

Alexandria Gazette

VOLUME CVII.—NO. 121.

ALEXANDRIA, VA., SATURDAY EVENING, MAY 19, 1906.

PRICE 2 CENTS.

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John E. Fyfe, one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Heliopsis Scabra*) which is one of the chief ingredients of the "Favorite Prescription": "A remedy which is so valuable as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues "In all cases where we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for *Heliopsis* (Unicorn root). Pain or aching in the back, with migraines; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (bleeding) due to atonic condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an atonic condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or *Heliopsis*, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all general conditions of atony and general debility, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine to use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (bleeding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

SOFTNESS OF SEALS KIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Seal skin is admitted the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Resolutions in memoriam, of thanks, tributes of respect, resolutions adopted by societies or persons, unless of public concern, will only be printed in the paper as advertisements.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

THE PRESBYTERIANS.

The question of proposed union of the Presbyterian and Cumberland Presbyterian Churches was discussed by the Presbyterian General Assembly in Des Moines, yesterday, telegrams from the Cumberland Assembly at Decatur, Ill., in which a definite inquiry was made as to whether or not the Presbyterians were willing to unite under the 1904 standard abrogating recent additions to the standard of faith, precipitating the debate.

An injunction sought by the Cumberland minority is largely based on the allegation that the Presbyterian Assembly had added other features, thus altering the standard of 1904, under which the Cumberland Assembly proposed to unite. Presbyterians at Des Moines replied that they were willing to unite under the 1904 standard, but that such action would not abrogate the new features, which would have to be presented to the united church before becoming operative.

Arguments on the plea for an injunction to prevent the Cumberland Presbyterian General Assembly from consummating union with the Presbyterian Church were begun in court in Decatur, Ill., yesterday by attorneys representing the faction of the Cumberland Presbyterian Church. At the same time the Assembly resumed business, most of the commissioners being in their seats. The fact that the men of both sides in the matter of union participated heartily in the devotional services indicated the general good feeling prevailing.

In the Southern Presbyterian General Assembly at Greenville, S. C., yesterday, the question of closer relationship between all Presbyterians and Reformed churches was touched upon, when a number of overtures were read, some recommending, others opposing, the articles of agreement adopted by the Federation Conference of Reformed and Presbyterian Churches, at a meeting in Charlotte, N. C. last March. The following presbyteries opposed the adoption: Greenbrier, Macon, Mullenburg, Chesapeake and Winchester. Col. T. P. Inman, a prominent Presbyterian of Atlanta, has offered \$125,000 for ministerial relief, providing the general Assembly will raise a like amount. The General Assembly has now \$25,000 of the amount. At the afternoon meeting a report from the inter church conference on marriages and divorce was discussed. The report recommended very stringent law in regard to divorce; also recommended that no minister should perform the marriage ceremony of persons divorced on other than scriptural grounds.

Blew Open a Safe.

A gang of five yegmen blew open the safe at the Baltimore, Chesapeake and Atlantic Railway passenger station at Salisbury, Md., yesterday morning with nitroglycerin, but secured no cash. The job was bungled, or the charge went off prematurely, as one of the burglars was struck by a piece of iron from the safe and seriously injured. The explosion also used the neighbors, and the thieves took a hurried departure. They carried their injured companion about two miles to a farmhouse occupied by William Pettit, where they left him unconscious. The four fugitive yegmen were captured yesterday afternoon by Deputy Sheriff Waller and Chief Disharoon after a hot chase. The injured man was taken to Salisbury in a horse cart by Pettit and conveyed to the Peninsula General Hospital. Dr. Dick took a piece of iron weighing about half a pound out of his back. It had penetrated his lungs. His recovery is expected.

The injured man regained consciousness early yesterday morning, and gave his name as James Avery, of Baltimore. He said he was hit by a train. The piece of iron taken out of his back, however, fits in the door of the safe precisely.

The office of the passenger station was wrecked by the explosion. Pieces of the safe door flew in all directions, and one large strip went through a partition thence through the waiting room, and the outside wall to the street. Nothing but the safe was touched, the robbers escaping immediately after the charge went off. They were tracked by blood from the wounded man.

Collapse of a Stand.

Five commissioners to the Presbyterian General Assembly were bruised yesterday afternoon in Des Moines, Iowa, by the collapse of a stand which had been erected for the purpose of grouping the commissioners thereon for a large photograph. The injured are: Dr. C. Lukins, Roswell, N. M., hip bruised; Rev. W. C. David, Monongah, W. Va., hip bruised; George Wills, Mendota, Ill., back injured and rendered temporarily unconscious; Rev. J. M. McGaughey, Charlton, Ia., leg sprained; Rev. W. C. Buell, Taos, N. M., back bruised. Rev. Mr. David is the most seriously hurt, and he was under a physician's care last night, although his injuries are not critical. The other four injured men will be able to resume their seats in the assembly. There were nearly 1,000 men on the platform when it fell.

A torpid, inactive liver can produce more acidity than almost anything else. It is good to clean the system out occasionally. DeWitt's Little Early Risers. Reliable, effective, pleasant pills with a reputation never gripe. W. F. Creighton & Co., 401 King St.

Girl Strangles Mad Dog.

Anna Winters, a fifteen-year-old girl, of Jersey City, N. J., yesterday morning proved a heroine when she strangled to death a mad dog, which had attacked her little brother in the yard of their home. The girl, while strangling it, beat its head against the side of a tub until it was dead. The dog was a pet in the household and little Harry and the animal were inseparable. Yesterday morning while playing in the yard the dog made several attempts to bite the little fellow, who became frightened and climbed to the top of a box to escape the dog. The animal leaped up after him, and then the boy screamed for help. His sister heard his cries and ran out. She grabbed the dog without a second's hesitation and strangled it with her bare hands. While this was going on some one found a policeman, and a telephone call was sent for a S. F. C. A. man, but when they reached the house the dog was dead.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickles, of Miletus, W. Va. "Perilous use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' druggists.
