Will Held Up. It has developed in Norfolk that Mrs. Catharine A. Finck, aged sixty-five years, who died in that city two weeks ago, left a will by which she bequeathed property valued at upward of \$27,000 to Mrs. Pete Heinz, wife of a brother of Heinz, the pickle manufacturer, and some valuable residential property to Rev. Dr. J. E. Thacker, pastor of the Second Presbyterian Church of Norfolk, and formerly in charge of the Second Presbyterian Church in this city. The property bequeathed was made over to Mrs. Finck by her husband, who thought he had an only will made by his wife, which gave him back all the realty at her death. After Mrs. Finck's death the husband telegraphed to Chicago for Mrs. Heinz, who was a close friend of the family, and upon her arrival, she informed him of the new will by which she was a large beneficiary. Finck then ordered Mrs. Heinz out of his house, it is said, and she left. An unknown Washington attorney appeared several days ago with Mrs. Finck's new will, but this has been held up for the time being by the filing by the husband of the will he had in his possession. Rev. Dr. Thacker is now away on his summer vacation. The second will was drawn up in Washington. Finck says he gave his wife a \$400 funeral and shortly before he gave Dr. Thacker \$500 toward his new church.

Mr. Finck says that he is satisfied that his wife didn't sign a will of the date of the alleged second one, as she was sick at that time. And, besides, he says that in later years his wife was not sound of mind, and he is accumulating evidence to show her mental impairment, which he says dates back fifteen or sixteen years before her death.

Died at Sea. Mrs. Dollie Edmonson Vedder, aged sixty-one years, a first-class passenger and widow of Major F. C. Vedder, U. S. A., died July 27 at sea on the North German Lloyd steamer Bremen. Her body was carried to New York and it will be interred at Fairfax. The deceased was a native of this city, being a daughter of the late Thomas A. Waters. The deceased will be remembered by many Alexandrians. She was a lady of most agreeable personality. Mrs. Vedder was with her friend, Mrs. Joseph T. Moore, of Sandy Spring, Md., and was returning from a tour of the continent of Europe when death overtook her. For several years past Mrs. Vedder had been a resident of Fairfax county, where a wide circle of friends and neighbors will learn with unaffected sorrow of her sudden death. She was a warm personal friend of the late lamented Joseph Jefferson, and was a woman of the broadest cultivation and the most sympathetic and responsive nature.

Chapter of Mishaps. Some excitement was created Monday night about 11 o'clock when the excursion steamer Jane Mosely was returning to Baltimore from an excursion to St. Michaels, Talbot county, Md., with about 1,000 colored passengers on board. Some difficulty was experienced by Capt. Sprigg Simmons in making a landing at McComas's coal wharf, at the foot of York street. In order to make the landing Captain Simmons was rounding the steamer up in the middle of the harbor to get a fair course for the wharf when a rapidly moving buoy bound up the harbor ran her bowsprit into the joinder work above the steamer's waist, making a large hole. The impact was felt throughout the steamer, and some of the passengers were thrown into a panic. The Mosely went aground on Sunday night with 700 colored excursionists on board and did not reach Baltimore till yesterday.

Police Court. [Justice Julius Pelton presiding.] The following cases were disposed of this morning: John Grant, arrested by Officer Roberts charged with trespassing upon the property of W. H. Williams, had his case continued.

A white man, arrested by Officer Arrington for disorderly conduct, forfeited \$10 collateral by failing to appear. The warrant was issued at the instance of the wife of the accused.

Edward Davis, colored, arrested by Lieutenant Smith charged with destroying the property of Martin Davis, was fined \$5.

Henry Ashen, arrested by Lieutenant Smith for disorderly conduct, forfeited \$5 collateral by failing to appear.

The New Ferry. Work on the ferry house and slip at the foot of King street is rapidly nearing completion, and the work, it is said, will be finished during the next few days. The steamer Lily and Howard has arrived from the lower river with the necessary oak piles to complete the slip. When these shall have been placed in position everything will be in readiness for the ferry boat which is expected to be here by that time. As will be seen by an advertisement, the partially destroyed steamer Columbia will be sold at public auction on the 16th instant.

Fight with a Snake. A lady living on Fairfax street, between Prince and Duke, had an experience with a two-foot moccasin snake yesterday. The reptile was making itself at home in the yard and in front of the porch. The lady was making it self at home upon the opium, but she failed to deliver a knock-out blow. The snake showed fight, but eventually retreated in good order. There is considerable anxiety among the neighbors, as it is believed that the reptile does not confine its movements to the yard in which it was seen yesterday.

Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electro-Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S.
