

THURSDAY EVENING, OCT. 19, 1905.

PRESIDENT ROOSEVELT yesterday commenced his "triumphal" march through the South and is being hailed with acclaim at every town and city through which he passes.

MRS. MATT BOLDES was killed by her husband in Hawarden, Iowa, a day or two ago for contributing one dollar toward defraying the expenses of a church to which she belonged.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, D. C., Oct. 19. The annual report of Brigadier General George B. Davis, judge advocate general of the army, shows that during the past year 35 commissioned officers were convicted and 13 acquitted by courts-martial.

Scarcely has the wrath of the conventions of the letter carriers, the rural free delivery carriers, the railway clerks and of the office clerks subsided when Postmaster General Cortelyou shows his hand, undoing the important work of their various conventions.

not insist on the rate regulating power being conferred upon the Interstate Commerce Commission. He would provide for an "administrative body" - whether it be the Interstate Commission, or some other. It was against the power being given to the commission as now constituted that Senator Foraker originally contended.

At St. George's Episcopal Church in Fredericksburg last night Miss Jane Moore Gray, daughter of Mr. and Mrs. J. Bowie Gray, of Travelers' Rest, was married to Mr. John Lyle Hagan, of Danville.

Virginia News.

Capt. John Trushing, aged 63 years, proprietor of the Washington House in Petersburg, died yesterday after a protracted illness. He was born in Germany.

Miss Lucy Marshall, sister of Mr. J. W. Marshall, a former resident of Clarke county, died at the home of her brother near Summit Point Monday, after a long illness from a complication of diseases.

At St. George's Episcopal Church in Fredericksburg last night Miss Jane Moore Gray, daughter of Mr. and Mrs. J. Bowie Gray, of Travelers' Rest, was married to Mr. John Lyle Hagan, of Danville.

Murder and Suicide.

Harry J. Everett, a carpenter, thirty-four years old, living in Washington, in a jealous rage, last night, shot his wife Margaret twice in the breast over the heart and once in the mouth and then committed suicide by shooting himself in the mouth.

The couple had been married about a year, and had not lived happily together. About four weeks ago the young wife deserted her husband, and, it is said, made known her love for a soldier stationed at Fort Myer.

"I have found you, and we are going to go together," he exclaimed. He drew a 32-caliber revolver, and shot her down, and then turned the weapon upon himself. A few minutes later two policemen found the couple gasping in agony, the woman lying on the floor on her back, and the man with his head on her breast and his arms partly around her shoulders.

In the pocket of the clothing of the dead man two notes - written on a telegram blank - were found, the wording of which indicated that he had carefully planned the double shooting. One note read: "I, Margaret, agree to die with my husband this day. Please bury us together. This is all I ask of the living. 'MARGARET'."

The other note was: "This man and woman is Henry and Margaret Everett. We were married on September 26, 1904. We lived together until September 13, when she deserted me for a soldier named Louis Hill, a soldier in Troop F, Thirteenth Cavalry. They lived together and broke my heart, as I loved her. She said she would not give him up for me, so this is the consequence for being unfaithful: death I hope. Henry J. Everett, 3418 New Hampshire avenue northwest."

From the contents of the notes the police are of the opinion that Everett decided to kill himself and his wife and arranged them in order that it would appear as though the killing were agreed upon between them.

Everett until a short time ago was employed as a carpenter by the Washington Traction Company. At the time Everett married the woman he killed he was divorced from another whom he had married when he was a young man. He had several children by his first wife, but none by the second.

Smuggled Necklace.

The special agents of the Treasury Department recently succeeded in locating a valuable diamond necklace, which was smuggled into the country, and securing a large amount of customs duties which the owner sought to evade.

Some weeks ago the Treasury officials received information that a lady of means living in New York had purchased abroad a necklace, for which she paid \$22,000, and had succeeded in getting it through the line of baggage inspectors at New York.

Her name and residence were given to the customs officials, who went promptly to work on the case. On calling at her house it was learned that she had gone to Philadelphia, where they followed her. From Philadelphia she went to Chicago, and from there to Boston; thence to New York again, the custom officers in close pursuit. She was finally found in a New York theater.

When approached the woman said that the diamonds in the necklace she then wore were not genuine, and pleaded with the officers not to publicly disgrace her by making the arrest in the theater, promising to surrender to them the necklace she had procured in Europe if they would call at her residence the following morning.

This arrangement was agreed to, but on the officers going to her house the next morning the woman was not to be found. Her attorney, however, later called at the custom-house, and in her name paid to the officials about \$13,000, which represented the duties properly chargeable on the jewels and the added penalty.

Monument for Irving.

Cleveland, O., Oct. 19.-Augustus F. Hartz, manager of the Opera House here and close friend of the late Senator Hanna, has called a meeting by telegraph of the managers of the big theaters in the country to be held in New York October 25. The purpose is to devise means to erect a monument to Sir Henry Irving in Washington. Hartz was a close friend of Irving and is one of the best known theatrical managers in the country.

Today's Telegraphic News

The President in Raleigh. Raleigh, N. C., Oct. 19.-President Roosevelt reached Raleigh at 9 a. m. His train arrived at a point six miles north of the city at one o'clock in the morning, and was there side-tracked in a cotton field until a few minutes before nine o'clock, when it was pulled into Raleigh. A few country people gathered about the train soon after daylight, and now and then raised a cheer for the President. He appeared on the rear platform of the Signal, his private car, at 8 o'clock, and said "good morning," to the little gathering. He then dismounted breakfast with Secretary Loeb, Dr. Rixey, Mr. McIlhenny and Mr. Greenway. As soon as the train reached Raleigh, the Lieutenant Governor and the reception committee came aboard, were introduced and escorted the party to the Capitol; later the President went to the fair grounds, where he made an address. The plan originally made for Raleigh, contemplated a breakfast at the Governor's house, but the death of Governor Glenn's brother necessitated the cancellation of that part of the programme.

Prince Charles Offered Crown.

London, Oct. 19.-A Norwegian dispatch which comes to London through Copenhagen says it is believed that the Crown of Norway has been offered to Prince Charles, of Denmark, and he has accepted.

A dispatch to the Central News from Copenhagen, Denmark, says that during the night important messages were received in the capital from Premier Michelsen, of Norway, at Christiania. All the members of the ministry were at once aroused and a council meeting under the presidency of the Crown Prince, which lasted for two hours, was held at the Amalienborg castle. It is known that the dispatches from Premier Michelsen referred to the candidacy of Prince Charles, of Denmark, for the Norwegian crown, and it is believed a formal tender of the crown to that prince was contained in the message. An answer was sent at the conclusion of the meeting and it is understood that the offer was accepted.

Policeman Stabbed.

New York, Oct. 19.-Policeman John E. Gilligan, of west Forty-seventh street station, was fatally stabbed early today while arresting Emil Schaefer, of Union Hill, N. J., in Forty-second street, near Tenth avenue. Schaefer is a giant in stature and, maddened by liquor, it required four policemen to subdue him. Schaefer came over from New Jersey last night and accumulated a jag which developed aggressive characteristics. Early this morning Schaefer started a row in the West Shore ferry terminal. Gilligan arrested him and he agreed to go to the station house. Near Tenth avenue Schaefer turned on Gilligan and stabbed him twice in the neck. Gilligan fell unconscious while telephoning for assistance. Schaefer was caught and had to be clubbed into submission. He fought all the way to Roosevelt hospital where his condition was critical.

Tartar Revolutionists.

St. Petersburg, Oct. 19.-Advices from Tiflis state that General Takashvili recently summoned a conference of the leaders of Tartars who have been engaged in revolts. He stated to them that the government is willing to forget what has happened in the past and hoped that in the future the Tartars would be obedient. The Tartars made promises to cease their revolts and remain peaceful in the future, but on the day after General Takashvili left the city, Tartars murdered five rich Armenians. The Russian authorities declined to punish the assassins, and this action has created the worst impression. It is believed that the refusal to punish the Tartars is because they are Muslims who support the reactionary element in the government, while the Christian Armenians have persistently demanded reforms.

Cossacks and Workingmen Clash.

St. Petersburg, Oct. 19.-Bitter feeling prevails today as the result of the clash last night between Cossacks and workingmen, in which two officers, two Cossacks, and two policemen were injured. A meeting of students and workingmen was held at midnight and many inflammatory speeches were made. Revenge upon the Cossacks for the long series of outrages of which they have been the instigators was the keynote of all these speeches. The boldness manifested by the workingmen has alarmed the authorities and they have shown their fear by arranging to have the streets patrolled by the military every night.

Burglars Sentenced.

Dublin, Oct. 19.-Shaw and O'Connor, two burglars, were today sentenced to five and four years, respectively, in the penitentiary for robbing the home of John Mulhall. This was the robbery which was magnified in reports sent to Chicago to make it appear that jewels to the value of \$1,000,000, including an ancient Irish crown, had been stolen. The real value of the plunder obtained by the thieves was about \$4,000, of which a considerable quantity was recovered.

Serious Affray Over an Apple.

Washington, N. J., Oct. 19.-John R. Leacock, aged 19, and Henry Hoult, aged 84, paupers at the Warren county almshouse, quarrelled today over the possession of an apple. In the struggle Leacock produced a knife and slashed Hoult three times in the abdomen. Hoult's condition is serious. Leacock was arrested and sent to the county jail.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and kept them constantly on hand, since, as I find they have no equal." E. S. Leadbeater and Sons, druggist guarantee them at 50c.

Lid Down Tight.

Washington, D. C., Oct. 19.-President Roosevelt before leaving for his vacation yesterday, shut the lid down tight, and, instead of leaving one Cabinet officer to sit on it temporarily, screwed it down tight for all time by telling every member of his official family that they must not divulge any official secrets in the future. He formulated his directions in a letter containing explicit instructions that they must not hereafter, under any circumstances, utter a syllable relating to any matter under discussion at Cabinet meetings, nor intimate in any manner, however indirect, any action contemplated by the administration. One paragraph of the letter instructs the Cabinet officers not to give information to any newspaper correspondent of an individual paper, and directs that, if any department news is to be made public, it must be furnished first to the press associations. Emphasis is laid upon the fact that Cabinet members must not discuss affairs with correspondents in private, as, for instance, in their homes, or in cases of chance meeting. If anything takes place in the course of their official duties which might by any chance be regarded as of interest to newspaper readers, they must send for the representatives of the press associations and make it known in that way, and no other.

Started For India.

London, Oct. 19.-The Prince and Princess of Wales started today on their long projected trip to India. The party will go overland to Genoa, where they will embark on the battleship Renown, which is due to arrive at Bombay on November 9. The Victoria station, from which the start was made, was filled with distinguished persons who had gathered to say good-bye to the travelers and wish them a pleasant journey. Both the king and queen went to the station. The queen bade the prince and princess an affectionate farewell, kissing both of them repeatedly. No ceremony was observed in the farewell to the royal travelers. The tour of the prince and princess will last for six months, and in that time they will visit all the cities of India. Receptions in their honor will be held at every stopping place. It is estimated that the tour will cost \$1,000,000. A retinue of 200 persons will accompany the royal travelers. While traveling in India three trains will be required for the party. One train will be used for the exclusive purpose of handling the baggage of the princess, who is taking with her nearly 200 dresses, and all her jewels which have been insured for \$250,000.

The Allegheny Bank.

Pittsburg, Pa., Oct. 19.-National Bank Examiner John Cunningham, assisted by a large force of clerks, this morning, started an investigation of the affairs of the Enterprise National Bank, Allegheny, Pa., whose cashier, T. Lee Clark, committed suicide yesterday, after preliminary steps had been taken toward probing the nature of the securities that he had accepted for loans. Frederick Gwinner, president of the bank, said that the loans made to State politicians were responsible for the bank and the allegations made that paper to the face value of \$700,000 which, it is alleged, the bank cannot recover, is the cause of the insolvency. Neither the directors nor Mr. Cunningham have any idea as to the amount of the loss the bank has sustained.

Charged With Bigamy.

New York, Oct. 19.-Albin W. Pyle, a dry goods salesman, arrested last Friday charged with bigamy, on complaint of District Attorney Brown, of Ocean county, New Jersey, was turned over to officers from Ocean county by Magistrate Finn, today. Pyle, who was employed in a dry goods store on 125th street, this city, and lived at 121 west 129th street, is alleged to have married his first wife, Laura, at Wilmington, Del. in 1902. It is further alleged by the district attorney of Ocean county, that Pyle a few months later, met and married Gertrude Parker, a daughter of a municipal judge at Larkin River, N. J.

Famine in Russia.

Vienna, Oct. 19.-News which comes from Odessa says that the population in the southern part of Russia is in great danger of starvation. The presence of numerous bands of robbers which infest the territory through which supplies must be sent makes it impossible to transport food.

All the troops are confined to the towns of the district and in rural neighborhoods a state of complete anarchy prevails. The burning of estates, robbery and murder continue unchecked, and such outrages are committed with impunity by armed bands.

Sent Wife to Pay for His Poison.

Cincinnati, Oct. 19.-"I want to pay for the poison my husband bought last night," sobbed Mrs. John E. Townsend, in Fieber's pharmacy yesterday. "He told me just before he died he had promised I would pay for it today." Townsend bought 15 cents' worth of carbolic acid and corrosive sublimate in the drug store Tuesday night, saying it was to exterminate roaches and that his wife would pay for it. Going home, he swallowed the poison and then told his wife of the promise, which she so promptly redeemed. Townsend had been out of work and was despondent from illness.

Found Hanging to a Tree.

Cleveland, O., Oct. 19.-The body of Emil Steiger, a saloonkeeper, prominent in the West Side, was found at West Berea, this morning, hanging from a tree. A wire had been fastened to his neck. There were bad wounds on the head, caused by a blunt instrument.

Letter to Wm. L. Clarke.

Alexandria, Va. Dear Sir: A great many people will see your house in the course of the next ten years. We want you to show what Devoe lead-and-zinc will do. We should like you to point it, and then not point it again for ten years - unless it needs repainting. We'd like such a sample as that in every town in the country - with a notice about it in the local paper. "Mr. Clarke's house was painted ten years ago with Devoe lead-and-zinc, and has never been repainted. The color is not so bright as it was; but the paint is as perfect a coat as ever; to keep out water. A good lead-and-zinc is expected to last three years; it is a good one that lasts three years; it generally does not. Devoe lead-and-zinc lasts twice as long, if not - "If you have any fault to find with this paint, either now or putting it on, or hereafter in the wear, tell your dealer about it. "We authorize him to do what is right at our expense." We want your house as a sample, and you as a witness. Yours truly, F. W. DEVOE & CO. 74 F. S. E. S. Leadbeater & Sons sell our paint.

Will Fight For Children.

Wooner, O., Oct. 19.-Mrs. Taggart's attorney were granted permission last night to carry the fight for the possession of the children to the Circuit Court. Mrs. Taggart had refused to prepare Cullver for the journey to Columbus with the captain, and before the sheriff could be sent for the boy her attorneys appealed to the higher court. Judge Eason refused to grant the appeal at first, but finally said he would yield provided a good bond was furnished. During the argument Mr. Shields, of Chicago, Mrs. Taggart's brother-in-law, shook his umbrella in the face of Attorney Wertz, counsel for Captain Taggart, and shouted "You call me a liar and I'll break your head."

New York Politics.

New York, Oct. 19.-Tonight will see the municipal campaign in New York in full swing. William M. Irvine, the republican nominee for mayor, has been making speeches for several days. William R. Hearst, nominee of the municipal ownership party, likewise has been busy seeking votes on the platform and last night saw William T. Jerome's formal entry into the contest in the independent race he is making for re-election as District Attorney. Tonight Mayor McClellan and his comrades on the democratic ticket will open the Tammany campaign.

Duel.

Agen, France, Oct. 19.-A duel with swords was fought in the Prefecture grounds this morning between Deputy Dauzon, president of the General Council of the Department of Lot-et-Garonne, and M. Darca, a journalist, who is the author of a personal article reflecting on M. Dauzon. In the third round Darca received a deep wound in the forearm, and this ended the duel.

Irving's Ashes.

London, Oct. 19.-The casket containing the ashes of Sir Henry Irving today was placed on public view, lying in state in the state drawing rooms of the mansion of Baroness Bunsen, the great actor. Flanking these was an oil painting of Irving as Hamlet, with a chaplet of laurel. The pall was made entirely of laurel leaves, which were supplied by Irving's son, H. B. Irving. Stanks were reserved for the great line of mourners that came to pay this last tribute of respect to the memory of the man they loved and admired. The floral offerings came from all parts of the civilized world.

Cantliffe Captured.

Bridgeport, Conn., Oct. 19.-Edward George Cantliffe, for whom scores of Pinkerton detectives have been touring the country, was arrested in this city by Superintendent D. C. Thornhill and Detective W. S. Minister, of the Pinkerton Company, exclusive of the Trenton Hotel in Middle street, at 10 o'clock this morning. He has been in Bridgeport since Tuesday, October 10, the day after his crime, the theft of \$100,000 from the Adams Express Company in Pittsburg. He admits his guilt, saying that he was seized with a sudden impulse and took the money out of the office under his arm, bidding his fellow employees good evening. Cantliffe has been boarding at a cheap hotel during his stay here, and has been haunting drinking resorts. Only about \$300 was found in his possession.

Report Denied.

Berlin, Oct. 19.-The German Foreign Office denies the reports which have been circulated to the effect that Baron Speck von Sternburg will not return to Washington as Germany's Ambassador on account of the disease which has affected his car. The statement by the Foreign Office is that he will shortly resume his duties and will continue the negotiations affecting the commercial relations of Germany and the United States. The disease is no worse and there is no prospect of his quitting the post which he has filled with conspicuous success.

Baltimore and Ohio Railroad.

New York, Oct. 19.-The statement of the earnings and expenses of the Baltimore & Ohio Railroad Company, exclusive of the control of affiliated lines for the month of September 1905, as compared with the corresponding month of 1904, shows: Gross earnings, 1905, \$6,547,838; 1904, \$1,048,730; increase, \$5,499,108. Expenses, 1905, \$2,782,458; 1904, \$3,530,199; increase, \$466,154. Net earnings, 1905, \$2,555,383; 1904, \$2,518,461; increase, \$36,892.

New York Stock Market.

New York, Oct. 19.-After the moderate decline at the opening, the market hardened and before the end of the first hour some sharp advances were made. Commission houses continued to complain of a lack of orders and price movements as a result were generally unimportant in the usually active stocks.

Heading for Venezuela.

The French armored cruiser Desaix, understood to be bound for Venezuelan waters, did not put into Brest after leaving Cherbourg, October 16, as it was announced she would do, but passed the Island of Ushant heading direct for the French Antilles, where she will join the cruisers Tronde and Jurien de la Graviere. For the present the cruisers La Voisier and Chasseloup-Laubat will be held at Brest, as the situation may require their presence in West Indian waters.

The officials in Paris say that the published report that the French squadron intends either to bombard some coast point, such as Cumana or Barcelona, or else seize Venezuelan shipping, is an exaggeration, as the only decision arrived at is to have ships in readiness, the nature of the demonstration being determined on later if the attitude of Venezuela requires a resort to force.

At the same time the officials are sincerely anxious to avoid the necessity of adopting force. In any event the United States will be fully advised in advance concerning the nature of any coercive measures.

A dispatch from Cherbourg reports that in naval circles there it is expected that marines from the Desaix will be landed in Venezuela.

Judge Lewis and Miscegenation Law

In a published card in Richmond yesterday evening, George J. Hundley declares that it is true that Judge Lewis favored miscegenation in Virginia in the early days, sustaining the charge made by Congressman William A. Jones in a recent speech at Fredericksburg. Mr. Hundley states that his mind is quite clear about the incident. He says that he himself propounded the question to Judge Lewis as to whether he favored a law prohibiting the intermarriage of the races, and that Judge Lewis answered that he was opposed to such a law. Judge Lewis, he says, stated positively, that he believed in allowing all persons, black and white, to marry whom they please.
