are there to see the races. James Horton, a former president of the United States Leather Company, died at his residence at Middletown, N. Y., this morning.

Chief Justice Melville W. Fuller, of the United States Supreme Court, Harvard Law School, '55, has been reelected president of the Harvard Law School Association. The correspondent of the Exchange Telegraph Company at St. Petersburg wires London that a new internal loan of 15,000,000 roubles will be made in the near future.

It was announced today at Newbury, N. H., that Secretary John Hay passed a very comfortable night. He appeared much stronger this forenoon, and was in excellent spirits. President Roosevelt today sent a cablegram to Emperor William thanking him as well as the German people at large for the interest they have shown in the German Museum at Harvard. Yale distributed her degrees to her graduates and honorary guests today at the annual commencement exercises held in Woolsey Hall. There were a total of 669 degrees upon examination and fourteen honorary degrees.

ern Pacific, who stands at the head of the railroad contingent of civil engineers, may be prevailed upon to take charge of the work. Acting Secretary of War Robert Shaw Oliver, today granted authority to the New York and Long Island Railroad Company to construct a tunnel under the East river from 42d street, New York, to 5th street, Long Island City. Secretary Oliver also granted the railroad company permission to sink a shaft to the tunnel from Man-of-War reef at the southern end of Blackwells Island. It is not stated just what the project of the railroad company is or the cost of the tunnel.

The Comptroller of the Currency this morning received a dispatch informing him that the Vigo County National Bank of Terre Haute, Ind., had been closed by order of the bank directors. This is the bank in which a shortage of \$16,000 was discovered a few days ago in the cashier's accounts. Although Cashier Conzoman's bonds were turned in \$60,000 to protect the bank a run followed. The last report of condition on May 29 gave the capital stock of the bank at \$150,000, deposits \$1,251,282.14 and resources and liabilities \$1,564,968.70.

An important petition alleging discrimination by certain western and southern railroads in favor of the Standard Oil Company was filed with the Interstate Commerce Commission today by the Gulf Refining Company, an independent concern having its principal offices at Port Arthur, Texas. The complainant alleges that the defendants, acting in concert for the purpose of preventing the marketing of the Gulf Refining Company's oils in the north, have established unjust and unreasonable rates.

James E. McGowan, a conductor on the Junction car of the Columbia road, was attacked with vertigo while collecting fares on his car between Benning station and the Junction this morning and fell from the car. His head came in contact with an obstruction, crushing his skull, and he died almost instantly.

No Trace of Miss Rogers. A dispatch from Saranac Lake, N. Y., last night states: "There have been no developments today in the search for Mary Rogers, the wealthy young Virginia woman who disappeared from this place last Saturday." "Mr. Raleigh C. Smith, of Baltimore, a brother of Mr. Willoughby N. Smith, and Mr. William C. T. Rogers, of Leesburg, a brother of Miss Rogers, arrived this evening, and are very indignant at the means used by the local authorities to ascertain the identity of the missing girl by means of 'John Doe' proceedings. Ex-Gov. John Walter Smith, of Maryland, and his wife drove over from Loom Lake, about 20 miles, to take dinner with Mr. Willoughby N. Smith and to express their sympathy for the unfortunate occurrence."

A dispatch from Leesburg, says: "The latest information received here by relatives of Miss Mary Rogers is that contained in a letter from her nurse, Miss Jannet, giving the circumstances of the occurrence, which agree substantially with the press dispatches. Intimate friends of Miss Rogers have abandoned all hope of her being alive, though her family have offered liberal rewards for information as to her whereabouts. Mr. Alexander Rogers, her father, is in a very weak condition, and all information is withheld from him."

Saranac Lake, N. Y., June 28.—Although the search for Miss Mary Rogers, of Leesburg, Va., who mysteriously disappeared on Sunday last from a sanitarium here, has been continued, no trace of her has been found. The only new developments in the case is the abandonment by the authorities of all suspicion of criminality in connection with the disappearance of the young woman. The admission is made even by those who instituted the John Doe proceedings against Willoughby N. Smith, a prominent lawyer, of Baltimore, who accompanied Miss Rogers and a nurse, that the unfortunate young woman wandered away while temporarily deranged, as a result of her illness. It is now believed that she is either lost in the woods or has been driven in the Saranac lake or Saranac river.

TELEGRAPHIC BREVITIES. The inter-collegiate regatta will be held this evening at Poughkeepsie, N. Y., and thousands of visitors are there to see the races. James Horton, a former president of the United States Leather Company, died at his residence at Middletown, N. Y., this morning. Chief Justice Melville W. Fuller, of the United States Supreme Court, Harvard Law School, '55, has been reelected president of the Harvard Law School Association.

The correspondent of the Exchange Telegraph Company at St. Petersburg wires London that a new internal loan of 15,000,000 roubles will be made in the near future. It was announced today at Newbury, N. H., that Secretary John Hay passed a very comfortable night. He appeared much stronger this forenoon, and was in excellent spirits. President Roosevelt today sent a cablegram to Emperor William thanking him as well as the German people at large for the interest they have shown in the German Museum at Harvard.

Yale distributed her degrees to her graduates and honorary guests today at the annual commencement exercises held in Woolsey Hall. There were a total of 669 degrees upon examination and fourteen honorary degrees. In the first race, today, in the Kiel regatta, the schooner yacht Susanne, winner of the race from Dover to Heligoland, for the Kaiser's cup, finished first. The Hamburg was second, while the Emperor's yacht, Meteor III, was third in crossing the finish line. Miss Amy Phipps, daughter of Henry Phipps, of Pittsburg, Pa., the partner of Andrew Carnegie, was married today at St. George's Hanover Square, London, to the Honorable Frederick Guest, son of Lord Wimborne. There were magnificent presents of jewels from relatives, from Mr. Carnegie, Aga Khan, the Hindu Lord Prita, and from Ambassador Whitehead.

News of the Day.

The car shops of the Baltimore and Ohio Railroad in Keyser, W. Va., and 38 cars that were undergoing repairs were destroyed by fire yesterday. Graeme Stewart, several times a candidate for Mayor of Chicago on the republican ticket and prominent in the business life of the western city, is dead. Lord Curzon has informed the British ministry that unless modifications are made in the orders giving General Lord Kitchener supreme command of the military forces he will resign the viceroyalty of India.

As anticipated John F. Wallace, who resigned as chief engineer of the Panama canal and a member of the commission, has accepted a \$60,000 position with a New York corporation. According to statements made yesterday in official circles Mr. Wallace resigned because he was not given much more power than he has at present and a larger additional compensation for his services.

Virginia News.

An effort will be made to induce the United States government to purchase the Trigg shipyards at Richmond. John Tyler Carter, residing near Round Oak Church, Caroline county, died at his home Monday night, aged 65 years.

Francis X. Burke, of Falls Church, Va., died at Georgetown University Hospital on Tuesday evening, in the sixty-third year of his age.

The local-option election held in Woodstock yesterday was a complete victory for the "wet" by a majority of 34. The vote was 102 for issuing licenses and 66 against.

It is rumored that there will be further investigation of the educational affairs of Virginia by the State board. It is said that excessive charges are being made for some of the supplies, but nothing has been said to indicate who is concerned or who has profited thereby. As the result of a runaway accident Monday near Millwood, Clarke county, Courtney B. Jones, son of Rev. J. C. Jones, was thrown from his buggy and seriously injured. His left leg was broken in two places, and he was badly cut and bruised. His wife, with her infant child, leaped from the vehicle in time to escape injury.

Mrs. Shepherd K. Smith, charged with having beaten to death her son Ralph, aged 7 years, was put on trial for her life in the Manchester Hustings court yesterday. She pleaded not guilty. Practically the whole day was consumed in securing a jury. Mrs. Smith and her husband have been in the Manchester jail ever since the day, weeks ago, when their little boy was found dead on the floor in his mother's room, the little body covered with bruises as though inflicted by a stick or strap. Mrs. Smith admitted that the child had been given to evil habits and that she had whipped him to correct him. The child's father, who was employed in Richmond, was arrested in New York, to which city he had gone just before his child's death.

Wedding in Norfolk. St. Paul's Episcopal Church Norfolk yesterday evening was the scene of a brilliant wedding, when Miss Jane Ellis Tucker was married to Rev. Luke Mathews White.

The bride's attendants were her sisters, Miss Eleanor Tucker, as maid of honor, and Misses Lila and Maria, as bridesmaids. The ushers were Messrs. Chas. Brent, of Lexington, Ky.; Chris. Bennett, of Columbia, S. C.; Frank Abbott, of Bellevue; Louis Carter Harrison, of Richmond; William C. Whittle, Jr., and Augustus Tucker.

The groom and his best man, Mr. Gilbert C. Greenway, of New York, met the bride at the chancel where the ceremony was performed by the bride's father, Rev. Dr. Beverly D. Tucker, assisted by her brother, Rev. St. George Tucker. Rt. Rev. A. M. Randolph, Bishop of Virginia, pronounced the benediction.

Mr. White is the son of Mr. and Mrs. David Edwin White, of Huntsville, Ala., and is a great-grandson of Governor or Spotswood, of the old Virginia colony. He was recently ordained a deacon at the Theological Seminary near this city. Mr. and Mrs. White left immediately after the ceremony for a trip north, and on their return they will reside at Warsaw, Va.

The German Reply. Germany's reply to the French note on the subject of Morocco was presented during a conference between Prince Radolin, the German Ambassador, and Premier Rouvier at the Foreign Office yesterday. While most friendly in form and entirely lacking a peremptory tone, Germany's response none the less maintains the position that the Moroccan question must be regulated by a conference of the powers without any agreement in advance limiting the scope of such conference.

This was accompanied by the presentation of Germany's general point of view in such an amicable spirit as to disarm the suspicion entertained concerning Germany's ulterior motives. Deed of a Jealous Man. When returning from church Sunday night near Denmark, Rockbridge county, 15 miles from Lexington, Charles Cash and Lydia Entsminger were stopped by Grover Ford, son of James Ford, who, after asking who they were, opened fire on them with a revolver, shooting Cash through the brain and Miss Entsminger through the shoulder. Cash has since died, and Miss Entsminger, who is 14 years old and very pretty, is not expected to live. Jealousy is alleged to have been the cause of the shooting, as both men were paying attention to the young lady. Ford escaped and was last seen near Mill Mountain. Both men worked at Longdale furnace, Allegheny county. Ford is 20 years old and Cash was 18.

Alexandria city needs a Roosevelt at this time. Can one be found south of Washington, D. C.? DISCORD. Fewer Gallons; Wears Longer. Fewer gallons; takes less Devoe Lead and Zinc than mixed paint. Wears longer; wears as long as lead and oil.

City Council.

A considerable amount of business was transacted at the regular meeting of the City Council last night. The reports of the Auditor and City Treasurer were submitted, as well as that of the operations of the light department of the city. The Common Council passed the ordinance providing for advertising schools and \$8,500 for fire department. Commenting on the decrease in appropriation for interest, and also the large increase for streets, schools and fire department, it is not an inopportune time to call attention to the increase of \$4,200 for the police force, as it required only \$5,500 in 1880, while now \$11,700 is required. Instead of bonds seeking purchasers the investor is seeking our bonds, willing to pay for them. On page 31 of the Auditor's report for the year 1880 the debt and interest is given as \$1,051,583, and if those figures are correct it would have required that amount of money on the first day of July, 1880, to free the city, now \$494,000 for the same. More than a year ago, with others representing the finance and school committees, I met some members of the school board to discuss money matters, preparing first for use some notes, but they were not prepared to discuss them, and they were not prepared to discuss them, and they were not prepared to discuss them.

Mr. Ballenger asked that it be laid over in order to afford him time to examine into it more closely. The ordinance, he said, was voluminous and he was not prepared to vote for it from the fact that he was not thoroughly familiar with it. Mr. Hill said the matter had been before the Council for about two years. Alexandria was now about 25 years behind the times. The city is not in a position to install an electric plant, and others should be allowed to do so. He saw no good reason for laying the ordinance over.

Mr. Ballenger replied by saying this was the first time the ordinance had been read in the Aldermen since he took his seat as a member. At any rate he was not prepared to vote for it and moved to lay it over. Mr. W. H. Sweeney called attention to the fact that the ordinance merely authorized Council to advertise for bids for furnishing electricity. When the same shall have been received members would have the opportunity to vote for the acceptance or rejection of the bids. The speaker hoped Mr. Ballenger would withdraw his motion, as should the board concur in the action of the Common Council and Council receive a satisfactory bid the work of installing an electric plant could not be commenced before fall, as the advertisement for bids would have to be published for 30 days. There was a desire to have the plant constructed before cold weather sets in.

Mr. Ballenger acknowledged the correctness of all Mr. Sweeney had said, but still insisted upon being given time to post himself before voting. He desired to see electricity in common use in Alexandria, and was in no wise opposed to the movement being made toward that end, but, at the same time, wanted to vote intelligently. The committees to whom the ordinance had been referred doubtless understood its provisions, but he was not so familiar with it. Mr. Fisher agreed with Mr. Ballenger. The ordinance, he said, had never been before the present Board of Aldermen before. In fact it was a new ordinance. Mr. W. H. Sweeney said it was substantially the old ordinance which had been before Council at times during the past two years, but in deference to members who were not prepared to vote upon it, he was willing to let the ordinance lie over. A vote was finally taken upon concurring in the action of the Common Council which resulted as follows: Ayes, Messrs. Hill, Burke, Marbury, Curtin and W. H. Sweeney—5. Noes, Messrs. Ballenger and Fisher—2. It was supposed that it required six votes to pass the ordinance, Mr. Burke changed his vote in order that he could move a reconsideration.

Mr. Fisher claimed that it took an equal number of votes to reconsider as it did to concur in the action of the Common Council. An appeal was made to the chair, but no one seemed to be sufficiently posted to controvert Mr. Fisher's assertion, and the debate became animated. Mr. Fisher said a resolution looking to the same end of the ordinance under consideration had been referred to his committee (general laws), and he did not want it to die in the committee room. He, like Mr. Ballenger, wanted time to consider, and said he would endeavor to have a meeting of his committee and present a report on the resolution at the next meeting of Council provided the ordinance was laid over for two weeks.

Mr. Burke said he had no desire to rush the ordinance through. Mr. Fisher said he would vote to lay the ordinance over provided the members assure him he would be given an opportunity to submit a report on the resolution referred to his committee before a vote on the adoption of the resolution was taken. The members were not disposed to enter into this agreement and a vote on a motion to lay the ordinance over for two weeks prevailed, only Mr. Fisher voting in the negative.

After a large number of papers which had been received from the Common Council had been read and the action of the lower board concurred in. Mr. Hill said that since the ordinance providing for the electric franchise had been laid over, he had ascertained that it had in reality been passed by the first vote taken, it requiring but 5 votes, not 6, as had been supposed.

Mr. Fisher raised a point of order—the matter had been disposed of. It was finally agreed to let the matter rest until next meeting, and the board adjourned.

COMMON COUNCIL. The board was called to order shortly after 8 o'clock. The Auditor's and Treasurer's annual reports were submitted by the finance committee. They show receipts of \$132,893.49 and expenditures of \$123,972.46. Mr. Bryan submitted a summary of the finances and said:

The Auditor's report of the general fund gives the receipts at \$132,893.49, the expenditures at \$123,972.46, leaving a balance in the treasury of \$8,921.03. The receipts were in excess of estimates, and the expenditures, as is always the case, more than estimates, or about two thousand dollars over, the most important extra appropriations being \$1,000 for fish wharf for the Light Infantry, \$250 for firemen's parade, \$200 for Alexandria Kindergarten and \$300 for the Associated Charities.

It is unnecessary to enter into any extended comments, as much has been reviewed in former statements, and the city reports, when prepared in book form, are so succinctly explain our fiscal affairs as can I. In presenting the appropriation bill in May last it was pointed out how far in excess were our estimates of receipts as compared with former years. The gratifying condition of affairs can be best illustrated by a comparison of our financial today and the year beginning June 1, 1880. At that time those who had long struggled with a debt of such proportions as to almost dishearten them and which was also a cause of anxiety to business men and property owners, as well as to the clerk, mechanic and laborer, the last mentioned the first to feel the effects of hard times, found their efforts successful, and had by a promise to our creditors, in order to settle the city debt, started into an era of rigid economy—hence this reference. The appropriation bill for the year beginning June 1, 1880, amounted to \$79,625, of which \$50,000 was for debt and interest on same; only \$2,000 for all kinds of street work; only \$3,600 for fire department, and only \$7,300 for public schools, and our bonds then worth about fifty cents. How different today when we refer to the debt and interest on same; only \$2,000 for all kinds of street work; only \$3,600 for fire department, and only \$7,300 for public schools, and our bonds then worth about fifty cents.

Mr. Bryan explained that this ordinance differed from the former somewhat in reference to bonds and, also, because the ordinance required the city in case the Council required the wires to be put under ground to pay for the construction of the conduit. He also said that each bidder would be required to give a certified check for \$500.

Mr. Spinks urged that no action be taken tonight and spoke at length in depreciation of the sale of the electric franchise. Mr. Bryan said the proposal now was not to grant any franchise but merely to advertise for bids. The ordinance was agreed to, yeas 12 noes 2—Messrs. Williams and Spinks. The ordinances providing for vitrified brick streets on certain squares of Prince and Lee streets were read and unanimously adopted.

The committee reported in favor of having an ordinance prepared requiring that all new electric railway poles shall be of iron. The report was adopted. An appropriation of \$2,000 for continuing the Royal street sewer south of Franklin street was referred.

The committee on light submitted the annual report of the Clerk of Gas showing that the gas works had turned into the City Treasury during the year \$10,000. Mr. Usher, chairman of the committee, said the report showed a total profit on the year of about \$15,000 after deducting \$5,400 for gas used in the city hall, engine houses, &c. Mr. Bryan inquired what was the cost of gas in lighting the city. It was stated that the cost for the year had been \$5,403, and then Mr. Snowden said that this was more than the cost of lighting the entire city before the introduction of electric lights. The whole city was then lighted for \$5,100. Four hundred and fifty dollars was appropriated to build a brick kitchen for the city jail.

An appropriation of \$3,500 to macadamize Washington street from Queen to Orinoco street was referred. A resolution to have King street cleaned every Saturday night after 12 o'clock was referred. A resolution by Mr. Strauss that the price of gas be reduced to \$1.00 per thousand feet was referred. Mr. Marshall moved to appropriate \$225 to lay a granolithic pavement on the Alfred street side of the Peabody school building. Mr. Snowden said a new brick pavement had recently been laid on that street and the board would rather have the amount for school work. The matter was referred after Mr. Marshall had said that the city must set the example if improvements were to be made. A letter from the police board communicating Mayor Paff's plan for the reorganization of the police force and asking action towards an amendment of the charter in respect of police changes was read.

Mr. Bryan moved to refer the matter to a special committee composed of a member from each board and the presidents of the two boards. Mr. Marshall moved to refer the matter to the committee on police. Both he and Mr. Spinks protested against what they interpreted as an effort on the part of the chair and others to belittle the ability of the committee on police, and Mr. Spinks asked the chair to relieve him of any further connection with that committee.

Mr. Bryan said he was a member of the police committee but thought the chairman should serve on the special committee as they sometimes acted as Mayor and knew something about the working of the police force. He said, as a matter of fact, the measures should go to the finance committee as an appropriation was asked for.

After several other motions Mr. Spinks said that this paper should go to the police committee alone. Mr. Burke moved the reference of the paper to the finance committee, the police committee and the presidents of the boards.

Pending this discussion Mr. Marshall and Mr. Williams objected to statements which had been made by the president of the board in reference to the action of the claims committee, etc., and Mr. Williams construed as a reflection, one of the statements and said he would not stand for any disparaging references. The president said he would not further answer the remarks of Mr. Williams but disclaimed having made any disparaging statements.

Mr. Burke's motion was then carried. Ex-Mayor Strauss hoped that the committee would not constitute a second star chamber meeting. He wanted to be present. When another communication from the police commission concerning the biennial election of policemen came up Mr. Williams, sarcastically, moved to add the chairman of the two boards to the committee to which the measure was referred, saying "these gentlemen sometimes acted as Mayor." The chairman asked not to be named on the committee, but Mr. Williams' motion was carried.

Council was delayed until a late hour while the Aldermen acted upon papers sent in to that body from the Council.

Official. BOARD OF ALDERMEN. At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held June 27, 1905, there were present: Messrs. Hill, Burke, Marbury, Ballenger, Curtin, Fisher, and W. H. Sweeney. In the absence of the President, Vice President Curtin presided.

The following were received from the Common Council and laid over until the next meeting: An ordinance to provide for the grading, paving and curbing of Lee street from the south crossing of Prince street to the north crossing of Duke street under certain conditions. An ordinance to provide for the grading, paving and curbing of Prince street from the east crossing of Fairfax street to the east crossing of Lee street under certain conditions.

An ordinance to provide for the granting by the City Council of Alexandria, to the person or corporation hereafter to be ascertained in the manner prescribed by law, of the exclusive right to furnish electricity for light, heat, power and general purposes in the city of Alexandria and inhabitants thereof, and to erect, construct and maintain the necessary poles and fixtures and to run wires on, over, under or along the streets, public ways and places in the City of Alexandria, for the purpose of supplying electricity. The following were received from the Common Council and their action concurred in by unanimous votes.

Auditor's report of receipts and expenditures of the general fund for the fiscal year ending May 31, 1905. Treasurer's report of receipts and expenditures of the fiscal year ending May 31, 1905. Report of the operations of the city gas works for the fiscal year ending May 31, 1905. An ordinance authorizing the Mayor of the city of Alexandria, Va., to execute a special warranty deed to Dallas Peyton for property No. 131 south Peyton street upon the payment to the Corporation Attorney of the sum of \$120.

Communication from George Usher, chairman of the executive committee of the Columbia Steam Fire Engine Company, asking a donation of \$100 to help defray the expenses of said company during their visit to Harrisburg in August. Resolution appropriating \$200 to extend sewer on Fairfax street half a square from Gibbon street. Communications from E. E. Lawler, secretary of the Board of Police Commissioners, enclosing a recommendation from the Columbia Steam Fire Engine Company for the reorganization of the police force; also a resolution adopted by the board.

Report of the Committee on Public Property on a resolution appropriating \$450 to build a brick kitchen at the City Jail. A recommendation of the Committee on Streets that the Corporation Attorney be instructed to prepare an ordinance requiring the Washington, Alexandria and Mount Vernon Railway Company to erect iron poles within the city limits. A resolution appropriating \$450 to extend Lee street sewer to Duke street, with connections to curb, &c. A resolution providing for the reduction of the price of gas to \$2.50 per 1,000 feet with a discount of 30 cents per 1,000 feet upon payment of bills on the 1st day of each month.

Report of the Committee on Streets recommending an appropriation of \$2,000 to extend sewer on Royal street southward was received and recommended to the Committee on Streets. The following were referred to the Committee on Streets: A resolution appropriating \$3,500 to macadamize Washington street from Queen to Orinoco streets. A resolution to clean King street after 12 o'clock on Saturday nights. A resolution to lay a vitrified brick pavement in front of the Peabody School building on Alfred street. A resolution increasing the pay of laborers on street work to \$1.50 per day.

STATE OF OHIO, CITY OF TOLEDO, } LEON C. CHENEY, } as Frank J. Cheney sues the path that he is senior partner of the firm of F. J. Cheney & Co doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 4th day of December, A. D. 1888.

A. W. GLEASON, NOTARY PUBLIC. Hall's Catarrh Cure is taken internally, and does not reach the seat of the disease. Send for testimonials free. F. J. CHENEY & CO., Toledo, O. Sold by DRUGGISTS, 75c. Take Hall's Family Pills for Constipation.

admiral Washington street from Queen to Orinoco street was referred. A resolution to have King street cleaned every Saturday night after 12 o'clock was referred. A resolution by Mr. Strauss that the price of gas be reduced to \$1.00 per thousand feet was referred. Mr. Marshall moved to appropriate \$225 to lay a granolithic pavement on the Alfred street side of the Peabody school building. Mr. Snowden said a new brick pavement had recently been laid on that street and the board would rather have the amount for school work. The matter was referred after Mr. Marshall had said that the city must set the example if improvements were to be made.

A letter from the police board communicating Mayor Paff's plan for the reorganization of the police force and asking action towards an amendment of the charter in respect of police changes was read. Mr. Bryan moved to refer the matter to a special committee composed of a member from each board and the presidents of the two boards. Mr. Marshall moved to refer the matter to the committee on police. Both he and Mr. Spinks protested against what they interpreted as an effort on the part of the chair and others to belittle the ability of the committee on police, and Mr. Spinks asked the chair to relieve him of any further connection with that committee.

Mr. Bryan said he was a member of the police committee but thought the chairman should serve on the special committee as they sometimes acted as Mayor and knew something about the working of the police force. He said, as a matter of fact, the measures should go to the finance committee as an appropriation was asked for. After several other motions Mr. Spinks said that this paper should go to the police committee alone. Mr. Burke moved the reference of the paper to the finance committee, the police committee and the presidents of the boards.

Pending this discussion Mr. Marshall and Mr. Williams objected to statements which had been made by the president of the board in reference to the action of the claims committee, etc., and Mr. Williams construed as a reflection, one of the statements and said he would not stand for any disparaging references. Ex-Mayor Strauss hoped that the committee would not constitute a second star chamber meeting. He wanted to be present. When another communication from the police commission concerning the biennial election of policemen came up Mr. Williams, sarcastically, moved to add the chairman of the two boards to the committee to which the measure was referred, saying "these gentlemen sometimes acted as Mayor." The chairman asked not to be named on the committee, but Mr. Williams' motion was carried.

Council was delayed until a late hour while the Aldermen acted upon papers sent in to that body from the Council.

Official. BOARD OF ALDERMEN. At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held June 27, 1905, there were present: Messrs. Hill, Burke, Marbury, Ballenger, Curtin, Fisher, and W. H. Sweeney. In the absence of the President, Vice President Curtin presided.

The following were referred to the Committee on Streets: A resolution appropriating \$3,500 to macadamize Washington street from Queen to Orinoco streets. A resolution to clean King street after twelve o'clock on Saturday nights. Also a resolution to lay pavement on Alfred street side of Peabody school building. Also a resolution increasing the pay of laborers on street work to \$1.50 per day.

Also a petition from John S. Beach and others to grade Orinoco street from St. Asaph to Washington street. Also a petition from Edmond Hill, Jr., its repair frame dwelling at No. 219 north Henry street. Also a letter to the President from J. K. M. Norton requesting the city to extend its streets in the northwest section of the city. The board then adjourned.

MOROCCAN CRISIS PASSED. Paris, June 28.—From expressions made in official circles to the correspondent of the Publishers Press, today, it is believed that the Moroccan crisis has passed. Premier Rouvier and Ambassador Radolin, of Germany, were seen and while they talked guardedly, the inference was given that only minor questions of differences remained and that the conflict was no longer a general political one. The premier and the German ambassador are having frequent conferences. An entente is considered near at hand.

CANNIBAL GYPSIES. Buda Pesth, June 28.—Twenty members of a gypsy band have been arrested charged with cannibalism. It is alleged that they have been traveling through the country stealing children whom they killed and ate. In one of their wagons, according to the police, at Jasbrony, Hungary, where they were arrested, a portion of the body of a child was found in one of their wagons. Eighteen children have disappeared along the route taken by the gypsies in their wanderings through the country.

Russian Troops Repel. Vienna, June 28.—A dispatch from Lemberg tells of a mutiny of soldiers in the Mokotof camp, near Warsaw. A portion of the troops were ordered to get ready to proceed to Manchuria but they rebelled. A detachment of other troops were ordered to suppress the mutiny. They fired several volleys into the ranks of the mutineers, killing many of them.

In Mad Chase. Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular, as Dr. King's New Safe Pills their troubles would all pass away.
